Independent Auditors' Report

Plan Administrator of
Hearthside Food Solutions 401(k) Plan II
Downers Grove, Illinois

We were engaged to audit the financial statements and supplemental schedules of Hearthside Food Solutions 401(k) Plan II (Plan) as of December 31, 2010 and for the eight-month period then ended, as listed in the table of contents. These financial statements and supplemental schedules are the responsibility of the Plan's Administrator.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by American United Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan Administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the custodian as of December 31, 2010 and for the eight-month period then ended that the information provided to the Plan Administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Hearthside Food Solutions 401(k) Plan II

Notes to Financial Statements

1. Plan Description

The following description of Hearthside Food Solutions 401(k) Plan II (Plan) provides only general information. Participants should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan was formed on May 10, 2010 upon the acquisition of certain assets of Consolidated Biscuit Company by Hearthside Holdco, LLC, the parent company of Hearthside Food Solutions, LCC (Company, Employer and Plan Sponsor). Consequently, all employees participating in the Consolidated Biscuit Company 401(k) Retirement Savings Plan (former Plan) who became employees of the Company were eligible to participate in the Plan on May 10, 2010 and were allowed to elect a voluntary rollover of their account balance from the former Plan.

The Plan is a defined contribution plan which covers all eligible employees of the Company and is designed to provide benefits upon retirement, termination, death or disability. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employees become eligible to participate in the 401(k) portion of the Plan and receive employer contributions on the first day of the Plan year quarter following completion of one year of employment with at least 1,000 hours of service, and attainment of age 21.

Contributions and Vesting

Participants may elect to make deferral contributions not to exceed 50% of pretax annual compensation, as defined in the Plan, up to the maximum allowable under the Internal Revenue Code (IRC). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may make a discretionary matching contribution. The Company currently contributes 50% of the first 4% of a participant's deferred compensation. A discretionary employer profit sharing contribution is determined annually by the Company. For the 2010 Plan year, an employer profit sharing contribution was paid to eligible participants in the amount of \$1,070,300.

Participants' voluntary contributions and related earnings are immediately 100% vested. Participants become vested in employer matching and profit sharing contributions, and related earnings, based on years of service. A participant is 100% vested after six years of credited service. Upon death, disability or retirement, a participant's balance becomes fully vested.

Forfeitures

Any non-vested employer matching and profit sharing contribution amounts are forfeited upon termination of the employee and is used first to pay administrative expenses of the Plan or reduce future employer contributions. At December 31, 2010, forfeited non-vested accounts totaled \$1,250.

See accompanying independent auditors' report.

Hearthside Food Solutions 401(k) Plan II

Notes to Financial Statements

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the discretionary employer matching and profit sharing contributions, and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investment of their account balances into various investment options offered by the Plan.

Notes Receivable From Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account and bear interest at rates that are commensurate with local borrowing rates when issued. Interest rates on notes receivable at December 31, 2010 range from 5.00% to 10.25%. Principal and interest is paid ratably through payroll deductions over a period not to exceed five years, unless the notes were used to purchase a primary residence, in which case the note terms do not exceed 30 years.

Payment of Benefits

Upon termination of service due to death, disability, retirement or separation, participants may elect to receive their benefits as a lump-sum amount equal to the value of their interest in their account, unless the participant elects to receive his or her benefits in the form of equal installments. Participants who have attained age 59½ are permitted to receive in-service withdrawals. Additionally, under certain circumstances of financial hardship, participants are allowed to withdraw funds from the Plan.

Administrative Expenses

Certain administrative expenses are paid by the Plan. Certain other costs and expenses incurred in connection with the operation of the Plan are paid by the Company.

2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared under the accrual method of accounting.

Subsequent Events

Subsequent events have been evaluated by management through October 14, 2011, the date these financial statements were available to be issued.

See accompanying independent auditors' report.

Hearthside Food Solutions 401(k) Plan II

Notes to Financial Statements

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset (an exit price) in the principal or most advantageous market for the asset in an orderly transaction between market participants on the measurement date.

Inputs to valuation techniques refer to the assumptions that market participants would use in pricing the asset. The Plan utilizes a fair value hierarchy for valuation inputs that gives the highest priority to quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, other inputs that are observable or can be corroborated by observable market data.

Level 3 - Inputs to the valuation methodology are both significant to the fair value measurement and unobservable.

