To the Plan Administrator and members of the
Buddy's Home Furnishings 401(k) Plan

We were engaged to audit the accompanying statements of net assets available for benefits of Buddy's Home Furnishings 401(k) Plan ("the Plan") as of December 31, 2010, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010, and the supplemental Schedule H, line 4i – Schedule of Assets (Held At End of Year) as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management. The financial statements of the Plan as of December 31, 2009, were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the Trustee. Their report, dated October 11, 2010, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Hartford Life Insurance Company, except for comparing such information with the related information included in the 2010 financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2010, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information in the Plan's 2010 financial statements and supplemental schedule that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2010 financial statements and supplemental schedule taken as a whole. The form and content of the information included in the 2010 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Buddy's Home Furnishings 401(k) Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2010

NOTE A - DESCRIPTION OF PLAN

The following description of Buddy's Home Furnishings 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of its provisions.

1. General

The Plan was established February 17, 1999, as a defined contribution plan available to qualifying employees of Bi-Rite Company, Inc. ("Company"). Effective January 1, 2009, the Plan was amended to remove the safe harbor matching provisions. Effective February 1, 2009, the Plan was amended to require an employee to have attained the age of 21 and have completed at least six months of service to be eligible to participate in the Plan. Prior to February 1, 2009, the age requirement was 18. Effective December 2008, the Plan was fully amended and restated to bring the Plan into compliance with the Economic Growth and Tax Relief Reconciliation Act of 2001 and other legislative and regulatory changes. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

2. Administration

The Company is the Plan's sponsor and administrator. As the Plan administrator, the Company controls and manages the operation and administration of the Plan, except with respect to investments, which are managed by the designated custodian. Effective February 1, 2009, the Plan changed custodian and recordkeeper from John Hancock Life Insurance Company to Hartford Life Insurance Company (The Hartford). Under the terms of the Plan, designated officers of the Company act as trustees.

3. Contributions

Participants are permitted to make pretax and after tax contributions of their annual compensation, subject to the limits of the Internal Revenue Code. Participants, as well as all eligible employees even if age or service requirements are not met, may also contribute amounts representing distributions from other qualified plans or annuity contracts.

The Company was required to make safe harbor matching contributions until December 31, 2008, which were allocated in relation to each eligible participant's elective deferrals, up to certain limitations as defined in the Plan. The Company may make discretionary non-elective and discretionary qualified non-elective contributions. No discretionary matching, discretionary non-elective or discretionary qualified non-elective contributions have been made for the year ended December 31, 2010.

NOTE A - DESCRIPTION OF PLAN - Continued

4. Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and, (b) Plan investment income (loss), and charged with an allocation of administrative fees. Allocation of administrative fees is based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

5. Vesting

Participants are immediately vested in their contributions, as well as any Company safe harbor matching and discretionary qualified non-elective contributions, plus actual earnings thereon. Vesting in the Company's discretionary matching contributions, plus actual earnings thereon, is based on years of service. A participant is 100% vested in their discretionary matching contributions upon the completion of six years of credited service. Vesting in the Company's discretionary non-elective contributions, plus actual earnings thereon, is also based on years of service. Effective December 15, 2008, a participant is 100% vested in any allocated discretionary non-elective contributions, plus actual earnings thereon, upon the completion of six years of credit service.

One hundred percent vesting occurs, regardless of the number of years of service, when a participant reaches normal retirement age (65), dies, or becomes totally and permanently disabled.

6. Investment Options

A participant may direct contributions in any investment options offered by the custodian.

7. Payment of Benefits

Benefit payments are made in the form of a lump-sum distribution. Upon normal retirement, death, or becoming permanently disabled, Plan participants will be entitled to 100% of their account balance. If employment is terminated for any reason other than those previously mentioned, the participant will only be entitled to the vested portion of the employer contributions.

