We were engaged to audit the accompanying financial statements and supplemental schedule of the Insight Technology Incorporated 401(k) Savings Plan (the "Plan") as of December 31, 2010 and 2009 and for the year ended December 31, 2010, as listed in the accompanying index. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note G, which was certified by TD Bank, N.A., the trustee, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the trustee as of December 31, 2010 and 2009 and for the year ended December 31, 2010 that the information provided to the plan administrator by the trustee is complete and accurate.

As discussed in Note I, the plan sponsor was acquired during the 2010 plan year. The Plan will be merged with and into the acquiring company's plan during October of 2011, and will cease to exist as a separate plan.

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

A. DESCRIPTION OF PLAN:

The following description of the Insight Technology Incorporated 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan and integrated profit sharing retirement trust covering substantially all employees of Insight Technology Incorporated (the "Company") who have completed three months of service and have attained the age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Contributions to the Plan are made by both participating employees and the Company. Upon meeting eligibility requirements, participants may contribute up to 100% of their compensation, subject to Internal Revenue Code ("IRC") limitations. Participants who are at least age 50 may make an additional pre-tax "catch-up" contribution subject to IRC limitations. Participant contributions are made on a pre-tax basis and are matched by the Company at a percentage of the participants' salary deferral contributions. The Company provides a safe harbor matching contribution equal 100% of a participant's salary deferral contribution, up to 4% of the participant's compensation. The Company's Board of Directors may elect to contribute a discretionary non-elective or matching contribution in addition to safe harbor contributions. Participants must complete one year of service (1,000 hours) to be eligible for Company contributions. Participants must complete 501 hours of service during each plan year to be eligible for non-elective contributions. Participants may also contribute funds from another qualified retirement plan ("rollover" contributions), subject to certain requirements.

Participant Accounts

Each participant's account is credited or charged with contributions, investment income, and administrative expenses. Investment income, including realized and unrealized gains and losses, and expenses are allocated to participants' accounts based on each participant's account balance within each fund. Participants determine the percentage in which contributions are to be invested in each fund. Participants may change their investment options as set forth in the plan document.

INSIGHT TECHNOLOGY INCORPORATED 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

Vesting

Participants are fully vested in that portion of their account which relates to their contributions, Company safe harbor contributions, and the income earned thereon. Participants become 100% vested in Company contributions other than safe harbor contributions upon death, disability, or attainment of normal retirement age. Otherwise, a participant's interest in Company contributions other than safe harbor contributions vests according to the following schedule:

<u>Completed Years of Service</u>	<u>Vesting Percentage</u>
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account represents a forfeiture, as defined by the Plan. If a forfeiting participant is re-employed and fulfills certain requirements, as set forth in the Plan, the participant's account will be restored. Forfeitures of matching contributions are used to reduce future matching contributions. Forfeitures of non-elective contributions are allocated as an additional contribution. During 2010, no forfeitures were used to reduce Company contributions. Unallocated forfeitures at December 31, 2010 and 2009 were \$3,462 and \$1,022, respectively.

Payment of Benefits

Benefits may be distributed to participants upon termination of employment by reason of retirement, disability, death or other separation from service. Participants who terminate employment and have a vested account balance of less than \$1,000 will receive a lump sum distribution of 100% of their vested benefits. Participants who have a vested account balance in excess of \$1,000 may leave their funds invested in the Plan or may elect a lump sum distribution.

A participant may also request a withdrawal upon attainment of age 59 1/2 or demonstration by the participant to the plan administrator that the participant is suffering from "hardship". Hardship is defined in applicable regulations promulgated or to be promulgated pursuant to Section 401(k) of the Internal Revenue Code or standards established by the Secretary of the Treasury or his delegate.

Loans

A participant may borrow an amount from \$1,000 up to the lesser of \$50,000 or 50% of the participant's vested account balance. Loans must bear a reasonable rate of interest. Loans are collateralized by the participant's nonforfeitable interest in the Plan and are supported by a promissory note. Loans must be repaid over a period not to exceed five years unless the loan proceeds are used for the purchase of a primary residence, in which case a longer repayment period is allowed. Participant loans are valued at the unpaid principal balance plus any accrued but unpaid interest and categorized as notes receivable from participants on the statements of net assets available for plan benefits. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Adoption of Accounting Pronouncements

In January 2010, FASB issued Accounting Standards Update No. 2010-06, "Fair Value Measurements and Disclosures: Improving Disclosures about Fair Value Measurements" ("ASU 2010-06"). ASU 2010-06 requires new disclosures relating to certain transfers and other activity within the fair value hierarchy and provides clarification with respect to disclosures about inputs and valuation techniques and the level of disaggregation required for fair value measurement disclosures. The Plan adopted required provisions of this amendment on December 31, 2010, resulting in no effect on its financial position.

