INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of
Ellis Corporation
401(k) Profit Sharing Plan

We were engaged to audit the accompanying statements of net assets available for benefits of ELLIS CORPORATION 401(K) PROFIT SHARING PLAN as of December 31, 2010 and 2009, the related statements of changes in net assets available for benefits for the years then ended, and the supplemental schedules as of and for the year ended December 31, 2010, as indicated in the accompanying contents page. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Great-West Retirement Services, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the custodian as of and for the years ended December 31, 2010 and 2009, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

ELLIS CORPORATION
401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of the Ellis Corporation 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all employees of Ellis Corporation (the Company) as well as employees of the Ludell Manufacturing Company, a company affiliated with the Company through common ownership. On October 1, 2007, the Plan was merged with the Ludell Manufacturing Co. Retirement Plan. Employees are eligible to participate in the Plan upon completion of one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended by subsequent legislation.

Contributions – Each year participants may contribute up to 15% of pretax annual compensation, as defined in the Plan, up to the maximum annual amounts allowed by the Internal Revenue Code. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions up to the maximum annual amounts allowed by the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company, at its discretion, has matched 50% of the first 6% of compensation that a participant contributes to the Plan and, at its discretion, may also make additional profit sharing contributions to the Plan, based upon earnings of the Company. In 2009, the Company approved an amendment to the Plan whereby the Plan allows for differing matching contributions for Ellis Corporation participants and Ludell Manufacturing Company participants. Thus, in 2009, matching contributions for Ellis Corporation participants were suspended. Matching contributions for Ludell Manufacturing Company participants continued throughout 2009 and were suspended in 2010. The Company did not approve any discretionary profit sharing contributions in 2010 or 2009. Contributions are subject to certain limitations. Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers registered investment companies and an insurance company general account as investment options for participants. Participants may change their investment options on a daily basis.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of Plan (Cont.)

Vesting – Participants immediately vest in their voluntary salary deferral contributions as well as Company-matching contributions, including actual earnings thereon. Vesting in the Company's profit sharing contribution is based on continuous years of service as follows:

Years of Service	Vested Interest
Less than 1	0%
1	10%
2	20%
3	40%
4	60%
5	80%
6	100%

Hardship Withdrawal – Subject to approval by the plan administrator, participants may withdraw their employee pretax contributions, if any, to satisfy immediate and heavy financial needs, as defined in the Plan.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 9.25%, which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits – On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or payments on an installment basis. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures – At December 31, 2010 and 2009, forfeited nonvested accounts totaled $1,134 and $1,098, respectively. These accounts are used to reduce Company contributions. During 2010 and 2009, forfeitures were not used to offset Company contributions.

Investment Options – Participants may direct the investment of all contributions in one or more of the various investment options offered by the Plan. The Plan currently offers various mutual funds and a guaranteed investment contract as investment options for participants.

2. Summary of Significant Accounting Policies

A summary of significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Basis of Accounting – The financial statements are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

2. Summary of Significant Accounting Policies (Cont.)

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results may differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments in registered investment companies are stated at fair value determined by quoted market prices on nationally recognized securities exchanges. Based on information reported by Great-West Retirement Services, the Guaranteed Investment Contract is not considered to be fully benefit responsive, thus the Plan's interest in the Contract is reported at fair value which approximates contract value.

The Plan provides for investments that, in general are exposed to various risks such as interest rates, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that such changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amount reported in the statements of net assets available for benefits.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Reporting Participant Loans - In September 2010, the Financial Accounting Standards Board (FASB) issued guidance in Accounting Standards Codification No. 962, *Plan Accounting – Defined Contribution Pension Plans*, amending the reporting and disclosure requirements related to participant loans for defined contribution pension plans. The guidance requires that loans issued to participants be reported as notes receivable, segregated from plan investments, and be measured at their unpaid principal balances plus any accrued but unpaid interest. This guidance was effective for reporting periods ending after December 15, 2010, and is to be applied retrospectively to all periods presented. The adoption of this guidance by the Plan resulted in a reclassification from investments to notes receivable from participants of $159,652 and $187,619 as of December 31, 2010 and 2009, respectively. Adoption had no effect on the Plan's net assets available for benefits.

Notes Receivable from Participants – Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions.

Fair Value Measurements – In January 2010, the FASB issued guidance in Accounting Standards Codification No. 820, *Fair Value Measurements and Disclosures*, amending the disclosure requirements related to recurring and nonrecurring fair value measurements. The guidance requires new disclosures on the transfers of assets and liabilities between fair value measurement hierarchy levels, including the reasons for and the timing of the transfers. The new accounting guidance also clarifies existing disclosure requirements regarding the level of disaggregation of fair value measurements and disclosure of significant inputs and valuation techniques utilized. The Plan adopted these disclosure requirements in 2010. Additionally, beginning in 2011, the guidance requires separate presentation of purchases, sales, issuances, and settlements in the Level 3 reconciliation table. The Plan intends on adopting these disclosure requirements in 2011.

