Mid-South Regional Blood Center 401(k) Plan

Notes to Financial Statements

December 31, 2010 and 2009

1. Plan Description

The following is a description of certain aspects of the Mid-South Regional Blood Center 401(k) Plan (the "Plan"). Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Mid-South Regional Blood Center (the "Company") who have completed one month of employment and are age twenty-one or older. Employees may enter the Plan as of the first day of each calendar quarter. Massachusetts Mutual Life Insurance Company ("Mass Mutual") serves as both the custodian and recordkeeper for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Under the terms of the Plan, participants may voluntarily defer up to 100% of their compensation subject to the maximum permitted under Internal Revenue Code ("IRC") limitations. Participants who have a minimum of one year of service, including 1,000 hours of service, are provided with an employer match contribution equal to the sum of 100% on the first 3% of participant deferrals and 50% on the next 2% of participant deferrals. Participants who have obtained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participant Accounts

Each participant has an individual account which is credited with the participant's contributions, the Company's contributions, and an allocation of Plan earnings, and charged with benefit payments and an allocation of Plan losses and administrative expenses. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Plan Description (continued)

Investment Options

Participants direct the investment of their contributions into various investments options offered by the Plan. Company contributions are invested in the funds selected by the participant. The Plan currently offers 27 pooled separate accounts as investment options for participants.

Vesting

Participants are immediately vested in their contributions and related earnings/losses thereon, as well as Company contributions and related earnings/losses.

Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus one percent at the time the loan is made. Principal and interest is paid ratably through payroll deductions. At December 31, 2010, outstanding loans bore interest at rates ranging from 4.25% to 9.25%.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or annual installments over a period of years. Amounts contributed on a before-tax basis may only be withdrawn upon demonstration of financial hardship, disability, or after the participants reach the age of 59.5 years.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded upon distribution.

Administrative Expenses

The Plan's administrative expenses are paid by the Company, as provided by the Plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions (participant loans and distributions) are charged directly to the participant's account.

Reclassifications

Effective January 1, 2010, the Plan adopted the Financial Accounting Standards Board ("FASB") authoritative guidance on reporting loans to participants by defined contribution pension plans. In accordance with the provisions, participant loans are required to be classified as notes receivable from participants, which are segregated from Plan investments and measured at their unpaid principal balance, plus any accrued but unpaid interest. The adoption of this accounting standard requires reclassification of participant loans from investments to notes receivable from participants on the Statements of Net Assets Available for Benefits as of December 31, 2010 and 2009. Accordingly, the 2009 financial statements have been reclassified to conform to the 2010 presentation. There was no impact on net assets available for benefits or changes in net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through October 12, 2011, the date the financial statements were available to be issued.

3. Information Certified by the Custodian (unaudited)

The accompanying financial statements and supplemental schedule include the following unaudited information as of December 31, 2010 and 2009, and for the year ended December 31, 2010, that was obtained from data prepared and certified to be complete and accurate by the Plan's custodian:

	2010	2009
Investments	\$ 3,441,461	\$ 3,273,464
Notes receivable from participants	162,562	124,908
Net appreciation in fair value of investments	406,008	
Interest on participant loans	5,934	

The certification mentioned above includes all investment information discussed in Note 4 and in the Supplemental Schedule of Assets (Held at End of Year).

The following table presents investments that represent more than 5% or more of the Plan's net assets at December 31, 2010 and 2009:

	2010	2009
Massachusetts Mutual Life Insurance Company pooled separate accounts:		
Money Market	\$ 231,394	\$ 410,738
Core Bond	196,002	280,614
Short Duration Bond	182,392	*
International Equity	259,941	264,170
Main Stock Growth and Income	350,879	298,612
Mid Cap Growth II	202,829	202,584
Indexed Equity	517,456	467,625

* Amount represents less than 5% of Plan net assets.

During the year ended December 31, 2010, the Plan's investments in pooled separate accounts (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$406,008.

4. Fair Value Measurements

Fair value as defined under GAAP is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value.

4. Fair Value Measurements (continued)

These tiers include:

- Level 1: Observable inputs such as quoted prices in active markets.
- Level 2: Inputs other than quoted prices in active markets that are either directly or indirectly observable.
- Level 3: Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Pooled Separate Accounts

These investments are valued using the net asset value ("NAV") provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV of certain pooled separate accounts is classified within Level 2 of the valuation hierarchy if the NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

The following table sets forth by level within the fair value hierarchy the Plan's financial assets as of December 31, 2010 and 2009:

	December 31, 2010			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts:				
Equity	\$ -	\$ 1,869,447	\$ -	\$ 1,869,447
Money market	-	483,102	-	483,102
Balanced ^(a)	-	268,637	-	268,637
International	-	342,367	-	342,367
Fixed income ^(b)	-	477,908	-	477,908
Total assets	<u>\$ -</u>	<u>\$ 3,441,461</u>	<u>\$ -</u>	<u>\$ 3,441,461</u>

4. Fair Value Measurements (continued)

	December 31, 2009			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts:				
Equity	\$ -	\$ 1,648,932	\$ -	\$ 1,648,932
Money market	-	593,460	-	593,460
Balanced ^(a)	-	261,415	-	261,415
International	-	322,171	-	322,171
Fixed income ^(b)	-	447,486	-	447,486
Total assets	\$ -	\$ 3,273,464	\$ -	\$ 3,273,464

(a) These investments seek a total return consisting of long-term growth of capital and current income, designed to remain appropriate for investors in terms of risk throughout a variety of life circumstances. The accounts invest in mutual funds and domestic and foreign equity, hybrid, and fixed-income securities.

(b) These investments are invested in a mix of fixed income securities to reflect the broad fixed income market.

5. Exempt Party-In-Interest Transactions

Certain Plan investments are pooled separate accounts managed by an affiliate of the custodian. These transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Participant loans also qualify as party-in-interest transactions.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7. Tax Status

The Plan has not obtained a determination letter from the Internal Revenue Service ("IRS") stating that the Plan was in compliance with the applicable requirement of the IRC. The Plan is relying on the IRS approval of the standardized prototype plan that it is utilizing. The IRS has determined and informed the custodian by a letter dated March 31, 2008, that the prototype Plan document was designed in accordance with applicable sections of the IRC. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

7. Tax Status (continued)

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2007.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