In September 2010, FASB issued Accounting Standards Update No. 2010-25, "Plan Accounting - Defined Contribution Pension Plans: Reporting Loans to Participants by Defined Contribution Pension Plans" ("ASU 2010-25"). ASU 2010-25 requires participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. Participant loans were previously classified as investments at fair value. The Plan has retrospectively adopted the amendment for the Plan years ending December 31, 2010 and 2009, resulting in no effect on its financial position.

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting.

INSIGHT TECHNOLOGY INCORPORATED 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for plan benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for plan benefits is prepared on a contract value basis.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Risks and Uncertainties

The Plan invests in various securities including mutual funds and a common collective trust, which may invest in any combination of stocks, bonds, fixed income securities, and other investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

Expenses of the Plan

Expenses related to the management of the Plan's investments and investment transactions and record keeping fees are paid by the Plan. All other expenses incurred in the administration of the Plan are paid by Insight Technology Incorporated, the plan sponsor.

Payment of Benefits

Benefits are recorded when paid.

During the year ended December 31, 2010, the Plan's mutual funds (including investments bought, sold and held during the year) appreciated in value by \$2,242,304.

D. FAIR VALUE MEASUREMENTS:

Accounting standards establish a framework for measuring fair value. That framework sets forth a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below.

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; or other inputs that are observable or can be corroborated by observable market data for substantially the full terms of the assets or liabilities.

INSIGHT TECHNOLOGY INCORPORATED 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

Level 3 - Inputs to the valuation methodology are unobservable and supported by little or no market activity and are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used by the Plan. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual funds – Valued at the net asset value of the shares held by the Plan at year end as determined by quoted market prices.

Common collective trust – Valued at net asset value as reported in the audited financial statements by the investment manager based on the fund's underlying assets.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, and by investment class within the fair value hierarchy, the Plan's assets at fair value as of December 31:

The common collective trust held by the Plan is a stable value investment which has an objective to preserve capital and to provide a competitive level of income over time that is consistent with the preservation of capital. To achieve the objective the fund invests in fixed-income securities, bond funds and money market funds. Redemptions are allowed daily for participants; however the Plan may be subject to a twelve month redemption notice period. There are no unfunded commitments.

E. RELATED-PARTY TRANSACTIONS:

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, loans to participants and the management of investments held by the trustee are considered party-in-interest transactions.

F. TAX STATUS:

The Internal Revenue Service ("IRS") has determined in its opinion letter dated March 31, 2008 that the prototype Plan document of TD Bank, N.A. adopted by the Plan constitutes a qualified trust under Section 401 (a) of the Internal Revenue Code, and is, therefore, exempt from federal income taxes under the provisions of Section 501(a) of the IRC. The plan administrator believes the Plan is currently designed and operated in compliance with applicable requirements of the IRC and is qualified as of the financial statement date. Therefore, no provision for income taxes has been recorded in the Plan's financial statements.

Accounting standards require recording uncertain income tax positions that exist in the Plan's financial statements. Plan management has determined there are no uncertain tax positions and believes there is no adjustment or disclosure required in the Plan's financial statements. The Plan did not recognize any interest or penalty expense for the year ended December 31, 2010. The Form 5500 remains subject to examination by the IRS for the years ended December 31, 2007 through December 31, 2010.

NOTES TO FINANCIAL STATEMENTS

G. COMPLIANCE AND ERISA:

The plan administrator has elected the method of compliance permitted under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly no auditing procedures with respect to the information certified by TD Bank, N.A., the trustee, were performed by the independent auditors except for comparing the information to the financial statements and supplemental schedule. The trustee has certified as to the completeness and accuracy of the investments held by the Plan (including notes receivable from participants) at December 31, 2010 and 2009, plan investment earnings and other investment-related transactions of the Plan occurring during the year ended December 31, 2010, and the information contained in the supplemental Schedule of Assets (Held at End of Year).

H. PLAN TERMINATION:

The Plan was established with the intention that it will continue indefinitely. However, the Company reserves the right to discontinue contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

I. ACQUISITION OF PLAN SPONSOR:

During the 2010 plan year, the plan sponsor was acquired by L-3 Warrior Systems. The Plan will be merged with and into the acquiring company's plan and will cease to exist as a separate plan in October 2011.

J. SUBSEQUENT EVENTS:

The Company has evaluated subsequent events through October 13, 2011, the date these financial statements were available for issuance.
