Report of Independent Certified Public Accountants

To the Evercore Partners Services East, LLC Retirement Plan and Participants:

We are engaged to audit the accompanying statement of net assets available for benefits of Evercore Partners Services East, LLC Retirement Plan (the "Plan") as of December 31, 2010, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010, and the supplemental Schedule H, line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management. The financial statements of the Plan as of December 31, 2009, were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated October 13, 2010, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole, and (b) the form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in note 8, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the 2010 financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2010, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information in the Plan's 2010 financial statements and supplemental schedule that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2010 financial statements and supplemental schedule taken as a whole. The form and content of the information included in the 2010 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

EVERCORE PARTNERS SERVICES EAST, LLC RETIREMENT PLAN NOTES TO FINANCIAL STATEMENTS

Note 1 – Plan Description

The following description of the Evercore Partners Services East, LLC Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution and benefit plan covering all eligible employees of Evercore Partners Services East, LLC (the “Sponsor” or “Company”). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligibility

Employees are eligible to participate in the Plan upon hire and attaining age 21 and who are not members of another private pension plan to which the Company makes contributions.

Participant Contributions

Participants may contribute up to \$16,500 to the Plan for the year ended December 31, 2010. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. All contributions are subject to applicable legal limits.

Participant accounts

Each participant’s account is credited with the participant’s contribution and an allocation of (a) the Company’s contribution, (b) Plan earnings, and (c) forfeitures and terminated participants’ nonvested accounts and charged with an allocation of administrative expenses (if applicable). Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Self-Directed Accounts

The Plan offers a self-directed program to participants. The self-directed program allows participants to invest their account balances in any investments desired, that are offered by the Plan’s custodian. Each participant account is credited with the participant’s contributions, employer discretionary contributions and allocable investment income (losses). The benefit to which a participant is entitled is the benefit that can be provided from the participant’s account.

Vesting

Under the Plan, participants are 100% vested at all times in their voluntary contributions.

See accompanying independent auditors’ report.

EVERCORE PARTNERS SERVICES EAST, LLC RETIREMENT PLAN NOTES TO FINANCIAL STATEMENTS

Termination

The Sponsor reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon termination of the Plan, the interest of each participant will be distributed to such participant or to his or her beneficiary in accordance with the Plan's terms and the Internal Revenue Code. In the event of the Plan termination, participants are entitled to the entire amount of their accounts.

Administrative Expenses

All of the Plan's administrative expenses, such as accounting and legal fees, may be paid out of the Plan, unless paid by the Sponsor.

Investment Options

Upon enrollment in the Plan, participants may direct their contributions to any investment option offered by the Plan's custodian. Participants are able to change their investment options at will. Investment options consist of (1) mutual funds, where the participant contributions are invested in shares of a registered investment company that invests in corporate bonds, stocks and U.S. government securities and (2) partnership interests.

Notes receivable from participants

Participants may obtain loans against the value of their accounts. The maximum amount of the loan shall not exceed \$50,000 or 50% of the present value of the vested portion of the participant's account. The loans generally must be fully repaid within five years. Loans for a primary residence may be repaid within a reasonable period of time based on the discretion of the Plan administrator. Interest and principal repayments are credited directly to the borrower's respective account and are repaid in monthly installments by payroll deductions. Interest rates on loans are 1% over the prime rate.

When a loan is granted, the employee's account is charged, thereby reducing the balance in the employee's account, which earns income.

The repayment of the loan, including interest, is credited to the specific employee account as received (that is, the interest paid on the loan is all credited to the account of the individual borrower).

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared in compliance with the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA and the accrual basis of accounting.

These financial statements were approved by management and available for issuance on September 30, 2011. Subsequent events have been evaluated through this date.

Benefit Payments

Benefits paid to participants are recorded when paid.

See accompanying independent auditors' report.

EVERCORE PARTNERS SERVICES EAST, LLC RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investments Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See below for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Mutual Fund Fees

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940, are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity and thus not separately identifiable as an expense.

Fair Value Measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

See accompanying independent auditors' report.

EVERCORE PARTNERS SERVICES EAST, LLC RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Self Directed Accounts: The underlying investments in the Self Directed Accounts include common stocks, corporate bonds and U.S. government securities. Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan at year end.

Partnership interests: The underlying investments in the partnership interests are valued at fair value as determined by each respective partnership's management. Investments traded on a national exchange are valued at the last reported sales price on the business day of the year. A number of the underlying investments used valuation methodologies to determine the fair value based on projected net earnings or cash flows of the companies, public market or private transactions, valuations for comparable companies and other measures which, in many cases, are unaudited at the time received.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2010 and 2009:

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Level 3 Gains and Losses

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2010.

