To the Administrative Committee of
Conesys, Inc. and Affiliated Companies 401(k) Plan

We were engaged to audit the financial statements and supplemental schedule of the Conesys, Inc. and Affiliated Companies 401(k) Plan (the Plan) as of December 31, 2010 and for the year then ended, as listed in the accompanying table of contents. These financial statements and schedule are the responsibility of the Plan's management. The financial statements of the Plan as of December 31, 2009 were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the custodian. Their report, dated October 14, 2010 indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Great-West Life & Annuity Insurance Company, the custodian of the Plan assets, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2010 and 2009, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedule taken as a whole. The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

CONESYS, INC. AND AFFILIATED COMPANIES
401(k) PLAN

Notes to Financial Statements
December 31, 2010 and 2009

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Conesys, Inc. and Affiliated Companies 401(k) Plan (the Plan) provides only general information. Participants and other interest parties should refer to the Plan agreement for more detailed information of the Plan's provisions.

General - Conesys, Inc. and Affiliated Companies (the Company and the Plan Sponsor) established the Plan to provide deferred compensation benefits for eligible employees of Aero-Electric Connector, Inc., EMP Connector, Inc., J-Tech Connector, Inc., and through September 17, 2009, Jerrik, Inc. All Company employees are eligible to participate in the Plan when they meet the Plan's requirement of three months of service. The Company is responsible for administering the Plan and overseeing, the third party administrator, who is responsible for various administrative matters, such as preparing the tax return and performing discrimination testing. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

FASB Codification - The Financial Accounting Standards Board (FASB) sets generally accepted accounting principles (GAAP) that the Bank follows to ensure consistent reporting of financial condition, results of operations, and cash flows. In June 2009, the FASB established the FASB Accounting Standards Codification (Codification) as the sole source of authoritative GAAP.

The Codification does not change how the Plan accounts for its transactions or the nature of the related disclosures made. The change was made effective by the FASB for periods ending on or after September 15, 2009. The adoption of the Codification did not impact the Plan's financial position and results of operations. The Plan has updated these financial statements to reflect the guidance in the Codification.

Contributions - Participants may contribute, subject to certain limitations under the Internal Revenue Code (IRC), up to 80% of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Plan provides for a discretionary matching contribution of 100 percent up to 3 percent of the employees annual pre-tax compensation. Effective, February 20, 2009, the Company ceased making matching contributions. The Company made $64,616 in matching contributions to the Plan during the year ended December 31, 2009. The Plan also provides for additional discretionary contributions. There were no discretionary contributions made by the Company for the years ended December 31, 2010 and 2009, respectively.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings, and charged with any withdrawals or distributions requested by the participant, investment losses and allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants - Participants may borrow from their fund accounts a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Notes must be repaid within five years. The notes are secured by the balance in the participant's account and bear interest at the prime rate on the last day of the month preceding the loan request.

Vesting - Participants are fully vested in the value of their respective salary deferral contributions and earnings thereon. The vested portion of a participant's interest in the Company's contributions is based on years of service. Participants are vested in Company contributions at 20 percent after 1 year of service and an additional 20 percent each year thereafter until 100 percent vested upon five years of service. At the time of the sale of Jerrik, Inc. during 2009, employees of Jerrik, Inc. had their vesting in Company contributions accelerated to 100% regardless of the years of service.

Payment of Benefits - A participant's interest in the Plan becomes fully vested and distributable upon death, total disability, or retirement at or after age 65. Upon termination of services, a participant may elect to receive, the value of the vested interest in his or her account as a lump-sum amount or in installment payments as permitted by the Plan.

Forfeitures - Plan forfeitures may be used to reduce Company contributions and pay plan expenses. Forfeitures of $28,680 and $19,390, respectively, were used during the plan years December 31, 2010 and 2009 to pay plan expenses. Forfeitures of $80,160 and $97,431 were available at December 31, 2010 and 2009, respectively, for future use.

Investments - Each participant directs the allocation of his or her contribution, and employer matching and discretionary profit sharing contributions to one or more of thirty-three investment options.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Risks and Uncertainties - The Plan provides for various investment options in any combination of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

Benefit Payable to Participants - Benefits are recorded when paid.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation - The financial statements have been prepared in compliance with the Department of Labor Rules and Regulations for reporting and disclosure under ERISA.

Basis of Accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Administrative Expenses - Expenses incurred in the administration of the Plan are paid by the Company. Nominal annual service charges are deducted by the insurance company from the individual participant accounts.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates - The preparation of financial statements in conformity with accounting principals generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Reclassifications - Certain reclassifications have been made to the prior year's financial statements to conform to the current year presentation. These reclassifications had no effect on previously reported results of net assets available for benefits.

Subsequent Events - The Plan evaluated subsequent events through October 10, 2011, the date these financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements other than those disclosed in Note 1.

NOTE 3 - INVESTMENTS

The following participant directed accounts as of December 31, 2010 and 2009 are summarized as follows:

		2010	2009
Investments greater than five percent of the Plan's net assets:

	$ 7,441,864	$ 6,953,605

♦ - Investment value was less than five percent of the Plan's net assets

During 2010 and 2009, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

	2010	2009
Pooled separate accounts	$ 457,330	$ 916,065

NOTE 4 - FAIR VALUE MEASUREMENTS

FASB ASC 820 *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

(Note 4 continued on the following page)

CONESYS, INC. AND AFFILIATED COMPANIES
401(k) PLAN

Notes to Financial Statements
(Continued)
December 31, 2010 and 2009

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled separate accounts: Common stock held in the pooled separate accounts are valued at closing price reported on the active market on which the individual securities are traded. Mutual funds held in the pooled separate accounts are valued at the net asset value (NAV) of shares held by the Plan at year end.

Guaranteed investment contracts: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2010 and 2009:

NOTE 5 - INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Life & Annuity Insurance Company, the Plan's custodian, has certified to the completeness and accuracy of:

- Investments at fair value and notes receivable from participants reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2010 and 2009.

- Net appreciation in fair value of investments and interest reflected on the accompanying Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2010 and 2009.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, so that each participant received 100% of his or her account balance as of the date of termination.

NOTE 7 - TAX STATUS

The Plan obtained its latest determination letter on April 5, 2011, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC.

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010 and 2009, there were no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. With few exceptions, the Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to tax examinations for years prior to 2006.

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by Great-West Life & Annuity Insurance Company, the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

The Plan pays administrative expenses to parties-in-interest who provide services to the Plan and for whom a statutory exemption exists.
