Schedule SB, line 24—Change in Actuarial Assumptions

The funding valuation reflects the following changes:

- A change in the interest rate assumption from a full yield curve producing an effective interest rate of 8.22% to segment rates producing an effective interest rate of 6.64%.
- A change in the mortality assumption from the 2009 Static Mortality Table for Annuitants and Non-Annuitants to the 2010 Static Mortality Table for Annuitants and Non-Annuitants.

These changes were made to better reflect anticipated plan experience.

Value of Plan Assets

The value of plan assets is used each year for developing the funding requirements of the plan. The value is a smoothed value and is set equal to average value of market value as of December 31, 2007, December 31, 2008 and December 31, 2009. Asset values prior to December 31, 2009 are adjusted for accumulated cashflows with interest between the asset date and December 31, 2009. The final value is limited to a corridor of 90% to 110% of market value of assets. This value may be reduced further by applicable funding balance when calculating certain results.

Death Benefits After Retirement

Lump Sum Benefit

On death of a retired participant who is receiving a disability or retirement benefit from the plan (but not a vested termination benefit), a lump sum death benefit of \$1,000 is payable to the participant's beneficiary or estate.

Surviving Spouse Benefit

A married employee who does not elect a straight life annuity will automatically receive 95% of the otherwise determined retirement benefit payable during the employee's lifetime. On the employee's death, 55% of the reduced income will continue to the surviving spouse for the spouse's remaining lifetime. The employee's percentage is reduced 1/2% for each year that the employee's age exceeds the spouse's age by more than five years, or increased 1/2% for each year that the spouse's age exceeds the employee's age by more than five years (maximum increase is 5%). If the spouse dies before the employee, the employee's benefit is restored to the amount the employee would have received if the employee had elected a straight life annuity.

Coordination with Plan 117

Effective with the Board Resolution of December 16, 2004, benefit service is frozen at May 21, 2004. Future benefit accruals are earned under Plan 117 for the affected employees.