8. Forfeitures

Any nonvested amounts remaining after the distribution of a terminated participant's vested account balance are forfeited. Effective, February 1, 2009, forfeitures may be used to reduce the employer contributions and pay for Plan expenses. Prior to February 1, 2009, forfeitures were only applied to future employer contributions. There were no forfeited nonvested amounts for the year ended December 31, 2010.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the Plan's significant accounting policies applied in the preparation of the accompanying financial statements follows:

1. Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

2. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

3. Investment Valuation

Mutual fund investments are valued at fair value and common/collective trusts are valued at contract value (which approximates fair value). Fair value is determined by using closing quoted market prices, which represents the net asset value of shares held by the Plan at year end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

4. Benefit Payments

Benefit payments are recorded when paid.

5. Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances, plus any accrued interest. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and the outstanding loans bear interest ranging from 3.25% to 5%. Loan terms generally range from 1-5 years. Principal and interest is paid ratably through payroll deductions. Loan defaults are treated as deemed distributions and follow the reporting methods described in the Plan agreement.

6. Reclassifications

Certain amounts from the December 31, 2009 financial statements have been reclassified to conform to the current year's presentation.

NOTE C - INVESTMENTS

The Plan's investments consist of mutual funds and common/collective trusts that are held by The Hartford. The fair value of the mutual fund and common/collective trust investments was \$2,248,840 and \$1,852,079 at December 31, 2010 and 2009, respectively.

The net appreciation includes realized gains and losses on investments that were bought and sold during the respective year. The net appreciation in fair value of the investment accounts was \$192,144 for the year ended December 31, 2010.

The following investments represent 5% or more of the Plan's net assets available for benefits at December 31,:

	2010	2009
Franklin Templeton Growth Target - R	\$ 449,370	\$ 387,285
Franklin Templeton Moderate Target - R	\$ 353,404	\$ 285,442

T. Rowe Price Retirement 2030 - R	\$ 226,585	\$ -
The Hartford Capital Appreciation - R4	\$ 124,049	\$ 103,619
American Century Vista - R	\$ 124,788	\$ -

The information in this note was obtained from data that had been prepared and certified as complete and accurate by Hartford Life Insurance Company.

NOTE D - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement and Disclosures*, establishes a framework for using fair value to measure assets and liabilities and defines fair value as the price that would be received to sell an asset or paid to transfer a liability (an exit price) as opposed to the price that would be paid to acquire the asset or received to assume the liability (an entry price).

Under FASB ASC 820, a fair value measure should reflect the assumptions that market participants would use in pricing the asset or liability, including the assumptions about the risk inherent in a particular valuation technique, the effect of a restriction on the sale or use of an asset and the risk of nonperformance. FASB ASC 820 requires disclosures that stratify the statement of net assets available for benefits amounts measured at fair value based on inputs the Plan used to derive fair value measurements.

Buddy's Home Furnishings 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2010

NOTE D - FAIR VALUE MEASUREMENTS - Continued

These strata include:

- Level 1 inputs, where the valuation is based on quoted market prices for identical assets or liabilities traded in active markets (which include exchanges and over-the-counter markets with sufficient volume),
- Level 2 inputs, where the valuation is based on quoted market prices for similar instruments traded in active markets, quoted prices for identical or similar instruments in markets that are not active and model-based valuation techniques for which all significant assumptions are observable in the market, and
- Level 3 inputs, where the valuation is generated from model-based techniques that use significant assumptions not observable in the market, but observable based on fund-specific data. These unobservable assumptions reflect estimates or assumptions that market participants would use in pricing the asset or liability. Valuation techniques typically include option pricing models, discounted cash flow models and similar techniques, but may also include the use of market prices of assets or liabilities that are not directly comparable to the subject asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The valuation techniques that are used should maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2010 and 2009:

Mutual funds: Valued at the net asset value of shares held by the Plan at year end. Investments in certain restricted mutual funds are valued at quoted market prices of the issuer.

Common/collective trust: Valued at the quoted market price of the issuer.

