Network Hardware Resale, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2010

1. PLAN DESCRIPTION

The following description of the Network Hardware Resale, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Network Hardware Resale, Inc. 401(k) Plan is a defined contribution plan covering all non-leased, United States (U.S.) resident employees of Network Hardware Resale, Inc. and its wholly owned subsidiaries, Network Hardware Resale, LLC and Network Hardware Services, LLC, (collectively, the Company) who have attained the age of 21, have completed three months of service, and perform services in offices located in the U.S. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 60% of pre-tax annual compensation, as defined in the Plan, subject to the annual limitation imposed by the Internal Revenue Code (IRC), which was \$16,500 for 2010. Under IRC regulations, participants who have obtained age 50 before the end of the Plan year are eligible to make additional catch-up contributions of up to \$5,500. Participants may change their contribution rates monthly or suspend them at any time. Participants may elect to contribute up to 100% of pre-tax bonus compensation as defined in the Plan.

Participants may direct contributions to a selection of registered investment companies offered under the Plan's investment contract. Participants may change their investment choices daily.

The Company can make discretionary and/or matching contributions to the Plan. The Company's matching percentage and maximum amount are determined annually, prior to the beginning of each Plan year, and may be changed at any time. Company matching contributions for 2010 were equal to up to 5% of the participant's compensation up to a maximum of \$2,500. Participants who have completed at least six months of service and have obtained the age of 21 as defined by the Plan are eligible for the employer match. The Company made matching contributions of \$173,763 during the Plan year ended December 31, 2010.

1. PLAN DESCRIPTION (Cont.)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of a) the Company's contribution and, b) investment earnings, and is charged with certain investment and administrative expenses. Investment earnings are credited based upon the increase in market value per unit of investments held. Administrative expenses charged to participants consist of check fees for distributions and loans and annual fees for loan maintenance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary matching contributions plus actual earnings thereon is based on years of service. A participant becomes vested in the Employer's contributions in accordance with the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

Years of service include all years the participant has worked for the Employer, regardless of the participant's date of enrollment in the Plan. Years of service for participants with breaks in service are adjusted for the years of breaks in service.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms are for a maximum of five years unless the proceeds are used to buy a principal residence, in which case the loan term may not exceed ten years. The loans are secured by the balance in the participant's account and bear interest at a fixed rate which is determined at the date of issuance. Plan participant loans at December 31, 2010 have a rate of 3.25%, which are commensurate with local prevailing rates as determined by the Plan Administrator for loans with like circumstances. Principal and interest are paid through payroll deduction or by payment to the Company. A loan becomes immediately due and payable upon a participant's termination from employment or death.

1. PLAN DESCRIPTION (Cont.)

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, or in annual installments over a fixed period. At December 31, 2010, all participants who elected to withdraw from the Plan and requested a distribution of their account had received a distribution from the Plan. Account balances of continuing plan participants at December 31, 2010 were \$9,665,410.

Forfeitures

Forfeitures may be used to reduce Company contributions to the Plan. Total forfeitures for the year ended December 31, 2010 were \$40,559. Unallocated forfeitures were \$73 and \$10,223 at December 31, 2010 and 2009, respectively. Forfeitures of approximately \$50,700 were used to reduce the Company contributions during the year ended December 31, 2010.

Administrative Expenses

All administrative expenses, except for those charged to participants for check fees and loan administration, are paid by the Company on behalf of the Plan. Plan administrative expenses paid by the Company for the plan year ended December 31, 2010 were approximately \$12,000.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates and Basis of Accounting

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and the disclosure of contingent assets and liabilities. Actual results could materially differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)

Investment Valuation

The Plan's investments in registered investment companies represent the fund participation units owned by the Plan and are based on the net asset value of the units held by the Plan at the end of the year. Quoted market prices of the underlying investments are used to value each fund. The net asset values of the funds represent the fair value at the end of the year, and there are no redemption restrictions. See Note 3 for valuation methodology by type of investment.

Notes Receivable from Participants

Financial Accounting Standards Board (FASB) Accounting Standard Update (ASU) No. 2010-25, *Reporting Loans to Participants by Defined Contribution Pension Plans*, requires that loans to participants be classified as notes receivable and measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions to participants.

Payment of Benefits

Benefits are recorded when paid.

Reclassifications

Certain prior year amounts have been reclassified to conform to the current year presentation.

Subsequent Events

Management has evaluated subsequent events through September 30, 2011, the date the financial statements were available to be issued. No material subsequent events were identified for recognition or disclosure.

3. FAIR VALUE MEASUREMENTS

Valuation of Investments

FASB's Accounting Standards Codification ASC 820-10-35, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820-10-35 are described below:

3. FAIR VALUE MEASUREMENTS (Cont.)

Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 – Quoted prices in markets that are not considered to be active or financial instruments or which all significant inputs are observable, either directly or indirectly;

Level 3 – Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The following table sets forth, by level within the fair value hierarchy, the Plan investment assets at fair value as of December 31, 2010 and 2009:

<i>Investment Assets at Fair Value as of December 31, 2010</i>

4. INVESTMENTS

The following investments represent 5% or more of the Plan's net assets at December 31, 2010:

Fidelity Freedom 2030	\$ 552,160
Pimco Total Return Admin	920,373
Fidelity Freedom 2045	1,277,858
Fidelity Freedom 2035	1,393,556
Fidelity Freedom 2040	1,570,327

The following investments represent 5% or more of the Plan's net assets at December 31, 2009:

Fidelity Retirement Money Market	\$ 394,606
Fidelity Freedom 2030	440,444
Pimco Total Return Admin	494,100
Fidelity Freedom 2045	1,027,607
Fidelity Freedom 2035	1,229,446
Fidelity Freedom 2040	1,754,287

5. INCOME TAX STATUS

The Plan obtained an opinion letter dated March 31, 2008 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, they believe the Plan was qualified and the related trust was tax-exempt as of the financial statement date. As a result, the Plan has not provided for Federal or applicable state income taxes.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. Currently, an audit for the 2009 tax year is in progress. However, as of the date the financial statement were available to be issued, management does not anticipate a material impact to the Plan's financial statements or to its tax exempt status. The Plan administrator believes it is no longer subject to income tax examinations for tax years prior to 2008.

6. UNAUDITED INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan's investments are held by Fidelity Management Trust Company. The Plan's administrator has instructed the independent public accountants not to examine the information certified and accurate by the trustee. The trustee's certification applies to all Plan assets. Total net investment income as certified by the trustee for the year ended December 31, 2010 was \$1,132,350.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
