Report of Independent Auditors

The Employee Benefits Committee SuperMedia Savings Plan

We were engaged to audit the accompanying statements of net assets available for benefits of SuperMedia Savings Plan (formerly known as Idearc Savings Plan) as of December 31, 2010 and 2009, the related statement of changes in net assets available for benefits for the year ended December 31, 2010, and the supplemental schedule of assets (held at end of year) as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 3 as of and for the year ended December 31, 2010, which was certified by JPMorgan Chase Bank, N.A., the trustee of the Plan, and JPMorgan Retirement Plan Services LLC, the recordkeeper of the Plan, as agent for JPMorgan Chase Bank, N.A., except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee and from the agent, on behalf of the trustee, as of December 31, 2010 and 2009, and for the year ended December 31, 2010, that the information provided to the plan administrator by the trustee and the agent for the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the investment information certified by the trustee and the agent on behalf of the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The Employee Benefits Committee SuperMedia Savings Plan

We were engaged to audit the accompanying statements of net assets available for benefits of SuperMedia Savings Plan (formerly known as Idearc Savings Plan) as of December 31, 2010 and 2009, the related statement of changes in net assets available for benefits for the year ended December 31, 2010, and the supplemental schedule of assets (held at end of year) as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 3 as of and for the year ended December 31, 2010, which was certified by JPMorgan Chase Bank, N.A., the trustee of the Plan, and JPMorgan Retirement Plan Services LLC, the recordkeeper of the Plan, as agent for JPMorgan Chase Bank, N.A., except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee and from the agent, on behalf of the trustee, as of December 31, 2010 and 2009, and for the year ended December 31, 2010, that the information provided to the plan administrator by the trustee and the agent for the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the investment information certified by the trustee and the agent on behalf of the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

SuperMedia Savings Plan
(Formerly Known as Idearc Savings Plan)

Notes to Financial Statements

December 31, 2010

1. Plan Description

The following description of SuperMedia Savings Plan (formerly known as Idearc Savings Plan) (the Plan) provides general information about the Plan's provisions. SuperMedia Inc. (SuperMedia or the Company) is the plan sponsor. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions, copies of which may be obtained from the plan sponsor.

The Employee Benefits Committee (the Committee) is responsible for the general administration of the Plan. JPMorgan Chase Bank, N.A. (the Trustee) serves as the trustee of the Plan, and JPMorgan Retirement Plan Services LLC serves as the Plan's record keeper (the Record Keeper). The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

The Plan provides eligible employees of the Company with a convenient way to save for retirement. Eligible employees enrolled in the Plan may make tax-deferred or after-tax contributions to the Plan and are eligible to receive employer matching contributions, as soon as practicable following the date of hire. A participant's active participation in the Plan shall terminate when the individual ceases to be an eligible employee. However, the individual shall remain a participant until his or her entire account balance under the Plan has been distributed or forfeited.

On October 4, 2009, the Company and the Communication Workers of America (the CWA) agreed that, effective January 1, 2010 (the effective date), participants in Virginia, Maryland, and New Jersey with less than five years of service on the effective date will be frozen in the SuperMedia Pension Plan for Collectively Bargained Employees and will receive enhanced benefits in the Plan and other specific pension benefits.

Contributions

The Plan is funded by employee contributions up to a maximum of 25% of compensation (16% for highly compensated employees) and by employer matching contributions, which are paid in cash.

SuperMedia Savings Plan
(Formerly Known as Idearc Savings Plan)

Notes to Financial Statements (continued)

1. Plan Description (continued)

Participants may also contribute amounts representing rollovers from other qualified defined benefit or defined contribution plans. Employer matching contributions are credited to a participant's account in accordance with the participant's current contribution investment selections. The employer matching contribution for management employees and certain collectively bargained for employees is equal to 100% of the initial 6% of the participant's contributions of eligible compensation for each pay period. For other collectively bargained for employees, the employer matching contribution is 100% of the initial 4% and 50% of the next 2% of the participant's contributions of eligible compensation for each pay period. Employees attaining the age of 50 or older can elect to make catch-up contributions to the Plan of up to 60% of eligible compensation, subject to certain limitations. Additionally, the Company may make a discretionary, performance-based contribution to management employees participating in the Plan in an amount up to 50% of the participant's matched contributions for the plan year. For plan year 2010, the Company made a discretionary match of \$6.06 million to eligible participant accounts in April 2011.

Participant contributions may be before tax (Elective Contributions) or from currently taxed compensation (After-Tax Contributions), as permitted under Internal Revenue Service (IRS) regulations. The elective deferral limit increases for participants that are eligible to make catch-up contributions.

