Fountain Inn, South Carolina

We were engaged to audit the financial statements of the Dispoz-O Products, LLC Employee Retirement Plan (the "Plan") as of and for the years ended December 31, 2010 and 2009, and the supplemental schedules as of and for the year ended December 31, 2010, as listed in the accompanying table of contents. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Transamerica Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan Administrator that Transamerica Life Insurance Company holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the custodian as of and for the years ended December 31, 2010 and 2009 that the information provided to the Plan Administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Dispoz-O Products, LLC Employee Retirement Plan

Notes to Financial Statements
December 31, 2010 and 2009

Note 1 – Description of Plan

The following description of the Dispoz-O Products, LLC (formerly Dispoz-O Products, Inc.) (the "Company" or "Employer") Employee Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan that covers all full-time employees of the Company who have completed one year of service and have attained the age of twenty-one years with automatic enrollment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions - Each year participants may contribute any percentage of pretax annual compensation to the Plan, not to exceed the annual maximum contribution as defined by the United States Treasury Regulations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make matching contributions equal to a discretionary percentage determined by the Company. For the years ended December 31, 2010 and 2009, the Company contributed fifty percent of the first six percent of base compensation that a participant contributed to the Plan. The Company may also make profit-sharing contributions to the Plan at the discretion of the Company's Board of Directors. Profit-sharing contributions are allocated to participants in the same ratio as a participant's compensation bears to the total compensation of all participants. There were no discretionary profit sharing contributions for 2010 or 2009. Contributions are subject to certain limitations.

Participant accounts - Each participant's account is credited with the participant's contributions, and allocations of (a) the Company's contributions and (b) earnings (losses), and charged with participant withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their voluntary contributions to the Plan, plus investment earnings thereon. Vesting in the Company matching and discretionary contributions is based on years of continuous service. A participant is twenty percent vested after two years of service and an additional twenty percent vested each year of service thereafter. A participant is fully vested after six years of service.

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of $1,000 up to the lesser of a maximum of $50,000 or 50 percent of their vested account balance. The loans are secured by the balances in the participant's accounts and bear interest as determined by the Company based upon prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances and was 8% as of December 31, 2010. Principal and interest are paid ratably through payroll deductions.

Note 1 - Description of Plan, continued

Payment of benefits - Upon termination of service, a participant will receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account. If no such request is made, distribution is made at normal retirement age.

Investment options - Upon enrollment in the Plan, a participant may direct contributions into various investment options offered by the Plan. Prior to investment liquidation at December 31, 2010 and transfer to a successor trustee on January 3, 2011, the Plan offered 31 pooled separate accounts and a group annuity contract. Participants may change their investment options at their discretion.

Forfeitures - At December 31, 2010 and 2009, forfeited non-vested accounts derived from employer matching and discretionary contributions totaled $22,649 and $18,361, respectively. These accounts will be used to reduce future employer profit sharing and matching contributions. During 2010 and 2009, $40,665 and $21,666, respectively, of forfeited non-vested accounts were used to reduce the Company's matching and profit sharing contributions.

Note 2 - Summary of significant accounting policies and activities

Basis of accounting - The Plan's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of estimates - The preparation of financial statements in conformity with GAAP requires the Plan Administrator and the Company to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition -Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits present the fair value of the investment contacts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis. As of December 31, 2010 and 2009, contract value approximated fair value and therefore no adjustment is reflected in the Statements of Net Assets.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Note 2 - Summary of significant accounting policies and activities, continued

Risks and uncertainties - The Plan utilizes various investment securities including pooled separate accounts and group annuity contracts. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the financial statements.

Administrative expenses - Except for annual audit and third party administration fees, which are paid by the Company, all other administrative expenses are paid by the Plan.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Benefit payments - Benefit payments to participants are recorded upon distribution.

Refunds payable to participants - The Plan is required to return contributions to certain active participants in order to satisfy the relevant nondiscrimination provisions of the Internal Revenue Code. There were refunds payable to participants of $29,310 and $2,364 at December 31, 2010 and 2009, respectively.

