INDEPENDENT AUDITORS' REPORT

To the Trustees of
F.S. Lopke Contracting, Inc.
401(k) Plan

We were engaged to audit the financial statements and supplemental schedules of **F.S. LOPKE CONTRACTING, INC. 401(k) PLAN** as of December 31, 2010 and 2009, and for the years then ended, as listed in the accompanying index. These financial statements and schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), as amended, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Great-West Life & Annuity Insurance Company (GWLA) and ING Life Insurance & Annuity Company (ING) for the year ended December 31, 2010 and by ING for the year ended December 31, 2009, the custodians of the Plan, except for comparing the information with the related information included in the financial statements and supplementary schedules. We have been informed by the plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from GWLA and ING as of and for the years ended December 31, 2010 and from ING as of and for the year ended December 31, 2009, that the information provided to the plan administrator by the custodians is complete and accurate.

The statement of changes in net assets available for benefits does not include a separate accounting of interest, dividends, realized and unrealized gains and losses with respect to the investments held under trust. Instead, the custodian reflects the earnings for the underlying investments held under trust by factoring the earnings based on the value of the separate account funds. Such earnings are reflected as net appreciation/depreciation in fair value of investments on the statement of changes in net assets available for benefits.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedules taken as a whole. The form and content of the information included in the financial statements and schedules, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, except for the omission of the information discussed in the preceding paragraph, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - SUMMARY DESCRIPTION OF THE PLAN

The following description of the F.S. Lopke Contracting, Inc. 401(k) Plan (the Plan) provides only general information.

Plan Sponsor: F.S. Lopke Contracting, Inc. (the Sponsor)
Plan Name: F.S. Lopke Contracting, Inc. 401(k) Plan
Three Digit Plan Number: 001
Employer Identification Number: 16-1012179
Plan Trustees: Frank S. Lopke, Barbara A. Lopke, and Dolene E. Riley (the Trustees)
Plan Custodian: Great-West Life & Annuity Insurance Company (the Custodian).
Former Plan Custodian: ING Life Insurance & Annuity Company (the Former Custodian).

Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan, which began service on January 1, 1995, is a defined contribution plan covering the employees of F.S. Lopke Contracting, Inc. and Lopke Quarries, Inc., a related company to the Sponsor. The Plan covers essentially all employees, except non-resident aliens, who are at least 21 years old and have one year of service. Employees are able to enter the Plan on the earlier of January 1st or July 1st upon meeting the aforementioned eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan was amended on December 4, 2002, to meet the requirements of the Economic Growth and Tax Relief Reconciliation Act of 2001 ("EGTRRA"). These amendments had no effect on the net assets available for benefits.

Participants may elect to defer compensation and make voluntary cash contributions to the Plan with certain limitations. Participants who have attained age 50 before the close of the Plan year are eligible to make catch-up contributions in accordance with, and subject to, certain limitations of the Internal Revenue Code. The maximum deferral a participant may make may not exceed the lesser of their eligible compensation or $16,500 for 2010 and 2009.

Annually, the Sponsor determines the match contribution percentage on the first 4% of eligible compensation and a non-elective discretionary contribution. The Sponsor authorized a matching contribution percentage of 50% on the first 4% of employee's eligible compensation for 2010. In addition, the Sponsor may make a non-elective discretionary contribution. There was no non-elective discretionary contribution for 2010 and 2009.

Under no circumstances are employees allowed to make annual additions to their accounts in excess of the lesser of 100% of compensation or $49,000 for the years ended December 31, 2010 and 2009, combining both 401(k) elective deferrals and Sponsor match and non-elective discretionary contributions.

Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution, (b) Plan earnings, and (c) forfeitures of terminated participants' non-vested accounts. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. The Plan is a participant-directed plan.

NOTE 1 - SUMMARY DESCRIPTION OF THE PLAN (Continued)

Participants are immediately vested in their voluntary contributions. For participants credited with an hour of service beginning after December 31, 2001, the Plan provides for the following graduated vesting, with regard to the Sponsor's contributions, 20% per year after two years, with 100% vesting at six years of service.

Benefits are available for distribution at the normal retirement age of 65, or a deferred retirement date if a participant works past age 65, termination of employment, permanent disability, or upon death. Distributions are paid in the form of a lump-sum of the total vested participant account balance. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions related to the distribution of benefits.

