LiquidHub, Inc. 401(k) Plan
Notes to Financial Statements
Years Ended December 31, 2010 and 2009

1. Description of Plan

The following description of the LiquidHub, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all eligible employees of LiquidHub, Inc. (the “Company”). Eligible employees include those who are at least eighteen years of age and excludes any collective bargaining employees and non-resident aliens. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Contributions

Participants may contribute the lesser of 100% of annual pretax compensation, as defined in the Plan, or the 401(k) contribution limit as prescribed by the Internal Revenue Service (\$16,500 in 2010 and 2009). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to the Internal Revenue Code defined maximum (\$5,500 in 2010 and 2009). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Any participant who did not make an affirmative election to the contrary shall be deemed to have elected participation in the Plan’s automatic deferral program under which each eligible employee who has not made an elective deferral shall be deemed to have elected to make an elective deferral of 4% of compensation, as defined by the Plan.

The Company may make discretionary matching, profit sharing and qualified nonelective contributions, as defined in the Plan agreement, at the option of the Board of Directors. No matching, profit sharing or qualified nonelective contributions were made for the years ended December 31, 2010 and 2009.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a group annuity contract as investment options for participants.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and allocations of a) the Company contributions and b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The repayment period may not exceed five years unless the loan is for the purchase of a primary residence. The loans are secured by the balance in the participant’s account and bear interest at rates determined by the Plan administrator. Principal and interest are paid ratably through monthly payroll deductions. Interest rates on participant loans were 4.25% at December 31, 2010.

Payment of Benefits

Upon becoming eligible for distributions, a participant with a Plan account value of \$5,000 or less will receive a lump-sum distribution. A participant eligible for distributions with an account value greater than \$5,000 may elect to receive his or her account balance in a lump-sum or in installment payments over a period certain not to exceed their life expectancy or the life expectancy of their beneficiary. As defined in the Plan agreement, certain restrictions exist on the withdrawal of funds prior to termination of employment and upon termination of employment.

2. Summary of Significant Accounting Policies

This summary of significant accounting policies of the Plan is presented to assist in understanding the Plan's financial statements. The financial statements and notes are representations of the Plan's management who is responsible for their integrity and objectivity. These accounting policies have been consistently applied in the preparation of the financial statements.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of Plan income and expenses during the period. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Company contributions vest as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1 year of service	None
1 year of service	None
2 years of service	50%
3 years of service	100%

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Company pays certain administrative expenses of the Plan.

Reclassifications

Certain prior year amounts have been reclassified to conform to the current year presentation.

Subsequent Events

The Plan has evaluated subsequent events through October 11, 2011, which is the date these financial statements were available for issuance. Based on this evaluation, the Plan is not aware of any events or transactions that occurred subsequent to the Plan's year-end and through this date that would require recognition or disclosure in its financial statements.

3. Investments

The following investments represent 5% or more of the fair value of the Plan's net assets at December 31, 2010 and 2009:

	<u>2010</u>	<u>2009</u>

4. Information Certified by the Plan's Trustee and Custodian

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Prudential Bank & Trust, F.S.B. and Prudential Retirement Insurance and Annuity Company, the Plan's trustee and custodian, respectively, have certified that the following information as of December 31, 2010 and 2009, included in the accompanying financial statements, is complete and accurate:

- Investments and notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2010 and 2009.
- Investment activity and interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2010.

Additionally, Prudential Bank & Trust, F.S.B. and Prudential Retirement Insurance and Annuity Company certified that the information on the Schedule of Assets (Held at End of Year) at December 31, 2010 is complete and accurate.

5. Fair Value Measurements

Generally accepted accounting principles have established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

- Shares of mutual funds are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year-end.
- Investments in group annuity contract are valued based on the value of funds invested in Prudential Retirement Insurance and Annuity Company's ("Prudential") general account with an allocation of income as guaranteed by the fund.

There have been no changes in the methodologies used at December 31, 2010 and 2009.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

6. Group Annuity Contract

The Plan maintains a benefit-responsive group annuity contract with Prudential (Guaranteed Income Fund). Prudential maintains the contributions in a general account. The account is credited with interest based on declared interest crediting rates for a specified guarantee period and charged for participant withdrawals and administrative expenses. The Guaranteed Income Fund issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. The group annuity contract is presented on the Statements of Net Assets Available for Benefits at fair value, however, for this

LiquidHub, Inc. 401(k) Plan
Notes to Financial Statements
Years Ended December 31, 2010 and 2009

contract, fair value will always equal contract value as contract value will be paid in the event of discontinuance. Contract value, as reported to the Plan by Prudential, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the contract at December 31, 2010 and 2009 was \$1,104,380 and \$1,002,404, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1.5%. Interest rates are reviewed on a quarterly basis for resetting.

The average yield earned and the average rate credited to participants, based on the fair value of the contract, for 2010 and 2009 was 2.45% and 2.95%, respectively.

Generally, there are no events that could limit the ability of the Plan to transact at contract value paid within 90 days or in rare circumstances, contract value paid over time. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The Guaranteed Income Fund does not permit the insurance company to terminate the agreement and require the Plan to settle at an amount different than contract value paid either within 90 days or over time.

7. Refund of Excess Contributions

During the year ended December 31, 2010, it was determined that excess contributions were made by a number of Plan participants. As of December 31, 2010, \$27,740 is scheduled to be refunded during the year ending December 31, 2011.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

9. Party-In-Interest Transactions

At December 31, 2010, the Plan invested in shares of certain mutual funds which are managed by Prudential Bank & Trust, F.S.B., the trustee. Additionally, the Plan's investment in the group annuity contract is managed by an affiliate of the trustee. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

10. Tax Status

The Plan is a prototype non-standardized profit sharing plan sponsored by Prudential Insurance Co. of America. An opinion letter was obtained on the prototype plan dated March 31, 2008, stating that the form of the prototype plan is acceptable under Section 401 of the Internal Revenue Code (the "Code"). Generally, the Plan administrator and the Plan may rely on the opinion letter received as to the form of the Plan qualifying under the Code. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by taxing

LiquidHub, Inc. 401(k) Plan
Notes to Financial Statements
Years Ended December 31, 2010 and 2009

authorities. The Plan administration has analyzed the tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are no audits for any tax periods in progress. The Plan administrator believes that it is no longer subject to income tax examinations for years prior to 2007.

11. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

12. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of participant contributions per the financial statements for the year ended December 31, 2010 to the Form 5500:

Total participant contributions per the financial statements	\$ 1,379,181
Add: excess contributions not included on the financial statements	<u>27,740</u>
Total participant contributions per Form 5500	<u><u>\$ 1,406,921</u></u>

The following is a reconciliation of expenses per the financial statements for the year ended December 31, 2010, to Form 5500:

Total expenses per the financial statements	\$ 840,911
Add: corrective distributions not included on the financial statements	<u>27,740</u>
Total expenses per Form 5500	<u><u>\$ 868,651</u></u>
