PARAGON HEALTH ASSOCIATES, LLC 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Paragon Health Associates, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan covering all employees of Paragon Health Associates, LLC and Paragon Health Management, LLC (collectively the Company) who meet the minimum service requirements. Employees are eligible to participate in the Plan upon completion of one year of employment and having attained age 21, as defined by the Plan. This eligibility becomes effective on the first day after one year of consecutive employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

A participant may contribute, through payroll reductions, from 1% to 100% of their compensation on a pre-tax basis, up to the maximum dollar amount allowed by law. Participants may also contribute amounts representing distributions from other qualified plans. Catch-up contributions are also permitted. Participants are able to direct contributions into a variety of investment options offered by the Plan.

The Company will provide ADP safe harbor matching contributions of 100% of participants' contributions up to 3% and 50% of participants' contributions that exceed 3% but do not exceed 5% of compensation. The Company can also make a discretionary ACP safe harbor contribution which cannot exceed 4% of total compensation. The Company can also make a discretionary non-safe harbor matching contribution and a discretionary non-elective contribution. Total annual contributions made to the Plan on behalf of any participant are subject to limitations imposed under the Internal Revenue Code (IRC).

Company safe harbor matching contributions were \$105,045 for the year ended December 31, 2010. No discretionary ACP safe harbor contributions, non-safe harbor matching contributions or non-elective contributions were made by the Company during the year ended December 31, 2010.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions, and any earnings thereon, and charged with an allocation of administrative expenses. Allocations of the earnings and expenses are based on the participant's account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

PARAGON HEALTH ASSOCIATES, LLC 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (continued)

Vesting

Participants are immediately vested in their contributions and the Company's ADP safe harbor matching contributions plus actual earnings thereon.

Vesting in the Company's discretionary ACP safe harbor contributions, non-safe harbor matching contributions and non-elective contributions is based on years of service according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years	0%
2 years but less than 3	20%
3 years but less than 4	40%
4 years but less than 5	60%
5 years but less than 6	80%
6 years or more	100%

Forfeitures

Forfeitures are created when participants terminate employment prior to becoming entitled to full benefits. At December 31, 2010 and 2009, forfeited non-vested accounts totaled \$498 and \$15, respectively. Forfeitures which are not used to pay administrative expenses are used to reduce employer contributions. No forfeitures were used during 2010.

Payment of Benefits

Upon termination of service due to death, disability or retirement, or due to separation of service from the Company, a participant is entitled to receive a distribution of his or her vested account balance in the form of a lump-sum payment. In the case of either retirement after age 65 or death during employment, the participant becomes 100% vested in his or her account balance. In-service distributions are allowed when a participant has reached age 59 ½ and is 100% vested in the account from which the distribution is being made. Distributions of the participant's vested interest in his or her account may be authorized, at any time, by the Plan under certain hardship conditions.

Notes Receivable from Participants

Participants may borrow 50% of their vested account balance, a minimum of \$1,000 up to a maximum of \$50,000. Notes receivable terms range from one to five years or up to twenty years for the purchase of a primary residence. Notes receivable are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. Principal and interest are paid ratably through payroll deductions. Interest income of \$1,558 has been recorded as other income in the accompanying Statement of Changes in Net Assets Available for Benefits.

PARAGON HEALTH ASSOCIATES, LLC 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a common/collective trust. Contract value for this common/collective trust is based on invested principal plus accrued interest thereon. The Statements of Net Assets Available for Benefits present the fair value of the common/collective trust as well as the adjustment from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits was prepared on a contract value basis.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

All administrative expenses are paid by the participants.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and changes therein. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on the investments purchased and sold, as well as held, during the year.

PARAGON HEALTH ASSOCIATES, LLC 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Notes Receivable from Participants

In September 2010, GAAP clarified how loans to participants should be classified and measured by defined contribution benefit plans. Participant loans were previously classified as investments at fair value. The guidance requires that participant loans be classified as notes receivable from participants, which are segregated from Plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. As required, the Plan has retrospectively adopted the guidance for the Plan year ended December 31, 2009.

Subsequent Events

The Company evaluated events through October 4, 2011, the date these financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

3. INVESTMENTS

The following table presents the fair value of investments at December 31, 2010 and 2009. The investments and investment activity have been certified as complete and accurate by Reliance Trust Corporation, the custodian, and have not been audited by the independent auditors. Individual investments that represent 5% or more of the Plan's net assets are separately identified.

NOTES TO THE FINANCIAL STATEMENTS

3. INVESTMENTS (continued)

The Plan's investments (including gains and losses on investments purchased and sold, as well as held during the year) appreciated in value by \$706,750 during the year ended December 31, 2010.

4. FAIR VALUE MEASUREMENTS

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. It applies to fair value measurements already required or permitted by existing standards. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets or quoted prices for identical or similar assets or liabilities in inactive markets. Level 2 includes those inputs other than quoted prices that are observable for the asset or liability. Level 2 inputs are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset or liability has a specified term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Registered investment companies - Valued at quoted market prices.

Common/collective trust - The majority of the fund is comprised of synthetic guaranteed investment contracts, which are backed by a portfolio of underlying assets. The value is determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs associated with these underlying assets.

PARAGON HEALTH ASSOCIATES, LLC 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

4. FAIR VALUE MEASUREMENTS (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010:

	<u>Level 1</u>	<u>Level 2</u>	<u>Total</u>
Registered investment companies			
Bond funds	\$ 1,109,618	\$ -	\$ 1,109,618

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009:

	<u>Level 1</u>	<u>Level 2</u>	<u>Total</u>
Registered investment companies	\$ 5,047,781	\$ -	\$ 5,047,781

5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan is invested in the Fixed Fund (the "common/collective trust"), a fully benefit-responsive investment contract through Hartford Life Insurance Company. The common/collective trust primarily invests in a variety of investment contracts such as guaranteed investment contracts (GICs) issued by insurance companies and other investment products (synthetic GICs and collective investment trusts) with similar characteristics.

PARAGON HEALTH ASSOCIATES, LLC 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (continued)

The existence of certain conditions can limit the common/collective trust's ability to transact at contract value with the issuers of its investment contracts. Examples of such events include, but are not limited to, certain wrap agreement and separate account contract termination provisions, and withdrawals associated with certain events which are not in the ordinary course of fund operations and are determined by the issuer to have a material adverse effect on the issuer's financial interest. The Plan administrator believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with Plan participants is not probable and no impairment is applicable as of the date of these financial statements.

The interest rate is reset periodically as market conditions change. The following are the average and crediting interest rates for the common/collective trust:

	<u>2010</u>	<u>2009</u>
Average interest rate	2.33%	3.49%
Crediting interest rate	1.49%	1.93%

6. TAX STATUS

The Company adopted a Volume Submitter Profit Sharing Plan with a cash or deferral arrangement, which received a favorable opinion letter from the Internal Revenue Service (IRS) on March 31, 2008, which stated that the Plan and related trust are designed in accordance with applicable sections of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to the year ended December 31, 2008.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100% vested in their accounts

PARAGON HEALTH ASSOCIATES, LLC 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

8. PARTY-IN-INTEREST

Certain Plan investments at December 31, 2010 and 2009 are invested in funds managed by Hartford Life Insurance Company. Hartford Life Insurance Company is the record keeper; therefore, these transactions are considered party-in-interest transactions.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

10. RECONCILIATION TO THE FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31,:

	<u>2010</u>	<u>2009</u>
