RETIREMENT PLAN FOR MICHIGAN CREDIT UNION EMPLOYEES

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2010 AND 2009

Note 1 - Description of the Plan

The following description of the Retirement Plan for Michigan Credit Union Employees (the "Plan") provides only general information. Detailed information including vesting, allocation, forfeiture provisions, participant and employer contributions and eligibility has been provided in the plan agreement and adoption agreement of each participating employer.

General

The Plan is a multiple employer defined contribution money purchase pension plan established to encourage and facilitate systematic savings and investments by eligible employees. Each participating employer retains the right to terminate the Plan, in whole or in part, to temporarily or permanently suspend its liability to make contributions to the Trust, to the extent that it relates to that participating employer and its employees. The Plan was established effective June 1, 1962. The Plan receives contributions and makes benefit payments on behalf of various employer credit unions located in Michigan and other affiliates of the Michigan Credit Union League (the "Sponsor"). It is subject to certain provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") applicable to defined contribution pension plans. During 2010, the members of the Board of Trustees were Dennis Hanson, George Isola, Robert Moore, Patrick Young, Daniel Witkowski and Cheryl DeBoer.

Eligibility

With certain exceptions, all full-time employees of participating credit unions of the Sponsor who have one year of service and are age twenty-one or older are eligible to participate in the Plan.

Contributions

Under the Plan and subject to limitations set forth by the Internal Revenue Code, participants may elect to contribute up to 10% of after-tax annual compensation, as defined by the adoption agreement of the participating employer, through an elective deferral agreement. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

RETIREMENT PLAN FOR MICHIGAN CREDIT UNION EMPLOYEES

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2010 AND 2009

Note 1 - Description of the Plan - Continued

Contributions - Continued

A participating employer may require that each of its employees contribute a uniform percentage of compensation, up to 5%, to the Plan, in order to remain an active participant. Employer contributions are based on a designated percentage of each employee's monthly compensation, as set forth in the adoption agreement of each participating employer.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of: (a) the employer's contribution, and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined in the plan documents. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants direct the investment of all contributions in 1% increments into any of the 21 available investment fund options offered by the Plan. Participants may change their investment options on a daily basis.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the employer contribution portion of their accounts is based on years of continuous service. A participant is 100% vested upon termination of service due to death, disability or retirement, or after six years or less of credited service, depending on the participant credit union's adoption agreement.

Forfeitures

After five years, the nonvested balances of terminated plan participants are forfeited and can be used by the respective participating credit union to fund current employer contributions. During 2010 and 2009, forfeitures used to reduce employer contributions approximated \$494,500 and \$468,800, respectively. Approximately \$337,000 remains in the forfeiture account at December 31, 2010.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2010 AND 2009

Note 1 - Description of the Plan - Continued

Payment of Benefits

Upon termination of service, a participant is entitled to receive the vested portion of his/her account balance in the form of a lump-sum or various types of annuity. Certain amounts may be withdrawn prior to termination of service, as defined by the adoption agreement of each participating credit union.

Party-in-Interest Transactions

CUNA Mutual Insurance Society ("CMIS") is the recordkeeper for the Plan. Certain plan investments are held under a group variable annuity contract with CMIS. Central Corporate Credit Union, a participating employer, provides a suspense account for certain plan transactions.

Effective July 1, 2009, Madison Asset Management, LLC ("MAM") serves as the investment advisor to the group variable annuity contracts and manages the assets. MAM is an affiliate to CMIS with no direct ownership.

For the year ended December 31, 2010, fees paid by the Plan to CMIS and MAM approximated \$1,486,000 and \$172,000 paid to other external fund managers. Transactions involving these investments are considered party-in-interest transactions. These transactions are not, however, considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations.

Note 1 - Description of the Plan - Continued

Transfer of Assets to Other Plans

During the plan year, approximately \$13,018,000 from the Plan was transferred to the Retirement Plan for Michigan Credit Union Employees - 401(k) Savings Plan, approximately \$130,330 was transferred out to unrelated plans due to mergers and takeovers. This transfer occurred due to the participating Credit Union's board election, not an election at the participant level. The total assets transferred out amounted to \$13,148,165 for the year ended December 31, 2010. These amounts represent the balances of the participant's accounts when transferred.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2010 AND 2009

Note 2 - Summary of Significant Accounting Policies - Continued

Risks and Uncertainties

The Plan's investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

During 2009, the Plan received notice by the Department of Labor that they were auditing the plan for the years ended December 31, 2006 to December 31, 2008. Management is not aware of any matters that would affect the Plan's financial statements, notes, or supplemental schedules; however, the final outcome of the audit is unknown at this time. The accompanying financial statements do not include any adjustments that might result from this uncertainty.

Investments

Generally accepted accounting principles establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy are described on the following page:

RETIREMENT PLAN FOR MICHIGAN CREDIT UNION EMPLOYEES

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2010 AND 2009

Note 2 - Summary of Significant Accounting Policies - Continued

Investments - Continued

Basis of Fair Value Measurements

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly.

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. See Note 3, Unaudited Fair Value Measurements, for investment valuations.

Fully Benefit-Responsive Investments

Generally accepted accounting principles (GAAP) states that investment contracts held by an investment entity are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets of an investment entity attributable to fully benefit-responsive investment contracts because the contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required by GAAP, the statements of net assets available for plan benefits present the fair value of the investment contracts as well as the adjustment of fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for plan benefits is prepared on a contract value basis.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2010 AND 2009

Note 2 - Summary of Significant Accounting Policies - Continued

Fully Benefit-Responsive Investments - Continued

The approximate fair value of these funds at December 31, 2010 and 2009 was \$55,809,000 and \$62,737,000, respectively, as reported by the respective carriers. During 2010 and 2009, the funds were administered by and invested in guaranteed investment contracts with Jackson National Life Insurance Company, Ohio National Financial Services, Prudential Retirement & Investment Services, Hartford Life Insurance Company, New York Life Insurance Company, Principal Life Insurance Company, Protective Life Insurance Company and MetLife Insurance Company. These investment contracts were being credited with interest at annual rates ranging from 2.33% to 5.75% at both December 31, 2010 and 2009, and earned an average yield of 4.35% for the year ended December 31, 2010.

Allocation of Investment Income and Gains and Losses

Funds contributed by participants are invested in investments at percentages as directed by the participants.

Investment transactions are reflected on a trade-date basis. Dividend income is recorded on the ex-dividend date. Income from other investments is recorded as earned on an accrual basis.

The income, gains or losses in each fund are allocated daily to the applicable participants' accounts in that fund based on the previously reported account balances, adjusted for current period contributions and withdrawals.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Fees and Expenses

Fees and expenses relating to the day-to-day plan operations are paid by the Plan. These fees are recorded when paid.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 14, 2011, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Fair Value Measurements

Generally accepted accounting principles define fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.
