## INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrator of the
HCR Savings and Profit Sharing Plan

We were engaged to audit the accompanying statements of net assets available for benefits of the HCR Savings and Profit Sharing Plan (the Plan) as of December 31, 2010, and the related statements of changes in net assets available for benefits for the year then ended, and the supplemental schedule of assets held for investment as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management. Other auditors were engaged to audit the financial statements of the Plan for the year ended December 31, 2009, whose report dated September 29, 2010, did not express an opinion on the 2009 financial statements for the same reasons described in the following paragraph.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by John Hancock Life Insurance Company of New York, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's assets and executes transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2010 and 2009, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the 2010 accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the 2010 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosures under the Employee Retirement Income Security Act of 1974.

## NOTE 1. - DESCRIPTION OF PLAN

The following description of the HCR Savings and Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

***General*** - The Plan is a contributory 401(k) plan for the employees of L.Woerner, Inc. d/b/a HCR (the Company) with a management option for discretionary Company contributions. Generally, all Company employees who have completed 90 days of service, while working at least 250 hours are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

***Contributions*** - The Plan provides eligible participants to defer up to 90% of their compensation, as defined into the Plan, as a qualified pre-tax contribution subject to the maximum annual contribution allowed by the Internal Revenue Service (IRS). Additionally, the Company has the option of making annual discretionary contributions to the Plan. For the years ended December 31, 2010 and 2009, the Company matched 10% of the first 3% of base compensation that a participant contributed to the Plan.

Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit contribution plans.

***Participant Accounts*** - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, (b) administrative expenses and (c) Plan earnings. Allocations are based on participants' earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

***Notes Receivable From Participants*** - Participants are permitted to borrow up to 50% of their vested balance in their Plan accounts to a maximum of $50,000. The loans are payable over terms up to five years (longer if for the purchase of a principal residence) and bear interest at a fixed rate. The fixed rates are derived from the current lending rates at origination. Principal and interest payments on the loans are credited to the participants' accounts based on their current investment allocation elections.

***Vesting*** - Participants are vested immediately in their contributions plus actual earnings there on. Participants become vested in Company contributions based on years of continuous service. A participant receives credit for a year of service if they complete at least 1,000 hours of service at any time during the 12 consecutive month computation period.

## NOTE 1. - DESCRIPTION OF PLAN (CONTINUED)

Employee contributions are vested according to the following schedule:

| Years of service | Vesting Percentage |
|---|---|
| 1 | 0% |
| 2 | 20% |
| 3 | 40% |
| 4 | 60% |
| 5 | 80% |
| 6 | 100% |

***Withdrawals and distributions*** - Unless a participant elects otherwise, distributions will be made as soon as practical after a participant's normal retirement date or actual retirement date occurs. The normal retirement date is the date upon which a participant reaches age 65, or the participant's fifth anniversary of joining the Plan, if later. The normal form of distribution at termination is a single sum payment.

***Administrative Expenses*** - Administrative expenses were paid by both the Plan and the Company.

***Forfeitures*** – Any forfeitures arising under the plan are used to reduce future employer match contributions. There were $789 and $570 of unallocated forfeitures for the years ended December 31, 2010 and 2009.

## NOTE 2. - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

***Basis of Accounting*** - The accompanying financial statements have been prepared using the accrual basis of accounting and presents the fair value of net assets available for benefits and changes in those net assets in conformity with accounting principles generally accepted in the United States of America.

***Estimates*** - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results can differ from those estimates.

***Investment Valuation and Income Recognition*** - The Plan's assets are invested in shares of registered investment companies through John Hancock Life Insurance Company of New York, the investment asset custodian. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

## NOTE 2. - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net investment gain includes the plan's gains and losses on investments bought and sold as well as held during the year.

