NOTE 1 DESCRIPTION OF PLAN

The following description of the INNOWARE RETIREMENT SAVINGS PLAN (401(k) Defined Contribution Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all full time and part time employees of Innoware Paper, Inc. (the "Company") who have completed three months of service and are age eighteen or older. Enrollment in the Plan is at January 1, April 1, July 1, and October 1, of every year. Participants are automatically enrolled in the Plan with a salary deferral of 4% unless the participant elects to not participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was amended in August 2005 to exclude the employees of DeSter Corporation from the Plan. The Plan was amended in October 2006 to change the Plan name to Innoware Retirement Savings Plan (401(k)) from Duni Retirement Savings Plan. The same amendment also excluded the employees of Norwest Equity Partners, InnoWare, LLC and any affiliates except for InnoWare Paper, Inc. from the Plan. In March 2010, the Plan was amended to change the name of the Plan to InnoWare Paper Retirement Savings Plan (401(k)).

Contributions - Each year, participants may contribute up to 25% of pretax annual compensation and certain Internal Revenue Code (IRC) limits for post tax compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch up contributions as defined in the plan. Starting in 2008, the Plan started a 401K Roth Plan that Participants may contribute to. Participants direct the investment of their contributions into various investments options offered by the Plan. Contributions to the Plan under the automatic enrollment provision are directed into the Janus Advisors Balanced Fund. The Company matches 50% of the first 2% of compensation contributed, 37.5% of the second 2% of compensation contributed, and 12.5% of the third 2% of compensation contributed.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided in the plan agreement from the participant's vested account.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Loan transactions are treated as a transfer from the investment fund to the Participant Loans account. The loans must be repaid in equal installments and, except in limited circumstances, such as a purchase of a primary residence, within 5 years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Vesting - Each participant's account is credited with employee and employer contributions and earnings of each of the fund in which that participant's contributions have been invested. Each participant is fully vested at all times in his or her salary reduction contributions plus actual earnings thereon. Amounts funded by the Company for the benefit of each participant plus actual earnings thereon become 100% vested after 3 years of credited service as follows:

Years of Service	Vested %
1	40%
2	70%
3	100%

Investment Options - Upon enrollment in the Plan, a participant may direct employee contributions, in various investment options.

Participants may change their investment options as they deem necessary.

Payment of Benefits - Upon termination of service due to death, disability or retirement, a participant may receive a lump sum amount equal to the value of the participant's vested interest in his or her account.

Forfeitures - Forfeitures are created when participants terminate employment before becoming fully vested. The Plan calls for forfeitures to be used to reduce future employer contributions. During 2010 and 2009, employer contributions were reduced by $20,633 and $19,895, respectively from forfeited nonvested accounts. Forfeitures of $41,093 are available at December 31, 2010 to offset future year's contributions.

Plan Fees – Certain expenses for the Plan are paid by the Sponsor and are not included in the Statement of Changes in Net Assets Available for Benefits.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The plan investments contracts through a collective trust. Contract value for this collective trust is based on the net asset value of the fund as reported by the investment advisor. As required, the Statement of Net Assets Available for Benefits presents the fair value of the investment in the collective trust as well as the adjustment

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

of the investment in the collective trust from fair value to contract value relating to the investment contracts. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between participants at the measurement date. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on accrual basis. Dividends are recorded on the ex dividend date. Net appreciation or depreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits - Benefits are recorded when paid.

Risks and Uncertainties - The Plan's invested assets ultimately consist of stocks, bonds, fixed income securities and other investment securities. Investment securities are exposed to various risks, such as interest rate risk, market risk and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the accompanying Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Reclassifications – Certain amounts in the Plan year 2009 financial statements have been reclassified to conform to the Plan year 2010 presentation, with no effect on the net assets available for benefits.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document

NOTE 3 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 4 RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements and the net assets available for benefits per the Form 5500:

	2010	2009
Net Assets available for Benefits per the financial statements	$ 8,392,816	$11,255,365
Adjustment from Fair Value to Contract Value	(103,011)	13,183
Net Assets available for Benefits per the Form 5500	$ 8,289,805	$11,268,548

	2010	2009
Net Investment Appreciation Per Financial Statements	$ 859,975	$ 1,644,357
Adjustment from Fair Value to Contract Value for Interest in Collective Trust Related to Fully Benefits Responsive Investment Contracts – Prior Year	(13,183)	46,484
Adjustment from Fair Value to Contract Value for Interest in Collective Trust Related to Fully Benefits Responsive Investment Contracts – Current Year	(103,011)	13,183
Net Investment Appreciation Per Form 5500	$ 743,781	$ 1,704,024

There are no reconciling differences between benefits paid to participants between the financial statement and the Form 5500. Amounts allocated to withdrawing participants are recorded on the Form 5500 for benefit claims that have been processed and approved for payment prior to December 31, but not yet paid as of that date. No approved benefit claims existed at December 31, 2010, which were not paid.

