NOTE A – DESCRIPTION OF PLAN

The following description of the Locke Protective Services, Ltd. ("Company") 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all employees of the Plan Sponsor who have one year of service and a minimum of 1,000 hours. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Sponsor – The Plan is sponsored by Locke Protective Services, Ltd. ("Plan Sponsor").

Contributions – Each year, participants may contribute pretax annual compensation up to the maximum allowed by federal law for the plan year. Federal law places a limit on the total amount of compensation that the participant may defer in any calendar year. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up payments. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan Sponsor may, in its discretion, contribute 25% the participant's elective deferrals, not to exceed 4% of the participant's base compensation. The Plan Sponsor may also, in its discretion, make a Profit Sharing Contribution to the Plan. When the Plan Sponsor does make a Profit Sharing Contribution, it will be allocated to the accounts of participants in proportion to their eligible compensation for the Plan Year. Contributions are subject to certain limitations. During the current plan year, the Plan Sponsor matched $5,192 of participant elective deferrals and made $0 discretionary contributions to participants.

Participant Accounts – Each participant's account is credited with the participant's contribution and an allocation of (a) the Plan Sponsor's contribution, (b) Plan earnings, and (c) forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The assets of the plan, both employee and employer, are allocated to the various investment funds available at the direction of the participant.

Payment of Benefits – On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, or in an approved optional benefit form available per the Plan. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts – At December 31, 2010, forfeited non-vested accounts totaled $0. These accounts will be reallocated to participants in the same manner as employer contributions.

Vesting – Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Plan Sponsor contributions portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100% vested after five years of credited service.

Terminated Employee Account Balances – At December 31, 2010, terminated employee account balances totaled $0.

NOTE A – DESCRIPTION OF PLAN, continued

Administrative Expense – Administrative expenses include amounts paid to Hartford to act as trustee of the Plan. Amounts paid to Loren D. Stark Company, Inc. (LDS) and Hartford as administrators totaled $1,318 for the year ended December 31, 2010.

Participant Loans – The Plan allows for loans to participants, where the loans are available to participants on a reasonably equivalent basis, bear a reasonable rate of return, provide for periodic repayment within a specified period of time, and do not exceed, for any participant, the specified amount. A participant loan may not be made to the extent such loan is less than $1,000 and exceeds the lesser of: (a) $50,000 or (b) one half of the participant's vested account balance. Participant loans are not to be made to any owner-employee unless a prohibited transaction exemption for such loan is obtained from the Department of Labor. Participant loans are measured at their unpaid principal balance plus any accrued but unpaid interest. As of December 31, 2010, participant loans receivable totaled $0. Participant loans are recorded under the caption "Notes receivable from participants" on the Statement of Net Assets Available for Benefits.

Merger – During 2010, the plan administrator approved the merger of this Plan into the Transamerica AGC Houston Chapter Multiple Employer 401(k) Plan, effective January 1, 2011. As a result, all plan assets were transferred by the plan's trustee (Hartford) to the trustee of the Transamerica AGC Houston Chapter Multiple Employer 401(k) Plan (Transamerica) on December 31, 2010.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared under the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

New Accounting Pronouncements –

SFAS157 – The financial statements apply Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures* ("FASB ASC 820") (formerly Statement on Financial Accounting Standards No. 157). FASB ASC 820 was effective for financial statements issued for fiscal years beginning after November 15, 2007. FASB ASC 820 established a single authorative definition of fair value, sets a framework for measuring fair value and requires additional disclosures about fair value measurement. The adoption of FASB ASC 820 has no effect on the financial statements. Refer to Note D for the SFAS No. 157 disclosure about fair value measurement.

