The Plan Administrator
StonePeak Ceramics, Inc. 401(k) Plan:

We were engaged to audit the accompanying statements of net assets available for benefits of the StonePeak Ceramics, Inc. 401(k) Plan (the "Plan") as of December 31, 2010 and 2009, the related statements of changes in net assets available for benefits for the years then ended, and the supplemental schedules as of and for the year ended December 31, 2010, as listed in the accompanying table of contents. These financial statements and the supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Principal Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and the supplemental schedules. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2010 and 2009, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and the supplemental schedules taken as a whole. The form and content of the information included in the financial statements and the supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

(1) Description of plan

The following description of the StonePeak Ceramics, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan which was adopted on July 1, 1994 to provide retirement benefits for employees of StonePeak Ceramics, Inc. (the "Plan Sponsor"). The Plan covers substantially all full-time employees who are age twenty-one or older and have completed one year of service ("participants"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

(b) Contributions

Participants may voluntarily make qualified retirement contributions to the Plan which are deductible by the participants for federal income tax purposes under Section 401(k) of the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participant contributions are permitted up to 75% of compensation. Participants who are or will be age 50 by the end of the Plan year may be eligible to make additional catch-up contributions to the Plan.

The Plan Sponsor makes a matching contribution equal to 10% of each respective participant's contributions up to 6% of the participant's eligible compensation. There were $10,679 and $10,423 in matching contributions made during 2010 and 2009, respectively. The Plan also provides that the Plan Sponsor may contribute an additional annual discretionary contribution as authorized by the Plan Sponsor's management. No additional discretionary contribution was made during 2010 or 2009.

Plan Sponsor and participant contributions may not exceed the maximum amount allowable for federal income tax purposes.

(c) Participant accounts

Each participant's account is credited or charged with the participant's contributions, allocations of Plan Sponsor contributions, plan earnings (losses) and administrative expenses. Allocations are based on participant compensation or account balances as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

(d) Vesting

Participants are immediately vested in their elective salary deferral plus actual earnings (losses) thereon. Vesting in the Plan Sponsor contributions is based on years of continuous service. Participants vest 20% each year, beginning in the second year, and are fully vested after six years of credited service.

(e) Notes receivable from participants

Each participant may borrow from his or her fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of his or her account balance. The loans are secured by the balances in the respective participant accounts and bear interest at 3.25%, which is commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest are paid ratably through payroll deductions.

(f) Payment of benefits

On termination of service due to death, permanent disability, or retirement, a participant may elect to receive a lump-sum payment equal to his or her entire account balance. For termination of service due to other reasons, a participant is entitled to receive only the vested interest in his or her account as a lump-sum distribution.

(g) Forfeited accounts

Forfeitures are created when participants terminate employment prior to becoming fully vested in the Plan Sponsor contribution portion of their accounts. Such forfeitures are first used to pay any administrative expenses and then reduce the Plan Sponsor's matching contributions to the Plan.

(h) Hardship withdrawals

The Plan permits distributions in the event of a hardship, as defined in the plan agreement. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½. Hardship withdrawals are limited to the participant's elective account balance. Participants are not permitted to defer withholdings for up to six months following a hardship withdrawal.

(i) Administrative expenses

Certain administrative expenses are paid by the Plan.

(j) Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their account balances.

(2) Summary of significant accounting policies

(a) Basis of accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

(b) Recently adopted accounting standards

In September 2010, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update 2010-25, *Reporting Loans to Participants by Defined Contribution Pension Plans* ("ASU 2010-25"). ASU 2010-25 requires participant loans to be measured at their unpaid principal balance plus any accrued but unpaid interest and to be classified as notes receivable from participants. Previously, loans were measured at fair value and classified as investments. The Plan adopted the amendments in ASU 2010-25, which have been applied retrospectively throughout the Plan's financial statements. Participant loans have been reclassified to notes receivable from participants as of December 31, 2009. Interest income for 2009 related to participant loans has been reclassified to interest income from notes receivable from participants.

In January 2010, the FASB issued Accounting Standards Update 2010-06, *Improving Disclosures about Fair Value Measurements* ("ASU 2010-06"). ASU 2010-06 clarified that disclosures should be presented separately for each class of assets and liabilities measured at fair value and provided guidance on how to determine the appropriate classes of assets and liabilities to be presented. ASU 2010-06 also clarified the requirement for entities to disclose information about both the valuation techniques and inputs used in estimating Level 2 and Level 3 fair value measurements. In addition, ASU 2010-06 introduced new requirements to disclose the amounts (on a gross basis) and reasons for any significant transfers between Levels 1, 2, and 3 of the fair value hierarchy and to present information regarding the purchases, sales, issuances, and settlements of Level 3 assets and liabilities on a gross basis. With the exception of the requirement to present changes in Level 3 measurements on a gross basis, which is delayed until 2011, the guidance in ASU 2010-06 is effective for reporting periods beginning after December 15, 2009. The Plan adopted ASU 2010-06 for the Plan year ending December 31, 2010 which did not have an effect on the Plan's net assets available for benefits or its changes in net assets available for benefits, as changes are related to the fair value measurement disclosures.

