INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of the
Friar Tux Shop 401(k) Profit Sharing Plan

We have audited the accompanying statements of net assets available for benefits of the Friar Tux Shop 401(k) Profit Sharing Plan (the "Plan") as of December 31, 2010 and 2009, and the statement of changes in net assets available for benefits for the year ended December 31, 2010. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Friar Tux Shop 401(k) Profit Sharing Plan as of December 31, 2010 and 2009, and the change in its net assets available for benefits for the year ended December 31, 2010 in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule as listed in the Index is presented for the purpose of additional analysis and is not a required part of the basic 2010 financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic 2010 financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic 2010 financial statements taken as a whole.

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Friar Tux Shop 401(k) Profit Sharing Plan (the "Plan") provides only general information about the Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan originally established by Friar Tux Shop (the "Company") on January 1, 1990 under the provisions of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of the Company's employees. The Plan was amended and restated effective March 31, 2010.

Eligibility

The Plan covers all full-time, non-union employees, excluding non-resident aliens, who have completed one year of service (including a minimum of 1,000 service hours) and attained the age of 21. Plan entry dates are the earlier of the first day of the seventh month or the first day of the Plan year coinciding with or following the date on which such requirements are satisfied. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Administration and Change in Custodians

Certain members of management of Friar Tux Shop are the Plan's trustees, and the Company is the Plan administrator. The Plan's trustees and administrator are responsible for monitoring investments and maintaining the individual participant account balances. Hartford Retirement Services ("HRS") and The Prudential Insurance Company of America ("Prudential") were the custodians of the Plan's assets during the years ended December 31, 2010 and 2009. Collectively, HRS and Prudential are referred to herein as the Plan's custodians ("Custodians"). Effective January 1, 2011, Mid Atlantic Trust Company ("Mid Atlantic") replaced HRS as custodian for the Plan's investments in mutual funds. In addition, effective January 1, 2011, SEI Investments ("SEI") replaced HRS as custodian for the Plan's investments held in the common collective trust. In connection with these changes, the Plan investments previously held with HRS were fully liquidated and are included in cash as of December 31, 2010, just prior to the Plan assets being transferred to Mid Atlantic and SEI. Effective February 1, 2011, Mid Atlantic replaced Prudential as custodian of the Plan's investments in variable annuity contracts.

NOTE 1 - DESCRIPTION OF PLAN, continued

Contributions

Each participant may elect to contribute a prescribed percentage or fixed dollar amount of his or her compensation to the Plan ("Deferral Contribution"), subject to certain IRC limitations, up to a maximum amount of $16,500 for the 2010 Plan year. Participants that are 50 years of age or older who have met the annual IRC deferral limit, may contribute a catch-up deferral contribution of up to $5,500 for 2010. Participants may also rollover amounts representing distributions from other qualified plans.

The Plan provides for a safe harbor matching contribution ("Safe Harbor Matching Contribution") in which the Company, if it elects to satisfy the "safe harbor" requirements of the IRC, contributes a matching contribution equal to 100% of the participant's Deferral Contributions up to 3% of the participant's compensation plus 50% of the Deferral Contributions between 3% and 5% of the participant's compensation. On May 1, 2010, the Company suspended the Safe Harbor Matching Contribution. For the year ended December 31, 2010, the Safe Harbor Matching Contributions totaled $19,675.

In addition to the Safe Harbor Matching Contribution, the Plan also permits the Company to make an additional matching contribution ("Other Matching Contribution") and a discretionary profit sharing contribution ("Profit Sharing Contribution") to the participants' accounts. For the year ended December 31, 2010, there were no such contributions made to the Plan.

Prior to the liquidation of certain of the Plan's investments (see above), all participant Deferral Contributions and Safe Harbor Matching Contributions to each participant's account were self-directed by the participant in one or more of the investment options offered under the Plan. As of December 31, 2010, the Deferral Contributions and Safe Harbor Matching Contributions were included in cash.

Vesting

Participants are immediately fully vested in their Deferral Contributions and the Safe Harbor Matching Contributions, and the earnings thereon. Vesting in Other Matching Contributions and Profit Sharing Contributions is based on years of continuous service. Participants vest in accordance with the following schedule:

NOTE 1 - DESCRIPTION OF PLAN, continued

Years of Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Forfeited Amounts

Forfeited amounts from terminating participants' non-vested accounts are used to pay Plan expenses or reduce employer contributions to the Plan. Unallocated forfeitures may be used to reduce employer contributions or to pay for Plan expenses. Forfeitures applied to employer matching contributions amounted to $0 for the plan year 2010. As of December 31, 2010, the Company had no unallocated forfeitures.

