INDEPENDENT AUDITOR'S REPORT

TO THE PLAN ADMINISTRATOR AND PARTICIPANTS OF
BOISSET FAMILY ESTATES, INC. RETIREMENT SAVINGS PLAN

We were engaged to audit the accompanying statement of net assets available for benefits of BOISSET FAMILY ESTATES, INC. RETIREMENT SAVINGS PLAN (the "Plan") as of December 31, 2010, the related statement of changes in net assets available for benefits for the year then ended, and the supplemental schedules of Schedule H – Line 4a: Schedule of Delinquent Participant Contributions for the year ended December 31, 2010 and Schedule H – Line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2010. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by ING Life Insurance and Annuity Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of December 31, 2010 and for the year then ended, that the information provided to the Plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2010

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Boisset Family Estate Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan was established on January 1, 2010 to provide retirement benefits for employees of Boisset Family Estates, Inc. (the "Company"). The Plan is a defined contribution plan covering all eligible employees who have reached at least 21 years of age and are not leased employees, union employees, residents of Puerto Rico or temporarily assigned Japanese Nationals. Employees become eligible to participate following 3 months of employment with the Company and may join the Plan on the first day of the quarter following the date on which all eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and certain provisions of the Internal Revenue Code ("IRC").

In connection with the formation of the Plan on January 1, 2010, Raymond Vineyard & Cellar, Inc. ("Raymond Vineyard"), a wholly owned subsidiary of the Company became a participating employer of the Plan. Prior to the formation of the Plan, Raymond Vineyard maintained the Raymond Vineyard & Cellar Retirement Savings Plan. Effective February 2, 2010, the assets and liabilities of Raymond Vineyard & Cellar Retirement Savings Plan were merged with the Plan.

The Plan provides for a Plan administrator who is responsible for keeping accurate and complete records with regard to the Plan's operations, informing participants of changes or amendments to the Plan, ensuring that the Plan conforms to the law and to government regulations, and providing participants with any reports and documents required by law.

Participant Contributions – Participants may contribute up to 100% of their pretax annual compensation, as defined in the Plan. Additionally, participants may also make a separate election to defer up to 100% of any bonus compensation. Participant contributions from all sources are limited to an annual maximum of $16,500 for the year ended December 31, 2010. Participants who have reached at least 50 years of age by the end of the calendar year may also make additional "catch-up" contributions limited to an annual maximum of $5,500 for the year ended December 31, 2010. A participant may increase or decrease the amount of contributions on the first day of each Plan quarter. Participants are permitted to make rollover contributions representing distributions received from other qualified plans.

Employer Contributions – The Company may also make discretionary matching and profit sharing contributions to the Plan. For the year ended December 31, 2010, the Company matched contributions made by each participant up to a maximum amount equal to 3% of each participant's annual compensation, as defined in the Plan.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Participant Accounts – The Plan maintains an account for each participant that is credited with the participant's contributions, the Company's discretionary matching contributions and allocations of (a) Company profit sharing contributions and (b) Plan investment earnings or losses. Allocations are based on participant earnings or account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting – Participants are immediately vested in their voluntary contributions and rollover contributions, plus actual earnings thereon. Vesting in the Company's discretionary matching and profit sharing contributions is based on years of continuous service. Participants vest at a rate of 20% per each year of service and are 100% vested after five years of service.

Investment Options – Upon enrollment in the Plan, a participant may direct the investment of his or her account balance into the various investment funds offered by ING Life Insurance and Annuity Company ("ING"), the custodian of the Plan.

Notes Receivable from Participants – Participants may borrow from their vested account balances provided they meet the Plan's eligibility requirements. The minimum loan amount is $1,000 and the maximum amount is the lesser of one-half of the participant's vested account balance or $50,000. Loan terms range up to five years, except for loans used to finance the purchase of a primary residence. Participants may have only one loan outstanding at a time from the Plan. The loans are secured by the balance in the participant's account. Interest is charged at a rate commensurate with the prevailing interest rate charged on similar loans under like circumstances by persons in the business of lending money. Principal and interest are repaid ratably through payroll deductions and loans are due immediately upon termination of employment. At December 31, 2010, interest rates on outstanding loans ranged from 4.25% to 6.00% with maturity dates that range through March 2015.