The following valuation methodologies were used to measure the fair value of the Plan's investments:

Guaranteed Interest Contract: Amounts allocated to the American United Life (AUL) Fixed Interest Account (FIA), an investment option within the group annuity contract with AUL, is considered to be benefit responsive by the issuer due to certain characteristics of the contract. AUL maintains the contributions in a general account. Benefit responsive contracts held by a defined contribution plan are required to be reported at contract value, with an adjustment to fair value. However, the contract is reported at contract value, which approximates fair value. Contract value represents contributions made under the contract, plus interest at a specified rate determined

See accompanying independent auditors' report.

Hearthside Food Solutions 401(k) Plan II

Notes to Financial Statements

periodically by AUL, minus withdrawals and charges as specified in the contract. The annual minimum guaranteed interest rate for the contract is the lesser of 3.00% or an amount as determined by the contract. The crediting interest rate at December 31, 2010 was 2.53%.

Pooled Separate Accounts (PSAs): Amounts allocated to the AUL pooled separate accounts are credited to a participant's account in the form of accumulation units. The value of an accumulation unit is determined at the close of each business day and is directly related to the net asset value (NAV) of the shares of the underlying investments adjusted for any dividends or distributions received by AUL and the daily equivalent of any fee charged by AUL pursuant to the contract. The value of each accumulation unit is published each business day. While the majority of the underlying asset values are based on quoted prices, the PSAs are not publicly quoted. The NAV is reported by the fund managers as of the financial statement date based on recent transaction prices. The PSAs held by the Plan provide for daily redemptions by the Plan at reported NAV with no advance notice requirement. The Plan is permitted to redeem investment units at NAV on the measurement date.

The Plan's valuation methods may result in a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Although Plan management believes the valuation methods are appropriate and consistent with market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis.

Payment of Benefits

Benefits are recorded when paid.

New Accounting Pronouncements

In January 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2010-06, *Improving Disclosures about Fair Value Measurements*. This standard requires new disclosures on the amount and reason for transfers in and out of Level 1 and 2 recurring fair value measurements. The standard also requires disclosure of activities, on a gross basis, including purchases, sales, issuances and settlements, in the reconciliation of Level 3 fair value recurring measurements. The standard clarifies existing disclosure requirements on levels of disaggregation and disclosures about inputs and valuation techniques. The new disclosures regarding Level 1 and 2 fair value measurements and clarification of existing disclosures became effective for periods beginning after December 15, 2009 and did not have a material impact on the Plan's financial statements. The disclosures regarding the reconciliation of information in Level 3 recurring fair value measurements are required for periods beginning after December 15, 2010 and are not expected to have a significant impact on the Plan's current fair value disclosures.

In May 2011, the FASB issued ASU 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs* (ASU 2011-04). ASU 2011-04 amended ASC 820, *Fair Value Measurements and Disclosures*, to provide a consistent definition of

Notes to Financial Statements

fair value and improve the comparability of fair value measurements presented and disclosed in financial statements prepared in accordance with U.S. GAAP and IFRSs. Some of the amendments clarify the application of existing fair value measurement and disclosure requirements, while other amendments change a particular principle or requirement for measuring fair value or disclosing information about fair value measurements. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. Plan management currently is evaluating the effect that the provisions of ASU 2011-04 will have on the Plan's financial statements.

3. Investments

The following table sets forth the Plan's investments by level within the fair value hierarchy.

4. Information Certified by the Plan's Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate.

December 31, 2010

Guaranteed interest contract	\$ 2,060,069
Pooled separate accounts	14,552,111

Eight-month period ended December 31, 2010

Interest income	\$ 22,437
Net investment gain from pooled separate accounts	1,340,575

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

5. Related Party Transactions

Plan investments include a guaranteed interest contract and pooled separate accounts managed by American United Life Insurance Company. AUL is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid to AUL for administrative services were \$860 during 2010.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7. Income Tax Status

The Company has adopted the Prototype Non-Standardized 401(k) Profit Sharing Plan Document of American United Life Insurance Company. In a letter dated January 31, 2006, the Internal Revenue Service (IRS) stated that the prototype plan is in compliance with the applicable requirements of the IRC. The Plan document has been amended since receiving the letter; however, the Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2010 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there currently are no audits for any tax periods in progress.

See accompanying independent auditors' report.

Notes to Financial Statements

8. Delinquent Participant Contributions

The Company determined that certain employee deferrals and loan repayments had not been remitted to the Plan in a timely manner according to Department of Labor regulations. The amounts reported for the year ended December 31, 2010 was \$193,361. The Company is in the process of calculating last earnings for the late remittances, and intends to deposit these funds into the Plan.

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.
