**PALL SECTION 1165(e) RETIREMENT AND SAVINGS PLAN
FOR THE PUERTO RICO EMPLOYEES OF
THE PALL CORPORATION**

Notes to Financial Statements

December 31, 2010 and 2009

(1) Description of Plan

The following description of the Pall Section 1165(e) Retirement and Savings Plan for the Puerto Rico Employees of the Pall Corporation (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan for nonunion employees who have completed three months of service with Pall Life Sciences Puerto Rico, LLC (the Company or the Plan Sponsor). The Plan was adopted by the Company and was effective as of July 1, 2000. The Plan is administered by a management committee appointed by Pall Corporation (the Parent Company of the Plan Sponsor). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

(b) Administration of the Plan

The Plan is administered by UBS Trust Company of Puerto Rico (the Trustee) under the terms of a trust agreement entered into between the Plan Sponsor and the Trustee.

The Plan requires that participants select the investment funds into which their accounts are invested. The participant may select from six investment funds for the years ended December 31, 2010 and 2009.

(c) Contributions

Participants may contribute, on either a pretax or after-tax basis, specified percentages of their compensation to the Plan subject to the Puerto Rico Internal Revenue Code of 1994 (the Code). The maximum deferral amount specified by the Code is \$9,000 for tax years ended December 31, 2010 and 2009, respectively.

Act No. 186 of August 7, 2008 (Act 186) amended section 1165(e) of the Code to gradually increase the maximum allowable contribution as follows:

	<u>Amount</u>
For tax years:	
Ending on or before December 31, 2011	\$ 10,000
Ending on or before December 31, 2012	12,000
Ending on December 31, 2013 and thereafter	15,000

Act 186 also eliminated the 10% of annual salary ceiling commencing with tax year 2008.

Additionally, the Plan provides an employer matching component. The employer matches 100% of the participant's contribution up to a maximum of 2.5% of compensation subject to the Plan limitation of \$3,000.

**PALL SECTION 1165(e) RETIREMENT AND SAVINGS PLAN
FOR THE PUERTO RICO EMPLOYEES OF
THE PALL CORPORATION**

Notes to Financial Statements

December 31, 2010 and 2009

Any excess funds resulting from a forfeiture of all or any portion of the account of a participant or former participant under circumstances that do not entitle the participant, former participant, his/her spouse, or beneficiary to the full amount of his/her account under the plan agreement, shall not be applied to increase the benefits payable to any other participant, spouse, or beneficiary, but shall remain in the trust fund and shall have the effect of reducing the amount of any subsequent contributions to the Plan by the Company.

(d) Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, (b) Plan earnings (losses), and (c) expenses. Allocations of the Plan's earnings (losses) are based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(e) Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon, and become vested in the Company contributions and earnings thereon, upon completion of three years of service.

(f) Payment of Benefits

On termination of service a participant may elect to receive either a lump-sum amount equal to the vested portion in his or her account, or quarterly installments as well as monthly installments over an extended period. In addition, a participant may elect to receive a withdrawal in the event of financial hardship in accordance with the terms of the Plan.

(g) Forfeited Accounts

At December 31, 2010 and 2009, forfeited nonvested accounts totaled \$2,506 and \$27,868, respectively. These accounts will be used to reduce future employer contributions. Forfeited nonvested accounts were used to reduce employer contributions for the year ended December 31, 2010.

(h) Administrative Expenses

Administrative expenses are paid by the Plan if not paid by the Company. In 2010, the Plan and the Company paid and absorbed \$37,889 and \$81,686 in administrative expenses, respectively. In 2009, the Plan and the Company paid and absorbed \$2,613 and \$70,368 in administrative expenses, respectively.

(i) Notes Receivable from Participants

Participants may borrow against their vested account balance a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance, whichever is lower. The loans are secured by the balance in the participant account. The repayment period varies depending on the type of the loan. General-purpose loans must be repaid within a five-year period with longer repayment

terms permitted for principal residence loans. Interest is charged at a rate equivalent to that charged by financial institutions for comparable loans at the time the loan is made. Outstanding participants loans as of December 31, 2010 and 2009 amounted to \$872,180 and \$656,625, respectively, at rates ranging between 4.25% and 9.25%.

(2) Summary of Significant Accounting Policies

(a) *Basis of Accounting*

The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America.

(b) *Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) *Fair Value Measurements*

The Plan adopted the provisions of Financial Accounting Standards Board (FASB) Statement No. 157, *Fair Value Measurements*, included in Accounting Standards Codification the ASC Topic 820, *Fair Value Measurements and Disclosures* (ASC 820), for fair value measurements of financial assets and financial liabilities and for fair value measurements of nonfinancial items that are recognized or disclosed at fair value in the financial statements on a recurring basis. ASC 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. ASC 820 also establishes a framework for measuring fair value and expands disclosures about fair value measurements (Note 4).