Payment of Benefits – Upon termination of service due to death, disability, or retirement, a participant may receive a lump-sum distribution or a direct rollover distribution into a qualified plan. Normal retirement age is the later of a participant's 62nd birthday or the 5th anniversary of the first day of the Plan year in which participation in the plan commenced. A participant who has reached age 59½ may also elect to receive certain pre-retirement distributions. A participant may also be eligible for a withdrawal due to financial hardship in certain circumstances.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits (Continued) – Terminated participants with account balances over $5,000 may delay receipt of distributions. If the participant's account balance is between $1,000 and $5,000, and no distribution instructions have been received from such participant, the account may be rolled over into an individual retirement account as determined by the plan administrator. Accounts of terminated participants with balances of less than $1,000 will be distributed directly to the participant in the form of a lump-sum payment. Benefit payments to the participant generally must begin by the later of the year after the participant attains age 70½ or the year in which the participant terminates employment.

Forfeited Accounts – The unvested portion of a participant's account is forfeited upon separation of employment. Forfeited accounts are applied to reduce employer contributions or pay administrative expenses of the Plan. At December 31, 2010, forfeited non-vested accounts totaled $418. No forfeitures were used during the year ended December 31, 2010.

Administrative Expenses – The Company has elected to fund all administrative costs of the Plan other than those funded from forfeitures and certain participant directed transactions fees for loans and disbursements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements are prepared under the accrual basis of accounting, in conformity with accounting principles generally accepted in the United States of America.

As described in the *Plan Accounting – Defined Contribution Pension Plans* topic of the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC"), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As of December 31, 2010, the statements of net assets available for benefits present the fair value of the investment contract which is equal to the contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Adoption of New Accounting Policies – In January 2010, the FASB issued Accounting Standards Update ("ASU") 2010-06, *Improving Disclosures about Fair Value Measurements.* ASU 2010-06 amended ASC 820, *Fair Value Measurements and Disclosures*, to clarify certain existing fair value disclosures and to require a number of additional disclosures. The guidance in ASU 2010-06 clarified that disclosures should be presented separately for each "class" of assets and liabilities measured at fair value and provided guidance on how to determine the appropriate classes of assets and liabilities to be presented. ASU 2010-06 also clarified the requirement for entities to disclose information about both the valuation techniques and inputs used in estimating Level 2 and Level 3 fair value measurements.

In addition, ASU 2010-06 introduced new requirements to disclose the amounts (on a gross basis) and reasons for any significant transfers between Levels 1, 2, and 3 of the fair value hierarchy and to present information regarding the purchases, sales, issuances, and settlements of Level 3 assets and liabilities on a gross basis. The guidance in ASU 2010-06 is effective for reporting periods beginning after December 15, 2009, with the exception of the requirement to present changes in Level 3 measurements on a gross basis, which is delayed until 2011. The Plan adopted ASU 2010-06 for the plan year ending December 31, 2010. The adoption did not have a material impact on the Plan's net assets available for benefits or its changes in net assets available for benefits, as changes are related to the fair value measurement disclosures.

In September 2010, the FASB issued ASU 2010-25, *Reporting Loans to Participants by Defined Contribution Pension Plans.* ASU 2010-25 requires participant loans to be classified as notes receivable from participants and measured at their unpaid principal balances plus any accrued but unpaid interest. ASU 2010-25 is effective for years ending after December 15, 2010, with early adoption permitted. The Plan adopted ASU 2010-25 for the year ended December 31, 2010. Accordingly, participant loans are presented as notes receivable from participants and measured at their unpaid principal plus accrued interest as of December 31, 2010.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results may differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are stated at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits – Benefits are recorded when paid.

Subsequent Events – The Plan has evaluated subsequent events through October 14, 2011, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The *Fair Value Measurements and Disclosures* topic of the FASB ASC establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used must maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled Separate Accounts: Stated at fair value based on the net asset value of the underlying assets held by the Plan at year end. The underlying assets are valued based on quoted market prices.

Guaranteed Investment Contract: Stated at fair value based on contract value adjusted for any market value adjustment or surrender charge that would have applied on that date. The calculation of contract value generally considers a Treasury bond interest rate, the fixed account interest rate, and the date of contract issuance.

These methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010:

	Level 2	Level 3	Total
Pooled Separate Accounts:			
Asset Allocation Funds	$ 342,273	$ -	$ 342,273

NOTES TO FINANCIAL STATEMENTS

December 31, 2010

NOTE 4 – INFORMATION CERTIFIED BY THE CUSTODIAN OF THE PLAN

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, ING Life Insurance and Annuity Company ("ING") has certified the completeness and accuracy of all investments presented on the accompanying statements of net assets available for benefits as of December 31, 2010, the fair value information in Note 3, the supplemental Schedule H, line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2010, and the related investment income presented in the statement of changes in net assets available for benefits for the year ended December 31, 2010.

