These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by John Hancock Life Insurance Company (U.S.A.), the custodian of the Plan investments, except for comparing the information with the related information included in the financial statements and supplemental schedule. I have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. LONGWOOD LINCOLN MERCURY, INC. 401 (k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2010 and 2009

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Longwood Lincoln Mercury, Inc. 401 (k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all full-time employees of Longwood Lincoln Mercury, Inc., JP Cycles, Inc. dba Seminole Honda, Prestige Lincoln-Mercury, Inc. and Parks Automotive Group dba Deland Toyota (collectively the "Companies") who have 90 days of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Companies absorb certain expenses that relate to the administration and management of the plan such as expenses to maintain the plan's tax-qualified status and to communicate plan information to participants and beneficiaries of the plan.

Effective January 1, 2009, the plan documents were amended and restated under the DATAIR Mass-Submitter Prototype Non-Standardized Cash or Deferred Profit Sharing Plan documents. The corresponding adoption agreement and amendments thereto included the requirements of the Economic Growth and Tax Relief Reconciliation Act of 2001 (EGTRRA), the Job Creation and Worker Assistance Act of 2002 (JCWAA) and the Sarbanes-Oxley Act of 2002 (SOA).

The amendments and applicable elections under the adoption agreement that were made in conjunction with the restatement were primarily technical in nature. Plan participants should refer to the Summary Plan Description and related Plan documents for specific changes to the Plan.

NOTE 1 - DESCRIPTION OF PLAN - Continued

Contributions - Each year, participants may contribute a percentage of pretax annual compensation up to Internal Revenue Service (IRS) Code limitations, as defined in the Plan and by the IRS. Participants may also contribute amounts representing distributions from other qualified plans ("rollover contributions"). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Companies may make matching and or profit sharing contributions, in their sole discretion. All employer contributions are invested as directed by the Participants. Contributions are subject to certain limitations, as defined.

In accordance with relevant nondiscrimination provisions of the Plan, $23,791 of excess deferral contributions, associated with the 2009 plan year, were returned to certain active participants during 2010. Additionally, $7,174 of 2010 participant contributions (along with $1,186 of applicable matching contributions receivable at December 31, 2010) were determined to be excess deferral contributions; these will be returned to applicable active participants during 2011.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Companies' contribution (if any) and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Companies' discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service after age 17. A participant is 100% vested after six or seven years of credited service (depending on date of hire).

Payment of Benefits - On termination of service due to death, disability or retirement, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

NOTE 1 - DESCRIPTION OF PLAN - Continued

Participant Loans (Notes Receivable from Participants) - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loans fund. Loan terms range from 1-5 years or longer. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions and/or direct payments from participants.

Forfeited Accounts - Forfeitures of the Companies' matching contributions shall be used to reduce the Companies' discretionary matching contributions. The amounts included on the accompanying statements of net assets available for benefits as cash $3,445 and $4,185 at December 31, 2010 and 2009, respectively, represent the unallocated forfeitures. Such amounts are not participant directed until allocated. During 2010, $4,185 from the unallocated forfeitures cash account was used to reduce employer contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end. Interest income is recorded on the accrual basis.

Notes Receivable from Participants - In September 2010, the FASB issued ASU No. 2010-25, Plan Accounting—Defined Contribution Pension Plans (Topic 962): Reporting Loans to Participants by Defined Contribution Pension Plans. ASU 2010-25 requires participant loans to be classified as notes receivable from participants and measured at their unpaid principal balances plus any accrued but unpaid interest.

Prior to issuance of ASU No. 2010-25, participant loans were classified as investments and presented at fair value. Consequently, the December 31, 2009 participant loans balance of $140,097 has been reclassified as notes receivable from participants on the accompanying statement of net assets available for benefits. There was no effect on net assets as a result of ASU No. 2010-25.

Notes receivable from participants are stated at the amount management expects to collect from securing participant account balances. When applicable, management provides for probable uncollectible amounts through a valuation allowance based on its assessment of the current status of individual accounts. At December 31, 2010 and 2009, valuation allowances for notes receivable from participants that had securing participant account balances less than the amount of the respective participant loans aggregated $0 and $2,970, respectively.

Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document; generally when repayments have stopped for a period of time, as defined, and the participant terminates employment. During 2010, distributions from defaults aggregated $14,380 and is a component of benefits paid to participants on the accompany statement of changes in net assets available for benefits.

Payment of Benefits - Benefits are recorded when paid.

Date of Management's Review - Subsequent events were evaluated through October 14, 2011, which is the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 – FAIR VALUE MEASUREMENTS - Continued

	Fair Value	Fair Value Measurements Using: Quoted Prices in Active Markets for Identical Assets (Level 1)
December 31, 2010		
Investment contract with insurance company –not fully benefit responsive	$2,564,485	$2,564,485
December 31, 2009		
Investment contract with insurance company –not fully benefit responsive	$2,304,522	$2,304,522

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available.

Level 1 Fair Value Measurements

The investment contract with insurance company – not fully benefit responsive is carried at fair value. Fair value of shares of the underlying funds equals the number of shares of the respective underlying funds multiplied by the closing net asset value per share quoted by the custodian for that fund.

NOTE 4 – INVESTMENTS

The following presents investments at December 31, 2010 and 2009 that represent 5% or more of the Plan's net assets:

	2010	2009
JH Lifestyle-Growth	$660,337	$582,287
Money Market Fund	364,390	448,966
JH Lifestyle-Balanced	281,405	252,386
Participant loans	252,586	140,097
JH Lifestyle-Aggressive	157,266	148,417

During 2010, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $306,158. All of the investments are participant directed and were held in pooled separate accounts by the custodian.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 6 - TAX STATUS

The Plan has adopted the DATAIR Mass-Submitter Prototype plan. The DATAIR Mass-Submitter Prototype plan has received an opinion letter dated March 31, 2008 from the Internal Revenue Service indicating that the form of the plan is acceptable in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator and the Plan's tax consultant believe the terms of the plan are being followed in operation as outlined in the opinion letter. Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax consultant believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan, through participant direct accounts, invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

* At December 31, 2010 and 2009, the valuation allowance of $0 and $2,970, respectively, for notes receivable from participant loans was not reflected in the participant loan accounts of the custodian because the custodian does not record a valuation allowance. The December 31, 2009 valuation allowance was netted with the balance of notes receivable from participants on the accompanying statement of net assets available for benefits. During 2010, the change to the valuation allowance of $2,970 resulted in an adjustment to increase net appreciation in value on the accompanying statement of changes in net assets available for benefits, while this valuation adjustment was not made to the net appreciation in value as maintained on the accounts of the custodian.
