NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the GCA Services Group, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all non-union employees of GCA Services Group, Inc. and its affiliates and subsidiaries (collectively the Company), as defined, who have attained twenty-one years of age and completed one year of service with the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may make voluntary 401(k) contributions of an amount from 1% to 25% of their aggregate compensation, as defined, not to exceed the limit as determined by the Internal Revenue Service (IRS). The Plan automatically enrolls employees who become eligible to participate in the Plan, and have not completed an enrollment form by their date of eligibility. Until directed otherwise, the Company withholds 3% of the employee's eligible compensation, with yearly increases of 1% for the first three years after enrollment, as contributions to the Plan, with the funds automatically being transferred into a Vanguard Target Retirement Fund based on the participant's date of birth.

The Company contributes safe harbor matching contributions to all participating employees in the amount of 100% of elective deferral contributions that do not exceed 1% of compensation plus 50% of elective deferral contributions which are over 1% and up to 6% of compensation. All Company and participant contributions are subject to the limitations imposed under Internal Revenue Code (IRC) Sec. 404(a)(3)(A).

Participant Accounts

Each participant's account is credited with the participant's voluntary 401(k) contribution and earnings or losses on those contributions, plus the Company's contributions and earnings or losses thereon. Plan earnings (losses) are allocated daily based on each participant's balance within each investment option. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's account, as defined.

Forfeited Accounts

Forfeitures are used either to reduce administrative expenses or to reduce future Company contributions. At December 31, 2010 and 2009, there were \$4,161 and \$441, respectively, in forfeitures available to reduce future employer contributions or administrative expenses. During 2010, \$72,039 of forfeitures were transferred to a suspense account and \$68,559 were used to reduce Company contributions.

NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in voluntary 401(k) and rollover contributions plus actual earnings thereon. Vesting in employer matching contributions (made prior to January 1, 2009) and safe harbor matching contributions are based on years of continuous service, in which the participant worked at least 1,000 hours, with the participant being fully vested after two years of credited service.

Payment of Benefits

On termination of service, a participant may elect to receive distributions as a lump-sum distribution, annuity, or periodic installment payments equal to his or her vested account balance. If the participant's vested account balance is between \$1,000 and \$5,000, the plan administrator may make an automatic rollover of the account balance to a qualified individual retirement account. If the participant's account balance is less than \$1,000, the Plan administrator may direct the custodian to make a lump sum distribution. Participants terminated for reasons other than death, disability, or retirement are entitled to receive their benefits as soon as administratively feasible. Distributions of a participant's 401(k) account balance may be authorized at any time by the Plan's management under certain hardship conditions.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts (as contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan). The statement of net assets available for benefits presents the fair value of the investment contract as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis. At December 31, 2010 and 2009, contract value approximates fair value.

Use of Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amount of net assets available for benefits and changes therein and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Assets of the Plan at December 31, 2010 and 2009 were held in a trust administered by Transamerica Financial Life Insurance Company (Transamerica), representing investments in pooled separate accounts and a general insurance account. Investment of participants' and the Company's contributions into those funds is at the direction of each participant. The accounts are credited with actual earnings and losses on the underlying investments and charged for plan withdrawals. The Plan's investments are stated at fair values as reported to the Plan by Transamerica.

Payment of Benefits

Plan benefits are recorded when paid.

Plan Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan document.

Uncertain Tax Positions

The Plan recognizes and discloses uncertain tax positions in accordance with GAAP. As of December 31, 2010 and 2009, and for the year ended December 31, 2010, the Plan did not have a liability for unrecognized tax benefits. The plan is no longer subject to examination by federal and state taxing authorities prior to 2007.

Subsequent Events

Management has evaluated subsequent events through October 13, 2011, the date the financial statements were available to be issued.

3. INVESTMENTS

Vanguard Target Retirement 2015 Retirement Option Fund	<u>\$ 976,328</u>	
Vanguard Target Retirement 2040 Retirement Option Fund	<u>\$ 913,014</u>	

4. FAIR VALUE MEASUREMENTS

The various inputs that may be used to determine the fair value of the Plan's assets are summarized in three broad levels:

Level 1	Quoted prices in active markets for identical securities
Level 2	Other significant observable inputs (including quoted prices for similar securities, interest rates, credit risk, etc.)
Level 3	Significant unobservable inputs (including the Plan's own assumptions used to determine value)

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Generally, the Plan utilizes quoted market prices, and other relevant information generated by market transactions, to measure fair value when available. If quoted prices are not available, fair values are measured using independent pricing models or other model-based valuation techniques. In certain cases, the Plan may be required to make judgments about assumptions that market participants would use in estimating the fair value of financial instruments (Level 3 valuations).

