Report of Independent Auditors

The Board of Trustees and Participants
Fallon Clinic, Inc. 403(b) Plan

We were engaged to audit the accompanying statements of net assets available for benefits of Fallon Clinic, Inc. 403(b) Plan as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010 and the supplemental schedule of assets (held at end of year) as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2010 and 2009 and for the year ended December 31, 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the investment information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Fallon Clinic, Inc. 403(b) Plan

Notes to Financial Statements

December 31, 2010

1. Plan Description

The following description of the Fallon Clinic, Inc. 403(b) Plan (the Plan) provides general information about the Plan's provisions. Fallon Clinic, Inc. (the Company) is the plan sponsor. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions, copies of which may be obtained from the plan sponsor.

General

The Plan is a defined contribution plan covering all eligible employees of the Company as defined in the Plan. The Plan was adopted on January 1, 2008. The Company's Pension Plan Committee is responsible for the general administration of the Plan. Fidelity Management Trust Company is the trustee of the Plan. Fidelity Investment Institutional Operations Company, Inc. is the recordkeeper for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants are allowed to contribute an amount up to 50% of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Effective September 30, 2009, the Company amended its Plan such that no matching contributions would be made with respect to contributions made on or after October 1, 2009. However, the Company may make a profit sharing contribution to the Plan that would be made on the last day of the plan year to the accounts of eligible participants determined at the discretion of the Company's Board of Trustees. No discretionary contribution was made in 2009 or 2010.

Effective January 1, 2011, the Company amended the Plan document and reinstated a matching policy for contributions made on or after January 1, 2011. The amendment allows for a 50% match of deferred contributions (including Roth contributions) made by the participant provided that the match not exceed 3% of the participant's compensation. Participants become eligible for the match following six months of employment.

In addition to the changes to the match detailed above, the Plan document was amended effective for the Plan year starting January 1, 2011, to include a separate Employer Funded Contribution.

1. Plan Description

Contributions (continued)

Employer Funded Contribution Accounts will be created for all eligible employees of the Company, as defined in the Plan document. The contribution to be added to Employer Funded Contributions Accounts is determined, based on the sum of the participant's age and completed vesting years as of January 1 of the Plan year for which the contribution is being made and his or her compensation for that Plan year, in accordance with the following table:

Points (Sum of age and vesting years in whole numbers on January 1 of Plan year)	Percentage of Compensation (Contributed to Employer Funded Contributions Account)
0-44	2.0%
45-54	3.0%
55-64	4.0%
65-74	5.0%
75 and over	6.0%

Effective for the Plan year ended December 31, 2010, employer contributions were made to the Employer Funded Contributions Accounts of eligible employees, as defined by the amended Plan document. The contributions totaling $1,089,672 for the Plan year ended December 31, 2010 were determined in the same manner as described above (participant age and vesting years determined as of October 1, 2010) in accordance with the following table:

Points (Sum of age and vesting years in whole numbers on October 1, 2010)	Percentage of Compensation (Contributed to Employer Funded Contributions Account)
0-44	0.50%
45-54	0.75%
55-64	1.00%
65-74	1.25%
75 and over	1.50%

1. Plan Description (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contributions and allocations of plan earnings or losses, and is charged with an allocation of administrative expenses. Plan earnings or losses are allocated based on the participant's share of net earnings or losses or their respective elected investment options.

Separate Employer Funded Contribution Accounts will be maintained related to the annual Employer Funded Contribution. These accounts will be subject to different vesting schedules as described below.

Allocations of administrative expenses are based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions account balance, including employer matching, plus actual earnings thereon.

Vesting on the balance in the Employer Funded Contributions Account is according to the following schedule:

Less than 2 vesting years	0%
At least 2 vesting years	25%
At least 3 vesting years	50%
At least 4 vesting years	100%

Payment of Benefits

Upon separation of service with the Company due to death, disability, retirement or termination, a participant whose vested account balance exceeds $1,000 may elect to receive a lump-sum payment. A participant whose vested account balance is $1,000 or less will automatically receive an immediate lump-sum distribution equal to their vested account balance.

1. Plan Description (continued)

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS) and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Participants who defer their distributions must receive their distributions at age 70-1/2.