Fair value measurements - The Plan follows the Fair Value Measurements topic of the FASB Accounting Standards Codification which defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

The standard describes three levels of inputs that may be used to measure fair value:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

Note 2 - Summary of significant accounting policies and activities, continued

Fair value measurements, continued

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Pooled separate accounts - The pooled separate accounts are stated at fair value as reported to the Plan by Transamerica Life Insurance Company, based on the quoted market prices of the underlying mutual funds and equity securities. The unit value of the separate account is calculated by dividing the total value of the assets of the separate account by the number of units in the separate account. For separate accounts that invest exclusively in mutual funds, the total value of the assets of the separate account is based on the net asset value ("NAV"), or price per share, of the underlying mutual fund. The mutual fund calculates its NAV by dividing the mutual fund's net assets by the mutual fund's outstanding number of shares. These accounts are classified within level 1 of the valuation hierarchy.

Group annuity contract - These investments are made by the Plan in a Stable Value Option Investment account which is invested in the general assets of Transamerica Life Insurance Company who guarantees a fixed interest rate. The NAV for the investment contract is $1. The investment contract is classified within level 2 of the valuation hierarchy.

New accounting pronouncements - In January 2010, the Financial Accounting Standards Board ("FASB") issued guidance to improve disclosures regarding fair value measurements. This update requires entities to (i) disclose separately the amounts of significant transfers in and out of Level 1 and Level 2 fair value measurements and describe the reasons for the transfers and (ii) present separately (i.e., on a gross basis rather than as one net number), information about purchases, sales, issuances, and settlements in the roll forward of changes in Level 3 fair value measurements. The update requires fair value disclosures by class of assets and liabilities rather than by major category or line item in the statement of net assets available for benefits. Disclosures regarding the valuation techniques and inputs used to measure fair value for both recurring and nonrecurring fair value measurements for assets and liabilities in both Level 2 and Level 3 are also required. For all portions of the update except the gross presentation of activity in Level 3 roll forward, this standard is effective for interim and annual reporting periods beginning after December 15, 2009. For the gross presentation of activity in the Level 3 roll forward, this guidance is effective for fiscal years beginning after December 15, 2010. As this guidance is only disclosure related, it did not have any changes to the carrying value of the investments on the statements of net assets as of December 31, 2010 and 2009.

Note 2 - Summary of significant accounting policies and activities, continued

On September 16, 2010, the FASB issued guidance on reporting loans to participants by defined contribution pension plans whereby participant loans are to be reclassified from plan investments to notes receivable for GAAP purposes and measured at unpaid principal balance plus accrued but unpaid interest. This guidance is effective for Plan years ending after December 15, 2010. The Plan adopted this change in accounting method as of December 31, 2010, and the comparative Statement of Net Assets Available for Benefits as of December 31, 2009, has been adjusted to apply the new method retrospectively. The Plan's Net Assets Available for Benefits was not impacted by the change in accounting principle.

Subsequent events - In preparing these financial statements, the Company has evaluated events and transactions for potential recognition or disclosure through October 5, 2011, the date the financial statements were available to be issued.

Note 3 - Information prepared and certified by the custodian

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information which was certified by Transamerica Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule.

The following information included in the Plan's financial statements and supplemental schedule was prepared and certified as complete and accurate by Transamerica Life Insurance Company, custodian of the Plan, for 2010 and 2009, respectively:

	December 31,	
	2010	**2009**
Cash proceeds from contract termination	$ 4,780,672	$ -
Investments, at fair value:		
Pooled separate accounts	-	2,897,170
Group annuity contract	-	1,510,551

	December 31,	
	2010	**2009**
Investment income:		
Fixed income funds net appreciation in fair value	$ 10,326	$ 21,188
Equity funds net appreciation in fair value	467,814	616,940
Guaranteed income fund interest and dividends	40,323	46,739
	$ 518,463	$ 684,867

Supplemental Schedule of Assets: All investment balances and information in the schedule, except for notes receivable from participants

Note 3 - Information prepared and certified by the custodian, continued

The fair value of investments that represent five percent or more of the Plan's net assets available for benefits are as follows:

	December 31,	
	2010	**2009**
Transamerica Oppenheimer Global	$ *	$ 263,581
Transamerica Stable Value	*	1,510,551
Transamerica Core Equity	*	390,949
TI American Funds Balanced	*	260,861

* Investment did not represent 5% or more of the net assets of the Plan for this year

Note 4 - Fair value of financial investments

See "Fair value measurements" in Note 2 above for discussions of the methodologies and assumptions used to determine the fair value of the Plan's investments.