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE G - TAX STATUS

The Plan has adopted a prototype plan. The Plan has obtained a favorable tax determination letter from the Internal Revenue Service and, even though the Plan has been amended and restated since receiving the opinion letter, the Plan sponsor believes that the Plan continues to qualify and to operate as designed.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

NOTE H - RECONCILIATION OF FORM 5500 TO FINANCIAL STATEMENTS

NOTE I - CERTIFICATION

All investment information disclosed in the accompanying financial statements and supplemental schedule at December 31, 2010, and net appreciation in fair value of investments, interest, and administrative fees for the year then ended were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by The Hartford.

NOTE J - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE K - PARTICIPANT DISTRIBUTIONS

No plan participants have elected to have distributions as of December 31, 2010, and not had their vested balances paid to them by the year end.

NOTE L - SUBSEQUENT EVENT

The Plan's management has evaluated events and transactions occurring subsequent to December 31, 2010 as of October 4, 2011, which is the date the financial statements were available to be issued.

To the Plan Administrator and members of the
Buddy's Home Furnishings 401(k) Plan

We were engaged to audit the accompanying statements of net assets available for benefits of Buddy's Home Furnishings 401(k) Plan ("the Plan") as of December 31, 2010, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010, and the supplemental Schedule H, line 4i – Schedule of Assets (Held At End of Year) as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management. The financial statements of the Plan as of December 31, 2009, were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the Trustee. Their report, dated October 11, 2010, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Hartford Life Insurance Company, except for comparing such information with the related information included in the 2010 financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2010, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information in the Plan's 2010 financial statements and supplemental schedule that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2010 financial statements and supplemental schedule taken as a whole. The form and content of the information included in the 2010 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Buddy's Home Furnishings 401(k) Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2010

NOTE A - DESCRIPTION OF PLAN

The following description of Buddy's Home Furnishings 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of its provisions.

1. General

The Plan was established February 17, 1999, as a defined contribution plan available to qualifying employees of Bi-Rite Company, Inc. ("Company"). Effective January 1, 2009, the Plan was amended to remove the safe harbor matching provisions. Effective February 1, 2009, the Plan was amended to require an employee to have attained the age of 21 and have completed at least six months of service to be eligible to participate in the Plan. Prior to February 1, 2009, the age requirement was 18. Effective December 2008, the Plan was fully amended and restated to bring the Plan into compliance with the Economic Growth and Tax Relief Reconciliation Act of 2001 and other legislative and regulatory changes. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

2. Administration

The Company is the Plan's sponsor and administrator. As the Plan administrator, the Company controls and manages the operation and administration of the Plan, except with respect to investments, which are managed by the designated custodian. Effective February 1, 2009, the Plan changed custodian and recordkeeper from John Hancock Life Insurance Company to Hartford Life Insurance Company (The Hartford). Under the terms of the Plan, designated officers of the Company act as trustees.

3. Contributions

Participants are permitted to make pretax and after tax contributions of their annual compensation, subject to the limits of the Internal Revenue Code. Participants, as well as all eligible employees even if age or service requirements are not met, may also contribute amounts representing distributions from other qualified plans or annuity contracts.

The Company was required to make safe harbor matching contributions until December 31, 2008, which were allocated in relation to each eligible participant's elective deferrals, up to certain limitations as defined in the Plan. The Company may make discretionary non-elective and discretionary qualified non-elective contributions. No discretionary matching, discretionary non-elective or discretionary qualified non-elective contributions have been made for the year ended December 31, 2010.

NOTE A - DESCRIPTION OF PLAN - Continued

4. Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and, (b) Plan investment income (loss), and charged with an allocation of administrative fees. Allocation of administrative fees is based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

5. Vesting

Participants are immediately vested in their contributions, as well as any Company safe harbor matching and discretionary qualified non-elective contributions, plus actual earnings thereon. Vesting in the Company's discretionary matching contributions, plus actual earnings thereon, is based on years of service. A participant is 100% vested in their discretionary matching contributions upon the completion of six years of credited service. Vesting in the Company's discretionary non-elective contributions, plus actual earnings thereon, is also based on years of service. Effective December 15, 2008, a participant is 100% vested in any allocated discretionary non-elective contributions, plus actual earnings thereon, upon the completion of six years of credit service.

