INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Vintage Associates, Inc., 401(k) Profit-Sharing Plan and Trust
Bermuda Dunes, California

We have audited the accompanying statements of net assets available for benefits of Vintage Associates, Inc., 401(k) Profit-Sharing Plan and Trust as of December 31, 2010 and 2009, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements and supplementary schedule are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 7 and 8, which was certified by Mid Atlantic Trust Company, the trustee of the Plan, in accordance with Department of Labor (DOL) Regulation 2520.103-5(c), except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2010 and 2009 that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplementary schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1. DESCRIPTION OF PLAN

The Vintage Associates, Inc., 401(k) Profit-Sharing Plan and Trust was originally established on January 1, 1998, under the Plan name Steven Burt and Associates, Inc., 401(k) Profit-Sharing Plan and Trust and was designed to reward eligible employees for long and loyal service by providing them with retirement benefits. On December 16, 2005, due to a change in management, the corporate name was changed to Vintage Associates, Inc. Consequently, effective January 1, 2006, the above Plan was renamed Vintage Associates, Inc., 401(k) Profit-Sharing Plan and Trust (the "Plan"). The Plan was last amended in December 2008, revisions of which are now embodied in the current Summary Plan Description.

The Vintage Associates, Inc., 401(k) Profit-Sharing Plan and Trust's recordkeeping and administrative services are rendered by Paychex Retirement Services, with Wells Fargo Advisors, LLC, as the Plan investment provider. Previously, the Plan's investment provider was Merrill Lynch until the turnover of Plan investments to Wells Fargo Advisors, LLC, in May 2010. Mid Atlantic Trust Company is the directed trustee of the Plan's assets.

The following description of the Vintage Associates, Inc., 401(k) Profit Sharing Plan and Trust provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General — The Plan is a defined contribution plan covering all full-time employees of Vintage Associates, Inc., who have six (6) months of service and are age twenty-one (21) or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Internal Revenue Service has approved the Plan.

Excluded Employees — The Plan excludes certain employees who are not eligible to participate in the Plan. These employees are (a) employees whose employment is governed by a collective bargaining agreement under which retirement benefits are the subject of good faith bargaining, unless such agreement expressly provides for participation in the Plan, (b) certain nonresident aliens who have no earned income from sources within the United States, and (c) employees who became employees as a result of an asset or stock acquisition, merger, or similar transaction involving a change in the employer of the employees of a trade or business. Excluded employees under (c) above will be excluded during the period beginning on the date of the transaction and ending on the last day of the first Plan year beginning after the date of the transaction.

Contributions — Each year participants may contribute through elective deferrals of pretax annual compensation as defined in the Plan subject to the individual and average limits set by federal tax laws. Employer matching contributions equal 25% of the participant's elective deferrals, but not to exceed its contribution percentage (25%) applied to 4% of the contributing participant's compensation.

Profit-Sharing Contributions — Each year, the managing body of Vintage Associates, Inc., will determine the amount, if any, which it will contribute to the Plan. In order to be eligible to receive a profit-sharing contribution, an employee must be a participant in the Plan and must complete six (6) months of service. If a participant terminates employment, at least 500 hours of service must be rendered during the Plan year.

NOTE 1. DESCRIPTION OF PLAN (continued)

Rollover and Transfer Contributions — Vintage Associates, Inc., allows rollover and transfer contributions to the Plan, regardless of whether the employee becomes a participant in the Plan as set forth in the Plan documents. The employee is 100% vested in the rollover and transfer contributions.

Contribution Limits — Section 415 of the Internal Revenue Code provides for dollar limitations on benefits and contributions under qualified retirement plans. For the year 2010, the contribution limits as set by law are (a) the elective deferral limit is $16,500, and a catch-up contribution limit of $5,500 is allowed if the participant attains the age of 50 during a calendar year, (b) the annual compensation used to determine contributions made by non-highly compensated employees is $245,000, and (c) the annual defined contribution limit that is made by or for a participant is $49,000. Matching contributions pertaining to excess deferral contributions paid back to the participant will be forfeited. Forfeitures resulting from the above contribution limits will be used to reduce future matching contributions.

