W.C.A. Services Corporation and Subsidiaries
Savings and Profit Sharing Plan
Jamestown, New York

We were engaged to audit the accompanying statement of net assets available for benefits of W.C.A. Services Corporation and Subsidiaries Savings and Profit Sharing Plan (the "Plan") as of December 31, 2010, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010, and the supplemental schedule as of December 31, 2010, as listed in the accompanying table of contents. These financial statements and schedule are the responsibility of the Plan's management. The financial statements of W.C.A. Services Corporation and Subsidiaries Savings and Profit Sharing Plan as of and for the year ended December 31, 2009, were audited by other auditors whose report dated July 26, 2010, expressed an unqualified opinion on those statements.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Principal Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

SAVINGS AND PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2010 AND 2009 AND FOR THE YEAR ENDED DECEMBER 31, 2010

1. PLAN DESCRIPTION

The following description of the W.C.A. Services Corporation and Subsidiaries Savings and Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan as permitted under Section 401(k) of the Internal Revenue Code ("IRC"). The Plan is funded by employee and employer contributions and covers employees of W.C.A. Services Corporation (the "Company" and "Plan Sponsor") upon the attainment of age 21 and upon the completion of one year of service. Non-resident aliens, leased employees, and highly compensated employees are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions – Participants may elect to contribute up to 100% of their eligible compensation limited to the IRC maximum. The Company contributes, as a matching contribution, an amount equal to 50% of an employee's salary deferral contribution, disregarding any salary deferral contribution in excess of 4% of the employee's compensation. The Company may also make discretionary profit sharing contributions, which may vary from year to year. This contribution is determined at year-end by the Board of Directors. The Company contributed a discretionary profit sharing contribution of $34,996 and $141,675 for the years ended December 31, 2010 and 2009, respectively.

Participant Accounts – Each participant's account is credited with the participant's contribution and an allocation of the (a) employer contributions, (b) Plan earnings, and (c) forfeitures of terminated participants' non-vested accounts and charged with an allocation of administrative expenses. Allocations are based on participant earnings or participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are fully vested with respect to their salary deferrals, qualified employer matching contributions, and qualified non-elective contributions. A participant is 100% vested in employer profit-sharing contributions after three years of credited service. Notwithstanding the profit-sharing vesting provisions, a participant's right to their account will be nonforfeitable upon attainment of retirement, total and permanent disability, or death.

Forfeitures – Upon the forfeiture of any non-vested portion of a participant's account, the forfeited amount shall be used to reduce future Company contributions to the Plan. For the years ended December 31, 2010 and 2009, $2,959 and $409 of forfeitures were used to offset employer matching contributions.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 or up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The note is secured by the balance in the participant's account and bears interest at rates commensurate with local prevailing rates, as determined by the Plan administrator. Interest rates ranged from 4.25% to 9.25% at December 31, 2010. Principal and interest are paid through regular payroll deductions. Terms range from ten months to five years.

1. PLAN DESCRIPTION (continued)

Payment of Benefits – On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of his or her vested account balance, or annual installments over various terms. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Plan Termination – Although it has not expressed any intent to do so, the Plan Sponsor has the right to terminate the Plan subject to the provisions of ERISA. In the event of termination, all participants shall become 100% vested in their employer discretionary contributions

Administrative Expenses – Costs of administering the Plan are primarily paid by the Plan Sponsor.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition – The Plan measures the fair value of assets and liabilities based on accounting principles generally accepted in the United States of America, which are subject to reporting at fair value. The Plan follows a hierarchy for the determination of fair value, as well as certain disclosure requirements relative to those assets and liabilities. The hierarchy identifies three levels of input. Level 1 inputs are generally quoted market prices for identical assets or liabilities, which are actively traded on an exchange. Level 2 inputs generally consist of market prices for identical assets which are not actively traded or market prices of similar assets or liabilities which are actively traded on an exchange. Level 3 inputs are referred to as unobservable inputs and consist primarily of information derived by management where Level 1 and Level 2 inputs are not available. These may include such things as present value of expected future cash flows or other valuation methodologies. Under the hierarchy, Level 1 inputs are the most preferred, followed by Level 2, and Level 3. Level 3 inputs are to be used only where neither Level 1 nor Level 2 inputs are available.

An investment's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value as of December 31, 2010 and 2009:

Pooled separate accounts: Valued based on the net asset values of units held by the Plan at year end. The fair values of the underlying assets in the pooled separate accounts, except for the U.S. Property Account, are based on the fair values of publicly traded securities. The fair value of its underlying assets of the U.S. Property Account is primarily based on the appraised value of real estate, as well as the fair value of publicly traded securities.

2. SUMMARY OF ACCOUNTING POLICIES (continued)

Guaranteed interest accounts: The guaranteed interest accounts are not fully benefit-responsive and are accordingly stated at fair value. Fair values of the guaranteed interest accounts are the amounts Plan participants would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity for an event other than death, disability, termination, or retirement. This fair value represents contract value adjusted to reflect current market interest rates only to the extent such market rates exceed contract crediting rates.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation in fair value of investments, which includes unrealized and realized gains and losses on investments that were held or sold during the period.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis.

Notes Receivable from Participants – In September 2010, new guidance was issued clarifying the classification and measurement of participant loans by defined contribution pension plans. That guidance requires that participant loans be classified as notes receivable from participants and measured at their unpaid principal balance, plus any accrued but unpaid interest. The Plan adopted this new guidance in its December 31, 2010 financial statements and has reclassified participant loans of $114,185 and $152,451 as of December 31, 2010 and 2009, respectively, from investments to notes receivable from participants. Additionally, the Plan has separately presented interest earned on participant loans of $6,118 for the year ended December 31, 2010, from interest earned on investments. Net assets of the plan were not affected by the adoption of the new guidance.

Payment of Plan Benefits – Benefits are recorded when paid.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Subsequent Events – Management has evaluated the effects of all subsequent events through October 12, 2011, the date the financial statements were available to be issued, to determine if events or transactions occurring through that date require potential adjustment or disclosure in the financial statements.

Reclassifications – Certain reclassifications have been made to the 2009 financial statements in order to conform to the 2010 presentation.

3. RELATED PARTY TRANSACTIONS

Certain Plan investments are units of pooled separate accounts and guaranteed interest accounts managed by Principal Financial Group and subsidiaries. As Principal Life Insurance Company is a member of Principal Financial Group and is the Plan trustee as defined in the Plan document, these transactions qualify as party-in-interest transactions.

4. INVESTMENTS

Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualifications. The Plan was amended subsequent to the IRS determination letter. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified and the related trust is tax exempt.
