INDEPENDENT AUDITORS' REPORT

TO AMFIN FINANCIAL CORPORATION, PLAN SPONSOR AND PLAN
ADMINISTRATOR OF THE AMTRUST 401(K) SAVINGS PLAN

We were engaged to audit the financial statements of the AmTrust 401(k) Savings Plan (the Plan) as of December 31, 2010 and 2009, and for the years then ended, as listed in the accompanying table of contents. These financial statements are the responsibility of the Plan's administrator.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Wilmington Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that Wilmington Trust Company held the Plan's investment assets and executed investment transactions as of December 31, 2010 and 2009. The Plan administrator has obtained certifications from the trustee as of and for the years ended December 31, 2010 and 2009, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements taken as a whole. The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

AMTRUST 401(k) SAVINGS PLAN
NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following brief description of the AmTrust 401(k) Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan in which, prior to January 12, 2010, employees of AmTrust Financial Corporation (the Corporation), which is now known as AmFin Financial Corporation, and certain of its wholly owned subsidiaries were eligible to participate upon completion of one month of employment as defined by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

On November, 30, 2009, the Corporation and certain of its subsidiaries filed for Chapter 11 bankruptcy. On December 4, 2009, AmTrust Bank (the Bank), a major subsidiary of the Corporation, was closed by the Office of Thrift Supervision. The Federal Deposit Insurance Corporation (FDIC) sold certain assets of the Bank to the New York Community Bank. Due to the Bank's failure, all employees of the Bank ceased to be eligible to actively participate in the Plan.

During the years ended December 31, 2009 and 2008, the Bank experienced a series of employee reductions on the following dates: May 30, 2008, December 5, 2008, February 15, 2009 and March 27, 2009 as well as December 4, 2009, the date of the Bank's failure. It was subsequently decided in 2010 that in the aggregate, such series of reductions resulted in a partial termination of the Plan that culminated with the December 4, 2009 Bank's failure. As a result of this partial termination, all accumulated benefits of affected employees were fully vested. Therefore, in 2010, all forfeitures were reinstated for participants who received a distribution following May 30, 2008 in connection with the partial termination and who had not previously been considered fully vested.

By action of its Board of Directors, the Corporation terminated its Plan on January 12, 2010. Plan assets have been distributed to the participants either as a lump-sum payment or direct rollover.

Contributions

Prior to January 12, 2010, participants could elect to contribute from 1% to 30% of their compensation to the Plan on a pre-tax basis, up to \$16,500 (plus catch up contributions as defined in the Plan document). Participants directed the investment of their contributions into various investment options offered by the Plan. Prior to March 1, 2009, the Corporation made matching contributions. Such matching contributions were equal to 50% of the elective deferrals of participants attributable to the first 6% of compensation and then 25% of elective deferrals up to an additional 4% of compensation. The Corporation suspended the employer matching contribution as of March 1, 2009. Rollover contributions were permitted as described in the Plan document. Matching contributions for the year ended December 31, 2009 were \$400,108.

AMTRUST 401(k) SAVINGS PLAN
NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN (continued)

Participant Accounts

Prior to January 12, 2010, each participant's account was credited with the participant's elective deferrals, the Corporation's matching contributions, and investment earnings and charged with an allocation of administrative expenses. The allocation of administrative expenses was based upon the participant's account balance.

Vesting

As of May 30, 2008, all participants were fully vested in their accounts.

Notes Receivable from Participants

Through December 3, 2009, participants could borrow from their accounts 50% of their vested account balance, a minimum of \$1,000 up to a maximum of \$50,000 minus the highest outstanding loan balance during the prior 12 month period. Note receivable terms ranged from one to five years or up to 15 years for the purchase of a primary residence. The notes receivable were secured by the balance in the participant's account and bore interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest were paid ratably through payroll deductions. Upon termination of the Plan, outstanding participant loan balances were deducted from participants' account balance prior to lump-sum or rollover distributions. Interest income of \$7,551 and \$75,156 for 2010 and 2009, respectively, has been recorded as other income in the accompanying Statements of Changes in Net Assets Available for Benefits.