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies utilized at December 31, 2010 and 2009.

Pooled separate accounts: Fair value is estimated based upon the quoted market prices of the securities included in the underlying funds, which includes a mix of mutual funds, collective trusts and managed accounts.

General insurance account: The general insurance account is not actively traded and significant other observable inputs are not available. Thus, the fair value of the general insurance account is determined using an income approach by discounting the related cash flows based on current yields of similar investments with comparable duration and considering the creditworthiness of the issuer.

NOTES TO THE FINANCIAL STATEMENTS

4. FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets measured at fair value are comprised of the following at December 31, 2010:

<u>Description</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Pooled separate accounts			
Growth		\$ 2,165,388	
Target retirement accounts		9,673,904	
Balanced		2,589,849	
Corporate bonds		1,068,923	
General insurance account			\$ 2,178,555
	<u>\$ -</u>	<u>\$ 15,498,064</u>	<u>\$ 2,178,555</u>

Assets measured at fair value are comprised of the following at December 31, 2009:

<u>Description</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Pooled separate accounts			
Growth		\$ 1,826,590	
Target retirement accounts		4,680,072	
Balanced		1,875,267	
Corporate bonds		775,687	
General insurance account			\$ 2,175,907
	<u>\$ -</u>	<u>\$ 9,157,616</u>	<u>\$ 2,175,907</u>

Following is a reconciliation of activity for 2010 for assets measured at fair value based on significant unobservable (non-market) information (Level 3):

Balance - Beginning of year	\$ 2,175,907
Purchases, sales, issuances, and settlements (net)	<u>2,648</u>
Balance - End of year	<u>\$ 2,178,555</u>

There were no transfers between levels during 2010.

5. INVESTMENT CONTRACT WITH INSURANCE COMPANY

During 2010 and 2009, the Plan maintained a benefit-responsive investment contract with Transamerica. Transamerica maintains the contributions in a general account. The account is credited with earnings (losses) on the underlying investments and charged for participant withdrawals and administrative expenses. The general insurance account issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

NOTES TO THE FINANCIAL STATEMENTS

5. INVESTMENT CONTRACT WITH INSURANCE COMPANY (Continued)

As described in Note 2, because the general insurance account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the general insurance account. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings (losses), less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a monthly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include, but may not be limited to, the following: (1) temporary absence, (2) change in position or other occurrence qualifying as a temporary break in service under the Plan, (3) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under common control with the employer, (4) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the Plan sponsor's business, (5) removal from the plan of one or more groups or classification of participants, (6) partial or complete plan termination, or (7) plan disqualification. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The general insurance account contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Average yields:	<u>2010</u>	<u>2009</u>
Based on actual earnings	2.98%	3.49%
Based on interest rate credited to participants	2.98%	3.49%

6. INFORMATION CERTIFIED BY THE CUSTODIAN

In accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA, the plan administrator has elected to restrict the scope of the auditor's examination with regard to statements or information prepared and certified by Transamerica, the custodian.

Transamerica has certified as to the completeness and accuracy of the investments it holds, changes in net assets arising from said investment activity, and the schedule of assets held at end of year as of December 31, 2010 and 2009, and for the year ended December 31, 2010.

NOTES TO THE FINANCIAL STATEMENTS

7. TAX STATUS

The Plan is a prototype plan provided by Transamerica. Transamerica has received an opinion letter dated March 31, 2008, from the Internal Revenue Service stating that the prototype plan is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. Subsequently, the Plan has been amended. The Plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will immediately become 100% vested in their account balances.

9. PARTY-IN-INTEREST TRANSACTIONS

The Plan's assets are managed by Transamerica, the custodian as defined by the Plan, and, therefore, these transactions qualify as party-in-interest.

10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

11. OPERATIONAL ERRORS

The Company is in the process of self-correcting certain operational errors. The errors do not have a material impact on the Plan's net assets available for benefits, and the Company does not expect the errors to affect the Plan's tax status.

12. SUBSEQUENT EVENT

The Plan changed the custodian to Wells Fargo Bank N.A. and adopted a new plan document effective June 1, 2011. The Company has not yet received a determination letter for the new plan document. The Company believes that the provisions under the new plan document are in compliance with the applicable requirements of the IRC.