2. Summary of Significant Accounting Policies (Cont.)

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Company on behalf of the Plan.

3. Tax Status

The Company adopted a Prototype Standardized Profit Sharing Plan with a deferral arrangement which received a favorable opinion letter from the Internal Revenue Service on March 31, 2008, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since the opinion letter was received. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

4. Investments

The following presents investments that represent 5% or more of the Plan's net assets:

	December 31,	
	2010	2009
American Funds Europacific Growth Fund	$ 429,035	$ 590,077
Maxim S&P 500 Fund	656,532	783,990
Perkins Mid Cap Value Fund	368,846	530,661
Oppenheimer Global Fund	960,148	842,284
Royce Total Return Fund	635,840	431,157
Great-West Life Assurance Company Key Guaranteed Portfolio Fund	1,533,635	1,398,959

During 2010 and 2009 the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

	2010	2009
Pooled separate accounts	$ 518,946	$ 870,685

5. Information Certified by the Plan's Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Retirement Services, the custodian of the Plan as of and for the years ended December 31, 2010 and 2009 has certified to the completeness and accuracy of all investments, at fair value, and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2010 and 2009, and the schedule of assets (held at end of year) as of December 31, 2010, and the investment income, interest income from participants' notes receivable, and the related investment activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2010 and 2009.

6. Fair Value Measurements

Generally accepted accounting principles provide a uniform framework for the definition, measurement and disclosure of fair value measurements. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. The financial accounting standards establish a fair value hierarchy which requires the plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The financial accounting standards describe three levels of inputs that may be used to measure fair value:

Level 1: Quoted market prices (unadjusted) for identical assets or liabilities in active markets that the plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted market prices in markets that are not active, and other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

The fair value of shares of registered investment companies (including money market funds) is determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The fair value of the Plan's guaranteed investment contract has been estimated based on discounted cash flows methodology, utilizing current rates of return available for similar contracts, with comparable credit risks and liquidity, as of the respective financial statement date (Level 2 inputs).

6. Fair Value Measurements (Cont.)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009:

		Fair Value Measurements at Reporting Date Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets/ Liabilities (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

7. Related Party Transactions

Certain Plan investments are managed by Great-West Retirement Services. Great-West Retirement Services is the custodian, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan during 2010 for legal, accounting, and other professional services rendered by parties-in-interest were based on customary and reasonable rates for such services.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 at December 31, 2010 and 2009:

	December 31,	
	2010	2009
Net assets available for benefits per the financial statements	$ 5,726,531	$ 5,567,292
Contributions receivable	(2,110)	(7,325)
Excess contributions payable	-	1,857
Net assets available for benefits per Schedule H of Form 5500	$ 5,724,421	$ 5,561,824

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to Schedule H of Form 5500 for the years ended December 31, 2010 and 2009:

	For the Year Ended December 31,	
	2010	2009
Net increase in net assets available for benefits per the financial statements	$ 159,239	$ 852,537
Contributions receivable, beginning of year	7,325	13,669
Contributions receivable, end of year	(2,110)	(7,325)
Excess contributions payable, beginning of year	(1,857)	(9,485)
Excess contributions payable, end of year	-	1,857
Net increase in net assets available for benefits per Schedule H of Form 5500	$ 162,597	$ 851,253

10. Excess Contributions Payable

At December 31, 2009, a liability of $1,857 was recognized for amounts refundable by the Plan to participants for contributions made in excess of amounts allowed by the Internal Revenue Service.

11. Voluntary Compliance Program Submission and Prohibited Transactions

During 2009, the Company inadvertently made contributions to the Plan contrary to provisions of the Plan document. On September 8, 2011, the Plan requested a favorable ruling from the Internal Revenue Service on the qualification of the Plan, including a remedial plan amendment. The IRS has not yet ruled on the Plan's submission.

The Company failed to remit to the Plan's trustee certain employee contributions totaling $16,031 within the period prescribed by the Department of Labor regulations. The delay was the result of employee turnover in the payroll department. The Company will make contributions to the affected participant accounts in the aggregate of $62 for potential lost income due to delays in remitting employee contributions.

12. Reclassifications

Certain amounts in the 2009 financial statements have been reclassified to agree with the 2010 presentation with no effect on net assets available for benefits.

13. Subsequent Events

Management has evaluated subsequent events through October 14, 2011, the date these financial statements were available for issuance.