One hundred percent vesting occurs, regardless of the number of years of service, when a participant reaches normal retirement age (65), dies, or becomes totally and permanently disabled.

6. Investment Options

A participant may direct contributions in any investment options offered by the custodian.

7. Payment of Benefits

Benefit payments are made in the form of a lump-sum distribution. Upon normal retirement, death, or becoming permanently disabled, Plan participants will be entitled to 100% of their account balance. If employment is terminated for any reason other than those previously mentioned, the participant will only be entitled to the vested portion of the employer contributions.

8. Forfeitures

Any nonvested amounts remaining after the distribution of a terminated participant's vested account balance are forfeited. Effective, February 1, 2009, forfeitures may be used to reduce the employer contributions and pay for Plan expenses. Prior to February 1, 2009, forfeitures were only applied to future employer contributions. There were no forfeited nonvested amounts for the year ended December 31, 2010.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the Plan's significant accounting policies applied in the preparation of the accompanying financial statements follows:

1. Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

2. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

3. Investment Valuation

Mutual fund investments are valued at fair value and common/collective trusts are valued at contract value (which approximates fair value). Fair value is determined by using closing quoted market prices, which represents the net asset value of shares held by the Plan at year end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

4. Benefit Payments

Benefit payments are recorded when paid.

5. Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances, plus any accrued interest. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and the outstanding loans bear interest ranging from 3.25% to 5%. Loan terms generally range from 1-5 years. Principal and interest is paid ratably through payroll deductions. Loan defaults are treated as deemed distributions and follow the reporting methods described in the Plan agreement.

6. Reclassifications

Certain amounts from the December 31, 2009 financial statements have been reclassified to conform to the current year's presentation.

NOTE C - INVESTMENTS

The Plan's investments consist of mutual funds and common/collective trusts that are held by The Hartford. The fair value of the mutual fund and common/collective trust investments was \$2,248,840 and \$1,852,079 at December 31, 2010 and 2009, respectively.

The net appreciation includes realized gains and losses on investments that were bought and sold during the respective year. The net appreciation in fair value of the investment accounts was \$192,144 for the year ended December 31, 2010.

The following investments represent 5% or more of the Plan's net assets available for benefits at December 31,:

	2010	2009
Franklin Templeton Growth Target - R	\$ 449,370	\$ 387,285

The Hartford Capital Appreciation - R4	\$ 124,049	\$ 103,619
American Century Vista - R	\$ 124,788	\$ -

The information in this note was obtained from data that had been prepared and certified as complete and accurate by Hartford Life Insurance Company.

NOTE D - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement and Disclosures*, establishes a framework for using fair value to measure assets and liabilities and defines fair value as the price that would be received to sell an asset or paid to transfer a liability (an exit price) as opposed to the price that would be paid to acquire the asset or received to assume the liability (an entry price).

Under FASB ASC 820, a fair value measure should reflect the assumptions that market participants would use in pricing the asset or liability, including the assumptions about the risk inherent in a particular valuation technique, the effect of a restriction on the sale or use of an asset and the risk of nonperformance. FASB ASC 820 requires disclosures that stratify the statement of net assets available for benefits amounts measured at fair value based on inputs the Plan used to derive fair value measurements.

