NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010 AND 2009

NOTE A – DESCRIPTION OF THE PLAN

The following description of The Brix Group, Inc. 401(K) Plan (the Plan) provides only general information. Participants should refer to the Plan's adoption agreement and amendments for a more complete description of the Plan's provisions.

General: The Plan, a defined contribution and profit sharing plan qualified under Section 401(k) and related provisions of the Internal Revenue Code, was established in 1991 and restated in 2003. The Plan was designed to provide participants with a means to defer a portion of their compensation for retirement funds and to provide benefits in the event of disability, death or financial hardship. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

New accounting pronouncement: In September 2010, FASB issued Accounting Standards Update (ASU) No. 2010-25, *Reporting Loans to Participants by Defined Contribution Pension Plans*, which is effective for plan years ending after December 15, 2010. FASB allows for early adoption of the new ASU for statements ending December 31, 2009. The new standard requires that participant loans be classified as notes receivable for GAAP purposes and measured at unpaid principal balance plus accrued but unpaid interest. Previously these participant loans were classified as plan investments, and were subject to the fair value measurement and disclosure requirements of FASB ASC 820-10, *Fair Value Measurements and Disclosures* (see Note G). The Plan applied the early adoption of ASU 2010-25 as of December 31, 2009. The adoption had no impact other than the elimination of the need to calculate fair values and present disclosures for these loans in accordance with FASB ASC 820-10.

Plan administrator: The Brix Group, Inc. (the Company) is the administrator of the Plan, and as such, carries out the duties imposed under ERISA. The Company has delegated the responsibility for the operation and administration of the Plan to Pacific Coastal Pension Services. Administrative costs for the year ended December 31, 2010 was $25,933; the Company paid $1,320 of these costs, $9,075 was paid from the forfeiture account, $1,772 was paid by participants who took loans and distributions, and the remaining $13,766 was assessed pro rata to all participant accounts. Administrative costs paid by the Company amounted to approximately $22,000 for the year ended December 31, 2009.

Eligibility: All employees who are 21 years of age or older are eligible to contribute to the Plan. The entry date is the first day of each calendar quarter after becoming eligible. Any employee who is 21 years of age or older, has worked at least 1,000 hours each year is eligible to gain a year of service with respect to the vesting schedule and receive the employer's matching contributions, if applicable. Independent contractors, employees of a company or division acquired by the Company and nonresident aliens who have no earned income from sources within the United States, or employees represented under a collective bargaining agreement are not eligible to participate in the Plan.

NOTE A – DESCRIPTION OF THE PLAN (CONTINUED)

Contributions: Contributions to a qualified plan are tax deferred and therefore are not included in a participant's compensation for federal income tax purposes until distributed to the participant. Participants may elect to contribute annually up to 100% of their annual compensation on a pretax basis up to a maximum of $16,500 for 2010 and 2009, respectively. The maximum contribution is normally adjusted annually by an inflation index. Eligible participants age 50 or older are permitted to make catch-up contributions. The maximum catch-up contribution was $5,500 in 2010 and 2009, respectively. Participants are also allowed to rollover contributions from other qualified employer sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's directives.

The Company may make matching or discretionary contributions. The Company did not make a matching contribution for 2010. The Company made a contribution of $14,967 during 2010 related to the 2009 partial termination (See note E). In 2009 the Company made a matching contribution of $18,112. Prior to March 3, 2009, the Company made matching contributions in an amount equal to 30% of the participating employee's salary deferral contribution, but not to exceed 1.80% of the employee's compensation. Effective March 3, 2009, the Company ceased making matching contributions.

The Plan also allows for profit sharing contributions. No discretionary profit sharing contributions were made for the years ended December 31, 2010 and 2009.

Investment options: In May 2010, the Plan entered into an investment contract with MG Trust, LLC (MG) to act as custodian of the Plan. MG maintains the contributions in mutual funds and common trusts. The account is credited with actual earnings on the underlying investments and charged for participant withdrawals and administrative expenses charged. Funds are invested based solely upon instructions received from participants.

Prior to the custodian switch in May 2010, the Plan had an investment contract with the Manufacturer's Life Insurance Company (Manulife) to act as Custodian of the Plan. Manulife Financial Corporation acquired John Hancock Financial Services, Inc. and adopted the John Hancock brand in the United States. As a result of this acquisition, effective January 1, 2005, the Manufacturer’s Life Insurance Company (U.S.A.) became known as John Hancock Life Insurance Company (U.S.A.).

Participant accounts: Each participant's account is credited with the participant's contribution and the employer's contribution, an allocation of the Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on the ratio of the participant's balance to all participants' account balances.