The Sponsor pays administrative costs of the Plan.

Loans to participants are reported at their unpaid principal plus any accrued but unpaid interest. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The $50,000 maximum amount will be reduced by the participant's highest outstanding loan balance in the previous twelve months, even if amounts have been repaid. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 3.25% to 10.25%, which are commensurate with local prevailing rates as determined monthly by the Plan administrator. The maximum repayment period is 5 years. Principal and interest is paid ratably through payroll deductions.

If a participant's employment is terminated, the non-vested portion of a participant's account balance becomes subject to forfeiture. Forfeitures of Sponsor matching contributions and non-elective discretionary contributions will supplement current matching contributions and non-elective discretionary contributions, respectively.

The Plan has adopted the provisions of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) No. 740, ***"Income Taxes"***, as amended by FASB Accounting Standards Update (ASU) No. 2009-06, ***"Implementation Guidance on Accounting for Uncertainty in Income Taxes and Disclosure Amendments for Nonpublic Entities"*** effective January 1, 2009. As of January 1, 2009 management has determined there were no liabilities for unrecognized tax benefits as a result of the implementation of FASB ASC No. 740, as amended.

The Plan has not recognized any interest or penalties on unrecognized tax benefits in the statement of changes in net assets available for benefits nor has it accrued any in the statement of net assets available for benefits as of and for the years ended December 31, 2010 and 2009.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The Plan has elected to present these statements on the accrual basis of accounting.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value of Financial Instruments and Earnings from Investments - The Plan follows the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) No. 825, *"Financial Instruments."* The statement establishes standards for disclosing the fair value of financial instruments for which it is practicable to estimate that value. In addition, the methods and significant assumptions used to estimate the fair value of the financial instruments must be disclosed. Financial instruments are defined as cash, evidence of an ownership in an entity, or a contract that meets the following criteria:

1. Imposes on one entity an obligation (a) to deliver cash or another financial instrument to a second entity, or (b) to exchange other financial instruments on potentially unfavorable terms with the second entity.
2. Conveys to that second entity a contractual right (a) to receive cash or another financial instrument from the first entity, or (b) exchange other financial instruments on potentially favorable terms with the first entity.

The earnings on the investments held under trust do not account for separately the appreciation (depreciation) in the fair value of said investments from the investment income (i.e. interest, dividends etc.) as reported to the plan administrator by the Custodians.

The Plan's investments consist of mutual fund shares held under contract and unallocated insurance contracts with the Custodians. The Plan's participants do not hold shares of stocks, bonds or mutual fund shares under the contract, instead contributions to the contract are held in the Custodians' pooled separate account, which, in turn, purchases shares of mutual funds. The interest, dividends and realized/unrealized gains and losses with respect to the mutual fund shares held under contract are factored into the value of the separate account funds. The value of the separate account unit of participation is determined by dividing the total value of the separate account by the total number of units of participation held by the plans invested in the separate account. The value of the separate account includes the dividends earned and any realized or unrealized gains or losses associated with the underlying investments. The Custodians have advised the plan administrator that it is impractical to have a separate accounting of investment income and appreciation/depreciation on the value of the assets. Financial instruments stated at fair value consisted of the following at December 31:

	2010		2009	
	Carrying Amount	Fair Value	Carrying Amount	Fair Value
Mutual Funds	$ 1,640,096	$ 1,640,096	$ 1,282,222	$ 1,282,222
Unallocated Insurance Contracts	396,152	396,152	618,555	618,555
Cash	3,563	3,563	-	-
	$ 2,039,811	$ 2,039,811	$ 1,900,777	$ 1,900,777

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The Plan's assets also consist of the following financial instruments for which the fair value has been determined to be impracticable to estimate. There are no readily available markets for these assets to enable an accurate estimate as to the fair value. These investments are carried on the statement of net assets available for benefits at current value using the discounted value of expected cash flows, which approximates cost.

	2010	2009
Participant Loans	$ 17,028	$ 21,105

Risks and Uncertainties - Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the fair value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect the net assets of the Plan. Therefore, the Plan depends upon the stock market performance, which has improved during the two years ended December 31, 2010. This is a natural cycle of the economy; hence, the market may deteriorate in the near term.

