Retirement Plan as of December 31, 2010 and December 31, 2009, and the related statement of changes in net assets available for plan benefits (modified cash basis) for the year ended December 31, 2010 and the supplemental schedule of assets (held at end of year) as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, University Orthopaedic Services Retirement Plan instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by Teacher's Insurance and Annuity Association College Retirement Equities Fund, a trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by University Orthopaedic Services Retirement Plan that the trustee holds the Plan's investment assets and execute investment transactions. University Orthopaedic Services Retirement Plan has obtained certifications from the trustees as of December 31, 2010 and December 31, 2009, and for the year ended December 31, 2010, that the information provided to the plan administrator by the trustees is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As described in Note 2, these financial statements and supplemental schedule were prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles.

1. Description of Plan

The following brief description of the University Orthopaedic Services, Inc. Retirement Plan is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a defined contribution plan which became effective January 1, 1999. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The plan sponsor is University Orthopaedic Services, Inc. Participants are employees of the Company who have completed one year of service and have attained age 21.

The Plan administrator is University Orthopaedic Services, Inc. The Plan trustees and record keepers are Teachers Insurance and Annuity Association - College Retirement Equities Fund (TIAA-CREF) and Mid Atlantic Trust Company.

Participant Accounts

An account is maintained for each participant in the plan. This account is credited with the participant's allocation of the plan sponsor's contribution and Plan earnings. Allocations are based on participant earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The participants direct where their funds are to be invested.

Vesting

Participants are 100 percent vested in their account after completing 1,000 hours of service per year for two years.

Funding Policy

The employer makes discretionary contributions for all employees who have 1,000 hours of service and are still employed at the end of the plan year. All participants are categorized into groups and each group may receive a different amount. Contributions are allocated in the proportion that each participant's compensation bears to all participants' compensation in the group. Contributions are subject to annual IRS limitations.

Operating Expenses

Administrative expenses are paid by the plan sponsor and the Plan.

Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, or in annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Benefits are also provided for upon the attainment of age 59½.

Forfeitures

Forfeited accounts will be used to reduce future employer contributions to the plan and to pay plan administrative expenses. At December 31, 2010 and December 31, 2009, there were $4,407 and $4,847 in forfeited non-vested accounts, respectively. Also, in 2010, employer contributions were reduced by $576 from forfeited non-vested accounts.

2. Summary of Accounting Policies

Basis of Accounting

The Plan's policy is to prepare its financial statements on the modified cash basis of accounting; consequently, certain revenue is recognized when received rather than when earned and certain expenses are recognized when cash is disbursed rather than when the obligation is incurred. Contributions are shown on the accrual basis of accounting. Benefits are recorded when paid.

Investments are stated at fair market value.

As described in Statement of Financial Accounting Board Codification No. 962, *Defined Contribution Pension Plans*, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Subsequent Events

The Plan has evaluated for subsequent events through the date of the independent auditors' report, which is the date the financial statements were made available to be issued.

3. Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

4. Party in Interest Transactions

Certain plan investments are managed by Teachers Insurance and Annuity Association - College Retirement Equities Fund. Allocated insurance contracts are purchased from TIAA-CREF. TIAA-CREF is both a trustee and record keeper of the plan and, therefore, these transactions qualify as party-in-interest transactions.

Administrative expenses are paid to P&A Group, a third party administrator for the Plan. Fees paid to P&A Group for administrative services amounted to $37,069 for the year ended December 31, 2010.

5. Plan Termination

Although it has not expressed any intent to do so, the employer reserves the right to terminate or revoke the Plan at any time, subject to the provisions of ERISA. In the event of termination or partial termination all participants affected shall have a fully vested and non-forfeitable right to the amount credited to their accounts at the date of such termination.

6. IRS Determination Letter

The plan uses a prototype plan document sponsored by Sungard Corbel LLC. Sungard Corbel LLC received an opinion letter from the IRS dated March 31, 2008, which states that the prototype plan document satisfies the applicable provisions of the IRC. The plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS. Therefore, no provision for income tax has been included in the Plan's Financial Statements.