Vesting: The value of each participant's account is fully vested and non-forfeitable at all times for participant contributions, rollover contributions and the interest and earnings on those dollars. Each participant's non-forfeitable interest in the employer contributions must become fully vested over a maximum of six years. For the years ended December 31, 2010 and 2009, participants' accounts vest over a five year span.

NOTE A – DESCRIPTION OF THE PLAN (CONTINUED)

Forfeitures: Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan or result from violation of the discrimination limit applicable to employer matching contributions. Forfeitures can be applied to reduce the employer's matching contribution or pay administrative expenses payable under the Plan. Unapplied forfeited nonvested accounts totaled $6,735 and $2,349 at December 31, 2010 and 2009, respectively. In 2010, there were $9,075 of forfeitures applied to administrative expenses. In 2009, there were no forfeitures applied to administrative expenses payable under the Plan.

Distributions: Distributions from the Plan are available upon any of the following situations: termination of employment at the Company, retirement, total disability, death, employee's reaching age 59-1/2 or qualified "financial hardship." All distributions from the Plan will be taxed as ordinary income for federal income tax purposes unless the participant elects to directly roll his or her distribution into an Individual Retirement Account (IRA), a qualified retirement plan or qualifies for special tax treatment.

The Plan allows for mandatory distributions into individual retirement plan accounts designated by the Plan administrator for terminated participants' with account balances below $5,000 without consent of the participants.

Participant loans: The Plan allows participants to borrow a minimum of $1,000 and up to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the participant's vested balance and only one loan is permissible at a time. The loans bear interest at a reasonable interest rate based upon the prime rate as published in the Wall Street Journal. For loans made in 2010, the interest rate charged was the prime rate plus 1.5% at the time the loan was made and must be repaid to the Plan within a five-year period, unless the loan is used for the purchase of a principal residence, in which case, the maximum repayment period may be longer. Principal and interest is paid ratably through each payroll deduction. Loan interest rates on existing loans range from 4.75% to 9.25% as of December 31, 2010.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition: Fair value for investments is based on quoted prices in active markets for identical assets or other significant observable inputs. (For more information on valuation inputs, please refer to Note G Fair Value Measurements). Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

NOTE C – INCOME TAX STATUS

The Plan obtained its latest determination letter on December 5, 2002, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would be sustained upon examination by the various taxing authorities and government agencies. The plan administrator has analyzed the tax position taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes that the plan is no longer subject to income tax examinations for tax years prior to 2009.

NOTE D – RELATED PARTY TRANSACTIONS

Prior to May 2010, certain Plan investments were shares of separate pooled accounts managed by John Hancock Life Insurance Company (Hancock). Hancock was the trustee, as defined by the Plan, and qualified as a party-in-interest. The Plan is no longer invested in separate pooled accounts beginning May 2010, so there are no longer parties-in-interest as of December 31, 2010.

The Company provides to the Plan certain accounting and administrative services for which no fees are charged.

NOTE E – PARTIAL TERMINATION

During the year ended December 31, 2009, the Plan sponsor terminated the employment of a significant number of plan participants. In aggregate, the terminations represented a partial termination of the Plan. As a result of this partial termination, all accumulated benefits of affected employees were fully vested as of the date of their termination. The Company made a contribution of $14,967 during 2010 related to the 2009 partial termination.

While the Company has not expressed any intent to terminate the Plan in its entirety, it is free to do so at any time, subject to the provisions of ERISA. In the event of termination, the participants' accounts will be paid in accordance with the provisions of the Plan as soon as practicable.

NOTE G – FAIR VALUE MEASUREMENTS

ASC 820-10, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820-10 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

NOTE G – FAIR VALUE MEASUREMENTS (CONTINUED)

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Guaranteed interest accounts: The fair market value of the guaranteed interest accounts are determined periodically by the trustee, based on the current market value of the underlying assets of the fund.

Pooled separate accounts: Pooled separate accounts are valued based on the values of the underlying mutual funds. The mutual funds are valued based on quoted prices in active markets for identical assets as of December 31, 2009.

Mutual funds: Mutual funds are valued based on quoted prices in active markets for identical assets as of December 31, 2010.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009.

	2010			
	Level 1	Level 2	Level 3	Total

Net assets available for benefit per Schedule H of Form 5500	$ 4,470,397

There are no reconciling items as of December 31, 2010.

NOTE J – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE K – SUBSEQUENT EVENTS

Effective for financial periods that end after June 15, 2009, ASC 855-10 *Subsequent Events,* requires additional disclosure for events or transactions that occur after the statement of net assets available for benefits date. The Plan has no significant subsequent events as of October 11, 2011. The Plan has not evaluated subsequent events after this date in the statements presented.
