INDEPENDENT AUDITORS' REPORT

The Participants and Corporate Pension Committee
Pension Plan for Employees of Lonza Inc.

Represented by the United Steelworkers of America, Local 4907

We were engaged to audit the accompanying statements of net assets available for benefits of the Pension Plan for Employees of Lonza Inc. Represented by the United Steelworkers of America, Local 4907 (the "Plan") as of December 31, 2010 and 2009, the related statements of changes in net assets available for benefits for the years then ended and the statement of accumulated plan benefits as of December 31, 2009 and the related statement of changes in accumulated plan benefits for the year then ended. These financial statements are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by State Street Bank and Trust Company, the Trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from State Street Bank and Trust Company as of and for the years ended December 31, 2010 and 2009, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements taken as a whole. The form and content of the information included in the financial statements, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Future Plan Changes

The effect of the negotiated increase in the pre-65 disability benefits effective October 2011 will be reflected in the January 1, 2011 funding valuation.

Changes in Benefits Valued Since Prior Year

The effect of the negotiated increase in the early retirement supplement effective October 2010 was reflected in both the January 1, 2010 accounting and funding valuations. The amendment was permitted to take effect since the funded status of the plan after reflecting the amendment was above 80%.

The plan was closed to new entrants effective December 31, 2009. Service for benefit accruals was frozen as of December 31, 2009 for participants who would not attain age 50 on or before June 30, 2010. All participants were fully vested as of this date.

INDEPENDENT AUDITORS' REPORT

The Participants and Corporate Pension Committee
Pension Plan for Employees of Lonza Inc.

Represented by the United Steelworkers of America, Local 4907

We were engaged to audit the accompanying statements of net assets available for benefits of the Pension Plan for Employees of Lonza Inc. Represented by the United Steelworkers of America, Local 4907 (the "Plan") as of December 31, 2010 and 2009, the related statements of changes in net assets available for benefits for the years then ended and the statement of accumulated plan benefits as of December 31, 2009 and the related statement of changes in accumulated plan benefits for the year then ended. These financial statements are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by State Street Bank and Trust Company, the Trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from State Street Bank and Trust Company as of and for the years ended December 31, 2010 and 2009, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements taken as a whole. The form and content of the information included in the financial statements, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of Plan:

The following description is intended to give a general summary of the significant provisions of the Pension Plan for Employees of Lonza Inc. represented by the United Steelworkers of America, Local 4907 (the "Plan"). Interested Plan participants should refer to the full Plan document for more detailed explanations and information regarding the Plan's provisions.

General - The Plan is a noncontributory, defined benefit pension plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is currently sponsored by Lonza Inc. (the "Company"), a wholly owned subsidiary of Lonza America Inc. ("LAI").

Pension Benefits - Under the terms of the Plan, the participants are eligible for pension benefits upon reaching the normal retirement age of 65 after completion of five years of credited service. Monthly benefit payments are computed by multiplying the number of years of credited service by a dollar rate in effect at the time of termination. The monthly benefits for each year of service are as:

On and after October 1, 2003, but prior to October 1, 2004	\$34.75
On and after October 1, 2004, but prior to October 1, 2005	\$35.75
On and after October 1, 2005, but prior to October 1, 2006	\$37.00
On and after October 1, 2006, but prior to October 1, 2007	\$38.00
On and after October 1, 2007, but prior to October 1, 2008	\$39.00
On and after October 1, 2008	\$40.00

Retirees may elect to receive pension benefits in various forms of annuity options. Lump-sum cash distributions are provided for present value distributions of \$5,000 or less at participant's consent. Participants may also elect early retirement after attainment of age 55 and completion of ten years of credited service. Prior to October 21, 2010, such early retirement supplement was \$300 per month and, effective October 21, 2010, such early retirement supplement was increased to \$325 per month. Early retirement supplement will be paid to the participant until the first day of the month following the participant's 65 birthday or date of death, whichever is earlier.

Effective December 31, 2009, employees covered by the Plan became fully vested in their accrued benefits. Benefit accruals for all participants as of December 31, 2009, other than those participants who attain age 50 by June 30, 2010, will be frozen. Also, participants who are employees as of December 31, 2009 continue to be credited service for purposes of determining their early retirement date and for purposes of determining eligibility to receive their disability retirement benefit.