Effective January 1, 2009, on January 1 of each plan year, each participant who is automatically enrolled in the Plan will have his or her contributions automatically increased by 1% per year, not to exceed a maximum automatic contribution rate of 6%, unless such participant elects otherwise.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. A participant shall be fully vested in the employer contributions allocated to the participant's account and any income thereon upon completing three years of vesting service or upon the participant's death, disability, retirement from the Company, attainment of normal retirement age, or involuntary termination.

A terminated employee's non-vested employer contributions are forfeited and may be used to reduce future employer contributions to the Plan. Non-vested forfeitures of \$3.8 million and

SuperMedia Savings Plan
(Formerly Known as Idearc Savings Plan)

Notes to Financial Statements (continued)

1. Plan Description (continued)

\$3.5 million were available at December 31, 2010 and 2009, respectively, to reduce future employer contributions. In 2010, employer contributions were reduced by \$1.9 million from forfeited non-vested accounts.

Investment Options

Participants may direct their contributions into various common/collective trusts or mutual funds offered by the Plan and can change their investment options on a daily basis. Under the self-directed brokerage window, participants may purchase any mutual fund offered by Chase Investment Services Corporation.

Participant Accounts

Each participant's account is credited with the participant's contributions and rollovers, allocations of employer contributions, and net investment income, and is charged with an allocation of net investment loss and administrative expenses. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options.

Payment of Benefits

Benefits are payable in a lump-sum cash payment unless a participant elects, in writing, annual, semiannual, quarterly, or monthly cash installments in equal amounts to be paid out for a period of two to 20 years, as selected by the participant.

Administrative Expenses

Account maintenance fees, audit expenses, and investment advisory fees are paid from Plan assets. The Company pays for all other expenses incurred in connection with the administration of the Plan. Investment fees are charged against the earnings of the funds and portfolios.

Notes Receivable from Participants

The Plan includes an employee loan provision authorizing participants to borrow an amount of up to 50% of their vested account balances in the Plan, subject to certain limitations. Loans are

SuperMedia Savings Plan
(Formerly Known as Idearc Savings Plan)

Notes to Financial Statements (continued)

1. Plan Description (continued)

generally repaid by payroll deductions. Loans are collateralized by the participant's remaining vested account balance. The term of repayment for loans generally will not be less than six months nor more than five years (15 years for a loan to purchase a principal residence). For loans of up to five years, each new loan will bear interest at a rate based upon the prime rate as published in *The Wall Street Journal* on the last business day of the calendar quarter ending immediately prior to the first day of the loan cycle. Loans for a period of longer than five years shall bear interest at such rate plus 1%. Principal and interest is paid ratably through payroll deductions.

Plan Modification

The Company, by action of its Board of Directors or the Committee, reserves the right to modify, alter, or amend the Plan at any time, subject to collective bargaining requirements. The Company reserves the right to terminate the Plan at any time, subject to collective bargaining requirements. In the event of Plan termination, participants will become 100% vested in their accounts.

2. Accounting Policies

Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting. Benefits paid to participants are recorded upon distribution.

Reclassifications

Certain prior-year amounts in the statement of net assets available for benefits have been reclassified to conform to the current-year presentation.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of

SuperMedia Savings Plan
(Formerly Known as Idearc Savings Plan)

Notes to Financial Statements (continued)

2. Accounting Policies (continued)

December 31, 2009 or 2010. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Use of Estimates

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States (GAAP), which require management to make estimates that affect the amounts reported in the financial statements, accompanying notes, and supplemental schedule. Actual results could differ from those estimates.

Subsequent Events

Management evaluated subsequent events for the Plan through October 14, 2011 the date the accompanying financial statements were available to be issued.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Investment Income Recognition

The Plan presents in the statement of changes in net assets available for benefits the net appreciation in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments. Realized gains and losses on sales of investments are determined on the basis of average cost. Dividend income is recorded on the ex-dividend date. Interest earned on investments is recorded on the accrual basis. Purchases and sales of investments are reflected as of the trade date.

SuperMedia Savings Plan
(Formerly Known as Idearc Savings Plan)

Notes to Financial Statements (continued)

2. Accounting Policies (continued)

Investment Valuation

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 3 for further discussion and disclosures related to fair value measurements.

In accordance with the authoritative guidance on fully benefit-responsive investment contracts under GAAP, the Plan reports these assets at fair value. However, contract value is the relevant measurement of that portion of net assets attributable to fully benefit-responsive investment contracts, as that is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contracts, plus accrued interest, less withdrawals and administrative expenses. The statements of net assets available for benefits as of December 31, 2010 and 2009, include an investment in the JPMorgan Chase Stable Asset Income Fund (the SAIF), which holds fully benefit-responsive investment contracts as underlying assets. As required by GAAP, the SAIF is recorded at fair value, with an adjustment from fair value to contract value for fully benefit-responsive investment contracts, on the statements of net assets available for benefits.

