Independent Auditor's Report

To the Plan Administrator
Meyer Material Company Pension and
Retirement Savings Plan

We were engaged to audit the financial statements and supplemental schedule of Meyer Material Company Pension and Retirement Savings Plan (the "Plan") as of December 31, 2010 and 2009 and for the years then ended, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by New York Life Trust Company and Reliance Trust Company, the trustees of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the Trustees hold the Plan's investment assets and participant notes receivable and execute related transactions. The plan administrator has obtained certifications from the Trustees as of December 31, 2010 and 2009 and for the years then ended that the information provided to the plan administrator by the Trustees is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Meyer Material Company Pension and Retirement Savings Plan

Notes to Financial Statements December 31, 2010 and 2009

Note 1 - Plan Description

The following description of Meyer Material Company Pension and Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all employees of Meyer Material Company (the "Company"), including employees who are represented by certain collective bargaining units. Prior to October 15, 2009, the eligibility requirement was completion of 12 months of service. Starting October 15, 2009, employees who have completed an hour of service are eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective as of the close of business on December 31, 2010, the assets and liabilities of the Plan merged into the Aggregate Industries, Inc., Retirement Savings Plan. See Note 7.

Contributions - The Plan provides for employee salary 401(k) contributions up to a maximum of 12 percent of employees' annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. For plan years beginning on or after January 1, 2010, participants may elect to reduce their compensation for the plan year under their salary reduction agreement by any amount not less than 1 percent or more than 50 percent of their compensation. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Company made a discretionary matching contribution equal to 50 percent of the first 6 percent of a participant's pretax contributions. The Plan also provides for a discretionary profit-sharing contribution. The Company made profit-sharing contributions of \$0 and \$17,873 for the plan years ended December 31, 2010 and 2009, respectively.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on the participant's compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Meyer Material Company Pension and Retirement Savings Plan

Notes to Financial Statements December 31, 2010 and 2009

Note 1 - Plan Description (Continued)

Vesting - Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of service. Prior to October 15, 2009, participants vested in the Company's contributions 10 percent per year for the first and second years and 20 percent per year for the third through sixth years. After the sixth year, the participant became fully vested in contributions. Starting October 15, 2009, participants vest in the Company's contributions 20 percent per year for five years. After the fifth year, the participant is fully vested in contributions.

Benefit Payments - Upon termination of employment, the participant or, in the case of death, the surviving spouse, can elect to receive the participant's account balance in a single lump sum or in various installment annuities. Account balances less than \$1,000 are paid in a single lump sum upon termination.

Hardship Withdrawals - Participants may request that all or a portion of their accounts be distributed in the case of severe financial hardship, as defined in the plan document. The Company must approve any such hardship withdrawals.

Forfeitures - If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures of profit-sharing contributions are used to reduce the Company profit-sharing contribution and forfeitures of matching contributions are used to reduce the Company matching contributions.

Termination - While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon plan termination, participants become 100 percent vested in their account balances.

Party-in-interest Transactions - Certain plan assets are in investment funds managed by New York Life Trust Company and Reliance Trust Company. New York Life Trust Company and Reliance Trust Company are the trustees of the Plan; therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Participant Notes Receivable - Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of 50 percent of their account balance, not to exceed \$50,000. Notes receivable are collateralized by the participant's account balance and bear interest at a rate of 1 percent over the prime lending rate. Participant notes receivable are required to be repaid within 60 months, unless the proceeds are used to purchase a dwelling, in which case the term is not to exceed 15 years.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation - The Plan's investments in mutual funds are stated at fair value based on quoted market prices. The unallocated insurance contract is a group annuity contract issued by New York Life Insurance Company (NYL) that invests in the general assets of NYL. The unallocated investment contract is considered benefit-responsive and is valued at contract value. The contract value of the unallocated contract fund represents investments at cost plus accrued interest income less amounts withdrawn to pay benefits. The fair value of the unallocated investment contract is based on discounting the related cash flows of the underlying guaranteed investment contracts based on current yields of similar instruments with comparable durations. See Note 6 for additional information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

Benefit Payments - Benefits are recorded when paid.

Administrative Expenses - Various administrative costs of the Plan are paid by the Company.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Participant Notes Receivable - Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Note 2 - Summary of Significant Accounting Policies (Continued)

New Accounting Pronouncement - During 2010, the Plan adopted the provisions of a new accounting standard which requires that defined contribution plans classify participant loans as participant notes receivable rather than as investments as was previously required. This standard was adopted retroactively and, as a result, the December 31, 2009 participant loans have been reclassified from investments to participant notes receivable and the 2009 interest income has been reclassified from investment income to interest from participant notes receivable. The adoption of this standard had no impact on the Plan's net assets or changes in net assets.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including October 11, 2011, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

In 2009, the Plan changed trustees from Reliance Trust Company to New York Life Trust Company (collectively, the "Trustees"). The Trustees hold the Plan's investments and participant notes receivable balances and executed all related transactions. The investment and participant notes receivable balances and related income and losses results included in the accompanying financial statements are based solely on information provided by the Trustees.

