REPORT OF INDEPENDENT AUDITORS

Audit Committee
Ulster Savings Bank
Kingston, New York

We were engaged to audit the financial statements and supplemental schedules of Ulster Savings Bank 401(k) Plan (the "Plan") as of December 31, 2010 and 2009, and for the year ended December 31, 2010, as listed in the accompanying contents page. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Massachusetts Mutual Life Insurance Company and State Street Bank and Trust Company, the custodians of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The Plan administrator has obtained certifications from the custodians as of December 31, 2010 and 2009, and for the year ended December 31, 2010 that the information provided to the Plan administrator by the custodians is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Ulster Savings Bank 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan whose Plan sponsor is Ulster Savings Bank (the "Bank"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ('ERISA").

Eligibility: Employees are eligible to participate in the Plan for purposes of salary deferral contributions on the date of hire. An employee will be eligible for employer contributions and will be able to participate in the Plan without any service or age requirements.

Contributions: Under the Plan agreement, each participant may make contributions to the Plan from his or her salary up to the maximum amount allowed by law. The Bank matches 100% of the first three percent and 50% of the next three percent of a participant's contribution to the Plan. The Bank, at its discretion, may make an annual contribution during any Plan year if the Bank's net income for the previous calendar year was at least $1,000,000. The Bank's discretionary contributions are allocated to each eligible participant in the proportion that the participant's compensation bears to the compensation paid to all participants eligible to receive an allocation. There were no discretionary contributions made in 2010.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Bank's contributions, (b) Plan earnings, and (c) forfeitures of employer contributions, and is charged with his or her withdrawals and an allocation of administrative expenses and Plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Vesting: Employee contributions and all earnings, appreciation or additions allocable thereto, less any depreciation, loss, or distributions allocable thereto, are fully vested under the Plan. The remainder of the value of a participant's account becomes 20% vested upon completion of two years of service, with an additional 20% vesting each succeeding year, until a participant becomes 100% vested after six years of service. Upon death, retirement, or disability, employees will be 100% vested in Bank contributions.

If a participant terminates employment with the Bank and is subsequently re-employed by the Bank, he or she is entitled to a credit for vesting purposes for prior years of service, provided that all consecutive one-year breaks in service do not equal or exceed the greater of five years or the number of prior years of service.

Termination: While the Bank has not expressed any intent to terminate the Plan, it may do so at any time. In the event of termination of the Plan, the accounts of all participants affected thereby would become fully vested, and the assets remaining, after payment of any expenses properly chargeable thereto, would be distributed to participants and beneficiaries in proportion to their respective account balances.

(Continued)

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Notes receivable from Participants: A participant may borrow up to a maximum loan amount equal to the lesser of 50% of the Plan account funds in which the participant is 100% vested, or $50,000 less the highest outstanding loan balance under the Plan during the preceding year.

The term of the loan may not exceed five years, but may be longer if used to purchase or build a principal residence. The interest rate is the prime rate, rounded to the nearest quarter of 1%, as published in the Wall Street Journal on the first day of the month in which the employee requests the loan.

At December 31, 2010 and 2009, respectively, there were loans outstanding of $969,645 and $806,963, at interest rates ranging from 3.25% to 8.50% and payable over one to five years.

Withdrawals and Benefits Paid: A participant, after attaining age 59½, may receive distributions at his or her election from any accounts that are 100% vested, without requiring the participant to terminate employment at the Bank.

Participants under the age of 59½ may make a withdrawal from their account balances attributable to their own contributions and the earnings thereon, if they have a financial hardship. The Plan Committee must approve the participant's request and amount of payment. Hardship is defined in the Plan as death or serious illness, educational needs of immediate family, purchase or construction of a principal residence, or any similar circumstance, at the discretion of the Plan Committee.

Unless elected otherwise, the balance in a participant's account will be paid not later than the sixtieth day after the close of the Plan year after the later of (1) the attainment of normal retirement age of sixty, and (2) termination of employment.