<i>Level 3 Assets</i>		
For The Year Ended December 31, 2010		
	Participant Interests	
Balance - beginning of year	\$	588
Issuances and settlements (net)		
Distributions		(588)
Balance - end of year	\$	-

Note 4 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination participants will become 100 percent vested in their accounts.

Note 5 – Risks and Uncertainties

The Plan provides for various investment options available to self-directed accounts. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits. Users of these financial statements should be aware that the financial markets' volatility may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2010 may not necessarily be indicative of amounts that could be realized in a current market exchange.

Note 6 – Tax Status

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions for years after 2007; however, there are currently no audits for any tax periods in progress.

The Plan obtained its latest determination letter on November 15, 2004, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code and that, therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the determination letter. The Plan administrator and the Plan's sponsor believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue code.

See accompanying independent auditors' report.

EVERCORE PARTNERS SERVICES EAST, LLC RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

Note 7 – Party-In-Interest

Certain Plan investments are shares of mutual funds managed by Fidelity Investments as defined by the Plan; therefore, these transactions also qualify as party-in-interest transactions.

Note 8 – Information Prepared and Certified by the Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Fidelity Investments, the trustee and custodian of the Plan, has certified to the completeness and accuracy of all investments, other than the investments in Partnership Interests, and related activity in the accompanying financial statements and supplemental schedule.

Investments held at December 31, 2010 and 2009 are summarized as follows:

	December 31,	
	2010	2009
	Fair Value	Fair Value
Self-Directed Accounts	\$ 4,109,363	\$ 3,763,682

Interest and dividends	\$ 326,069
Net appreciation (depreciation) in fair value	<u>1,300,485</u>
Total investment income (loss)	<u>\$ 1,626,554</u>

Note 9- Prohibited Transactions

During 2008, the Company failed to remit to the Plan's trustee certain employee contributions totaling approximately \$650,000 within the period prescribed by DOL regulations. Delays in remitting contributions to the Trustee were due to administrative errors, and the Company made contributions during 2010 to the affected participants' accounts to compensate those participants, under the DOL's Voluntary Fiduciary Correction Program, an aggregate of approximately \$5,100 for potential lost earnings due to the delays.

Report of Independent Certified Public Accountants

To the Evercore Partners Services East, LLC Retirement Plan and Participants:

We are engaged to audit the accompanying statement of net assets available for benefits of Evercore Partners Services East, LLC Retirement Plan (the "Plan") as of December 31, 2010, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010, and the supplemental Schedule H, line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management. The financial statements of the Plan as of December 31, 2009, were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated October 13, 2010, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole, and (b) the form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in note 8, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the 2010 financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2010, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information in the Plan's 2010 financial statements and supplemental schedule that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2010 financial statements and supplemental schedule taken as a whole. The form and content of the information included in the 2010 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

EVERCORE PARTNERS SERVICES EAST, LLC RETIREMENT PLAN NOTES TO FINANCIAL STATEMENTS

Note 1 – Plan Description

The following description of the Evercore Partners Services East, LLC Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution and benefit plan covering all eligible employees of Evercore Partners Services East, LLC (the “Sponsor” or “Company”). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligibility

Employees are eligible to participate in the Plan upon hire and attaining age 21 and who are not members of another private pension plan to which the Company makes contributions.

Participant Contributions

Participants may contribute up to \$16,500 to the Plan for the year ended December 31, 2010. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. All contributions are subject to applicable legal limits.

Participant accounts

Each participant’s account is credited with the participant’s contribution and an allocation of (a) the Company’s contribution, (b) Plan earnings, and (c) forfeitures and terminated participants’ nonvested accounts and charged with an allocation of administrative expenses (if applicable). Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Self-Directed Accounts

The Plan offers a self-directed program to participants. The self-directed program allows participants to invest their account balances in any investments desired, that are offered by the Plan’s custodian. Each participant account is credited with the participant’s contributions, employer discretionary contributions and allocable investment income (losses). The benefit to which a participant is entitled is the benefit that can be provided from the participant’s account.

Vesting

Under the Plan, participants are 100% vested at all times in their voluntary contributions.

See accompanying independent auditors’ report.

EVERCORE PARTNERS SERVICES EAST, LLC RETIREMENT PLAN NOTES TO FINANCIAL STATEMENTS

Termination

The Sponsor reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon termination of the Plan, the interest of each participant will be distributed to such participant or to his or her beneficiary in accordance with the Plan's terms and the Internal Revenue Code. In the event of the Plan termination, participants are entitled to the entire amount of their accounts.

Administrative Expenses

All of the Plan's administrative expenses, such as accounting and legal fees, may be paid out of the Plan, unless paid by the Sponsor.