New Accounting Pronouncements

In January 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2010-06, *Improving Disclosures about Fair Value Measurements*. ASU 2010-06 amended ASC 820, *Fair Value Measurements and Disclosures*, to clarify certain existing fair value disclosures and to require a number of additional disclosures. The guidance in ASU 2010-06 clarified that disclosures should be presented separately for each “class” of assets and liabilities measured at fair value and provided guidance on how to determine the appropriate classes of assets and liabilities to be presented. ASU 2010-06 also clarified the requirement for entities to disclose information about both the valuation techniques and inputs used in estimating Level 2 and Level 3 fair value measurements.

In addition, ASU 2010-06 introduced new requirements to disclose the amounts (on a gross basis) and reasons for any significant transfers between Levels 1, 2, and 3 of the fair value hierarchy and to present information regarding the purchases, sales, issuances, and settlements of Level 3 assets and liabilities on a gross basis. With the exception of the requirement to present

SuperMedia Savings Plan
(Formerly Known as Idearc Savings Plan)

Notes to Financial Statements (continued)

2. Accounting Policies (continued)

changes in Level 3 measurements on a gross basis, which is delayed until 2011, the guidance in ASU 2010-06 is effective for reporting periods beginning after December 15, 2009. Since ASU 2010-06 only affects fair value measurement disclosures, its adoption did not affect the Plan's net assets available for benefits or its changes in net assets available for benefits.

In September 2010, the FASB issued ASU 2010-25, *Reporting Loans to Participants by Defined Contribution Pension Plans*, which provides guidance on how loans to participants should be classified and measured by defined contribution plans. That guidance requires participant loans to be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. The Plan adopted this new guidance in its December 31, 2010 financial statements and has reclassified participant loans of \$17,117,000 for the year ended December 31, 2009, from investments to notes receivable from participants. Adoption of ASU 2010-25 did not change the value of participant loans from the amount previously reported as of December 31, 2009.

In May 2011, the FASB issued ASU 2011-04, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRSs*. ASU 2011-04 amended ASC 820, *Fair Value Measurements and Disclosures*, to converge the fair value measurement guidance in GAAP and International Financial Reporting Standards (IFRSs). Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820. In addition, ASU 2011-04 requires additional fair value disclosures. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. Plan management is currently evaluating the effect that the provisions of ASU 2011-04 will have on the Plan's financial statements.

3. Fair Value Measurements and Investments

Other than the fair value of the SAIF and the adjustment from fair value to contract value for fully benefit-responsive investment contracts, as well as participant loans and related interest income, all investment information disclosed in the accompanying financial statements, notes, and supplemental schedule, including investments at December 31, 2010 and 2009, and net appreciation in fair value of investments, interest income from notes receivable, and interest and dividends for the year ended December 31, 2010, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by JPMorgan Chase Bank, N.A., the trustee of the Plan. The contract value of the SAIF was certified as complete and accurate by the trustee. The value of notes receivable from participants at December 31, 2010 and 2009, as well as the related interest income for the year ended December 31, 2010, was certified as complete and accurate by JPMorgan Retirement Plan Services LLC, as an agent for JPMorgan Chase Bank, N.A.

Fair value of the SAIF	\$ 54,191	\$ 55,090
Adjustment from fair value to contract value for fully benefit-responsive investment contracts	564	2,358

In accordance with the authoritative guidance on fair value measurements and disclosures, the Plan discloses the fair value of its investments in a hierarchy that prioritizes the inputs to valuation techniques used to measure the fair value. The hierarchy gives the highest priority to valuations based upon unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to valuations based upon unobservable inputs that are significant to the valuation (Level 3 measurements). The guidance establishes three levels of the fair value hierarchy as follows:

Level 1 – Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that are accessible at the measurement date.

3. Fair Value Measurements and Investments (continued)

Level 2 – Level 2 inputs utilize inputs other than quoted prices included in Level 1 that are observable for an asset or liability, either directly or indirectly. Level 2 inputs include quoted prices for similar assets or liabilities in active markets and inputs other than quoted prices that are observable for an asset or liability.

Level 3 – Level 3 inputs are unobservable inputs for the asset or liability and include situations where there is little, if any, market activity for the asset or liability.

A financial instrument's level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. However, the determination of what constitutes "observable" requires significant judgment by the Committee. The Committee considers observable data to be market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market. There have been no transfers between levels as of December 31, 2009 and 2010.

Following is a description of the valuation methodologies used for the Plan assets as of December 31, 2010 and 2009. There have been no changes in the valuation methodologies used at December 31, 2010 and 2009.

Mutual funds: Shares of mutual funds are valued using published market prices, which represent the net asset value of shares held by the Plan at year-end.