(c) Investment valuation and income recognition

The Plan's investments are stated at fair value or contract value as reported by the custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

(d) Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

(e) Payment of benefits

Benefits are recorded when paid.

(f) Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(g) Events occurring after reporting date

The Plan's management has evaluated events and transactions that occurred between December 31, 2010 and October 12, 2011, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(3) Summary of information certified by custodian

The following information was certified as complete and accurate by Principal Life Insurance Company, custodian, as of and for the years ended December 31, 2010 and 2009:

	2010	2009
Pooled separate accounts, at fair value	$ 1,213,901	$ 1,236,157
Guaranteed interest account, at contract value	$ 41,727	$ 26,257
Net change resulting from investment activity	$ 166,703	$ 154,796

Notes receivable from participants and the related interest income were not certified by the custodian.

(4) Fair value measurements

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provide the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

(i) ***Pooled separate accounts*****: Valued at net asset value, which is based on the market value of the underlying investments held by the pooled separate account at year end. The net asset value is not a publicly-quoted price in an active market. Each pooled separate account, except for the U.S. Real Estate Portfolio, provides for daily redemptions by the Plan at reported net asset values per share with no advance notice requirement. Due to recent market conditions, a withdrawal limitation was in place for the U.S. Real Estate Portfolio at December 31, 2010, which is permissible per the contract provision of the portfolio if it is deemed to be in the best interest of investors. The withdrawal restriction was removed in March 2011.**

(ii) ***Guaranteed interest account*****: The fair value, which approximates contract value, of the guaranteed interest account is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.**

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009:

(5) Investments and investment income

The fair value of investments that represent 5% or more of the Plan's net assets as of December 31, 2010 and 2009 are as follows:

	2010	2009
Money Market Separate Account	**	$ 220,413
LgCap S&P 500 Index Separate Account	$ 130,148	$ 124,173
LargeCap Growth II Separate Account	$ 101,280	$ 111,588
SmCap Blend Separate Account	$ 110,866	$ 110,514
LargeCap Value I Separate Account	$ 135,956	$ 105,079
Bond and Mortgage Separate Account	$ 77,725	$ 83,758
U.S. Property Separate Account	**	$ 81,360
MidCap Blend Separate Account	$ 112,702	$ 73,761
Diversified Intl Separate Account	$ 95,469	$ 70,793
Intl SmallCap Separate Account	$ 91,775	**

** Investment does not represent 5% or more of the Plan's net assets for respective year.

During 2010 and 2009, the appreciation in the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) was entirely attributable to pooled separate accounts.

(6) Excess contributions

Participant contributions for the Plan year ended December 31, 2010 totaling $65,100 were refunded to certain participants by March 15, 2011 as required to satisfy the relevant nondiscrimination provisions of the Plan. These refunds are reflected as a reduction of contributions during the year ending December 31, 2010.

(7) Income tax status

The Plan Sponsor adopted a prototype non-standardized profit sharing plan, which received a favorable opinion letter from the Internal Revenue Service ("IRS") on March 31, 2008, which stated that the prototype plan was designed in accordance with the applicable sections of the IRC. The prototype plan has been amended since receiving the opinion letter, and the Plan itself has not received a determination letter from the IRS stating that the Plan is qualified under Section 401(a) of the IRC. However, the plan administrator believes that the adopted prototype plan, as amended, is designed and is currently being operated in compliance with the applicable requirements of the IRC and is, therefore, qualified and exempt from taxation.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

(8) Untimely remittance of participant contributions

The Plan Sponsor is required by Department of Labor regulation to remit participant contributions as soon as practicable, but by no later than the fifteenth business day following the end of the month in which the amounts were withheld from wages. Contributions withheld on various payroll dates during Plan years 2006 and 2007 totaling $114 were not remitted to the Plan until January 14, 2010.

(9) Related party transactions

All of the Plan investments in the pooled separate accounts and the guaranteed interest account are managed by Principal Life Insurance Company, the custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Administrative fees paid by the Plan to the custodian amounted to $8,803 and $7,127 in 2010 and 2009, respectively. The Plan also holds notes receivable from participants which also qualify as party-in-interest transactions.

(10) Risks and uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.