Benefits may be paid in a lump sum, by purchasing a form of annuity contract, or in annual installments.

Forfeitures: Forfeitures can be reallocated to participant accounts in accordance with the provisions of the Plan agreement or used to offset employer contributions. Forfeitures totaled $75,133 and $22,463 at December 31, 2010 and 2009, respectively. For 2010, forfeitures of $25,530 were used to reduce the employer matching contribution.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements have been prepared on the accrual basis of accounting.

Adoption of New Accounting Standards:

In September 2010, the Financial Accounting Standards Board ("FASB") amended existing guidance with respect to the reporting of participant loans for defined contribution pension plans. The guidance requires that loans issued to participants be reported as notes receivable, segregated from plan investments, and measured at their unpaid principal balances plus accrued but unpaid interest. This guidance is effective for reporting periods ending after December 15, 2010, and is to be applied retrospectively to all periods presented comparatively. The adoption of this guidance by the Plan resulted in a reclassification from investments to notes receivable from participants of $806,963 on the statement of net assets available for benefits as of December 31, 2009. Adoption had no effect on the Plan's net assets available for benefits.

(Continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fully Benefit-Responsive Investment Contracts: While Plan investments are presented at fair value in the statements of net assets available for benefits, any material difference between the fair value of the Plan's direct interests in fully benefit-responsive investment contracts and their contract value is presented as an adjustment line in the statements of net assets available for benefits, because contract value is the relevant measurement attribute for that portion of the Plan's net assets available for benefits. Contract value represents contributions made to a contract, plus earnings, less participant withdrawals and administrative expenses. Participants in fully benefit-responsive contracts may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan holds a direct interest in a fully benefit-responsive contract.

Administrative Expenses: Administrative expenses may be paid out of the Plan's assets or by the Bank at its discretion.

Risks and Uncertainties: The Plan invests in various investment securities. The underlying investment securities are exposed to various risks, such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investment securities and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Payment of Benefits: Benefits are recorded when paid.

(Continued)

NOTE 3 – FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value includes inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

Collective trusts: The fair values of participation units held in collective trusts are based on their net asset values, as reported by the managers of the collective trusts and as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date (level 2 inputs). Each collective trust provides for daily redemptions by the Plan with no advance notice requirements, and has redemption prices that are determined by the fund's net asset value per unit. The investment strategies of the collective trust funds are described below:

SSGA Dow Jones Target Today Fund / Target 2015 Fund: The investment objective of these collective trusts is to seek income and a modest level of capital appreciation while investing primarily in domestic and international equities and domestic fixed income securities.

SSGA Dow Jones Target 2025 Fund / Target 2035 Fund / Target 2045 Fund: The investment objective of these collective trusts is to seek capital appreciation while investing primarily in domestic and international equities and domestic fixed income securities.

Investment contract: The fair value of the Plan's investment contract is estimated based upon the liquidation value of the contract, under the contract's withdrawal provisions, since the contract, by its terms is not transferable (level 3 inputs).

(Continued)

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below:

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The table below presents a reconciliation of Plan investments measured at fair value on a recurring basis using significant unobservable inputs (Level 3) for the year ended December 31, 2010, including the reporting classifications for the applicable gains and losses included in the statement of changes in net assets available for benefits:

	Fair Value Measurements Using Significant Unobservable Inputs (Level 3) Investment Contracts
Beginning balance, January 1, 2010	$ 9,303,607
Total gains or losses	
Included in change in net assets available for benefits:	
Change in adjustment from fair value to contract value of fully benefit- responsive investment contract*	256,842
Purchases, sales, issuances and settlements (net)	399,077
Ending balance, December 31, 2010	$ 9,959,526

*Unrealized appreciation (depreciation) of the fully benefit-responsive investment contract is reported as an increase (decrease) in Plan investments and as an offsetting decrease (increase) in the adjustment from fair value to contract value reported in the 2010 statement of net assets available for benefits, with no effect on the 2010 change in net assets available for benefits.