Participants' Accounts and Investment Options

Individual accounts are maintained for each of the Plan's participants to reflect each participant's contributions and related employer contributions, as well as each participant's share of the Plan's income and any related administrative expenses. Allocations of Plan income and expenses are based on the proportion that each participant's account balance has to the total of all participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Contributions made on behalf of the participants are invested in various funds according to participant elections. Participants' contributions must be allocated among the available funds in whole percentages. Participants may change investment elections at any time via telephone or via internet access with the Custodians.

Payment of Benefits

Upon termination of service including death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account. These payments are paid in one lump sum payment.

NOTE 1 - DESCRIPTION OF PLAN, continued

Hardship Withdrawals

A withdrawal from a participant's account may be permitted if the participant has a financial hardship for certain specific reasons as defined in the Plan document. There were no hardship withdrawals during the year ended December 31, 2010.

Promissory Notes from Participants

Participants may borrow from their accounts up to a maximum of the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and must be repaid at a fixed interest rate which is commensurate with local prevailing rates. Loans must be repaid within five years, unless the loan was for the purchase of a principal residence. In that case, the repayment period is extended. At December 31, 2010 and 2009, the outstanding balances on promissory notes from participants totaled $108,818 and $101,360, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could materially differ from those estimates.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Investment Valuation

Investments are stated at fair value (see Note 3).

Net appreciation or depreciation in fair value of investments for the periods is reflected in the accompanying statement of changes in net assets available for benefits. Purchases and sales of securities are reflected on a trade date basis.

The Fixed Fund, which was held in a common collective trust, consisted primarily of investment contracts issued by life insurance companies, banks, and other financial institutions which resulted in the probability that participant directed transactions with investments in the fund would be at contract value. Therefore, as provided by Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 962, *Plan Accounting - Defined Contribution Pension Plans* ("ASC Topic 962"), investments in the Fixed Fund were considered to be fully benefit-responsive.

As required by the ASC Topic 962, Plan investments in the Fixed Fund were reported at fair value. However, because the investments in the Fixed Fund were considered to be fully benefit-responsive, the statement of net assets available for benefits as of December 31, 2009 is required to present an adjustment from fair value to contract value for investments in the Fixed Fund so that such investments are reflected at contract value in the statement of net assets available for benefits. As of December 31, 2009, the fair value of the Fixed Fund did not approximate its contract value, and therefore, the accompanying statement of net assets available for benefits presents an adjustment for the difference from fair value to contract value for the Fixed Fund. As of December 31, 2010, the investments in the Fixed Fund were liquidated and are included in cash in the accompanying statement of net assets available for benefits as of December 31, 2010.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative expenses are paid by the Company for the administration of the Plan.

Reclassification

Certain prior year amounts have been reclassified to conform to the current year presentation.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

New Accounting Pronouncements

In January 2010, the FASB issued Accounting Standards Update 2010-06, *Improving Disclosures about Fair Value Measurements* ("ASU 2010-06"). ASU 2010-06 amends ASC 820, *Fair Value Measurements and Disclosures* (see Note 3), to clarify certain existing fair value disclosures and to require a number of additional disclosures. The guidance in ASU 2010-06 clarifies that disclosures should be presented separately for each "class" of assets and liabilities measured at fair value and provides guidance on how to determine the appropriate classes of assets and liabilities to be presented. ASU 2010-06 also clarifies the requirement for entities to disclose information about both the valuation techniques and inputs used in estimating Level 2 and Level 3 fair value measurements. In addition, ASU 2010-06 introduces new requirements to disclose the amounts (on a gross basis) and reasons for any significant transfers between Levels 1, 2, and 3 of the fair value hierarchy and to present information regarding the purchases, sales, issuances, and settlements of Level 3 assets and liabilities on a gross basis. With the exception of the requirement to present changes in Level 3 measurements on a gross basis, which is delayed until 2011, the guidance in ASU 2010-06 is effective for reporting periods beginning after December 15, 2009. The Plan adopted ASU 2010-06 for the plan year ended December 31, 2010, and the adoption did not have a material effect on the Plan's net assets available for benefits or its changes in net assets available for benefits, as changes are related to the fair value measurement disclosures.

In September 2010, the FASB issued Accounting Standards Update 2010-25, *Reporting Loans to Participants by Defined Contribution Pension Plans* ("ASU 2010-25"). ASU 2010-25 requires promissory notes from participants to be measured at their unpaid principal balance plus any accrued but unpaid interest and to be classified as notes receivable from participants, and segregated from Plan investments. Previously, loans were measured at fair value and classified as investments.