Payments of Benefits

Through December 3, 2009, upon attaining age 59 1/2, participants could elect to withdraw funds from their Plan account. The value of their account automatically became fully vested and could be paid out in either a lump-sum amount or installments over a specific period. Upon termination of service due to death, disability, retirement, or reasons of proven financial hardship, participants or their beneficiaries could elect to receive a lump-sum amount or installments over a specific period equal to the value of their vested account. As of December 4, 2009, distributions could only be made in the form of rollovers or direct payments.

Forfeitures

Forfeitures of non-vested matching contributions made by the Corporation were used to reduce matching contributions. The aggregate amount of forfeited non-vested account balances credited to the forfeiture account under the Plan totaled \$204,897 at December 31, 2009. In 2009, matching contributions were reduced \$68,414 by forfeitures. In 2010, the forfeiture account balance of \$204,897 was used to reinstate the forfeitures noted on page 5.

AMTRUST 401(k) SAVINGS PLAN
NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The Statements of Net Assets Available for Benefits present the fair value of the common collective trust as well as the adjustment from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains (losses) on investments bought and sold, as well as held, during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

In September 2010, U.S. generally accepted accounting principles (GAAP) clarified how loans to participants should be classified and measured by defined contribution benefit plans. Participant loans were previously classified as investments at fair value. The guidance requires that participant loans be classified as notes receivable from participants, which are segregated from Plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. As required, the Plan has retrospectively adopted the guidance for the Plan year ended December 31, 2009.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

AMTRUST 401(k) SAVINGS PLAN
NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Administrative Expenses

Administrative expenses may be paid by the Plan, except expenses related to participant loans and distributions, which are paid by the participants.

Reclassifications

Certain reclassifications have been made to the 2009 financial statements to conform with the 2010 financial statement presentation. Such reclassifications had no effect on changes in net assets available for benefits as previously reported.

Subsequent Events

The Company evaluated subsequent events through October 3, 2011, the date these financial statements were available to be issued. There were no material subsequent events that require recognition or additional disclosure in these financial statements.

3. INVESTMENTS

The following table presents the fair value of Plan investments at December 31, 2010 and 2009. The investments and investment activity have been certified as complete and accurate by Wilmington Trust Company, the trustee, and have not been audited by the independent auditors. Individual investments that represent 5% or more of the Plan's net assets are separately identified.

NOTES TO THE FINANCIAL STATEMENTS

3. INVESTMENTS (continued)

During 2010 and 2009, the Plan's investments (including investments purchased and sold, as well as held during the year) (depreciated) and appreciated in value by (\$23,754) and \$9,582,560, respectively.

4. FAIR VALUE MEASUREMENTS

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. It applies to fair value measurements already required or permitted by existing standards. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Quoted prices for similar assets or liabilities in active markets or quoted prices for identical or similar assets or liabilities in inactive markets. Level 2 inputs include those other than quoted prices that are observable for the asset or liability and that are derived principally from, or corroborated by, observable market data by correlation or by other means. If the asset or liability has a specified term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Short-term cash investment and registered investment companies – Valued at the closing price reported on an active market.

Common collective trust – Valued at fair value of the underlying investments. The fair value of guaranteed investment contracts are based on the present value of the contract's expected cash flows, discounted by current market interest rates for like-duration and like-quality investment. Synthetic guaranteed investment contracts are based on the wrap contracts that provide a minimum guaranteed rate of return for the term of the contracts. Short-term securities are stated at amortized cost, which approximates fair value if maturity is 90 days or less at the time of purchase, or at fair value if maturity is greater than 90 days.

4. FAIR VALUE MEASUREMENTS (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009:

	<u>Level 1</u>	<u>Level 2</u>	<u>Total</u>
Short-term cash investment	\$ 4,037,258	\$ -	\$ 4,037,258
Registered investment companies	45,842,612	-	45,842,612
Common collective trust	<u>-</u>	<u>4,671,864</u>	<u>4,671,864</u>
Total assets at fair value	<u>\$ 49,879,870</u>	<u>\$ 4,671,864</u>	<u>\$ 54,551,734</u>

5. TAX STATUS

The Plan obtained its latest determination letter dated May 28, 2002 in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, prior to the Plan termination, the Corporation believed that the Plan was currently designed and was being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes was included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to the year ended December 31, 2008.