***Payment of Benefits*** - Benefits are recorded when paid.

***Risks and Uncertainties*** - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

***Recently Issued Accounting Pronouncements*** - In January 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (Update) 2010-06, "Improving Disclosures About Fair Value Measurements." Topic 820 of the Accounting Standards Codification (ASC) requires new disclosures about transfers into and out of Levels 1 and 2 of the fair value hierarchy and separate disclosures about purchases, sales, issuances and settlements relating to Level 3 measurements. It also clarifies existing fair value disclosures about the level of disaggregation and about inputs and valuation techniques used to measure fair value. The new disclosures and clarifications of existing disclosures are effective for interim and annual reporting periods beginning after December 15, 2009, except for the disclosures about purchases, sales, issuances and settlements in the roll forward of activity in Level 3 fair value measurements. Those disclosures are effective for periods beginning after December 15, 2010. Disclosures required under Updated 2010-06 are included in the notes to the Plan's financial statements for the years ended December 31, 2010 and 2009, except for the disclosures related to Level 3 fair value measurements, which will be included in the notes to the Plan's financial statements effective January 1, 2011. Other than requiring additional disclosures, the adoption of this new guidance did not have a material impact on the Plan's financial statements.

In September 2010, the FASB issued Update 2010-25, "Reporting Loans to Participants by Defined Contribution Pension Plans". This Update requires participant loans to be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. The guidance is effective for annual periods ending after December 15, 2010 with early adoption permitted. The guidance should be applied retrospectively to all periods presented. The Plan adopted this guidance as of December 31, 2010 and reclassified participant loans from plan investments to a component of receivables for both periods presented in the Statements of Net Assets Available for Benefits. Other than the reclassification requirements, the adoption of this standard did not have a material impact on the Plan's financial statements.

## NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

***Notes Receivable From Participants*** - Notes receivable from participants are valued at their unpaid principal balance plus any accrued but unpaid interest at December 31, 2010 and 2009. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

***Reclassification*** - Participant loans previously reported as a component of investments have been reclassified to a component of receivables in order to conform to the current year presentation.

***Subsequent Events*** - These financial statements have not been updated for subsequent events occurring after October 12, 2011, the date these financial statements were available to be issued.

## NOTE 4. - FAIR VALUE MEASUREMENT

Financial Accounting Standards Board (FASB) *Accounting Standards Codifications (ASC) 820, Fair Value Measurements and Disclosures*, established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

## NOTE 4. - FAIR VALUE MEASUREMENT (CONTINUED)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

***Pooled Separate Accounts*** – Pooled Separate Accounts are not traded in an active market, but instead are valued using the Net Asset Value provided by the administrator of the fund. The unit price is based on underlying investments which are traded in an active market.

## NOTE 5. - FINANCIAL CERTIFICATION

Financial information relating to the Plan's assets at December 31, 2010 and 2009, as well as transactions for the years then ended, has been derived from information provided by John Hancock, the trustee of the plan's assets and certified to as being complete and accurate. The incorporation of this financial information in the accompanying financial statements is based solely on their certification and has not been audited by independent accountants.

| | 2010 | 2009 |
|---|---|---|
| Investments in pooled separate accounts | **$ 5,126,422** | $ 4,335,501 |
| Net Investment gain on investments | **$ 614,425** | $ 990,982 |

## NOTE 6. - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

## NOTE 7. - INCOME TAX STATUS

The Plan obtained its latest determination letter on November 19, 2001, in which the Internal Revenue Service stated that the Plan as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

## NOTE 7. - INCOME TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken uncertain tax positions that more likely than not would not be sustained upon examination by the IRS. The Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in process. The Administrator believes it is no longer subject to income tax examinations for years prior to 2007.

## NOTE 8. - RELATED PARTY TRANSACTIONS

Certain Plan investments are mutual funds managed by the trustee, John Hancock Life Insurance Company of New York (John Hancock). These transactions qualify as party-in-interest transactions.

Notes receivable are related party transactions and consist of participant loans for borrowing from their account balance and repayment of the loans over a fixed term.