NOTE 4 – UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Massachusetts Mutual Life Insurance Company ("Mass Mutual") and State Street Bank and Trust Company, the custodians of the Plan, hold investment assets and execute transactions therein, and substantially all information pertaining to investments and notes receivable from participants included in the financial statements, including the associated investment income and interest earned on notes receivable from participants, has been certified by them as complete and accurate. This information has not been audited by independent accountants.

The following table presents the fair value of the Plan's investments that represent 5% or more of the Plan's net assets available for benefits as of December 31, 2010 and 2009:

	2010	2009
Mass Mutual Guaranteed Investment Contract (Contract values: 2010 - $8,943,460 2009 - $8,564,097)	$ 9,959,526	$ 9,303,607

NOTE 4 – UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS (Continued)

During 2010, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $1,764,480 as follows:

	Year ended December 31, 2010
Mutual funds	$ 1,652,342
Common collective trusts	112,138
Net appreciation	$ 1,764,480

During 2010, the Plan's investments earned interest and dividend income of $638,496.

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others The Plan holds a guaranteed investment contract with Mass Mutual along with collective trusts with State Street Bank and Trust Company. Additionally, certain mutual funds held by the Plan are managed by registered investment companies that are affiliates of Mass Mutual. These transactions qualify as party-in-interest transactions. Also, notes receivable from participants are considered party-in-interest transactions. Administrative expenses are paid to Mass Mutual, one of the custodians of the Plan, and therefore, these transactions qualify as party-in-interest transactions. Certain other administrative expenses were paid by the Plan's assets or by the Bank at their discretion.

NOTE 6 – TAX STATUS

The Internal Revenue Service has determined and informed the prototype sponsor by a letter dated May 11, 2009, that the Plan, as designed, is a qualified plan under Section 401(a) of the Internal Revenue Code (IRC). The Plan has been amended since the adoption of the prototype plan; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE 7 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a fully benefit-responsive investment contract with Mass Mutual ("Issuer"). Mass Mutual maintains the contributions in its general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. There are no reserves against contract value for credit risk of the Issuer or otherwise.

NOTE 7 - INVESTMENT CONTRACT WITH INSURANCE COMPANY (Continued)

The Plan's investment contract specifies certain conditions under which distributions from the contract would be payable at amounts below contract value. Such circumstances include Plan termination, Plan merger, premature contract termination initiated by the Bank, and certain other Bank-initiated events that result in distributions exceeding a set amount. The contract limits the circumstances under which Mass Mutual may terminate the contract.

Examples of circumstances which would allow Mass Mutual to terminate the contract include the Plan's loss of its qualified status, uncured material breaches of responsibilities, or material and adverse changes to the provisions of the Plan. If one of these events were to occur, Mass Mutual could terminate the contract at an amount less than contract value. Currently, management believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

The crediting interest rate of the contract is based on an agreed-upon formula with the Issuer, as defined in the contract agreement, but cannot be less than 2.85%. Such interest rates are reviewed on a semi-annual basis for resetting. The key factors that influence future interest crediting rates could include the following: the level of market interest rates; the amount and timing of participant contributions, transfers and withdrawals into/out of the contract; and the duration of the underlying investments backing the contract. The resulting gain or loss in the fair value of the investment contract relative to its contract value, if any, is reflected in the statement of net assets available for benefits as an adjustment from fair value to contract value for fully benefit-responsive investment contracts.

	2010	2009
Average yields:		
Based on annualized earnings [(1)]	2.67%	2.85%
Based on interest rate credited to participants [(2)]	2.67	2.85

(1) Computed by dividing the annualized one-day actual earnings of the contract on the last day of the Plan year by the fair value of the contract investments on the same date.

(2) Computed by dividing the annualized one-day earnings credited to participants on the last day of the Plan year by the fair value of the contract investments on the same date.
