We were engaged to audit the accompanying statement of net assets available for benefits of the Summit Energy 401(k) Profit Sharing Plan (the "Plan") as of December 31, 2010, and the related statement of changes in net assets available for benefits for the year then ended, and the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management. Cotton and Allen, PSC was engaged to audit the financial statements of the Plan for the year ended December 31, 2009, whose report dated July 28, 2010, disclaimed an opinion on the 2009 financial statements for the same reasons described in the following paragraph.

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Reliance Trust Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the custodian holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the custodian regarding the completeness and accuracy of the information summarized in Note 3 that was provided to the Plan Administrator by the custodian as of and for the year ended December 31, 2010, and as of December 31, 2009.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2010 financial statements and supplemental schedule taken as a whole. The form and content of the information included in the 2010 financial statements and supplemental schedule, other than that derived from the information certified or provided by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

SUMMIT ENERGY 401(K) PROFIT SHARING PLAN

Notes to the Financial Statements

1. Description of the Plan

The following description of Summit Energy 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established on January 1, 1995 covering virtually all employees of Summit Energy Services, Inc. (the "Sponsor" and "Plan Administrator") who are age 21 or older and provides eligibility to participants in the Plan upon three months of employment with the Sponsor. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Effective July 1, 2008, the Plan was made available to former employees of another company acquired by the Plan Sponsor, provided they meet all other eligibility requirements.

Contributions

Each year participants may contribute an amount of pre-tax annual compensation as defined in the Plan, not to exceed the limits of Internal Revenue Service Code Sections 401(k), 404 and 415. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. At the discretion of the Sponsor's Board of Directors, the Sponsor may make matching contributions equal to 50% of participants' elective deferrals, not to exceed 6% of compensation as well as additional profit sharing contributions. Contributions are subject to certain limitations. During the years ended December 31, 2010 and 2009, the Sponsor matched 50% of elective deferrals not exceeding 6% of compensation.

Participant Accounts

Each participant's account is credited with the participant's and the Sponsor's contributions and allocations of Plan earnings or losses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings (losses) thereon. Vesting of the Sponsor's discretionary contributions, plus actual earnings thereon, is based on years of continuous service. The Sponsor's discretionary contributions and the actual earnings thereon, vest in 20% increments over five years of a participant's credited service. Former employees of another company acquired by the Plan Sponsor joined the Plan effective July 1, 2008. The Plan credited them for vesting purposes with their service at the acquired company.

Investment Options

Upon enrollment in the Plan, a participant may direct employee and employer contributions in any of several investment options. Participants may change their investment options at their discretion.

SUMMIT ENERGY 401(K) PROFIT SHARING PLAN

Notes to the Financial Statements, continued

1. Description of the Plan, continued

Forfeited Accounts

Forfeitures may be used to reduce Plan administration expenses or to reduce future employer contributions. During the year ended December 31, 2010, the Plan used \$3,559 in forfeitures to reduce employer contributions. At December 31, 2010 and 2009, there were no forfeited non-vested accounts.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant or their beneficiaries may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Other forms of benefit payments may be selected including periodic installments or partial distributions, subject to limitations as defined in the Plan agreement.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

The Plan invests in common trust funds that contain various fully benefit-responsive investment contracts. An adjustment from fair value to contract value was not made in the accompanying statements of net assets available for benefits, as the Plan Administrator determined that the contract value approximated fair value at December 31, 2010 and 2009. Additional disclosures describing the investment contracts and underlying securities investments of the common trust funds may be obtained from Reliance Trust Company, the funds manager.

Management's Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4, Fair Value Measurements, for discussion of fair value measurements.

SUMMIT ENERGY 401(K) PROFIT SHARING PLAN

Notes to the Financial Statements, continued

2. Summary of Significant Accounting Policies, continued

Investment Valuation and Income Recognition, continued

The fair value of certain alternative investments is determined using the net asset value ("NAV") per share as a practical expedient when the fair value is not readily determinable, unless it is probable the investment will be sold at something other than NAV. See Note 4 for disclosures related to the fair value of investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

The Plan is responsible for its administrative expenses unless paid by the Sponsor.