Significant investments held at the end of the year are as follows:

	2010	2009
Mutual funds at fair value:		
PIMCO Total Return Fund (A)	\$ -	\$ 2,109,565
BlackRock S&P 500 Index A	-	2,386,967
MainStay Large-cap Growth A	-	1,713,110
MFS Value Fund R2	-	1,944,540
Investment at contract value - Unallocated insurance		
contract - New York Life Guaranteed Interest		
Account	-	4,788,934

Note 4 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated January 16, 2003 indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Meyer Material Company Pension and Retirement Savings Plan

Notes to Financial Statements December 31, 2010 and 2009

Note 5 - Investment Contract

In 2009, the Plan entered into a benefit-responsive investment contract with New York Life Insurance Company (NYL). NYL maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The investment contract seeks to provide competitive yields and limited volatility, with a guarantee of principal and accumulated interest. A guaranteed interest crediting rate will be declared in advance and fixed for each six-month period. The initial guaranteed rate will last until December 31 of the first contract year. The crediting rate in subsequent contract years will be reset on January 1 and July 1 and guaranteed for a six-month period. The initial gross crediting rate for the new investment contract clients in 2009 is 4.10 percent. The gross crediting rate during 2010 was 3.55 percent. The minimum crediting rate for the contract will always fall within a range between 1.0 percent and 3.0 percent.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Liquidation of the entire contract may cause a one-time adjustment to aggregate contract value, resulting in a fair value different from the contract value. This total liquidation is a contingent event, which cannot be initiated by the plan participants and can only be initiated by the plan trustee upon termination of the Plan or complete termination of the contract.

	2010	2009
Average yield earned by the Plan	3.53%	3.56%
Average yield credited to participants	2.83%	3.54%

Note 6 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following table presents information about the Plan's assets measured at fair value on a recurring basis at December 31, 2009 and the valuation techniques used by the Plan to determine those fair values. There are no assets measured at fair value on a recurring basis at December 31, 2010.

Level I - In general, fair values determined by Level I inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Meyer Material Company Pension and Retirement Savings Plan

Notes to Financial Statements December 31, 2010 and 2009

Note 6 - Fair Value Measurements (Continued)

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset. Significant Level 3 inputs include credit rating of the issuer, deposits made to the contract, earnings at guaranteed credit rates, withdrawals, and fees.

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Assets Measured at Fair Value on a Recurring Basis at December 31, 2009

	Level 1	Level 3	Balance at December 31, 2009
Mutual funds:			
Fixed	\$ 2,159,330	\$ -	\$ 2,159,330
Retirement	667,057	-	667,057
Equity	7,441,656	-	7,441,656
Balanced	116,107	-	116,107
Unallocated insurance contract	-	4,753,193	4,753,193
Total	<u>\$ 10,384,150</u>	<u>\$ 4,753,193</u>	<u>\$ 15,137,343</u>

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer. There were no significant transfers between levels of the fair value hierarchy during 2010 and 2009.

Note 6 - Fair Value Measurements (Continued)

Changes in Level 3 assets measured at fair value on a recurring basis for the years ended December 31, 2010 and 2009 are as follows:

	Unallocated Insurance Contract
Balance at January 1, 2010	\$ 4,753,193
Issuances and settlements - Net	(4,788,934)
Total unrealized gain	<u>35,741</u>
Balance at December 31, 2010	<u>\$ -</u>
	Unallocated Insurance Contract
Balance at January 1, 2009	\$ -
Issuances and settlements - Net	4,788,934
Total unrealized losses	<u>(35,741)</u>
Balance at December 31, 2009	<u>\$ 4,753,193</u>

Unrealized (losses) and gains of (\$35,741) and \$35,741 on the unallocated investment contract held at December 31, 2010 and 2009, respectively, are included in the accompanying statement of net assets available for benefits.

Both observable and unobservable inputs may be used to determine the fair value of positions classified as Level 3 assets. As a result, the unrealized gains and losses for these assets presented in the tables above may include changes in fair value that were attributable to both observable and unobservable inputs.

Note 7 - Plan Merger

Effective December 31, 2010, the Plan merged and combined with the Aggregate Industries, Inc., Retirement Savings Plan. Accordingly, all assets, participants, and their related account balances were transferred to the Aggregate Industries, Inc., Retirement Savings Plan in 2010.

