To the Plan Administrator of
Patio Enclosures, Inc. 401(K) Plan

Report of Independent Auditors

We were engaged to audit the financial statements and supplemental schedule of Patio Enclosures, Inc. 401(K) Plan (the "Plan") as of December 31, 2010, and for the year then ended, as listed in the accompanying index. These financial statements and schedule are the responsibility of the Plan's management. The financial statements of the Plan as of December 31, 2009 were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Standard Insurance Company, the custodian of the Plan's assets. Their report, dated September 8, 2010, indicated that (a) because of the significance of the information that they did not audit they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, was presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Standard Insurance Company, the custodian of the Plan's assets, except for comparing the information with the related information included in the 2010 financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the custodian as of and for the year ended December 31, 2010, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information in the Plan's 2010 financial statements and supplemental schedule that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2010 financial statements and schedule taken as a whole. The form and content of the information included in the 2010 financial statements and schedule, other than that derived from the investment information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

PATIO ENCLOSURES, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010 AND 2009

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Patio Enclosures, Inc. 401(K) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a complete description of the Plan’s provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Patio Enclosures, Inc. (the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

In January 2011, Patio Enclosures, Inc. defaulted on its secured party loan with Great Day Improvements, LLC (“GDI”) by failing to make scheduled payments of principal and interest. As a result, GDI acquired substantially all of the operating assets of Patio Enclosures, Inc.; and accordingly, Patio Enclosures, Inc. ceased operations. At that time, GDI hired substantially all of the Company’s former employees and began to do business under the Patio Enclosures trade name. All employees retained the amount of credited service already obtained.

The Plan is funded with a group annuity contract (the “Contract”) issued by Standard Insurance Company (“The Standard”), custodian of the Plan’s assets. The Contract offers a guaranteed interest investment option, backed by The Standard’s general account, and several variable investment options (mutual funds) in The Standard separate account. Each investment sub-account is invested by The Standard exclusively in shares of the specific mutual fund directed by the participant. Amounts allocated to a variable investment account are credited to a participant’s account in the form of accumulation units.

Eligibility: To be eligible to participate in the Plan, an employee must be at least twenty-one (21) years of age, have completed one year of full-time service, and elect to participate in the Plan. Employees may enter the Plan on the first day of the month following the service requirement.

Contributions: Participants may make voluntary pre-tax contributions, by means of a salary deferral agreement, of up to 100% of their compensation, subject to IRS limitations for the Plan year. Plan participants over the age of 50 are also permitted to make additional catch-up contributions to a maximum of \$5,500 in 2010. The Plan also permits rollover contributions from other qualified retirement plans. Participants direct the investment of contributions into various investment options offered by the Plan.

Participant accounts: Each participant’s account is credited with the participant’s contribution and allocations of plan earnings and charged with an allocation of administrative expenses. Allocations are based on account balances. The benefit to which a participant is entitled is the benefit that can be drawn from the participant’s vested account.

Vesting: A participant has a 100% non-forfeitable vested interest in their contributions plus actual earnings thereon.

Payment of benefits: Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or periodic installments. Additionally, the Plan has provisions for an active participant to take a distribution upon reaching age 59 ½ or to take hardship withdrawals from his voluntary contribution account, subject to certain limitations and restrictions.

Administrative expenses: Certain administrative expenses of the Plan are paid by the sponsor and are not included in the statement of changes in net assets available for benefits.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

New accounting pronouncement: In January 2010, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2010-06, *Improving Disclosures about Fair Value Measurements* (ASU 2010-06). ASU 2010-06 amended Accounting Standards Codification ("ASC") 820; *Fair Value Measurements and Disclosures* (FASB ASC 820), to clarify certain existing fair value disclosures and require certain additional disclosures. ASU 2010-06 clarifies that disclosures should be presented separately for each class of assets and liabilities measured at fair value and provides guidance on how to determine the appropriate classes of assets and liabilities to be presented. ASU 2010-06 also clarifies the requirement for entities to disclose information about both the valuation techniques and inputs used in estimating Level 2 and Level 3 fair value measurements. In addition, ASU 2010-06 introduces new requirements to disclose the amounts (on a gross basis) and reasons for any significant transfers between Level 1, 2, and 3 of the fair value hierarchy and to present information regarding purchases, sales, issuances, and settlements of Level 3 assets and liabilities on a gross basis. With the exception of the requirement to present changes in Level 3 measurements on a gross basis, which is delayed until 2011, the guidance in ASU 2010-06 is effective for 2010. The Plan adopted the applicable provisions of ASU 2010-06 for the year ended December 31, 2010.

Basis of presentation: The financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. See Note 4, *Fair Value Measurements*, for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in a fully benefit-responsive investment contract through The Standard Stable Asset Fund II. The statement of net assets available for benefits presents the fair value of the investment contract as well as the adjustment of the fully benefit-responsive investment contract from the fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit payments: Benefits payments to participants are recorded when paid.

Reclassifications: Certain prior year amounts have been reclassified to conform to current year presentation. Such reclassifications had no effect on the net assets as previously reported.

Subsequent events: In preparing these financial statements, the Plan's management has evaluated events and transactions for potential recognition or disclosure through October 9, 2011, the date the financial statements were available to be issued.