Adoption of Accounting Amendments

In January 2010, an accounting amendment was issued, "Fair Value Measurements and Disclosures – Improving Disclosures about Fair Value Measurements", which requires new disclosures and reasons for transfers of financial assets and liabilities between levels 1 and 2. This amendment also clarifies that fair value measurement disclosures are required for each class of financial assets and liabilities, and disclosures about inputs and valuation techniques are required for both level 2 and level 3 measurements. It further clarifies that the reconciliation of level 3 measurements, if any, should separately present purchases, sales, issuances, and settlements instead of netting these changes.

With respect to the matters other than level 3 measurements, the amendment was adopted by the Plan for the year ended December 31, 2010. The guidance related to level 3 measurements is effective for the year ending December 31, 2011 and has not yet been adopted. Management is currently evaluating the impact of the guidance related to this matter on its disclosures.

Subsequent Events

Management has evaluated subsequent events for recognition or disclosure in the financial statements through October 12, 2011, which was the date at which the financials were available to be issued.

3. Information Certified or Provided by Reliance Trust Company

The following is a summary of the Plan's asset information as of December 31, 2010 and 2009, and for the year ended December 31, 2010, included throughout the Plan's financial statements and the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2010, that was prepared by or derived from information provided by the custodian, Reliance Trust Company ("Reliance") and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from Reliance that information provided to the Plan Administrator by Reliance related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to asset information in this note which appears throughout the financial statements and the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2010.

The following table presents the fair value of the assets in the Plan that were certified by Reliance. Single investments representing more than 5% of the Plan's net assets as of December 31, 2010 and 2009 are separately identified.

December 31,	<u>2010</u>	<u>2009</u>
Investments held by Reliance at fair value		
Vanguard Money Market	\$ 756,493	\$ 610,667
Aston Optimum Mid Cap Fund N	**	394,536
American Century Equity Income Fund IV	555,244	412,192

4. Fair Value Measurements

Accounting standards have established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan had the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets at fair value. There have been no changes in methodologies used to determine fair value at December 31, 2010 and 2009.

Money market and mutual funds: Valued at the net asset value NAV of units held by the Plan at year end.

Common trust funds: Valued based on the NAV of the units of participation in the funds. The common trust funds are valued at fair value as determined based on audited financial information provided by the fund on the fair value of the underlying assets. Units of participation are issued and redeemed daily at the NAV.

4. Fair Value Measurements, continued

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010:

Assets at Fair Value as of 2010				
	Level 1	Level 2	Level 3	Total

Total assets at Fair Value	<u>\$ 6,288,784</u>	<u>\$ 344,115</u>	<u>\$ -</u>	<u>\$ 6,632,899</u>

The table below sets forth the fair value of investments in certain entities that calculate NAV per share (or its equivalent) for the year ended 2010:

Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common trust funds	\$ 525,524	\$ -	Daily	None

The common trust funds are comprised of a series of portfolios which invest in a mix of fixed income and equity mutual funds. Investments in this category can be redeemed daily. The fair value of investments in this category has been estimated using NAV per share of the investments.

5. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. Tax Status

Effective September 2004, the Plan adopted a specimen plan from Standard Insurance Company. Standard Insurance Company received a volume submitter approval letter from the Internal Revenue Service ("IRS") dated July 5, 2005, in which the IRS determined the specimen plan was acceptable under Section 401(a) of the Internal Revenue Code, and therefore the Plan is exempt from taxation. Although the Plan has been amended since the volume submitter approval letter was received, the Plan Administrator believes the Plan is designed and is being operated in compliance with the Internal Revenue Code.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2007.

7. Related Party Transactions, Including Party-In-Interest Transactions

Certain Plan investments are shares of funds administered by Reliance. Reliance served during the year as the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid to Reliance totaled \$75,727 for the year ended December 31, 2010.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that the changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Subsequent Events

In March 2011, the Plan Sponsor was acquired by Schneider Electric SA, a global provider of energy management. As of October 12, 2011, there have been no changes to the operation of the Plan as a result of this transaction. Currently, the Plan Sponsor's management is evaluating various options now available to the Plan as a result of this transaction.