Buddy's Home Furnishings 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2010

NOTE D - FAIR VALUE MEASUREMENTS - Continued

These strata include:

- Level 1 inputs, where the valuation is based on quoted market prices for identical assets or liabilities traded in active markets (which include exchanges and over-the-counter markets with sufficient volume),
- Level 2 inputs, where the valuation is based on quoted market prices for similar instruments traded in active markets, quoted prices for identical or similar instruments in markets that are not active and model-based valuation techniques for which all significant assumptions are observable in the market, and
- Level 3 inputs, where the valuation is generated from model-based techniques that use significant assumptions not observable in the market, but observable based on fund-specific data. These unobservable assumptions reflect estimates or assumptions that market participants would use in pricing the asset or liability. Valuation techniques typically include option pricing models, discounted cash flow models and similar techniques, but may also include the use of market prices of assets or liabilities that are not directly comparable to the subject asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The valuation techniques that are used should maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2010 and 2009:

Mutual funds: Valued at the net asset value of shares held by the Plan at year end. Investments in certain restricted mutual funds are valued at quoted market prices of the issuer.

Common/collective trust: Valued at the quoted market price of the issuer.

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE G - TAX STATUS

The Plan has adopted a prototype plan. The Plan has obtained a favorable tax determination letter from the Internal Revenue Service and, even though the Plan has been amended and restated since receiving the opinion letter, the Plan sponsor believes that the Plan continues to qualify and to operate as designed.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

NOTE I - CERTIFICATION

All investment information disclosed in the accompanying financial statements and supplemental schedule at December 31, 2010, and net appreciation in fair value of investments, interest, and administrative fees for the year then ended were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by The Hartford.

NOTE J - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE K - PARTICIPANT DISTRIBUTIONS

No plan participants have elected to have distributions as of December 31, 2010, and not had their vested balances paid to them by the year end.

NOTE L - SUBSEQUENT EVENT

The Plan's management has evaluated events and transactions occurring subsequent to December 31, 2010 as of October 4, 2011, which is the date the financial statements were available to be issued.

2010 Fee and Compensation Disclosure Report

This document is intended to assist a plan administrator (“you”) in understanding the fees and compensation associated with your plan. If your plan is required to complete a *Form 5500 Schedule C*, this report identifies the different types of reportable compensation paid with respect to the Hartford product utilized by the retirement plan.

As permitted under the Schedule C reporting rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate, or a formula or rate.

- Where it is an actual dollar amount, no further notation is provided.
- Where it is an estimate, we have used a reasonable method to arrive at the estimate and described the method used to arrive at the estimated amount.
- Where a formula or rate is provided, the formula may be disclosed under the Schedule C reporting rules. Alternatively, for purposes of Schedule C or for your fiduciary review of the compensation paid with respect to the plan’s product, you may calculate an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies. Thus, much of the compensation information being provided can be expressed in the form of a formula.

Please note that all compensation is being reported for the 2010 calendar year. This report includes compensation actually paid to or by The Hartford within the 2010 calendar year as part of your Hartford product. This report does not include amounts deducted from plan assets and paid to third parties (other than The Hartford). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here directly from other service providers.

Please note that we have provided suggested service codes with respect to services provided through our Hartford product. These service codes are listed in the 2010 Instructions for Schedule C (Form 5500). Please review with your experienced benefits counsel and other professionals to determine the most appropriate service codes for your plan.

Please contact your Hartford Client Service Team should you require additional information regarding the compensation paid to or by The Hartford with respect to your plan.

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice or accounting or other professional services. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

Under the variable investment options available through your plan's group annuity contract or funding agreement, contract values are invested in Hartford Life Insurance Company separate accounts that, in turn, invest in underlying registered investment companies (i.e., mutual funds) and collective investment funds.

The list includes any investment option held by the plan during the 2010 calendar year. To arrive at an estimate of the dollar amount that Hartford received from each investment option, multiply the rate of fees received from each investment option by your plan's year-end balance (or if the investment option was liquidated prior to year end, the balance on the liquidation date) and, if applicable, the per participant fee by the number of participants in the investment option at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.

² This amount is the sum of the fund's distribution, management and other fees, which are also identified in the fund's prospectus. Such affiliates are identified in the fund's prospectus¹ and receive management fees in the following amounts:
