INDEPENDENT AUDITORS' REPORT

The Trustees
Steves & Sons Employees 401(k) Profit Sharing Plan
San Antonio, Texas

We were engaged to audit the accompanying statement of net assets available for benefits of Steves & Sons Employees 401(k) Profit Sharing Plan (the Plan) as of December 31, 2010 and 2009, the related statement of changes in net assets available for benefits for the year ended December 31, 2010, and the schedule of assets held at end of year as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by American United Life Insurance Company (the Custodian), except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the Custodian as of December 31, 2010 and 2009, and for the year ended December 31, 2010, that the information provided to the plan administrator by the Custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of the Plan

The following description of the Steves & Sons Employees 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Document or Summary Plan Description for a more comprehensive description of the Plan's provisions.

General

The Plan is a defined-contribution plan covering substantially all employees of Steves & Sons, Inc. (the Company or Employer). The Plan is designed to comply with the Employee Retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code (IRC). In addition, the financial statements have been prepared in compliance with ERISA. The Custodian of the Plan's assets and recordkeeper is American United Life Insurance Company (the Custodian).

Eligibility

All employees of the Company who have worked at least 1,000 hours during a twelve month period and who are age 19 or older are eligible to participate in the Plan.

Participant Contributions

Participating employees may defer pretax compensation up to 20% of compensation plus 100% of any Employer paid cash bonus, subject to certain Internal Revenue Service (IRS) limitations. Additionally, participants are allowed to make rollover contributions from certain tax-qualified retirement plans.

Employer Contributions

The Company may make a discretionary matching contribution equal to a percentage of the participant's elective salary deferral contributions to the Plan. The Employer matched 20% of up to 4% of each participant's base salary during the year ended December 31, 2010.

Participant accounts

Each participant's account is credited with the participant's contributions and an allocation of the Employer's contributions, if any, and Plan earnings or losses. Allocations of Plan earnings or losses are based on a participant's account balance as a percentage of the total of participants' account balances in each investment option.

Note 1 - Description of the Plan - (Continued)

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings or losses thereon. Vesting in the Company's matching contributions plus actual earnings or losses thereon is based on continuous years of service as follows:

Years of Service	Percent Vested
1	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Upon death or disability, the participant (or his/her beneficiary in case of his/her death) becomes 100% vested in the Plan. Upon reaching normal retirement age or after six years in the Plan, the participant becomes 100% vested in the Plan.

Payment of benefits

The benefit a participant is entitled to equals the value of the participant's vested interest in his or her account. On termination of service due to death, disability, severance, or retirement, a participant may elect to receive a lump-sum payment equal to the vested portion of his or her account. Upon termination of employment, vested account balances of less than $5,000 may be distributed in a lump sum for rollover to another qualified plan or an Individual Retirement Account or Annuity for the benefit of the participant. Account balances less than $1,000 are distributed as a lump sum distribution.

Forfeitures

Forfeitures of terminated participants' nonvested account balances may be used to reduce Employer contributions or to pay Plan administration expenses. Forfeitures used to reduce Employer contributions were $796 in 2010.

Administrative expenses

Administrative expenses are generally paid by the Employer. However, the Plan may pay transaction fees which are allocated to the specific participants initiating the transactions.

Note 1 - Description of the Plan - (Continued)

Investment options
Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a variety of pooled separate accounts and a fixed fund general account as investment options for participants.

Note 2 - Summary of Significant Accounting Policies

Basis of accounting
The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Subsequent events
The plan administrator has evaluated subsequent events through September 30, 2011, the date the financial statements were available to be issued.

Use of estimates
The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates. Significant items subject to such estimates and assumptions include the fair value of investments. See Note 3.

Risks and uncertainties
The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances.

Note 2 - Summary of Significant Accounting Policies - (Continued)

Fair value of investments

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. US GAAP also establishes a fair value hierarchy, which requires an entity to minimize the use of unobservable inputs when measuring fair value. Three levels of inputs that may be used to measure fair value:

Level 1: Quoted prices in active markets for identical assets or liabilities.

Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

An asset or liability's classification within the fair value hierarchy is based on the lowest level of significant input to its valuation.