Investment Options

Upon enrollment in the Plan, participants may direct their contributions to any investment option offered by the Plan's custodian. Participants are able to change their investment options at will. Investment options consist of (1) mutual funds, where the participant contributions are invested in shares of a registered investment company that invests in corporate bonds, stocks and U.S. government securities and (2) partnership interests.

Notes receivable from participants

Participants may obtain loans against the value of their accounts. The maximum amount of the loan shall not exceed \$50,000 or 50% of the present value of the vested portion of the participant's account. The loans generally must be fully repaid within five years. Loans for a primary residence may be repaid within a reasonable period of time based on the discretion of the Plan administrator. Interest and principal repayments are credited directly to the borrower's respective account and are repaid in monthly installments by payroll deductions. Interest rates on loans are 1% over the prime rate.

When a loan is granted, the employee's account is charged, thereby reducing the balance in the employee's account, which earns income.

The repayment of the loan, including interest, is credited to the specific employee account as received (that is, the interest paid on the loan is all credited to the account of the individual borrower).

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared in compliance with the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA and the accrual basis of accounting.

These financial statements were approved by management and available for issuance on September 30, 2011. Subsequent events have been evaluated through this date.

Benefit Payments

Benefits paid to participants are recorded when paid.

See accompanying independent auditors' report.

EVERCORE PARTNERS SERVICES EAST, LLC RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investments Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See below for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Mutual Fund Fees

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940, are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity and thus not separately identifiable as an expense.

Fair Value Measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

See accompanying independent auditors' report.

EVERCORE PARTNERS SERVICES EAST, LLC RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Self Directed Accounts: The underlying investments in the Self Directed Accounts include common stocks, corporate bonds and U.S. government securities. Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan at year end.

Partnership interests: The underlying investments in the partnership interests are valued at fair value as determined by each respective partnership's management. Investments traded on a national exchange are valued at the last reported sales price on the business day of the year. A number of the underlying investments used valuation methodologies to determine the fair value based on projected net earnings or cash flows of the companies, public market or private transactions, valuations for comparable companies and other measures which, in many cases, are unaudited at the time received.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2010 and 2009:

(a) Investments held that represent 5% or more of the Plan's net assets at December 31, 2010 and December 31, 2009.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Level 3 Gains and Losses

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2010.

<i>Level 3 Assets</i>		
For The Year Ended December 31, 2010		
	Participant Interests	
Balance - beginning of year	\$	588
Issuances and settlements (net)		
Distributions		(588)
Balance - end of year	\$	-

Note 4 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination participants will become 100 percent vested in their accounts.

Note 5 – Risks and Uncertainties

The Plan provides for various investment options available to self-directed accounts. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits. Users of these financial statements should be aware that the financial markets' volatility may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2010 may not necessarily be indicative of amounts that could be realized in a current market exchange.

Note 6 – Tax Status

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions for years after 2007; however, there are currently no audits for any tax periods in progress.

The Plan obtained its latest determination letter on November 15, 2004, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code and that, therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the determination letter. The Plan administrator and the Plan's sponsor believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue code.

See accompanying independent auditors' report.

NOTES TO FINANCIAL STATEMENTS

Note 7 – Party-In-Interest

Certain Plan investments are shares of mutual funds managed by Fidelity Investments as defined by the Plan; therefore, these transactions also qualify as party-in-interest transactions.

Note 8 – Information Prepared and Certified by the Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Fidelity Investments, the trustee and custodian of the Plan, has certified to the completeness and accuracy of all investments, other than the investments in Partnership Interests, and related activity in the accompanying financial statements and supplemental schedule.

Investments held at December 31, 2010 and 2009 are summarized as follows:

	December 31,	
	2010	2009
	Fair Value	Fair Value
Self-Directed Accounts	\$ 4,109,363	\$ 3,763,682

Total Investments	<u>\$ 19,653,197</u>	<u>\$ 15,589,670</u>
Participant Loans	<u>\$ 149,401</u>	<u>\$ 20,954</u>

The following information represents investment earnings (losses) for the year ended December 31, 2010:

Interest and dividends	\$ 326,069
Net appreciation (depreciation) in fair value	<u>1,300,485</u>
Total investment income (loss)	<u>\$ 1,626,554</u>

Note 9- Prohibited Transactions

During 2008, the Company failed to remit to the Plan's trustee certain employee contributions totaling approximately \$650,000 within the period prescribed by DOL regulations. Delays in remitting contributions to the Trustee were due to administrative errors, and the Company made contributions during 2010 to the affected participants' accounts to compensate those participants, under the DOL's Voluntary Fiduciary Correction Program, an aggregate of approximately \$5,100 for potential lost earnings due to the delays.