Distributions — A participant can withdraw from his individual account if he terminates employment before normal retirement age (65 years and above), becomes disabled, or reaches normal retirement age but continues to work. A participant can request a distribution from the Plan of his vested interest upon attainment of age 59 ½, even if the participant continues to work. Unless one of the situations above exists, a participant cannot withdraw from his individual account attributable to employer profit-sharing and matching contributions, rollover contributions, or transfer contributions while still being employed. A participant who terminates employment before normal retirement age may choose to have all or any part of his vested account paid at any time. He may also leave his account under the Plan if the vested amount is more than $5,000.

Participant Accounts — Each participant's account is credited with the participant's contribution, the employer's matching contribution, profit-sharing contribution, if any, and allocations of the Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Administrative Expenses — Accounting, recordkeeping, and certain administrative expenses are paid by the Plan sponsor.

Vesting — A participant is immediately vested in his contributions and transfer, or rollover, contributions plus actual earnings thereon. For profit-sharing contributions and matching contributions, a vesting schedule is provided for in the Plan documents depending on the years of vesting service.

Notes Receivable from Participants — A participant may borrow from his fund account a minimum of $1,000 up to no greater than 50% of the participant's vested account balance or $50,000 minus the highest outstanding loan balance in the previous twelve months. A loan transaction is treated as a transfer to (from) the investment fund from (to) the participant's loan fund. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest (i.e., the rate a bank or other professional lenders would charge for making a loan in a similar circumstance). Principal and interest are paid ratably through monthly payroll deductions.

NOTE 1. DESCRIPTION OF PLAN (continued)

Payment of Benefits — Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his account or annual installments over the applicable life expectancy. For termination of service due to other reasons, a participant may receive the value of the vested interest in his account as a lump-sum distribution. When determining the value of the account, rollover contributions will not be included. Benefits are recorded when paid.

Forfeitures — A forfeiture is created when a participant terminates employment before becoming entitled to his full benefits under the Plan. Forfeitures for a Plan year that arise as a result of termination of employment or forfeitures following five consecutive breaks in vesting service, may be, at the employer's discretion, applied first to the payment of the Plan's administrative expenses or applied to the restoration of the re-employed participant's individual accounts who received distributions. Any remaining forfeitures may be used to reduce employer contributions or are allocated among participants based on an allocation formula immediately following the Plan year in which the forfeiture occurred.

Investment Options — Upon enrollment in the Plan, a participant may direct contributions in any increments in any of the following funds:

Fidelity Prime Fund – Daily Money Class — Primarily invests in U.S. dollar-denominated money market securities of domestic and foreign issuers, U.S. government securities, and repurchase agreements.

Invesco Mid Cap Core Equity Fund — Primarily invests in equity securities of mid-cap companies believed to have high or improving return on invested capital, quality management, a strong competitive position and which are trading at compelling valuations.

Franklin U.S. Government Securities Fund — Primarily invests in Government National Mortgage Association obligations (Ginne Maes). Ginnie Maes represent an ownership interest in mortgage loans pooled together for sale to investors to finance purchases of homes.

Janus Forty Fund — Primarily invests in a core group of 20-40 common stocks selected for their growth potential and may invest in companies of any size, from larger, well-established companies to smaller, emerging growth companies.

Oppenheimer Quest Opportunity Value Fund — Primarily invests in a variety of equity and investment-grade debt securities that are believed to be undervalued. The Fund may allocate its investments between equity and debt securities in any proportion and at different times based on market and economic conditions.

Oppenheimer Rising Dividend Fund — Primarily invests in securities of companies that are expected to experience dividend growth, including companies that currently pay dividends and are expected to increase them and companies that do not currently pay dividends but are expected to begin paying them in the near future.

NOTE 1. DESCRIPTION OF PLAN (continued)

Oppenheimer Global Strategic Income Fund — Primarily invests in debt securities of issuers in three market sectors: foreign governments and companies, U.S. government securities, and lower-grade, high-yield securities of U.S. and foreign issuers (commonly called "junk bonds").

Oppenheimer Equity Income Fund — Primarily invests in common stocks of U.S. companies believed to be undervalued. The fund may invest in other equity securities, such as preferred stocks, warrants and securities convertible into common stocks.

Oppenheimer Main Street Small and Mid-Cap Fund — Primarily invests in common stocks of small and mid-cap companies in the range of the Russell 2500 Index, attempting to maintain broad diversification across all major economic sectors.