Administrative Expenses

Administrative and custodial fees and expenses are allocated among all participant accounts, as provided in the Plan. All other administrative expenses of the Plan are paid by the Company.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years. A participant may have only one outstanding loan with the Plan at any time. The loans are secured by the balance in the participant's account and bear one percent interest rate plus the Prime interest rate on the first business day of the month in which the loan is made. This rate will remain fixed for the duration of the loan. Principal and interest are paid ratably through payroll deductions.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100 percent vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

2. Summary of Significant Accounting Policies (continued)

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2010 or 2009. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. Summary of Significant Accounting Policies (continued)

New Accounting Pronouncements

In January 2010, the FASB issued Accounting Standards Update 2010-06, *Improving Disclosures about Fair Value Measurements,* (ASU 2010-06). ASU 2010-06 amended ASC 820 to clarify certain existing fair value disclosures and requires a number of additional disclosures. The guidance in ASU 2010-06 clarified that disclosures should be presented separately for each "class" of assets and liabilities measured at fair value and provided guidance on how to determine the appropriate classes of assets and liabilities to be presented. ASU 2010-06 also clarified the requirement for entities to disclose information about both the valuation techniques and inputs used in estimating Level 2 and Level 3 fair value measurements. In addition, ASU 2010-06 introduced new requirements to disclose the amounts (on a gross basis) and reasons for any significant transfers between Levels 1, 2 and 3 of the fair value hierarchy and present information regarding the purchases, sales, issuances and settlements of Level 3 assets and liabilities on a gross basis. With the exception of the requirement to present changes in Level 3 measurements on a gross basis, which is delayed until 2011, the guidance in ASU 2010-06 is effective for reporting periods beginning after December 15, 2009. Since ASU 2010-06 only affects fair value measurement disclosures, adoption of ASU 2010-06 did not have an effect on the Plan's net assets available for benefits or its changes in net assets available for benefits.

In September 2010, the FASB issued Accounting Standards Update 2010-25, *Reporting Loans to Participants by Defined Contribution Pension Plans,* (ASU 2010-25). ASU 2010-25 requires participant loans to be measured at their unpaid principal balance plus any accrued but unpaid interest and classified as notes receivable from participants. Previously loans were measured at fair value and classified as investments. ASU 2010-25 is effective for fiscal years ending after December 15, 2010 and is required to be applied retrospectively. Adoption of ASU 2010-25 did not change the value of participant loans from the amount previously reported as of December 31, 2009. Participant loans have been reclassified to notes receivable from participants as of December 31, 2009.

In May 2011, the FASB issued Accounting Standards Update, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRSs, (ASU 2011-04).* ASU 2011-04 amended ASC 820 to converge the fair value measurement guidance in GAAP and International Financial Reporting Standards (IFRSs). Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820. In addition, ASU 2011-04 requires additional fair

2. Summary of Significant Accounting Policies (continued)

value disclosures. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. Plan management is currently evaluating the effect that the provisions of ASU 2011-04 will have on the Plan's financial statements.

Subsequent Events

Management evaluated subsequent events for the Plan through October 14, 2011, the date the financial statements were available to be issued.

3. Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule including investments held and notes receivable from participants at December 31, 2010 and 2009, and the net appreciation in fair value of investments, interest, dividends and interest income on notes receivable from participants for the year ended December 31, 2010, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

The fair value of individual investments that represents 5% or more of the Plan's net assets available for benefits are as follows:

	December 31	
	2010	**2009**
Fidelity Freedom 2020 Fund	**$ 4,090,733**	$ 2,592,221
PIMCO Total Return Fund	**2,734,225**	1,886,347

American Growth Fund	*	1,046,754

* Less than 5% of Plan's net assets available for benefits

4. Fair Value Measurements

ASC 820, *Fair Value Measurements and Disclosures* (ASC 820), establishes a framework for measuring fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1), and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- quoted prices for similar assets and liabilities in active markets
- quoted prices for identical or similar assets or liabilities in markets that are not active
- observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques and inputs used for each major class of assets measured at fair value by the Plan.

4. Fair Value Measurements (continued)

Mutual Funds: Valued at the net asset value of shares held by the Plan at year end as quoted in the active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value as of December 31, 2010 and 2009:

	Investments at Fair Value as of December 31, 2010

5. Risks and Uncertainties

The Plan and its participants invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, liquidity and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. Related Party Transactions

The Plan assets are invested in shares of mutual funds managed by Fidelity Management Trust Company, the trustee of the Plan. These transactions qualify as party-in-interest transactions; however, the transactions are exempt from the prohibited transactions rule under ERISA.

7. Income Tax Status

The Plan has been designated to qualify under Section 403(b) of the Internal Revenue Code (the Code) and therefore, it is not currently eligible to receive a determination letter from the Internal Revenue Service. The Plan is required to operate in conformity with the Code to maintain its qualification under Section 403(b). The plan administrator has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan is not subject to income tax examinations for years prior to 2008.