(d) *Investments Valuation and Income Recognition*

The Plan's investments are stated at fair value based on quoted market values. Quoted market prices are used to value investments, including shares of registered investment companies. The stable value fund is valued at net asset value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. For further discussion about the fair value of the Plan's investments, see Note 4, *Fair Value Measurements*.

(e) *Notes Receivable from Participants*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

FOR THE PUERTO RICO EMPLOYEES OF
THE PALL CORPORATION**

Notes to Financial Statements

December 31, 2010 and 2009

(f) *Payment of Benefits*

Benefits are recorded when paid.

(g) *Risk and Uncertainties*

Participants may direct investment of their account balances in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

(3) Information Certified by Custodians (Unaudited)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Hand Benefits & Trust Company in 2010 and Community Bank, N.A. in 2009, the custodians of the Plan, have certified to the completeness and accuracy of all investment activity reflected on the accompanying statements of net assets available for benefits as of December 31, 2010 and 2009 and the related investment activity reflected in the statements of changes in net assets available for benefits for the years then ended, this Note and that reflected on Note 4.

(4) Fair Value Measurements (Unaudited)

ASC Topic 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income, or cost approach, as specified by the ASC Topic 820, are used to measure fair value. The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 inputs are inputs (other than quoted prices included within Level 1) that are observable for the asset or liability, either directly or indirectly.
- Level 3 inputs are unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability.

The assets or liabilities fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for instruments measured at fair value:

Investment securities

Mutual Funds: valued at quoted closing market prices (Level 1).

Stable Value Fund: valued at net asset value (Level 2).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(5) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their employer contributions. Any unallocated assets of the Plan shall be allocated to participants accounts and distributed in such a manner as the Company may determine.

(6) Tax Status

The Puerto Rico Treasury Department has determined and informed the Company by determination letter dated January 18, 2002 that the Plan and related trust are designed in accordance with applicable provisions of the Code, as amended and, therefore, are exempt from income taxes. In the opinion of the Plan administrator, the Plan and its related trust are designed and are currently being operated within the terms of the Plan and remain qualified under the applicable provisions of the Code. The Company is currently requesting a new determination letter from the Puerto Rico Treasury Department for changes in the Plan document that will take effect in 2011.

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

	December 31	
	2010	2009

Deemed distributions of notes receivable from participant	4,337	—
Net assets available for plan benefits per Form 5500	<u>\$ 10,296,494</u>	<u>8,422,712</u>

The following is a reconciliation of benefits paid to participants per the financial statements for the year ended December 31, 2010, to Form 5500:

Benefits paid per the financial statements	\$ 235,079
Deemed distributions of notes receivable from participant	4,337
Benefits paid per Form 5500	<u>\$ 239,416</u>

A note receivable from a participant is not recorded as a loan in Form 5500 if it is considered deemed distributed during the plan year. To be considered deemed distributed, the following circumstances must apply: (1) under the plan, the participant loan is treated as a directed investment solely of the participant's individual account; and (2) as of the end of the plan year, the participant is not continuing repayment under the loan. For the note receivable from participant of \$4,337, both circumstances apply.

(8) Prohibited Transaction – Participants' Contribution Remittances

In accordance with the Department of Labor's Regulation 2510.3-102, an employer is required to segregate participants' contribution from its general assets as soon as practical, but in no event more than 15th business day following the end of the month in which amounts are contributed by participants or withheld from their wages for a benefit plan such as the Plan. The Company failed to timely remit participants' contributions withheld in 14 payroll periods of the year ended December 31, 2010. In addition, the Company failed to timely remit participants' contributions withheld for 1 payroll period of the year ended December 31, 2009, 2 months of the year ended December 31, 2008 and 1 month for the year ended December 31, 2007. (9) Subsequent Events

The Plan has evaluated subsequent events from the date of the statements of net assets available for benefits through October 12, 2011, the date at which the financial statements were available to be issued.

On January 31, 2011, Act No. 1 of the New Puerto Rico Internal Revenue Code (New PR Code) was signed into law, which adopts new rules for qualified plans in Puerto Rico. The qualified plan provisions of the New PR Code are generally effective with respect to taxable years beginning after December 31, 2010. Among the most important changes in the New PR Code affecting the Plan are the following: (a) increase in limitation of deferred contributions by participants; (b) new definitions of highly compensated employee (HCE) and non-highly compensated employee (NHCE); (c) the new definitions of HCE and NHCE will apply for purposes of the coverage test and general nondiscrimination test of all qualified plans in Puerto Rico; (d) limitation on annual contributions for defined contribution plans; (e) limit on annual compensation of a participant and; (f) statutory requirement for proof of exemption.

The adoption of the new rules for qualified plans in Puerto Rico will require the review and amendment of current plan documentation and procedures by employers and plan sponsors, plan fiduciaries and service providers, in order to comply with the provisions of the New PR Code.