Fair value estimates are made at a specific point in time and the methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair value. Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

Note 2 - Summary of Significant Accounting Policies - (Continued)

Investment valuation and income recognition

Plan investments are held in pooled separate accounts and a fixed interest account. Fair value is measured at the net asset value of shares held by the Plan at year end. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes gains and losses for investments purchased and sold during the year.

The fixed interest account consists of accounts issued by the Custodian and backed by its general assets. Contracts available in this fund earn fixed rates of return annually. Contract value represents contributions made under the contract, plus earnings or losses, less participant withdrawals and administrative expenses. Participants may ordinarily withdraw or transfer all or a portion of their investment in the fixed interest account at contract value. Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with the Custodian. The Plan administrator believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with Plan participants is not probable.

US GAAP defines the circumstances in which an investment contract is considered fully benefit-responsive and requires such contracts to be reported at fair value in the Plan's statements of net assets available for benefits with a corresponding adjustment to reflect these investments at contract value. The terms of the fixed interest account cause the investment to be fully benefit-responsive and as such requires it be reported in the financial statements at contract value. At December 31, 2010 and 2009, the contract value of the fixed interest account and the fair value were the same and the guaranteed and effective yields were 4% as of December 31, 2010 and 2009.

Payment of benefits

Benefits paid to participants are recorded as a reduction of net assets available for benefits when paid.

Note 2 - Summary of Significant Accounting Policies - (Continued)

Recent Accounting Standards

In January 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update 2010-06, *Improving Disclosures about Fair Value Measurements*, (ASU 2010-06). ASU 2010-06 clarified certain existing fair value disclosures and requires a number of additional disclosures. The guidance in ASU 2010-06 clarified that disclosures should be presented separately for each "class" of assets and liabilities measured at fair value and provided guidance on how to determine the appropriate classes of assets and liabilities to be presented. ASU 2010-06 also clarified the requirement for entities to disclose information about both the valuation techniques and inputs used in estimating Level 2 and Level 3 fair value measurements. In addition, ASU 2010-06 introduced new requirements to disclose the amounts (on a gross basis) and reasons for any significant transfers between Levels 1, 2 and 3 of the fair value hierarchy and present information regarding the purchases, sales, issuances and settlements of Level 3 assets and liabilities on a gross basis. With the exception of the requirement to present changes in Level 3 measurements on a gross basis, which is delayed until 2011, the guidance in ASU 2010-06 is effective for reporting periods beginning after December 15, 2009. Since ASU 2010-06 only affects fair value measurement disclosures, adoption of ASU 2010-06 did not affect the Plan's net assets available for benefits or its changes in net assets available for benefits.

Note 5 - Information Certified by the Custodian (Unaudited)

The plan administrator has elected the method of annual reporting permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by American United Life Insurance Company, except for comparing such information certified by the Custodian to information included in the Plan's financial statements and supplemental schedule.

Note 5- Information Certified by the Custodian (Unaudited) - (Continued)

The Custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate at December 31:

		2010		2009
Investments at fair value:				
Pooled separate accounts	**$**	**1,552,224**	$	1,199,708
Fixed account		**185,249**		196,369
	$	**1,737,473**	$	1,396,077
Investment income:				
Interest and dividends	**$**	**7,595**		
Net appreciation in fair value of investments		**165,144**		
	$	**172,739**		

Note 6 - Excess Contributions Payable

The excess contributions payable of $9,641 and $13,965 at December 31, 2010 and 2009, respectively, relate to amounts payable to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan.

Note 7 - Termination of the Plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants would become fully vested in their accounts.

Note 8 - Tax Status of the Plan

The plan is a prototype plan document sponsored by American United Life Insurance Company (AUL). AUL received an opinion letter from the IRS dated March 31, 2008, which states that the prototype document satisfies the applicable provisions of the IRC. The plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS. Therefore no provision for income tax has been included in the Plan's financial statements.

Note 9 - Parties-In-Interest

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering services to the Plan, the Employer, and certain others. As such, transactions conducted by American United Life Insurance Company and its affiliates qualify as party-in-interest transactions.

Note 10 - Reconciliation of Financial Statements to Form 5500

The following are reconciliations of net assets available for benefits and changes in net assets available for benefits per the Form 5500 to the financial statements as of and for the year ended December 31:

STEVES & SONS EMPLOYEES 401K PROFIT SHARING PLAN
001

December 31, 2010

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