7. Income Taxes

During 2009, the Plan adopted accounting standards related to uncertain tax positions. Generally, the Plan's prior three tax years are open and subject to examination by the Internal Revenue Service. However, the Plan is not currently under audit, nor has the Plan been contacted by the Internal Revenue Service.

8. Information Prepared and Certified by the Trustee of Assets (Unaudited)

The following information included in the accompanying financial statements and supplemental schedule as of December 31, 2010 and December 31, 2009 and for the year ended December 31, 2010 was obtained from data that has been prepared and certified as complete and accurate by the trustee of assets, Teacher's Insurance and Annuity Association College Retirement Equities Fund.

9. Fair Value Measurement

Fair value is the price at which an asset could be exchanged in a current transaction between knowledgeable, willing parties. Fair value measurements are categorized into one of three levels based on the lowest level of significant input used: Level 1 (unadjusted quoted prices in active markets); Level 2 (observable market inputs available at the measurement date, other than quoted prices included in Level 1); and Level 3 (unobservable inputs that cannot be corroborated by observable market data).

Marketable securities utilizing Level 1 inputs include active small, mid-size and large equity and mutual funds, as these securities all have quoted prices in active markets.

The Plan maintains holdings in certain investment contracts and mutual funds that are measured at fair value utilizing Level 3 inputs (classified as "registered investment companies", "unallocated contract" and "common/collective trust" in the tables below, and as "CREF Money Market Account", "TIAA Traditional Account" and "MetLife Stable Value" in the statements of net assets available for plan benefits). These investments do not have quoted prices, nor can they be valued using inputs based on observable market data. Investment contacts are valued internally using a discounted cash flow model based on yields of similar investments with comparable durations. Mutual funds are valued based on the underlying investments within the fund.

The following table presents information about our investments measured at fair value on a recurring basis as of December 31, 2010 and December 31, 2009, and indicates the fair value hierarchy of the valuation techniques utilized to determine such fair value:

	December 31, 2010		
	Quoted Prices in Active Markets (Level 1)	Other Observable Inputs (Level 2)	Unobservable Inputs (Level 3)
Registered investment companies - mutual funds	$ 9,529,768	$ -	$ 629,101
Common/Collective Trust - investment contract	-	-	397,610
Pooled separate account - mutual funds	352,690	-	-
Unallocated contract - investment contract	-	-	1,197,306
	$ 9,882,458	$ -	$ 2,224,017

	December 31, 2009		
	Quoted Prices in Active Markets (Level 1)	Other Observable Inputs (Level 2)	Unobservable Inputs (Level 3)
Registered investment companies - mutual funds	$ 7,376,655	$ -	$ 564,715
Common/Collective Trust - investment contract	-	-	296,746
Pooled separate account - mutual funds	252,670	-	-
Unallocated contract - investment contract	-	-	1,030,265
	$ 7,629,325	$ -	$ 1,891,726

9. Fair Value Measurement (Continued)

The following table presents the changes in the above Level 3 instruments measured on a recurring basis for the year ended December 31, 2010:

	Registered Investment Companies (mutual funds)	Common/ Collective Trust (investment contract)	Unallocated Contract (investment contract)
Balance, beginning of year	$ 564,715	$ 296,746	$ 1,030,265
Realized gains	-	-	85
Unrealized gain	17	10,984	32,984
Funds transferred	632	-	114
Purchases, sales, issuances, and settlements	63,737	89,880	133,858
Balance, end of year	$ 629,101	$ 397,610	$ 1,197,306

Realized and unrealized gains and losses included in earnings are reported in Statement of Changes in Net Assets Available for Plan Benefits (Modified Cash Basis) as a component of earnings (loss) on investments.

There were no transfers of investments between Level 1 and Level 2 during the years ended December 31, 2010 and December 31, 2009.

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

11. Reconciliation of Form 5500 to the Financial Statements

The following is a reconciliation of net assets available for benefits per Form 5500 to the financial statements:

	December, 31 2010	2009
