We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. NOTE 1 – PLAN DESCRIPTION

General

The American Asphalt Repair & Resurfacing Co., Inc. Retirement Savings Plan (the Plan) is a single-employer defined contribution plan established in 1985 by the Directors of the Association of National Government Contractors, Inc. for the benefit of its eligible employees. Effective January 1, 2003, the Plan was amended and restated in its entirety by executing the Polaris Plus Adoption Agreement No. 001 and adopting the Beneco Polaris Master Plan and Trust. In 2008, the Plan assets were transferred from the Beneco Polaris Master Trust to an individual trust. Beneco, Inc. promulgates the Plan for the benefit of the employees.

Contributions

Contributions to the Plan may include the following:

401(k) Contributions - The annual amount that a participant may elect as 401(k) contributions is limited to the amount designated by the Secretary of the Treasury pursuant to the limits on Elective Deferrals under Internal Revenue Code Section 402(q).

Prevailing Wage Contributions - For work performed under prevailing wage contracts, the amount contributed to the Plan by the employer on behalf of the employee is based on the wage rate and job classification of the employee and will not exceed the amount designated by the Secretary of the Treasury pursuant to the limits under Internal Revenue code Section 415 and Prevailing Wage Laws.

Employer Matching and Profit Sharing Contributions – The matching and profit sharing contribution, if any, is a discretionary amount determined by the Plan administrator. The Plan administrator may limit the amount of deferrals being matched. Salary deferrals on bonuses will not be matched. A participant is eligible for the profit sharing contribution if he is employed on December 31st of the year the contribution is made and has worked at least 1,000 hours.

Participant Accounts

The Plan provides that the 401(k) contributions and Prevailing Wage Contributions, less any expenses attributable to such contributions, will be allocated to the accounts of the participants for whom the contributions were made. Earnings and expenses are allocated proportionally to the participants' accounts.

Retirement Benefits

An employee is eligible for normal retirement benefits upon attaining age 55 and 10 years of service. The participants have all rights to normal retirement benefits. The value of a participant's account may be paid in one or more or any combination of methods such as annuity, lump sum or installments.

Death Benefits

The death benefits with respect to each participant shall be paid to the participant's spouse or, if single, to the designated beneficiary. The value of benefits will equal the deceased participant's interest in the Trust as determined by applicable provisions of the Plan.

NOTE 1 – PLAN DESCRIPTION - Continued

Termination of Employment
If employment terminates for reasons other than death, disability, or retirement, the participant is entitled to receive only the vested portion of their account balance. The actual payment of benefits may not begin until the participant is entitled to a distribution under the terms of the Plan. If the terminated participant is employed within six months of termination by another employer who has adopted the Plan, his account balance will be transferred to the new employer's plan.

Plan Investment Options
Upon enrollment in the Plan, participants may direct their contributions in a number of investment options as determined by Investment Manager. The employer contributions are invested in accordance with the participant's investment selection.

Rollovers
At the discretion of the Plan administrator, a participant may be permitted to transfer distributions from other qualified plans into the Plan. The rollover will be placed in a separate rollover account and the participant will be 100 percent vested in this account.

Vesting
A participant's interest in the employer prevailing wage contributions and participant contributions to his/her account is always 100 percent vested. Vesting in the employer's contribution portion of their account is based on years of service. A participant is 100 percent vested after five years of credited service.

Fees
All fees are disbursed from the Trust according to agreements between the Sponsor and the soliciting agent, the Plan administrator and the bank trustee. Other professional fees are approved by the Plan administrator.

Notes Receivable from Participants
Under the Plan, participants with Plan account balances may borrow the lesser of $50,000 or 50 percent of the participant's vested account balance. Loans are to be repaid at least quarterly on the basis of substantially level amortization of principal and interest, within five years from the date the loan is made, except when used to acquire a principal residence. The loans are secured by the balance in the participant's account and bear interest at prime plus one percent. A participant can repay a loan in full or in part at any time. The Plan also provides for withdrawals in the event of immediate and heavy financial need.

Forfeited Accounts
Forfeitures of matching contributions reduce matching contributions and/or offset plan expenses at the discretion of the plan administrator. Forfeitures of profit sharing contributions are allocated to eligible participants who have satisfied the eligibility benefit requirements for such contributions. Forfeiture of nonvested account balances at December 31, 2010 and 2009 totaled $167 and $951, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Cash and Cash Equivalents
The Plan considers highly liquid investments with a maturity of three months or less at acquisition to be cash equivalents.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting
The financial statements of the Plan are prepared using the modified cash basis of accounting, under which contributions and investment income are reported when received rather than when earned and distributions and expenses are recorded when paid rather than when incurred.

Payment of Benefits
Benefits are recorded when paid.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end. Investments in common/collective trusts are included in the financial statements at the December 31, 2010 and 2009 fair values of the underlying investments. Security transactions are recorded on a trade date basis. Interest and dividends are recorded when earned.

Notes Receivable from Participants
Participant loans are stated at their unpaid principal balance plus any accrued but unpaid interest and represent amounts a participant borrows against his own individual account. Loan repayments are withheld from the employee's payroll check.

Subsequent Events
The Plan has evaluated subsequent events through September 29, 2011, which is the date the financial statements were available to be issued.

NOTE 3 –INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the trustee as of December 31, 2010 and 2009. Investments that represent five percent or more of the assets are separately identified.

Wells Fargo Stable Value Fund	$ 1,735,798	$ 1,494,163
American Funds	662,893	602,476

T. Rowe Price Funds	207,833	0
Other registered investments companies	358,127	472,677
Cash & money market funds	10,138	14,787

NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 – Quoted prices in active markets that are accessible at the measurement date for identical or similar assets or liabilities
- Level 2 – Observable inputs other than quoted prices included within Level 1. Inputs that are principally derived from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value measurement of the assets or liabilities. These include certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

NOTE 4 – FAIR VALUE MEASUREMENTS - Continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies the Plan used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010.

Registered Investment Companies: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Common/Collective Trusts: Valued at market value of the underlying investments. Fair value approximates contract value in the Plan's Statements of Net Assets Available for Benefits as of December 31, 2010 and 2009.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009.

	Assets at Fair Value as of December 31, 2010			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 1,438,889	$ 0	$ 0	$ 1,438,889
Common/collective trust	0	1,735,798	0	1,735,798
Total assets at fair value	$ 1,438,889	$ 1,735,798	$ 0	$ 3,174,687

	Assets at Fair Value as of December 31, 2009			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 1,257,426	$ 0	$ 0	$ 1,257,426
Common/collective trust	0	1,494,163	0	1,494,163
Total assets at fair value	$ 1,257,426	$ 1,494,163	$ 0	$ 2,751,589

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right to discontinue its contributions at any time and to terminate the Plan subject to the Provisions of the Employee Retirement Income Security Act of 1974 (ERISA). In any such event, the participants continue to be 100% vested in their participant account balances.

NOTE 6 - TAX STATUS

The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believe that the plan is qualified and the related trust is tax-exempt.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that change in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8 – RECLASSIFICATIONS

Certain amounts in the December 31, 2009 financial statements have been reclassified to conform to the December 31, 2010 presentation.