Form 5500 - These financial statements contained certain groupings that are not replicated on the Form 5500.

NOTE 3 - TAX STATUS

The Plan obtained its latest determination letter on September 18, 2001, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 4 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are 100% vested in their accounts.

NOTE 5 - SUMMARY OF UNAUDITED INFORMATION

The Plan custodian, Great-West Life & Annuity Insurance Company (GWLA), and former custodian, ING Life Insurance & Annuity Company (ING), holds the Plan's investment assets and executes investment transactions. Financial information relating to the assets held and transactions executed by the custodians are included in the accompanying financial statements and are based on information provided by the custodians. As of December 31, 2010, the Plan's assets included the following investments, under the captions indicated, that exceeded 5% of Net Assets Available for Benefits, measured as of the beginning of the Plan year.

Asset	Fair Value at December 31, 2010

NOTE 7 - SEPARATED PARTICIPANTS

At the Plan's year-end, there were fifteen participants separated from service, with plan assets. The separated participants are entitled to the income earned from their assets but are not eligible to share in subsequent Plan contributions or forfeitures. The value of the assets of separated participants was $300,975 at December 31, 2010.

NOTE 8 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits.

	Fair Value	Fair Value Measurements Using: Significant Unobservable Inputs (Level 3)
December 31, 2010		
Mutual Funds	$ 1,640,096	$ 1,640,096
Unallocated Insurance Contracts	396,152	396,152
Total	$ 2,036,248	$ 2,036,248
December 31, 2009		
Mutual Funds	$ 1,282,222	$ 1,282,222
Unallocated Insurance Contracts	618,555	618,555
Total	$ 1,900,777	$ 1,900,777

The Unallocated Insurance Contracts at December 31, 2010 represent an investment in First GWL&A Key Guaranteed Portfolio Fund, a fixed annuity investment option. The investment objective is to provide a guarantee of principal and a guaranteed quarterly interest rate. The First GWL&A Key Guaranteed Portfolio Fund is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and the prevailing market conditions. Interest crediting is reset quarterly. The average yield earned by the Plan for the benefit responsive fund is derived by averaging the quarterly gross interest rates for the fund over the year. The average for 2010 was 2.49%.

NOTE 8 - FAIR VALUE MEASUREMENTS (Continued)

Generally accepted accounting principles establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Other than the cash assets at December 31, 2010, which were valued using Level 1 inputs, there were no other Level 1 or 2 inputs available; accordingly, the Plan utilized only Level 3 inputs to measure fair value.

Level 3 Fair Value Measurement

As more fully disclosed in Note 2, the Plan's mutual fund shares and unallocated insurance contracts are held in the Custodians' pooled separate account, which, in turn, purchases shares of mutual funds. Therefore, the mutual funds and unallocated insurance contracts held in the Custodians' pooled separate account are not actively traded and significant other observable inputs are not available. Thus, the fair value of the mutual funds and unallocated insurance contracts are determined by the Custodians based on the fair value of similar types of investments, subject to any applicable surrender charges, as of December 31, 2010 and 2009. The following table provides further details of the Level 3 fair value measurements.

Fair Value Measurements Using Significant Unobservable Inputs (Level 3)

For the Year Ended December 31, 2009	Mutual Funds	Unallocated Insurance Contracts
Beginning Balance	$ 999,556	$ 465,708
Purchases, Sales, Issuances, Settlements, and Net Appreciation/(Depreciation) in Fair Value, Net	282,666	152,847
Balance at December 31, 2009	$ 1,282,222	$ 618,555
For the Year Ended December 31, 2010		
Beginning Balance	$ 1,282,222	$ 618,555
Purchases, Sales, Issuances, Settlements, and Net Appreciation/(Depreciation) in Fair Value, Net	357,874	(222,403)
Balance at December 31, 2010	$ 1,640,096	$ 396,152

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2010 and 2009, are reported in net appreciation (depreciation) in fair value of investments.

NOTE 9 - SUBSEQUENT EVENT

The Plan's trustees have evaluated events and transactions that occurred during the period from January 1, 2011 through October 4, 2011, which is the date the financial statements were available to be issued, for possible disclosure and recognition in the financial statements.
