NOTE 1. DESCRIPTION OF PLAN

The following description of the Right Way Plumbing Company, Inc. Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Right Way Plumbing Company, Inc. (the "Company") who have completed one year of services and are age 21 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, subject to certain limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contribution. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company may make qualified non-elective contributions to the Plan at the option of the Company's board of directors. For the part of the year ended December 31, 2010, the Company provided a matching contribution of 25% of the participant's contribution which was then discontinued. Matching contributions were subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution (if any) and the Plan's earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's qualified non-elective contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant vests 20% each year and is fully vested after six years of credited service. Forfeitures are used to reduce future employer qualified non-elective matching contributions.

Participant Loans

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan terms are not to exceed five years, or up to 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan administrators. Principal and interest are paid ratably through payroll deductions.

NOTE 1. DESCRIPTION OF PLAN (continued)

Investment Elections
Each participant may direct their contribution to be invested in one or more of the various investment options. A participant may change such allocation at any time directly with the Plan's record keeper. All employer contributions are allocated in the same allocation percentages as the employee's contribution.

Forfeited Accounts
At December 31, 2010, forfeited non-vested accounts totaled $26,144. These amounts will be used to reduce future Company contributions.

Payment of Benefits
On terminations of service due to death, disability or retirement, a participant may elect to receive the value of their vested interest in their account in a lump-sum payment. Benefits are recorded when paid.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and Estimates
The financial statements of the Plan are prepared using the accrual method of accounting and following accounting principles generally accepted in the United States of America ("GAAP"). The preparation of financial statements in conformity with GAAP requires the plan administrators to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuations and Income Recognitions
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants (see Note 3 for discussion of fair value measurements).

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

.

NOTE 3. FAIR VALUE INVESTMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the hierarchy are as follows:

NOTE 3. FAIR VALUE INVESTMENTS-Continued

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 – Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for asset measured at fair value. There have been no changes in methodologies used at December 31, 2010:

Mutual funds and money market funds: Valued at the net asset value of shares held by the plan at year end.

These methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at reporting date.

Assets at Fair Value as of December 31, 2010

	Level 1	Level 2	Level 3	Total
Money Market Fund	$ 74,189	$ -	$ -	74,189
Mutual funds	1,348,455	-	-	1,348,455
Participant loans	-	-	40,530	40,530
Total assets at fair value	$ 1,422,644	$ 1,010,000	$ 40,530	1,463,174

Level 3 Assets as of December 31, 2010

	Participant loans
Balance, beginning of year	$ 58,442
Issuances and payments (net)	(17,912)
Balance, end of year	$ 40,530

NOTE 4. INVESTMENT

Investments that represent 5% or more of the Plan's net assets are as follows:

	2010
Black Rock Global Allocation	$ 311,190
Delaware Diversified Income	$ 131,535
Goldman Sachs Government Income Svc	$ 119,800
Merrill Lynch Retirement Preservation	$ 97,543
MFS Value R2	$ 94,887
PIMCO Total Return	$ 88,785
Thornburg International Value	$ 82,702
Merrill Lynch Retirement Preservation	$ 74,189

During 2010, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) increased in value by approximately $170,500.

NOTE 5. INVESTMENT CONTRACT WITH TRUST COMPANY

During the year 2009, the Plan terminated its agreement with Hancock Life Insurance Company as custodian of its investments and entered into a new agreement with Mid Atlantic Trust Company ("Mid Atlantic"). Mid Atlantic maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals. The contract is included in the financial statements at contract value as reported to the Plan by Mid Atlantic. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTE 6. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified as complete and accurate by the custodian:

	2010
Investments, at fair value – Equity	1,348,455
Investments, at fair value – Money Market interest account	74,189
Investments, at fair value – participant loans	40,530
Total investments	$ 1,463,174

Investment income certified by the Plan's custodian for the year ended December 31, 2010 is as follows:

Interest and dividends	$ 38,683
Investment income	$ 98,708
Investment expenses	$ 2,829

NOTE 7 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8. TAX STATUS

The Company adopted a prototype 401(k) plan. The Plan's sponsor received a favorable determination letter from the Internal Revenue Service for the prototype plan, stating that the Plan is designed in accordance with the applicable provisions of the Internal Revenue Code. The Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, no provision for income taxes has been included in the financial statements.

NOTE 9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan's termination, participants will become 100% vested in their accounts.