FASB ASC 855-10 – In May 2010, the FASB issued ASC 855-10 (formerly SFAS No. 165), "Subsequent Events" ("FASB ASC 855-10"). FASB ASC 855-10 establishes the period after the balance sheet date during which management should evaluate events or transactions that may occur for potential recognition or disclosure in the financial statements, the circumstances under which an entity should recognize events or transactions occurring after the balance sheet date in its financial statements, and the disclosures that an entity should make about events or transactions that occurred after the balance sheet date. FASB ASC 855-10 is effective for interim or annual financial periods ending after June 15, 2010. The Plan Sponsor adopted FASB ASC 855-10 with regard to events occurring subsequent to December 31, 2010 and the adoption did not have an impact on the disclosures contained in the notes to the financial statements.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Investment Valuation and Income Recognition – Net assets and additions to net assets are recognized when received rather than when earned and deductions from assets are recognized when paid rather than when the liability is incurred. The Plan's basis of accounting is a modified cash basis because investments are reported at fair value. The Department of Labor recognized the cash basis of accounting as an acceptable method for reporting purposes, but requires modifications to state investments at fair value. Purchases and sales of securities are recorded on a trade-date basis.

Estimates – The preparation of financial statements in conformity with U. S. generally accepted accounting principles and in accordance with the modified cash basis of accounting requires the Plan Sponsor to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Operating Expenses – All expenses of maintaining the Plan are paid by the Plan Sponsor. Administrative fees for distributions, loan origination, and annual loan administration are applied to the participant account balances when incurred.

Payment of Benefits – Benefits are recorded when paid.

Reclassifications – Certain reclassifications have been made to prior period amounts to conform to the current year presentation.

NOTE C – INVESTMENTS

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $22,614 for the year ended December 31, 2010.

The following information regarding investments as of December 31, 2010 and 2009 included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by Hartford, the custodian of the Plan's assets. Investments that represent 5% or more of the Plan's net assets are individually identified. Investments are at fair value and amounts listed are in dollars.

NOTE D – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures (formerly SFAS No. 157) establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The plan uses appropriate valuation techniques based on the available inputs to measure the fair value of investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The plan has used Level 2 inputs to measure fair value on all investment options which include mutual funds and bonds. Level 2 valuations are based on observable inputs (assumptions obtained from independent sources) for the asset or liability, either directly or indirectly (example: quoted prices used to value similar instruments in active markets such as bonds). Participant loans are valued at cost using Level 3 inputs as the valuations are based upon unobservable inputs (assumptions based on the best information available) as there is no market activity.

As required by FASB ASC 820, at December 31, 2010, the Plan's portfolio investments were classified as follows, based on fair values:

	Assets at Fair Value as of December 31, 2010			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ -	$ -	$ -	$ -
Bonds	-	-	-	-
Total Assets at Fair Value	$ -	$ -	$ -	$ -

As required by FASB ASC 820, at December 31, 2010, the Plan's portfolio investments were classified as follows, based on fair values:

	Assets at Fair Value as of December 31, 2009			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 190,388	$ -	$ -	$ 190,388
Bonds	8,131	-	-	8,131
Total Assets at Fair Value	$ 198,519	$ -	$ -	$ 198,519

NOTE E – TAX STATUS

Locke Protective Services, Ltd. 401(k) Plan was developed utilizing a prototype sponsor, LDS. The Internal Revenue Service has determined and informed LDS by letter dated October 22, 1993, that Plan and related trust or custodial account are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although, the Plan has been amended since receiving the determination letter, the Plan Sponsor and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan sponsor has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan sponsor believes it is no longer subject to income tax examinations for years prior to 2009.

NOTE F – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Beginning in the last half of 2009, turmoil in the United States and worldwide financial markets caused significant declines in the value of investments held by the Plan. As noted above, participants direct their own investments. Therefore, future declines or increases in the value of investments is dependent upon the investment choices made by the individual participants and by the performance of those individual funds and is not under the control of the Plan Sponsor or the custodian of the Plan's assets.

NOTE G – SUBSEQUENT EVENTS

The Plan evaluated subsequent events through October 6, 2011, the date on which the financial statements were issued, noting no events or transaction occurred requiring potential recognition or disclosure in the financial statements.