NOTE 5 TAX STATUS

The Internal Revenue Service has determined and informed the Company by letter dated October 3, 2005, that the Plan and related trust, as amended through April 30, 2003, are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter, however, the Plan administrator believes that the requirements under Section 401 of the IRC have been adhered to, and accordingly, no taxes have been provided for in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are

NOTE 5 TAX STATUS (CONTINUED)

no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's federal tax returns generally remain open for the last three years.

NOTE 6 INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by DWS Trust Company in 2010, and JP Morgan Chase Bank in 2009, the trustees of the Plan, as complete and accurate, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule:

	2010	2009
Investments at Fair Value:		
Registered Investments Companies	$ 6,302,799	$ 8,288,314
Common/Collective Trusts	1,659,127	2,362,847
	$ 7,961,926	$10,651,161
Changes to Net Assets Attributed to:		
Net Appreciation and Interest	$ 859,975	

NOTE 7 INVESTMENTS

A schedule of the fair value of individual investments that comprised 5% or more of the Plan's net assets available for benefits at December 31, 2010 and 2009 follows:

	2010	2009
* SSgA Stable Value Fund	$1,005,597	$1,722,850
* Thornburg International Value Fund 32,749 and 50,168 shares in 2010 and 2009	914,373	1,240,171
* Allianz NFJ Small Cap Value Fund 23,807 and 20,333 shares in 2010 and 2009	852,528	-
* Janus Balanced Fund 30,755 and 40,055 shares in 2010 and 2009	771,654	983,375
* Mainstay LG LP Growth 99,247 and 136,605 shares in 2010 and 2009	702,673	838,759
* Davis New York Venture Fund 26,561 and 19,655 shares in 2010 and 2009	674,979	822,868
* SSgA S&P 500 Index Fund 88,602 and 153,756 shares in 2010 and 2009	653,530	639,997
* PIMCO Total Return Fund 50,037 and 77,441 shares in 2010 and 2009	542,904	836,371

NOTE 7 INVESTMENTS (CONTINUED)

During 2010, the Plan's investments (including investments bought, sold and held during the year) appreciated in value as follows:

Net Appreciation in Fair Value of Investments	$ 859,975
Registered Investment Company	173,732
Notes Receivable from Participant	23,094
Total Investment Income	$ 1,056,801

*Represents Party in Interest

NOTE 8 RELATED PARTY TRANSACTIONS

DWS Trust Company performs services for and sells products to and manages and maintains certain investments of the Plan for which fees are charged to the Plan. Both the Plan Sponsor and the Plan can pay these fees. Such transactions, while considered party in interest transactions under ERISA, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party in interest transactions under ERISA.

Certain Plan investments are shares of mutual funds managed by DWS Trust Company. DWS Trust Company is also the investment trustee, as defined by the Plan, and, therefore, these transactions qualify as party in interest transactions. Fees paid by the Plan for the investment management fees and services amounted to $25,638 for the year ended December 31, 2010.

NOTE 9 INVESTMENT CONTRACT WITH INSURANCE COMPANY

The plan entered into a benefit responsive investment contract with SSgA Stable Value Fund (The Fund) and maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the plan by The Fund. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the plan.

As described, because the guaranteed investment contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the plan by The Fund, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTE 9 INVESTMENT CONTRACT WITH INSURANCE COMPANY (CONTINUED)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2010 and 2009 was $1,005,597 and $1,722,850, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

	2010	2009
Average yields:		
Based on actual earnings	1.99%	3.12%
Based on interest rate credited to participants	2.18%	2.36%

NOTE 10 FAIR VALUE MEASUREMENTS

The Plan establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Basis of Fair Value Measurement

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

NOTE 10 FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the assets or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the assets or liability has specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Guaranteed investment contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer.

Mutual Funds are valued at the net asset value (NAV) of shares held by the plan year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market