Below are the Plan's financial instruments carried at fair value on a recurring basis by the fair value hierarchy levels described in Note 2 as of December 31, 2009:

	As of December 31, 2009			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	**Significant Observable Inputs (Level 2)**	**Significant Unobservable Inputs (Level 3)**	**Total Fair Value**
Assets:				
Pooled separate accounts	$ 2,897,170	$ -	$ -	$ 2,897,170
Group annuity contract	-	1,510,551	-	1,510,551
Total assets	$ 2,897,170	$ 1,510,551	$ -	$ 4,407,721

The Plan had no financial instruments subject to fair value measurements at December 31, 2010.

Note 5 – Group annuity contract

In 2004, the Plan entered into a benefit-responsive investment contract with Transamerica Life Insurance Company ("Transamerica"). Transamerica maintains contributions in the Stable Value Option. The option is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay principal and a specified interest rate that is guaranteed to the Plan.

The guaranteed investment contract meets the conditions to be considered fully benefit-responsive. The Plan should therefore report the guaranteed investment contract at the contract value. The contract value of the guaranteed investment is considered to approximate the fair value.

Note 5 – Group annuity contract, continued

The stable value option has no stated maturity date and the amount payable on demand is the contract value. The Stable Value Option interest rate is reset monthly with no maturity dates on balances. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The following are the minimum, average, and closing interest rates for the Stable Value Option:

	December 31, 2009
Minimum interest rate	2.75%
Average interest rate	3.16%
Closing interest rate	2.75%

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: 1) amendments to the Plan document, 2) bankruptcy of the Plan sponsor or other Plan sponsor events that cause significant withdrawal from the Plan, or 3) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Note 6 – Party-in-interest transactions

Certain Plan investments are shares of pooled separate accounts and a group annuity contract managed by Transamerica. Transamerica is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $49,474 and $37,390 for the years ended December 31, 2010 and 2009, respectively.

Note 7 - Tax status

The Plan uses a volume submitter tax-favored plan sponsored by Transamerica. Transamerica received an opinion letter from the Internal Revenue Service ("IRS"), dated April 17, 2002, which states that the volume submitter document satisfies the applicable provisions of the Internal Revenue Code ("IRC"). The volume submitter plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax and therefore, the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan Management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan Management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan Management believes it is no longer subject to income tax examinations for years prior to 2007.

Note 8 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will become fully vested in their accounts.

Note 9 - Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31, 2010 and 2009:

	December 31,

Note 10 – Plan Merger

As of January 1, 2011, the Dispoz-O Products, LLC Employee Retirement Plan was merged with the employee benefit plans of two other subsidiaries of D&W Fine Pack, LLC to become the D&W Fine Pack, LLC 401(k) Plan. All of the plan assets were transferred from Transamerica to ADP Retirement Services ("ADP") at January 1, 2011, and ADP will execute all investment activity from January 1, 2011 going forward. The employer matching provisions will remain the same; however, the vesting provisions and eligibility criteria will change. Under the Dispoz-O Products, LLC Employee Retirement Plan, a participant is twenty percent vested after two years of service and an additional twenty percent vested each year of service thereafter. A participant is fully vested after six years of service. The new vesting provisions will be that a participant is twenty percent vested after one year of service and an additional twenty percent vested each year of service thereafter. A participant is fully vested after five years of service. Under the Dispoz-O Products, LLC Employee Retirement Plan, a participant is eligible after attaining one year of continuous service. The new eligibility provision is that a participant is eligible after completing 90 days of continuous service.
