Fort Myers, Florida

We were engaged to audit the financial statements of SERVICE PAINTING 401(K) & PROFIT SHARING PLAN as of December 31, 2010 and 2009, and for the year ended December 31, 2010, and the supplemental schedules as of and for the year ended December 31, 2010, as listed in the accompanying index. These financial statements and schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Transamerica Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2010 and 2009, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedules taken as a whole. The form and content of the information included in the financial statements and schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

SERVICE PAINTING 401(K) & PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010

NOTE 1 - DESCRIPTION OF PLAN

The following description of SERVICE PAINTING 401(K) & Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who have six consecutive calendar months of service during which they completed at least 500 hours of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute between 2% and 15% of pretax annual compensation, as defined in the Plan. Participants may also, with the approval of the Plan administrator, contribute amounts representing distributions from other qualified benefit or contribution plans. The total of all contributions must be within the annual limits allowed under Section 402(g) of the Code. Additionally, participants over 50 years of age may make catch up contributions as determined by Section 414(v) under the Code.

The employer makes matching contributions of 25% of the first 4% of the participants' elective contributions, up to 1% of compensation. The plan allows for annual Profit Sharing contributions for eligible participants at a percentage declared for the year, if any, by the Board of Directors. The Board has not elected to make profit sharing contributions during the Plan years ended December 31, 2010 or 2009.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Company's contribution, Plan earnings (losses), and any loan repayments and charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their contributions plus actual earnings thereon including contributions from salary deferrals. Participants are vested in the employer matching contributions based on the number of years of credited service in accordance with the Plan document.

Number of years of Credited Service	Vested Percentage
1 or less	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

NOTE 1 - DESCRIPTION OF PLAN (continued)

Notes Receivable from Participants

Notes receivable from participants are treated as a transfer to (from) the investment fund from (to) the Participant Loans fund. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the vested balance in the participant's account and bear interest of 4.25%, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions. Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms in the Plan document. Loan balances as of December 31, 2010 and 2009 are $48,138 and $40,716, respectively.

Payments of Benefits

Upon termination of service due to death, disability or retirement, participants are paid a lump amount equal to the value of the participant's vested interest in his or her account or as a form of single or joint and survivor life annuity, less any outstanding loan balances.

Participants are allowed to make hardship withdrawals from the amount they have deferred to the Plan, excluding earnings on those deferrals. Participants may withdraw from rollover sources with no minimum amount requirements and up to all of his or her vested account balance if they meet hardship requirements as specified in the Plan.

Forfeited Accounts

Participants are fully vested in their elected deferral at all times. Employees terminating before the employer portion of their account balance is fully vested will forfeit a portion of the employer contributions. For the year ended December 31, 2010, there was $545 in forfeited non-vested amounts to be used to reduce future employer contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid; accordingly, there are no accruals for benefits payable.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Administrative expenses are allocated to each participant based on the activity in their account, as defined in the Plan. The Plan Sponsor may absorb significant costs on behalf of the Plan.

NOTE 3 - INVESTMENTS

The following presents separately those investments at December 31, 2010 and 2009 that represent 5% or more of the Plan's net assets and the other investments in summary:

	2010	2009
Investment, at fair value:		
Transamerica Equity	$ 93,779	$ 75,799
Transamerica Equity Index	58,215	52,024
Transamerica Balanced	80,485	62,707
Transamerica Cash Management	206,447	209,923
Transamerica Growth Opp	80,769	64,513
Transamerica Core Equity	89,678	77,250
Invesco International Growth	Less than 5%	51,073
T. Rowe Price Mid-Cap Growth	173,924	138,908
	783,297	732,197
Other mutual funds	125,301	66,204
Total Investments	$ 908,598	$ 798,401

During 2010 the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $119,246. In 2009, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $132,110.

NOTE 4 - TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service or Department of Labor. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

NOTE 5 - RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 6 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

At December 31, 2010 and 2009, the Plan's investments were held by the Trustee. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Trustee as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974:

	2010	2009
Investment, at fair value:		
Cash Equivalents	$ 206,447	$ 209,923
Mutual Funds and Equity Securities	574,412	483,996
Fixed Maturity Securities	127,739	104,482
Total cash and investments	$ 908,598	$ 798,401
Net investment (loss) income	$ 119,245	$ 132,110

NOTE 7 - FAIR VALUE MEASUREMENT

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Their hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual funds & equity securities: Valued daily using publicly available quoted market prices.

Cash equivalents & fixed maturity securities: Valued using pricing data provided by outside valuation service providers who in turn generally use the mean of a bid and ask price, but may also use alternative observable pricing inputs.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participant, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 7 - FAIR VALUE MEASUREMENT (continued)

The following fair value disclosure is for those assets measured at fair value on a recurring basis at December 31, 2010 and 2009:

	Fair Value Measurements at Reporting Date Using			
	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Fair Value

Fixed Maturity Securities	0	104,482	0	104,482
Total Investments	$ 483,996	$ 314,405	$ 0	$ 798,401

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 at December 31, 2010:

Net assets available for benefits per financial statements	$ 948,266
Audit adjustment for retroactive correction of overpayment of employer match based on calculation defined in the Plan Documents.	8,470
Net assets available for benefits per Form 5500	$ 956,736

NOTE 9 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 10 - SUBSEQUENT EVENTS

FASB ASC 855-10-50 (formerly, SFAS No. 165, "Subsequent Events") codifies the guidance regarding the disclosure of events occurring subsequent to the balance sheet date. ASC 855-10-50 does not change the definition of a subsequent event (i.e., an event or transaction that occurs after the balance sheet date but before the financial statements are issued) but requires disclosure of the date through which subsequent events were evaluated when determining whether adjustment to or disclosure in the financial statements is required. The Plan evaluated subsequent events through October 13, 2011, which is the financial statement issuance date.

Due to Plan Sponsor – The Plan Document limits the employer match to 1 percent of a participant's salary; however, this limit was not entered into the payroll software the Plan Sponsor used to calculate the employer match. As of the issuance date of this audit several employees received a match greater than 1 percent of their salary during the plan years ended 2006, 2007, 2008, 2009, 2010 and 2011. The Plan Sponsor contacted their compliance representative who recommended collecting the overpaid amount from the affected participants during the Plan Year ended 2011. The amount due from participants who still have money in the Plan, $8,470, is deemed collectible and is shown as a liability on the accompanying statement of net assets available for benefits. Of that amount, $3,881 relates to the 2010 Plan Year and was removed from current year expense. The remaining $4,589 relates to prior years and was adjusted through net assets available for benefits as of December 31, 2010. The amount due from participants who have already taken a distribution of 100% of their assets, $6,527, is deemed uncollectible and is not reflected on the accompanying statement of net assets available for benefits.

Delinquent Contributions - As of October 13, 2011, the Plan Administrator is in the process of preparing the form 5330 and is seeking advice from their compliance representative to determine lost earnings and interest on the delinquent contributions shown in the Schedule of Delinquent Participant Contributions on Page 12 of these financial statements. Lost earnings and interest will be contributed to the Plan.