All investments are in participant-directed funds. ING, the custodian of the Plan, maintains the contributions in separate participant accounts, which are invested in various fund options as directed by each participant. The accounts are credited with contributions, actual earnings and unrealized appreciation on the investments and charged for Plan withdrawals, miscellaneous expenses, actual losses and unrealized depreciation on the investments as discussed in Note 1.

The following is a summary of the certified information prepared by ING, furnished to the Plan administrator and included in the Plan's financial statements and supplemental schedule at December 31, 2010. Assets representing greater than 5% of net assets as of December 31, 2010 are presented individually as follows:

	2010
Pooled Separate Accounts:	
CRM Mid-Cap Value Fund	531,901
Fidelity Advisors New Insights Fund	361,914
ING GNMA Income Fund	366,396
ING Money Market Fund	427,718
T. Rowe Price Mid-Cap Value Fund	291,075
Other	1,545,423
	$ 3,524,427
Guaranteed Investment Contract	$ 40,916

NOTE 4 – INFORMATION CERTIFIED BY THE CUSTODIAN OF THE PLAN (Continued)

Investment income information certified by ING for the year ended December 31, 2010 is as follows:

Net Appreciation in Fair Value of Pooled Separate Accounts	$ 403,978
Interest Income	$ 2,020

NOTE 5 – GUARANTEED INVESTMENT CONTRACT

The Plan has entered into a benefit-responsive guaranteed investment contract ("GIC") with ING. ING maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals. The issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract is credited with an annual interest rate of no less than 2.00% for as long as the contract remains in force. Each calendar year ING will set a floor interest rate which will be declared in writing, to the contract holder prior to its effective date. For the year ended December 31, 2010, the crediting interest rate was 2.00%.

ING may terminate the contract after five contract years by providing the contract holder a 90 day written notice to pay out the full value without fees, charges or Market Value Adjustment ("MVA").

Certain events may limit the ability of the Plan to transact at contract value with ING. A no surrender charge is assessed against contract withdrawals taken for reasons of participant retirement, severance from employment, death, disability, hardship, loan or in-service withdrawals after age 59 ½. There are restrictions on transfers to and from the GIC and a positive or negative MVA may apply if the contract is terminated by either ING or the Plan sponsor. The plan administrator does not believe that the occurrence of any such market value adjustment, which would limit the Plan's ability to transact at contract value with participants, or termination event is probable.

As described in Note 2, because the GIC is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the GIC. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals.

NOTE 6 – TAX STATUS

The Plan is a defined contribution plan designed to qualify as a tax-exempt plan under the IRC. A favorable opinion letter from the Internal Revenue Service was issued on March 31, 2008 regarding the qualified status of the prototype plan on which the terms of the Plan were based. The Plan has not filed for a separate determination letter, however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision for federal or state income taxes has been made.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal and state taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 – RELATED PARTY TRANSACTIONS

The Plan's investments are managed by ING. ING also serves as the custodian of the Plan and therefore, these transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA. Fees charged to the Plan for investment management services are netted against net appreciation in fair value of investments.

The trustees of the Plan are members of management of the Company.

NOTE 8 – PLAN TERMINATION

The Company has established the Plan with the expressed intention and expectation that it will continue the Plan. However, if circumstances make it impossible or inadvisable to continue the Plan, the Company reserves the right to terminate it at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in any unvested portions of their accounts. Benefits will be held in the trust fund which will remain in existence until the Company requests the discontinuance of the trust agreement.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market fluctuation and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in investment value in the near term would materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits and in the statement of changes in net assets available for benefits.

The underlying securities of the Plan's investments could include securities with contractual cash flows, such as, but not limited to, asset backed securities, collateralized mortgage obligations, and commercial mortgage backed securities and real estate. The value, liquidity and related income of these securities may be particularly sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by real or perceived difficulties of the issuers, changes in interest rates and conditions in financial markets.

NOTE 10 – DELINQUENT PARTICIPANT CONTRIBUTIONS

During the year ended December 31, 2010, there were unintentional delays by the Company in remitting to the Plan's custodian, within the period prescribed by Department of Labor regulations, certain employee contributions and participant loan repayments totaling $147,237. The Company has computed the amount of lost earnings arising from these delays to be $181 which it will contribute to the accounts of the affected participants during the year ending December 31, 2011.
