Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

We were engaged to audit the accompanying statements of net assets available for benefits and of accumulated Plan benefits of the Captive Plastics, Inc. Defined Benefit Pension Plan as of December 31, 2010 and 2009, and the related statements of changes in net assets available for benefits and of changes in accumulated Plan benefits for the year ended December 31, 2010. These financial statements and the supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor (DOL)'s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5; which was certified by Fifth Third Bank, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and the supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the trustee, as of December 31, 2010 and 2009 and for the year ended December 31, 2010 that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and the supplemental schedule taken as a whole. The form and content of the information included in the financial statements and the supplemental schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

December 31, 2010 and 2009

Note 1 – Plan Description

The following description of the Captive Plastics, Inc. (Company) Defined Benefit Pension Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined benefit pension plan covering certain full-time employees of the Company who have completed one year of service and attained 21 years of age. Effective September 1, 2003, employees must be employed prior to September 1, 2002 to be eligible. The Plan is subject to the provisions of ERISA.

Pension Benefits

The benefits provided by the Plan include normal retirement, disability, and death benefits. The Plan provides pension benefits to participants currently receiving benefits and terminated employees with deferred vested status. Participants are eligible for pension benefits at retirement age; normally 65 unless early retirement is elected, equal to an amount, as defined by the benefit formula based on Plan compensation and credited service.

The Plan permits early retirement at a reduced benefit when a participant attains age 55 and has completed at least ten years of service. A participant who continues employment beyond the normal retirement date will receive monthly retirement benefits as if they had retired on normal retirement date and may continue to accrue additional benefits until they cease employment or reach age 70 1/2.

Whenever the employment of a participant terminates for reasons other than early retirement, normal retirement, death, or total and permanent disability, the participant is entitled to the value of their mandatory contribution benefits account, plus a percentage, based on years of service of their accrued retirement benefits account.

Distribution of the nonforfeitable value of the participant's account is made through monthly benefit payments in the form of a life annuity for unmarried participants or a joint and survivor annuity for married participants, unless otherwise elected, or a lump-sum distribution. Participants should refer to the Plan agreement for a complete description of the monthly benefit payment options available.

Death and Disability Benefits

A participant whose employment is severed due to disability prior to the earliest date on which the participant would be entitled to begin receiving benefits shall be entitled to receive retirement benefits reduced by using factors stated in the Plan agreement. Upon death of the participant, under the joint and survivor annuity and pre-retirement survivor annuity, beneficiaries will receive benefits as described in the Plan agreement.

Basis of Accounting

The accompanying financial statements are prepared under the accrual method of accounting.

Note 2 – Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated Plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gain and losses on investments bought and sold as well as held during the year.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated Plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated Plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on Plan compensation and years of credited service. Benefits payable under all circumstances – retirement, death, and termination of employment – are included to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated Plan benefits is determined by an actuary from PSA Insurance and Investment Services and is the amount that results from applying actuarial assumptions to adjust the accumulated Plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

Note 2 – Significant Accounting Policies (Continued)

Actuarial Present Value of Accumulated Plan Benefits (Continued)

The significant actuarial assumptions used in the valuations as of December 31, 2010 and 2009 are as follows:

Assumed mortality basis	RP-2000 Mortality Table projected. Separate rates for males, females, annuitants, and non-annuitants used for 2010 and 2009
Assumed asset valuation method	Actuarial value of assets based on two-year averaging of gain and losses for 2010 and 2009
Assumed employee turnover	Sarason Table T-9 for 2010 and 2009
Assumed benefit commencement date	At age 65 or age on valuation date, whichever is later
Assumed actuarial cost method	Unit credit
Assumed investment return	8.5% for 2010 and 2009

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated Plan benefits.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Subsequent Events

The Plan has evaluated subsequent events through September 29, 2011, the date the financial statements were available to be issued.

Recently Issued Accounting Standards

Improving Disclosures about Fair Value Measurements

The Financial Accounting Standards Board (FASB) issued ASU 2010-6 “Improving Disclosures about Fair Value Measurements”, which requires new disclosures and reasons for transfers of financial assets and liabilities between Levels 1 and 2. This amendment also clarifies that fair value measurement disclosures are required for each class of financial assets and liabilities, and those disclosures should include a discussion of inputs and valuation techniques. It further clarifies that the reconciliation of Level 3 measurements should separately present purchases, sales, issuances, and settlements instead of netting these changes.

With respect to matters other than Level 3 measurements, the amendment was effective for fiscal periods beginning on or after December 15, 2009 and was adopted by the Plan. The guidance related to Level 3 measurements is effective for periods beginning on or after December 15, 2010 and has not yet been adopted. We are currently evaluating the impact of the guidance related to Level 3 measurements on our disclosures.

Note 3 – Funding Policy

The Company has agreed to make contributions to the Plan sufficient to provide the Plan with assets with which to pay pension benefits to Plan participants. The amount of the annual contribution to the Plan and the determination of the estimated accrued obligation for pension benefits are based upon various assumptions made by independent actuaries utilizing the assumptions similar to those in Note 2.

The Company’s contributions for 2010 and 2009 met the minimum funding requirements of ERISA.

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions set forth in ERISA.

CAPTIVE PLASTICS, INC. DEFINED BENEFIT PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2010 and 2009

Note 4 – Plan Termination

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- Benefits for participants, or their beneficiaries, who have been receiving payments for at least three years, or were eligible to retire for that three-year period and would have received benefits if they had retired. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
- Vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. Government agency) up to the applicable limitations (discussed subsequently).
- All other vested benefits (that is, vested benefits not insured by the PBGC).
- All nonvested benefits.

After all liabilities have been satisfied, the Company is entitled to the balance of the trust fund, if any.

To the extent that funds are available, benefits will be paid in full in each of the above distribution categories. If sufficient funds are not available to pay all the benefits in a category, then benefits in that category will be paid on a pro rata basis.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling on the amount of an individual's monthly benefit that the PBGC guarantees.

Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of the individual's monthly benefit that the PBGC guarantees.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency of, at that time, the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan sponsor and the level of benefits guaranteed by the PBGC.

Note 5 – Summary of Financial Data Certified by the Trustee

The following is a summary of the Plan's financial information as of December 31, 2010 and 2009, and for the year ended December 31, 2010, included throughout the Plan's financial statements and the supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustee that the following assets are complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and the supplemental schedule related to the following assets.

<u>Net Assets Available for Benefits Held by Trustee</u>	<u>2010</u>	<u>2009</u>
Investments	13,502,744	11,806,106
Accrued interest	57,453	57,461

* This amount was not over five percent.

During 2010, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

Mutual funds	1,111,100
Corporate bonds	<u>170,100</u>
	<u><u>1,281,200</u></u>

Note 7 – Fair Value Measurements

FASB *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

CAPTIVE PLASTICS, INC. DEFINED BENEFIT PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2010 and 2009

Note 7 – Fair Value Measurements (Continued)

Level 2

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Corporate bonds: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the net asset value of shares held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 8 – Related Party Transactions

Certain Plan investments consist of shares of mutual funds managed by Fifth Third Bank. Fifth Third Bank is the trustee of the Plan, and; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan (or on behalf of) amounted to \$23,666 and \$13,373 for the years ended December 31, 2010 and 2009, respectively.

The Company provides certain administrative services at no cost to the Plan.

Note 9 – Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated September 11, 2002, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan's administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and; therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

Note 10 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated Plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would be material to the financial statements.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