NOTE 1. DESCRIPTION OF PLAN

The following description of the Right Way Plumbing Company, Inc. Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Right Way Plumbing Company, Inc. (the "Company") who have completed one year of services and are age 21 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, subject to certain limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contribution. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company may make qualified non-elective contributions to the Plan at the option of the Company's board of directors. For the part of the year ended December 31, 2010, the Company provided a matching contribution of 25% of the participant's contribution which was then discontinued. Matching contributions were subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution (if any) and the Plan's earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's qualified non-elective contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant vests 20% each year and is fully vested after six years of credited service. Forfeitures are used to reduce future employer qualified non-elective matching contributions.

Participant Loans

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan terms are not to exceed five years, or up to 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan administrators. Principal and interest are paid ratably through payroll deductions.

NOTE 1. DESCRIPTION OF PLAN (continued)

Investment Elections
Each participant may direct their contribution to be invested in one or more of the various investment options. A participant may change such allocation at any time directly with the Plan's record keeper. All employer contributions are allocated in the same allocation percentages as the employee's contribution.

Forfeited Accounts
At December 31, 2010, forfeited non-vested accounts totaled $26,144. These amounts will be used to reduce future Company contributions.

Payment of Benefits
On terminations of service due to death, disability or retirement, a participant may elect to receive the value of their vested interest in their account in a lump-sum payment. Benefits are recorded when paid.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and Estimates
The financial statements of the Plan are prepared using the accrual method of accounting and following accounting principles generally accepted in the United States of America ("GAAP"). The preparation of financial statements in conformity with GAAP requires the plan administrators to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuations and Income Recognitions
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants (see Note 3 for discussion of fair value measurements).

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

.

NOTE 3. FAIR VALUE INVESTMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the hierarchy are as follows:

NOTE 3. FAIR VALUE INVESTMENTS-Continued

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 – Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for asset measured at fair value. There have been no changes in methodologies used at December 31, 2010:

Mutual funds and money market funds: Valued at the net asset value of shares held by the plan at year end.

These methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at reporting date.

Assets at Fair Value as of December 31, 2010

	Level 1	Level 2	Level 3	Total
Money Market Fund	$ 74,189	$ -	$ -	74,189
Mutual funds	1,348,455	-	-	1,348,455
Participant loans	-	-	40,530	40,530
Total assets at fair value	$ 1,422,644	$ 1,010,000	$ 40,530	1,463,174

Level 3 Assets as of December 31, 2010

	Participant loans
Balance, beginning of year	$ 58,442
Issuances and payments (net)	(17,912)
Balance, end of year	$ 40,530

NOTE 4. INVESTMENT

Investments that represent 5% or more of the Plan's net assets are as follows:

	2010
Black Rock Global Allocation	$ 311,190
Delaware Diversified Income	$ 131,535
Goldman Sachs Government Income Svc	$ 119,800
Merrill Lynch Retirement Preservation	$ 97,543
MFS Value R2	$ 94,887
PIMCO Total Return	$ 88,785
Thornburg International Value	$ 82,702
Merrill Lynch Retirement Preservation	$ 74,189

During 2010, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) increased in value by approximately $170,500.

NOTE 5. INVESTMENT CONTRACT WITH TRUST COMPANY

During the year 2009, the Plan terminated its agreement with Hancock Life Insurance Company as custodian of its investments and entered into a new agreement with Mid Atlantic Trust Company ("Mid Atlantic"). Mid Atlantic maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals. The contract is included in the financial statements at contract value as reported to the Plan by Mid Atlantic. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTE 6. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified as complete and accurate by the custodian:

	2010
Investments, at fair value – Equity	1,348,455
Investments, at fair value – Money Market interest account	74,189
Investments, at fair value – participant loans	40,530
Total investments	$ 1,463,174

Investment income certified by the Plan's custodian for the year ended December 31, 2010 is as follows:

Interest and dividends	$ 38,683
Investment income	$ 98,708
Investment expenses	$ 2,829

NOTE 7 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8. TAX STATUS

The Company adopted a prototype 401(k) plan. The Plan's sponsor received a favorable determination letter from the Internal Revenue Service for the prototype plan, stating that the Plan is designed in accordance with the applicable provisions of the Internal Revenue Code. The Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, no provision for income taxes has been included in the financial statements.

NOTE 9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan's termination, participants will become 100% vested in their accounts.