Common/collective trusts: Units of common collective trusts are valued by the issuer based on the fair values of the underlying assets, which represent the net asset value of units held by the Plan at year-end.

Company common stock: Investment in Company common stock is valued at the last reported sale price on the last business day of the year or, if no sales were reported on that date, at the last reported bid prices.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Committee believes the Plan's valuation methods are appropriate and consistent with those of other market

participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. Fair Value Measurements and Investments (continued)

All common/collective trust investments are in open-ended funds with diversified investment strategies. The majority of the investments do not have any redemption restrictions; however, one fund, the T. Rowe Price High Yield Fund, imposes a 1% penalty on redemptions made within 90 days of the initial investment. The Plan has no unfunded commitments to these investments. The common/collective trusts consist of the following types of funds:

Index funds: A fund with a portfolio constructed to match or track the components of a market index, such as the Standard & Poor's 500 Index (S&P 500). An index fund is said to provide broad market exposure, low operating expenses, and low portfolio turnover.

LifePath funds: A fund in the hybrid category that automatically resets the asset mix (stocks, bonds, cash equivalents) in its portfolio according to a selected time frame that is appropriate for a particular investor. A target-date fund is similar to a lifecycle fund except that a target-date fund is structured to address some date in the future, such as retirement.

Stable value fund: Stable value funds are comprised mostly of "synthetic GICs" (known also as wrapped bonds) because of their inherent stability. These bonds can be of short or intermediate term, with longer maturities than other choices such as money market funds. They are paired (or wrapped) with insurance contracts to guarantee a specific minimum return. The fair value of this fund has been estimated based on the fair value of the underlying investment contracts in the fund as reported by the issuer. The primary goal of the fund is to seek current income while maintaining stability of invested principal.

*The contract value for the Plan's investment in the JPMorgan Chase Stable Asset Income Fund was \$54,755 and \$57,448 at December 31, 2010 and 2009

During 2010, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows (dollars in thousands):

Common/collective trusts	\$ 49,786
Mutual funds	2,268
Total	<u>\$ 52,054</u>

4. Tax Status

The Plan has applied for a determination letter from the IRS but has not received a ruling on the Plan's qualified status from the IRS. However, the plan administrator believes that the Plan has been designed to comply with the Internal Revenue Code (the Code) and has indicated that it will take the necessary steps, if any, to bring the Plan's operations and or document into compliance with the Code.

4. Tax Status (continued)

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

5. Related-Party Transactions

The Plan holds a common/collective trust that is managed by JPMorgan Asset Management. JPMorgan Asset Management is an affiliated company of JPMorgan Chase Bank, N.A., the trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions. Additionally, a portion of the Plan's assets at December 31, 2009, was invested in SuperMedia common stock. Because SuperMedia is the Plan's sponsor, transactions involving SuperMedia common stock qualify as party-in-interest transactions.

6. Reconciliation of Financial Statements to Form 5500

Amounts related to the fully benefit-responsive investment contracts are recorded on the Form 5500 at fair value.

7. Commitments and Contingencies

On December 10, 2009, a former employee with a history of litigation against the Company filed a putative class action suit in the U.S. District Court for the Northern District of Texas, Dallas Division, against certain of the Company's current and former officers, directors, and members of the Plan's Employee Benefits Committee. The complaint attempts to recover alleged losses to the various savings plans that were allegedly caused by the breach of fiduciary duties in violation of ERISA of the defendants in administering the plans from November 17, 2006 to March 31, 2009. The complaint alleges that the defendants wrongfully allowed all the plans to invest in Company common stock, alleges that the defendants made material misrepresentations regarding the Company's financial performance and condition, alleges the defendants had divided loyalties, alleges the defendants mismanaged the plan assets, and alleges certain defendants breached their duty to monitor and inform the committee members of required disclosures.

The plaintiffs are seeking unspecified compensatory damages and reimbursement for litigation expenses. A class has not been certified. The plaintiffs have filed a consolidated complaint. The Company filed a motion to dismiss the entire complaint on June 22, 2010. On March 16, 2011, the Court granted the Company defendants' motion to dismiss. In response to the order, the Plaintiffs have amended their complaint to add more facts and the Company defendants have filed another motion to dismiss the amended complaint. The briefing on the motion is complete and the Company awaits the order of the Court. The Company plans to honor its indemnification obligations and vigorously defend the lawsuit on the defendants' behalf.

8. Subsequent Events

Effective April 3, 2011, the Company changed the matching position from 100% of the first 6% of management employee contributions to 50% of the first 6% of management employees contributions. Also in 2011, the Plan added the E.I.I. Global Property Real Estate Investment Fund and the JPMorgan U.S. Treasuries Money Market Fund investment options.