Oppenheimer International Diversified Fund — Primarily invests in up to seven international or global Oppenheimer Funds, which, in turn, invest in foreign equity or debt securities.

Oppenheimer Gold and Special Minerals Fund — Primarily invests in common stocks of U.S. and foreign companies that are involved in mining, processing or dealing in gold or other metals or minerals and may invest all of its assets in those securities.

Oppenheimer Developing Markets Fund — Primarily invests in equity securities of issuers with growth potential whose principal activities are in at least three developing markets. The Fund may invest in growth companies of different market capitalization ranges in any developing market country.

PIMCO Total Return Fund — Primarily invests in a diversified portfolio of fixed income instruments of varying maturities, which may be represented by forwards or derivatives such as options, futures contracts or swap agreements.

Transamerica Asset Allocation Moderate Portfolio Fund — Primarily invests in a diversified combination of underlying Transamerica funds. It normally expects to adjust the investments in underlying funds with a mix over time of approximately 50% of assets in equities and 50% of assets in fixed income which may include bonds, cash, cash equivalents, or other money market instruments. The Fund may also invest directly in U.S. government securities and/or short-term commercial paper.

Black Rock Fundamental Growth Fund — Primarily invests in a portfolio of equity securities that fund management believes have shown above-average growth rates in earnings over the long term.

Black Rock Global Allocation Fund — Primarily invests in U.S. and foreign equity and debt and money market securities for high total investment return, varying investments by type and market depending on changing market and economic trends.

NOTE 1. DESCRIPTION OF PLAN (continued)

Black Rock Government Income Fund — Primarily invests in the highest rated government and agency bonds in the ten- to fifteen-year maturity range and in mortgages guaranteed by the U.S. Government or its agencies.

Black Rock International Value Fund — Primarily invests in equities of companies in developed countries located outside the United States that fund management believes are currently undervalued by the market.

Black Rock Large Cap Core Fund — Primarily invests in a diversified portfolio of equity securities of large-cap companies located in the United States. The fund uses an investment approach that blends growth and value.

Black Rock Large Cap Value Fund — Primarily invests in a diversified portfolio of equity securities of large-cap companies located in the United States that fund management believes are undervalued.

Black Rock Value Opportunities Fund — Primarily invests in a diversified portfolio of securities, primarily common stock, of relatively small companies that fund management believes have special investment value and of emerging-growth companies regardless of size.

Davis New York Venture Fund — Primarily invests in equity securities issued by large companies with market capitalizations of at least $10 billion.

Evergreen Core Bond Fund — Primarily invests in investment-grade, fixed-income securities seeking to maximize total return, consisting of current income and capital appreciation (both realized and unrealized), consistent with the preservation of capital.

JP Morgan Dynamic Small Cap Fund — Primarily invests in assets seeking to maximize total return through long-term capital growth and earning current income. At least 80% of its assets are invested in equity securities and at least 65% of its total assets in equity securities of small-cap companies.

Merrill Lynch Ready Assets Trust — Primarily invests in a portfolio of short-term money-market instruments, including short-term U.S. government and government agency securities, bank money instruments, corporate debt instruments (including commercial paper and variable amount master demand notes), and repurchase and reverse-purchase agreements.

MFS Total Return Fund — Primarily invests in stocks and bonds with the objective of obtaining above-average income consistent with prudent employment of capital.

Participants may change their investment options daily, to the extent administratively feasible.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. For Plan years ended December 31, 2010 and 2009, the Plan did not have any fully benefit-responsive investment contracts that would require adjustment from fair value to contract value. The Statements of Net Assets Available for Benefits as of December 31, 2010 and 2009, presents the fair value of the investment contracts. The Statements of Changes in Net Assets Available for Benefits for Plan year ended December 31, 2010 and 2009, is prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein and disclose contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 8 for discussion of fair value measurements).

Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at the end of the year. Participant loans receivable are valued at cost, which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

All expenses of maintaining the Plan are paid by the company.

Subsequent Events

The Plan has evaluated subsequent events through October 11, 2011, the date the independent auditor's report and financial statements are available to be issued.

NOTE 3. RECLASSIFICATIONS

Certain reclassifications have been made to the 2009 financial statements in order to conform to the 2010 presentation.