Death and Survivorship Benefits - The surviving spouse of any deceased participant who was vested at the date of death is entitled to a death benefit payable contingent upon the participant's employment status, age and years of service at date of death.

NOTES TO FINANCIAL STATEMENTS

(See independent auditors' report)

Disability Benefits - An employee who becomes totally and permanently disabled after attaining age 45 and has completed fifteen (15) years of continuous service, or has completed at least eighteen (18) years of continuous service, is eligible for disability benefits. A monthly benefit of \$375 is payable until the earlier of death, cessation of disability, or normal retirement date. On and after 11:00 p.m. October 21, 2011, the permanent disability is increased to \$400. Upon reaching normal retirement date, the employee will receive a retirement benefit based on his accrued benefit immediately prior to becoming disabled.

Deferred Vested Pension Benefits - Participants terminating for reasons other than death, disability, or retirement who have completed five or more years of credited service are eligible for deferred vested pension benefits after attaining normal retirement age or at age 55 if the conditions for early retirement are fulfilled. Early retirement benefits are at a reduced percentage of normal retirement benefits based on the participant's age at the date of benefit commencement.

Trust Managed by the Trustees - The assets of the Lonza America Inc. Master Trust are held and managed by State Street Bank and Trust Company (the "Trustee") for the years ended December 31, 2010 and 2009. Under the terms of the agreement between LAI and the Trustee, the Trustee manages the Lonza America Inc. Master Trust on behalf of the Plan. The Trustee has been granted discretionary authority concerning purchases and sales of investments in the Lonza America Inc. Master Trust in accordance with the general guidelines established by the Plan Administrator. Additionally, the Plan's Retirement Committee (the "Committee") regularly reviews the investment performance with an independent investment advisor and the Committee may direct the acquisition and disposition of the assets of the Plan.

Funding Policy - The Company's funding policy is to make annual contributions to the Plan in amounts that are sufficient to comply with the minimum funding requirements of ERISA. The Company's contributions for the year ended December 31, 2010 and 2009 equaled or exceeded the minimum funding requirements of ERISA.

Note 2 - Summary of Significant Accounting Policies:

Basis of Accounting - The Plan's financial statements have been prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results, as determined at a later date, could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for a discussion of fair value measurements.

NOTES TO FINANCIAL STATEMENTS

(See independent auditors' report)

Investment income in Lonza America Inc. Master Trust consists of interest income, dividend income and net appreciation of investments. Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses - Certain costs and expenses incurred in the administration of the Plan are paid out of Plan assets. Eligible expenses, to the extent not reimbursed by the Plan sponsor, include, but are not limited to, investment managers' fees, actuarial fees, legal fees and audit fees. In addition, the Company provides internal accounting and administrative services to the Plan.

Risk and Uncertainties - The assets of the Lonza America Inc. Master Trust are primarily investment securities, which are monetary in nature. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the financial statements.

Plan contributions are made and actuarial present value of accumulated Plan benefits are reported based on certain assumptions pertaining to interest rates inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could be material to the financial statements.

The Plan may invest in securities with contractual cash flows, such as asset backed securities, collateralized mortgage obligations and commercial mortgage backed securities, including securities backed by sub-prime mortgage loans. The value, liquidity and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies and defaults, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

Payment of Benefits - Benefit payments to participants are recorded upon distribution.

Reclassification - Certain reclassifications have been made to prior year balances in order to conform to current year presentation. Such reclassifications were limited to the Statement of Net Assets Available for Benefits and involved the classification of net appreciation in fair value of investments, interest income and dividend income as investment income in Lonza America Inc. Master Trust.

Subsequent Events - The Plan Administrator has evaluated subsequent events through October 14, 2011, the date the financial statements were available to be issued. The effects of those events and transactions that provide additional pertinent information about conditions that existed at the statement of net assets available for benefits date have been recognized in the accompanying financial statements.