NOTE 3 -- INVESTMENTS

The fair value of investments that represent five percent or more of the Plan's net assets are as follows:

	December 31,	
	2010	2009
<u>Pooled separate account (sub-account mutual funds):</u>		
Davis New York Venture Fund	\$ 64,230	\$ 68,575
Munder Mid Cap Core Growth Fund	60,176	61,419
T. Rowe Price Growth Stock Fund	59,893	65,391
Thornburg International Value Fund	56,218	58,724
Vanguard Mid Cap Index Fund	54,354	54,716
T. Rowe Price Equity-Income Fund	35,452	39,383
Allianz NFJ Small Cap Value Fund	32,146	49,895
Vanguard Wellington Fund	30,514	42,005
Goldman Sachs Mid Cap Value Fund	-	45,523
<u>Insurance company general account:</u>		
The Standard Stable Asset Fund II	102,713	98,533

During the year ended December 31, 2010, the Plan's investments in mutual funds (including investments bought, sold, and held during the year) appreciated in fair value by \$66,391.

NOTE 4 -- FAIR VALUE MEASUREMENTS

The Plan follows FASB ASC 820, *Fair Value Measurements and Disclosures*, which establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels are defined as follows:

Level 1 - inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan's investments reported at fair value, within the fair value hierarchy, as of December 31, 2010 and 2009 are as follows:

Description	December 31, 2010			Total

Total	\$ -	\$ 536,364	\$ 98,533	\$ 634,897

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer. There were no transfers between levels of the fair value hierarchy during 2010.

The following is a description of the valuation methodologies used for assets measured at fair value, as well as the general classification of such items pursuant to the fair value hierarchy:

Level 2 Fair Value Measurements

The fair value of the pooled separate account sub-account mutual funds is based on the net asset value per unit of either the observable net asset value of the underlying investment or the net asset value of the underlying pool of securities. Net asset value is based on the value of the underlying assets owned by the fund, minus liabilities, and then divided by the number of shares outstanding.

Level 3 Fair Value Measurements

The fair value of the The Standard Stable Asset Fund II is determined by custodian based on the fair value of the underlying securities within the fund, which represent the net asset value of the shares held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2010 and 2009.

The following table provides a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2010:

<u>The Standard Stable Asset Fund II</u>	
Beginning balance – December 31, 2009	\$ 98,533
Interest, reinvested	1,865
Purchases, sales, issuances, and settlements, net	<u>2,315</u>
Ending balance – December 31, 2010	<u>\$ 102,713</u>

NOTE 5 – INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the custodian:

	<u>2010</u>	<u>2009</u>
Investments, at fair value:	\$ 565,634	\$ 634,897
Adjustment from fair value to contract value for fully benefit-responsive investment contract	<u>(2,992)</u>	<u>-</u>
Net assets available for benefits	<u>\$ 562,642</u>	<u>\$ 634,897</u>
Additions to net assets:		
Interest	\$ 1,865	
Net appreciation in fair value of investments	<u>66,391</u>	
	<u>\$ 68,256</u>	

NOTE 6 -- BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds a fully benefit-responsive investment contract through The Standard Stable Asset Fund II. The Standard maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contract value, as reported to the Plan by The Standard, represents contributions made under the Contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. The annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The contract is included in the financial statements at contract value as reported to the Plan by The Standard. As described in Note 2, because the Stable Asset Fund is fully benefit-responsive, contract value is the relevant measurement attribute for the portion of the net assets available for benefits attributable to the Stable Asset Fund.

There are no reserves against contract value for the credit risk of the contract issuer or otherwise. The crediting interest rate is reset at the beginning of each month. These interest rates are combined quarterly to establish the quarterly nominal crediting rate.

Certain events limit the ability of the Plan to transact at contract value with the issuer. The liquidation of the entire contract may cause a one-time adjustment to the aggregate contract value, resulting in a fair value different from the contract value. This total liquidation is a contingent event, which cannot be initiated by the Plan participants, and can only be initiated by the Plan Trustee upon termination of the Plan or complete termination of the Contract. The Plan administrator does not believe that the occurrence of such an event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The group annuity contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Average yields for 2010 are as follows:

Based on actual earnings	1.72%
Based on interest rate credited to participants	1.60%

NOTE 7 -- INCOME TAXES

The trust established under the Plan, which holds the Plan's assets, is qualified pursuant to the appropriate section of the Internal Revenue Code, and accordingly, the trust's net investment income is exempt from income taxes. The Plan has adopted an Internal Revenue Service approved prototype plan. The prototype plan has received a favorable opinion letter from the IRS that it qualifies under IRS Code section 401(a), provided all terms of the Plan are followed. The Plan has been amended since adopting the prototype plan. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate uncertain tax positions taken by the Plan. The plan administrator has concluded that as of December 31, 2010, there were no uncertain tax positions taken or expected to be taken by the Plan. The Plan has not recognized any interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2007.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan subject to the provisions of ERISA; however, each participant would have a nonforfeitable right to his or her total account balance as of the date of termination.

NOTE 9 – RELATED PARTIES

Plan investments are units of a group annuity contract separate account managed by The Standard. The Standard is the custodian of the Plan's assets as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 10 – RISKS AND UNCERTAINTIES

The participants direct the Plan to invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.