The Plan adopted ASU 2010-25 for the year ended December 31, 2010. Participant loans of $101,360 previously classified as investments have been reclassified to promissory notes receivable from participants as of December 31, 2009 in the accompanying statement of net assets available for benefits.

NOTE 3 - FAIR VALUE MEASUREMENTS

Accounting guidance defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal market, or in the absence of a principal market, the most advantageous market for the asset or liability, in an orderly transaction between market participants on the measurement date. A fair value hierarchy was established that requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The guidance describes three levels of inputs that may be used to measure fair value:

Level 1—Quoted prices in active markets for identical assets or liabilities.

Level 2—Observable inputs other than quoted prices within Level 1, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; inputs other than quoted prices that are observable for the asset or liability (for example interest rates and yield curves, credit risks and default rates) or other inputs that are principally derived or corroborated by observable market data, correlation, or by other means.

Level 3—Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Investments in Mutual Funds

The fair value of the Plan's investments in mutual funds was determined based on quoted prices in active markets, which represent the net asset value of the shares held, and were classified as Level 1 investments.

Investments in Variable Annuity Contracts

The investments held in the variable annuity contracts invest primarily in mutual funds. The fair value of each variable annuity contract is based upon the fair value of the underlying mutual fund, which is determined based upon its net asset value and which also represents its closing market price. The investments in the variable annuity contracts are classified within Level 2 of the valuation hierarchy.

NOTE 3 - FAIR VALUE MEASUREMENTS, continued

Investments in Common Collective Trust

The investments in the Fixed Fund, which were held in a common collective trust, were classified within Level 2 of the valuation hierarchy. The fair value of these investments was calculated based on the fair values of the underlying securities as determined by the trustee of the common collective trust.

As of December 31, 2010, the Plan's investments measured at fair value on a recurring basis were as follows:

	December 31, 2010		
	Quoted Prices in Active Markets for Identical Assets (Level 1)	**Significant Other Observable Inputs (Level 2)**	**Significant Unobservable Inputs (Level 3)**
Assets:

As of December 31, 2009, the Plan's investments measured at fair value on a recurring basis were as follows:

	December 31, 2009		
	Quoted Prices in Active Markets for Identical Assets (Level 1)	**Significant Other Observable Inputs (Level 2)**	**Significant Unobservable Inputs (Level 3)**
Assets:

Nonparticipant-Directed Investments

Nonparticipant-directed investments are invested in variable annuity contracts with Prudential. These investments are allocated to portfolios offered by The Prudential Series Fund, Inc., and such investments totaled $19,458 and $17,231 at December 31, 2010 and 2009, respectively. The change in the balance in the nonparticipant-directed investment during 2010 is solely attributed to net appreciation of $2,227.

NOTE 5 - TAX STATUS

The Plan has adopted a prototype plan offered by SunGard Corbel, Inc. ("SunGard") and conforms its operations to the Prototype Plan, and thereby relies on SunGard's current and future favorable IRS determination letters. The IRS has determined by letter dated October 5, 2001 that the Plan and related trust are designed in accordance with applicable IRC requirements as of that date. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision for income taxes is reflected in the accompanying financial statements.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan agreement to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their account balances.

NOTE 7 - RELATED PARTY TRANSACTIONS

The Plan's investments are in funds managed by the Custodians. Additionally, for the year ended December 31, 2010, the Plan incurred administrative expenses of $420 for services provided by the Custodians. Also, the Plan has loans with its participants. All of these transactions are considered exempt party-in-interest transactions under ERISA.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan provides for investments in any combination of investment funds and variable annuity contracts with different investment strategies. These investments are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in their value, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 9 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the amount per the Form 5500 as of December 31, 2010 and 2009:

	2010	2009
Net assets available for benefits per the financial statements	$ 2,283,973	$ 1,936,507
Adjustment from fair value to contract value for fully benefit - responsive investment contracts	-	(6,988)
Net assets available for benefits per Form 5500	$ 2,283,973	$ 1,929,519

NOTE 9 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500, continued

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the amount per the Form 5500 for the year ended December 31, 2010:

NOTE 10 - SUBSEQUENT EVENTS

Management of the Plan evaluated subsequent events after the statement of net assets available for benefits date of December 31, 2010 through October 14, 2011, the date of issuance of these financial statements. There were no events that would require recording or disclosure in these financial statements, other than the change in custodians discussed in Note 1.