Note 3 - Plan Termination:

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, in the following order:

- a) Annuity benefits that former employees or their beneficiaries have been receiving for at least three years prior to the termination date of the Plan, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of an annuity under the Plan. The amount is further limited to the lowest benefit that was (or would have been) payable during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
- b) Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) up to the applicable limitations (discussed below).
- c) All other nonforfeitable vested benefits (that is, vested benefits not insured by the PBGC).
- d) All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivors' pensions. However, the PBGC does not guarantee all types of benefits, under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the PBGC level in effect on the date of the Plan's termination. However, there is a statutory ceiling on the amount of an individual's monthly benefit that the PBGC guarantees, which is adjusted periodically.

Whether all the participants receive their benefits should the Plan terminate at some future date will depend on the adequacy, at the time, of the Plan's net assets to provide those benefits and may also depend on the level of benefits guaranteed by the PBGC.

Note 4 - Tax Status:

The Plan has received a determination letter from the Internal Revenue Service dated November 16, 2007, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the "IRC") and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan, as amended is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2007.

Note 5 - Investment in the Lonza America Inc. Master Trust:

At December 31, 2010 and 2009, the Plan's interest in the net assets of the Lonza America Inc. Master Trust was approximately 9% and 8%, respectively. Investment income and administrative expenses relating to the Lonza America Inc. Master Trust are allocated to the individual participating plans based upon average monthly balances invested by each plan. The Plan's specific interest in the net assets of the Lonza America Inc. Master Trust is neither senior nor subordinate to the specific interest of the other plans participating in the Lonza America Inc. Master Trust.

All investment information disclosed in the accompanying financial statements and schedules, including investments held at December 31, 2010 and 2009, and net appreciation in fair value of investments, interest, dividends, and investment expenses for the years ended December 31, 2010 and 2009, were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the trustee.

The following table presents the fair value of investments for the Lonza America Inc. Master Trust:

Plan's share of investment income in Lonza America Inc. Master Trust	<u>\$ 1,496,406</u>	<u>\$ 1,832,645</u>

Note 6 - Fair Value Measurements:

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

**PENSION PLAN FOR EMPLOYEES OF LONZA INC.
REPRESENTED BY THE UNITED STEELWORKERS
OF AMERICA, LOCAL 4907**

NOTES TO FINANCIAL STATEMENTS

(See independent auditors' report)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets and liabilities measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

- *Fixed income investments:* Valued at the closing price reported in the active market in which the individual investment is traded.
- *Mutual funds:* Valued at the closing price reported on the NASDAQ market.
- *Common stock:* Valued at the closing price reported on the related market.
- *Common collective trust:* Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.
- *Accrued income:* Valued at the carrying value of the receivable, which approximates fair value.
- *Receivable for investments sold:* Valued at the carrying value of the receivable, which approximates fair value.
- *Other receivable:* Valued at the carrying value of the receivable, which approximates fair value.
- *Payable for investments purchased:* Valued at the carrying value of the payable, which approximates fair value.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Master Trust's assets and liabilities at fair value as of December 31, 2010 and 2009, respectively.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2010, there were no significant transfers in or out of levels 1, 2, or 3.

Note 7 - Accumulated Plan Benefits:

Accumulated plan benefits are those estimated future payments that are attributable under the Plan's provisions to the service that employees have rendered to the valuation date. Accumulated Plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, and (b) present employees or their beneficiaries. Benefits payable under all circumstances - retirement, death, disability, and termination of employment - are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated Plan benefits is determined by the Plan's consulting actuaries and is the amount that results from applying actuarial assumptions to adjust the accumulated Plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the actuarial valuation date and the expected date of payment.

The actuarial valuation was performed as of January 1, 2010; however, there are no material differences between the values determined as of that date and those presented as of December 31, 2009. The significant actuarial assumptions used in the valuation as of December 31, 2009 were: (a) assumed interest rate of 5.80%, respectively; (b) weighted average retirement age of 63; (c) separate rates for non-annuitants (based on RP-2000 "Employees" table without collar or adjustments, projected to 2025 using Scale AA) and annuitants (based on RP-2000 "Healthy Annuitants" table without collar or amount adjustments, projected to 2017 using Scale AA). The projected unit credit method was used to determine contributions to the Plan. These actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated Plan benefits.

Note 8 - Party-in-Interest:

The assets of the Master Trust invested in funds of the Trustee are considered party-in-interest investments. The Trustee is a party-in-interest as a provider of investment management and custodial services to the trust funds.