NOTE 4. PLAN TERMINATION

Although it has not expressed any intent to do so, Vintage Associates, Inc., has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 5. TAX STATUS

The Plan is a qualified retirement plan designed and being operated in compliance with the applicable requirements under Section 401 of the Internal Revenue Code for use by the Company for the benefit of its employees.

NOTE 6. INVESTMENTS EXCEEDING 5% OF NET ASSETS

The Plan's investments that exceed 5% of net assets available for benefits as of December 31, 2010 and 2009 were derived from the unaudited information supplied by the Plan's trustee:

Investments (at fair value):	2010	2009
Fidelity Prime Fund – Daily Money Class	$ 90,160	$ -
Franklin U.S. Government Securities Fund	118,747	-

The information above represents the total fair market value of all investment options as listed under Note 1. Additionally, the components of the changes in net assets, including transactions involving cash and participants' loans with the trustee, for each of the investment fund options were combined and represent an aggregation of all funds for purposes of preparing the accompanying statement of changes in net assets available for Plan benefits.

NOTE 8. FAIR VALUE MEASUREMENTS PREPARED AND CERTIFIED BY TRUSTEE (UNAUDITED)

Financial Accounting Standards Board (FASB) Accounting Standards of Codification (ASC) 820, Fair Value Measurements and Disclosures, provide the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1— Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the assets measured at fair value and the valuation methodologies. There have been no changes in the methodologies used at December 31, 2010, and 2009.

Mutual Funds — Valued at the net asset value (NAV) of shares held by the Plan at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009, as prepared by Paychex Retirement Services:

NOTE 8. FAIR VALUE MEASUREMENTS (continued)

Assets at Fair Value as of December 31, 2010

	Level 1	Level 2	Level 3	Total
Money Market Funds:				
Fidelity Prime Fund	$ 90,160	$ -	$ -	$ 90,160
Mutual Funds	801,496	-	-	801,496
Total assets at fair value	$ 891,656	$ -	$ -	$ 891,656

Assets at Fair Value as of December 31, 2009

	Level 1	Level 2	Level 3	Total
Money Market Funds:				
Ready Assets Trust	$ 224,443	$ -	$ -	$ 224,443
Mutual Funds	593,815	-	-	593,815
Total assets at fair value	$ 818,258	$ -	$ -	$ 818,258

NOTE 9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits, per the financial statements at December 31, 2010 and 2009, to Form 5500:

	2010	2009
Net assets available for benefits per the financial statements	$ 944,470	$ 863,546
Receivables – employer and employees' contributions	(2,811)	-
Net assets available for benefits per Form 5500	$ 941,659	$ 863,546

The following is a reconciliation of contributions per the financial statements for the Plan years ended December 31, 2010 and 2009, to the Form 5500:

	2010	2009
Total contributions per financial statements	$ 74,973	$ 79,581
Receivables – employer and employees' contributions at December 31, 2010	(2,811)	-
Total contributions per Form 5500	$ 72,162	$ 79,581

Participants' and employer contributions are recorded on the Form 5500 when these contributions are received in the Plan during the Plan year.

The following is a reconciliation of total increase in net assets per financial statements for the Plan years ended December 31, 2010 and 2009, to Form 5500:

	2010	2009
Total increase (decrease) in net assets per financial statements	$ 80,924	$ 108,735
Receivables – employer and employees' contributions at December 31, 2010	(2,811)	-
Total increase (decrease) in net assets per Form 5500	$ 78,113	$ 108,735

NOTE 10. RECEIVABLES

During the current Plan year ended December 31, 2010, there was an inadvertent oversight pertaining to contributions to the Plan. Due to the failure to transmit to the Plan participant contributions and loan repayments in the aggregate amount of $3,884 ($2,811 plus $1,073) within the time period described in CFR 2510.3-102, the Plan will incur interest receivable from the employer, the amount of which will be determined by Paychex Retirement Services. In compliance with the Department of Labor's Voluntary Fiduciary Correction Program, the employer will file Form 5330 and pay excise taxes amounting to 15% of the interest receivable to be determined by Paychex Retirement Services as mentioned above.

NOTE 11. RISK AND UNCERTAINTIES

The Plan provides for various investment options in any combination of stocks, bonds, fixed-income securities, mutual funds, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit. Because of the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefit.

NOTE 12. RELATED-PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Wells Fargo Advisors, LLC, which is the investment provider and broker, as defined by the Plan, and therefore these transactions qualify as related-party transactions.
