EQUIPMENT DEPOT PA RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2010
(with comparative December 31, 2009 information)

1. General description of Plan:

The following description of the Equipment Depot PA Retirement Savings Plan (the Plan), provides only general information. The Plan agreement provides a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution pension plan. It includes all full-time employees of the Company who have attained the age of 18. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

The Plan is funded by employees who may contribute a portion of their annual compensation not to exceed the limits prescribed by the Internal Revenue Code, by rollovers and by Company matching contributions, which the Company determines from year to year, allocated to employee accounts equal to a percentage of each contributing participant's elective deferral.

Participants can also contribute voluntary contributions to the Plan, consisting of after-tax dollars and rollover contributions of distributions from other qualified retirement plans, as long as the annual amount allocated to a participant's account is in accordance with federal law.

Participants' accounts:

Each participant's account is credited or charged with the participant's contribution, rollovers, the Company's matching contribution, earnings and losses and certain administrative expenses. Allocations are based on participants' compensation or account balances as defined. All investments are participant-directed. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. General description of Plan (continued):

Vesting:

Participants are immediately vested in their voluntary and rollover contributions plus actual earnings on those contributions. Vesting on the Company contributions plus earnings will be subject to the following vesting schedule:

Years of service	Vested amount
0-1	0 %
2	20
3	40
4	60
5	80
6	100

Former Ransome Lift Division employees of Giles & Ransome, Inc. were given credit, for purposes of determining vesting on Company contributions, for predecessor employer years of service if they were an employee of Giles & Ransome, Inc. on January 31, 2003.

Notes receivable from participants:

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000, or 50% of their vested account balance, whichever is less. Loan terms range from one to five years. The loans are secured by the balances in the participants' accounts and bear a reasonable rate of interest. Principal and interest are paid ratably through weekly and biweekly payroll deductions.

Payment of benefits:

The participant's vested fund balance will be available for withdrawal in a lump sum when the participant reaches age 65. Participants who have attained age 59 1/2 will be permitted to withdraw elective deferrals, rollover contributions and related earnings while still employed by the Company.

1. General description of Plan (continued):

Forfeitures:

Nonvested amounts remaining from terminated former participants are immediately forfeited and placed in a Forfeiture Asset Account to be applied to reduce future Company contributions to the Plan. Forfeiture assets at December 31, 2010 and 2009 amounted to $3,652 and $1,154, respectively. Should the Plan be terminated, all participants will become fully vested. The Company used $9,601 of forfeiture assets to reduce Company contributions during the year ended December 31, 2010.

2. Summary of significant accounting policies:

Basis of accounting:

The financial statements of the Plan are prepared under the accrual method of accounting.

Change in accounting principle:

The Plan adopted the Update to Accounting Standards Codification (ASC) 962, *Reporting Loans to Participants by Defined Contribution Pension Plans*, which clarifies that participant loans should be measured and presented on the statements of net assets available for Plan benefits as notes receivable. The amendment was effective for years ending on or after December 15, 2010, and was applied retrospectively.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Valuation of investments:

Mutual funds are stated at fair value as determined by quoted market prices. The common/collective trust is stated based upon the market value of separate accounts in which the contract participates, which approximates fair value. The common/collective trust assets are invested in a group annuity contract, issued by John Hancock Life Insurance Company.

2. Summary of significant accounting policies (continued):

Valuation of investments (continued):

An adjustment to fair value is made to adjust the benefit-responsive investment contracts of the common collective trust to contract value. Contract value represents contributions made under the contract plus earnings, less withdrawals and administrative expenses. As provided, an investment contract is valued at contract value, rather than fair value, to the extent it is fully benefit-responsive.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for Plan benefits present the approximate fair value of the investment contract as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The statement of changes in net assets available for Plan benefits is prepared on a contract value basis.

Benefits:

Benefits are recorded as a deduction during the period participants are entitled to receive payment, which generally is the period when benefits are paid.

Administrative expenses:

The Company absorbs most of the administrative costs associated with the Plan. Forfeitures may be used to pay the Plan's administrative expenses.

Use of estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan sponsor to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Subsequent events:

The Plan has evaluated subsequent events through October 10, 2011, the date which the financial statements were available to be issued.

2. Summary of significant accounting policies (continued):

Reclassifications:

Certain amounts in the December 31, 2009 statement of net assets available for Plan benefits have been reclassified in order to be consistent with the December 31, 2010 presentation.

3. Certified financial balances:

Asset information disclosed in the accompanying financial statements and schedule, specifically investments and notes receivable from participants held at December 2010 and 2009, net appreciation in fair value of investments and interest income for the year ended December 31, 2010, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Frontier Trust Company, LLC, the trustee of the Plan. 3. Certified investment information (continued):

During 2010, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) changed in value as follows:

Mutual funds	$ 1,201,524
Common collective trusts	33,999

During 2010, the Plan's investments received dividend income as follows:

Mutual funds, dividend income	$ 191,426

4. Fair value measurement:

The Plan ranks investments in a three-level hierarchy for fair value measurements based upon the transparency of inputs to the valuation of an asset or liability. Inputs may be observable or unobservable and refer broadly to the assumptions that market participants would use in pricing the asset or liability. Observable inputs reflect the assumptions market participants would use in pricing the asset or liability based on market data obtained from sources independent of the reporting entity. Unobservable inputs reflect the reporting entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. The three levels of the fair value hierarchy are described below:

Level 1 – Quoted prices in active markets for identical investment.

Level 2 – Other significant observable inputs (including quoted prices for similar investments, interest rates, prepayment speeds, credit risk, etc.).

Level 3 – Significant unobservable inputs (including the Plan's own assumptions in determining the fair value of investments). The Plan does not hold any Level 3 investments.

See Note 2 for a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010.

4. Fair value measurement (continued):

The fair values of assets measured on a recurring basis at December 31, 2010 and 2009 are as follows:

		Fair value measurements using	
2010	Fair value	Level 1	Level 2
Mutual funds	$ 10,579,279	$ 10,579,279	
Common collective trust	1,615,575		$ 1,615,575
Total	$ 12,194,854	$ 10,579,279	$ 1,615,575
2009			
Mutual funds	$ 9,054,891	$ 9,054,891	
Common collective trust	1,557,406		$ 1,557,406
Total	$ 10,612,297	$ 9,054,891	$ 1,557,406

5. Termination of Plan:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested.

6. Tax status:

The Plan sponsor has adopted a standardized plan developed by Ascensus Inc. The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan was subsequently amended. The Administrative Committee believes the Plan, as amended, is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
