NOTE 1 - Description of the Plan

The following description of the Karl Schmidt Unisia, Inc. 401(k) Plan (the "plan") provides only general information. Participants should refer to the plan's summary plan description for a more complete description of the plan's provisions.

General

The plan is a defined contribution plan established by Karl Schmidt Unisia (the "company") and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The plan covers all employees of Karl Schmidt Unisia, Inc., Karl Schmidt Unisia Michigan, LLC, KS Bearings, Inc. and Karl Schmidt Large Bore Pistons, Inc. All employees who have completed at least 90 days of service with the company (250 hours for part-time), as defined in the plan, are eligible to participate in the plan in the following month. Upon enrollment in the plan, a participant may direct employer and employee contributions to any combination of investment options offered by the plan.

Contributions

Each year, participants may contribute up to 75% of pretax annual compensation (salary reduction contributions), as defined in the plan. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). The company contributions are made up of an employer matching contribution at the discretion of the Board. It is a designated percentage of the tax-deferred contribution percentage elected by each participant. For the years ended in 2010 and 2009, the match was an amount equal to 100% of the first 1% of eligible compensation plus 50% of the next 5% of eligible compensation but not exceeding 6% of the employee's compensation contributed to the plan for Karl Schmidt Unisia, Inc. and Karl Schmidt Large Bore Pistons, Inc. For KS Bearings, Inc., the match was 75% of the first 6% of eligible compensation contributed to the plan for 2010 and 2009. All company contributions must be made to the plan on or before the date on which the federal income tax return of the employer for such year is due, including extensions. All contributions are subject to certain limitations set forth by the IRC and are invested according to options specified by each participant.

Participant Accounts

Each participant's account is credited with the participant's salary reduction contributions, rollover contributions and an allocation of the company's contributions and plan earnings (net of administrative expenses). Allocations are based on the participant's eligible compensation or account balances, as defined in the plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - Description of the Plan (cont.)

Vesting

Participants are immediately vested in their salary reduction and rollover contributions and profit sharing contributions plus earnings thereon. Participants who leave the plan because of death, early or normal retirement, or disability retirement, as defined in the plan, are considered 100% vested. Company discretionary matching contributions and earnings thereon vest in accordance with provisions of the plan as follows:

Vesting Years of Service	Percentage Vested
Less than 2	0%
2 to 3	20%
3 to 4	40%
4 to 5	60%

Administrative Expenses

The majority of the administrative expenses of the plan are paid by the plan participants. The remaining expenses are paid by the company.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared on the accrual basis of accounting. The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

The plan's investments are valued at fair value using quoted market prices. Guaranteed investment contracts that are fully benefit responsive are valued at contract value.

Net appreciation or depreciation of investments included in the accompanying statements of changes in net assets available for benefits includes realized gains or losses from the sale of investments and unrealized appreciation or depreciation in fair value of investments. Net unrealized appreciation or depreciation in the fair value of investments represents the net change in the fair value of the investments held during the period. The net realized gains or losses on the sale of investments represents the difference between the sale proceeds and the fair value of the investment as of the beginning of the period or the cost of the investment if purchased during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 - Information Prepared and Certified by Trustee - Unaudited (cont.)

Investments, in general, are subject to various risks, including credit, interest, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in values of investment securities will occur in the near term, and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 4 - Fair Value of Financial Instruments

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Assets and liabilities measured, reported and/or disclosed at fair value will be classified and disclosed in one of the following three categories:

Level 1 - Quoted market prices in active markets for identical assets or liabilities.

Level 2 - Observable market based inputs or unobservable inputs that are corroborated by market data.

Level 3 - Unobservable inputs that are not corroborated by market data.

The plan sponsor is responsible for the determination of fair value. Accordingly, they perform periodic analysis on the prices received from the pricing services used to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, the plan sponsor has not historically adjusted the prices obtained from the pricing services.

The table below presents the balances of assets and liabilities measured at fair value on a recurring basis by level within the hierarchy.

NOTE 5 - Investment Contract with Insurance Company

The plan has a Wells Fargo Bank, N.A. (Wells Fargo) Stable Return Fund G which contains a fully benefit responsive investment contract. Wells Fargo maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at fair value and then adjusted to contract value as reported to the plan by Wells Fargo. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract has certain restrictions that impact the ability to collect the full contract value, for example, the plan may not withdraw more than 25% of the beginning of the year balance of the contract without incurring a penalty. Plan management believes that the occurrence of events that would cause the plan to transact at less than contract value is not probable. Wells Fargo may not terminate the contract at any amount less than contract value.

At December 31, 2010 and 2009, the Wells Fargo Stable Value Fund G had a contract value of $20,457,169 and $21,133,075, respectively. At December 31, 2010 and 2009, the Wells Fargo Stable Value Fund G had a fair value of $20,907,227 and $21,154,208, respectively.

Wells Fargo is contractually obligated to pay the principal and specified interest rate that is guaranteed to the plan. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than the guaranteed rate, which cannot result in an interest crediting rate less than zero. Such interest rates are reviewed on a quarterly basis for resetting. The crediting rate of the contract will track current market yields on a trailing basis.

	2010	2009
Average yields:		
Based on annualized earnings	2.38%	3.40%
Based on interest rate credited to participants	2.90%	3.32%

NOTE 6 - Amount Owed to Participants Withdrawing From the Plan

There were no amounts requested but not yet distributed to participants as of December 31, 2010 and 2009.

NOTE 7 - Parties In Interest

The plan invests a portion of its assets in funds managed and sold by Wells Fargo, the current trustee of the plan. During 2010 and 2009, the plan conducted the following investment transactions with the trustee:

	2010	2009
Total purchases	$ 3,616,831	$ 4,023,929
Total sales	4,896,178	5,215,497

Administrative expenses paid by the plan for services provided by the trustee amounted to $56,518 and $76,222 for the years ended December 31, 2010 and 2009, respectively. These party in interest transactions are not prohibited under ERISA.

NOTE 8 - Tax Status

The Internal Revenue Service ruled in a letter dated August 26, 2009 that the plan qualifies under Section 401(a) of the Internal Revenue Code (IRC) and, therefore, the plan is not subject to tax under present income tax law. The plan is required to operate in conformity with the IRC to maintain its qualification. The plan administrator is not aware of any events that have occurred that might adversely affect the plan's qualified status.

NOTE 9 - Subsequent Events

The plan has evaluated subsequent events through October 11, 2011, which is the date that the financial statements were approved and available to be issued, for events requiring recording or disclosure in the plan's financial statements.
