INDEPENDENT AUDITORS' REPORT

Plan Administrator
Bell & McCoy 401(k) Plan
Carrollton, Texas

We were engaged to audit the accompanying statements of net assets available for plan benefits (modified-cash basis) of Bell & McCoy 401(k) Plan (the "Plan") as of December 31, 2010 and 2009, the related statement of changes in net assets available for plan benefits (modified-cash basis) for the year ended December 31, 2010, and the supplemental schedules of delinquent participant contributions and assets held at December 31, 2010. These financial statements are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investments and investment income of the Plan, which were certified by First Mercantile Trust Company (the "custodian of the Plan"), except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian of the Plan holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian of the Plan that the information provided to the plan administrator by the custodian is complete and accurate.

As described in the summary of significant accounting policies, these financial statements are prepared using the modified-cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

BELL & MCCOY 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010

DESCRIPTION OF PLAN

The following description of the Bell & McCoy 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is sponsored by Bell & McCoy, Inc. (the "Sponsor" or "Company") and is a single employer defined contribution 401(k) plan covering substantially all full-time employees of the Sponsor regardless of age or length of service.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan originally began on January 1, 2004.

Contributions

Participants may elect to contribute a percentage or dollar amount of their eligible compensation, including bonuses, as defined by the Plan. Participants who have attained age 50 before the end of the plan year are also eligible to make catch up contributions. These contributions are tax deferred elective contributions and are subject to annual limitations established by the Internal Revenue Service (IRS). Participants may also contribute amounts representing distributions from other qualified retirement plans. The Company made matching contributions equal to 15% of employee contributions for the year ended December 31, 2010. This matching percentage is subject to change. The Company may also elect to make profit sharing contributions (non-elective contributions) equaling an amount established by management on an annual basis. No profit sharing contributions for the 2010 plan year will be made.

Excess contributions above IRS limitations must be refunded. The amount to be returned to the respective employees and Company may be impacted by investment earnings and losses. The Company distributed $11,216 and $9,994 in excess contributions relating to the plan years ended December 31, 2010 and 2009, respectively.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution, if any, (b) the Company's profit sharing contribution, if any, (c) Plan earnings or losses, and (d) charged with an allocation of administration expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account balance.

DESCRIPTION OF PLAN (Continued)

Investment Options

Plan participants have the opportunity to direct the investment decisions relating to the assets in their individual account balance. Currently, the plan offers several investment choices including mutual funds and trust funds. Participants may change their investment options for future contributions at any time.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants are vested in the employer matching contributions, non-elective contributions, and related investment earnings based on years of continuous service. The Plan utilizes the following vesting schedule:

Years of service	Vested %
Less than 2	0
2	20
3	40
4	60
5	80
6 or more	100

Forfeitures

A non-vested amount remaining in a participant account of a terminated employee after distribution of his or her vested account balance is defined as a forfeiture. Forfeitures derived are first to be used to pay for administrative expenses and then are deducted from future employer matching and/or profit sharing contributions. Outstanding forfeitures are included in investments on the accompanying statements of net assets available for plan benefits and amounted to $35,265 and $25,308, respectively, at December 31, 2010 and 2009.

Payment of Benefits

Distributions generally will be made in the event of retirement, death, disability, resignation, or dismissal. Vested account balances can be distributed by transferring the balance to a different trustee (i.e., rollover) or lump-sum distribution.

DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of 50% of their vested account balance or $50,000. Loans are generally repaid through payroll deduction including principal and interest. Loan terms range from 1-5 years or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's accounts and bear interest at a rate of prime, as defined by USA Today, plus 2%. Any loan origination fees will be described in the loan application form, and will be paid from the participant's vested account balance in the Plan. Loan prepayments are allowed without penalty.

Hardship Withdrawals

Hardship withdrawals are allowed for immediate and heavy financial needs.

Administrative Fees

Substantially all administrative expenses are paid by the participants of the Plan; however, a portion of these expenses are paid by the Company. These expenses relate to fees incurred for third party administrators, financial advisors, and other service fees.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the modified-cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. The modified-cash basis of accounting, as herein applied, does not include fair value disclosures required by generally accepted accounting principles and does not account for forfeitures and corrective distributions until paid.

Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Recently Adopted Accounting Guidance

In January 2010, the Plan adopted guidance issued by the Financial Accounting Standards Board ("FASB") on the classification of participant loans on the statement of net assets available for benefit. The guidance requires that participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. Adoption of this new guidance did not have a material impact on the Plan's financial statements.

Change in Presentation

The presentation of certain amounts reported in previously audited financial statements have been changed to conform to current year presentation.

Investment Valuation and Income Recognition

The Plan's investments are stated at market value. Net investment gain (loss) includes the Plan's gain (loss) on investments bought and sold, as well as held during the year. Interest income on notes receivable is recognized on the accrual basis of accounting. These amounts are reported as increases or decreases in the statement of changes in net assets available for plan benefits.

Payment of Benefits and Receipt of Contributions

Benefits paid to participants are recorded upon the execution of a proper distribution request. Contributions are recorded on the accrual basis of accounting.

PLAN TERMINATION

Although the Sponsor has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions, if any, at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will automatically become 100% vested in their accounts and Plan assets will be distributed in accordance with the Plan document.

RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for plan benefits.

RISKS AND UNCERTAINTIES (Continued)

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in securities of U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.