Meyer Material Company Pension and Retirement Savings Plan

Notes to Financial Statements December 31, 2010 and 2009

Note 8 - Reconciliation to Form 5500

Net assets on the December 31, 2009 financial statements were lower than those on Form 5500 by \$205,955 due to Form 5500 being recorded on the cash basis of accounting while the financial statements are on an accrual basis. Additionally, investment income on Form 5500 for the year ended December 31, 2009 was higher by \$106,279, resulting from accounting on the cash basis of accounting, and in 2008, Form 5500 net assets were recorded at fair value while the financial statements net assets were recorded at contract value. Investment income on Form 5500 for the year ended December 31, 2010 is \$205,955 higher than the financial statements due to contribution receivable not being recorded on Form 5500.

Note 9 - Delinquent Contribution

During 2009 and 2010, the Company remitted certain contributions to the Plan after the Department of Labor's required timeframe. The contributions along with lost earnings were remitted in the plan years ended December 31, 2009 and 2010.

Independent Auditor's Report

To the Plan Administrator
Meyer Material Company Pension and
Retirement Savings Plan

We were engaged to audit the financial statements and supplemental schedule of Meyer Material Company Pension and Retirement Savings Plan (the "Plan") as of December 31, 2010 and 2009 and for the years then ended, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by New York Life Trust Company and Reliance Trust Company, the trustees of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the Trustees hold the Plan's investment assets and participant notes receivable and execute related transactions. The plan administrator has obtained certifications from the Trustees as of December 31, 2010 and 2009 and for the years then ended that the information provided to the plan administrator by the Trustees is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Meyer Material Company Pension and Retirement Savings Plan

Notes to Financial Statements December 31, 2010 and 2009

Note 1 - Plan Description

The following description of Meyer Material Company Pension and Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all employees of Meyer Material Company (the "Company"), including employees who are represented by certain collective bargaining units. Prior to October 15, 2009, the eligibility requirement was completion of 12 months of service. Starting October 15, 2009, employees who have completed an hour of service are eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective as of the close of business on December 31, 2010, the assets and liabilities of the Plan merged into the Aggregate Industries, Inc., Retirement Savings Plan. See Note 7.

Contributions - The Plan provides for employee salary 401(k) contributions up to a maximum of 12 percent of employees' annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. For plan years beginning on or after January 1, 2010, participants may elect to reduce their compensation for the plan year under their salary reduction agreement by any amount not less than 1 percent or more than 50 percent of their compensation. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Company made a discretionary matching contribution equal to 50 percent of the first 6 percent of a participant's pretax contributions. The Plan also provides for a discretionary profit-sharing contribution. The Company made profit-sharing contributions of \$0 and \$17,873 for the plan years ended December 31, 2010 and 2009, respectively.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on the participant's compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Meyer Material Company Pension and Retirement Savings Plan

Notes to Financial Statements December 31, 2010 and 2009

Note 1 - Plan Description (Continued)

Vesting - Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of service. Prior to October 15, 2009, participants vested in the Company's contributions 10 percent per year for the first and second years and 20 percent per year for the third through sixth years. After the sixth year, the participant became fully vested in contributions. Starting October 15, 2009, participants vest in the Company's contributions 20 percent per year for five years. After the fifth year, the participant is fully vested in contributions.

Benefit Payments - Upon termination of employment, the participant or, in the case of death, the surviving spouse, can elect to receive the participant's account balance in a single lump sum or in various installment annuities. Account balances less than \$1,000 are paid in a single lump sum upon termination.

Hardship Withdrawals - Participants may request that all or a portion of their accounts be distributed in the case of severe financial hardship, as defined in the plan document. The Company must approve any such hardship withdrawals.

Forfeitures - If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures of profit-sharing contributions are used to reduce the Company profit-sharing contribution and forfeitures of matching contributions are used to reduce the Company matching contributions.

Termination - While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon plan termination, participants become 100 percent vested in their account balances.

Party-in-interest Transactions - Certain plan assets are in investment funds managed by New York Life Trust Company and Reliance Trust Company. New York Life Trust Company and Reliance Trust Company are the trustees of the Plan; therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Participant Notes Receivable - Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of 50 percent of their account balance, not to exceed \$50,000. Notes receivable are collateralized by the participant's account balance and bear interest at a rate of 1 percent over the prime lending rate. Participant notes receivable are required to be repaid within 60 months, unless the proceeds are used to purchase a dwelling, in which case the term is not to exceed 15 years.

Note 5 - Investment Contract

In 2009, the Plan entered into a benefit-responsive investment contract with New York Life Insurance Company (NYL). NYL maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The investment contract seeks to provide competitive yields and limited volatility, with a guarantee of principal and accumulated interest. Note 6 - Fair Value Measurements (Continued)

Changes in Level 3 assets measured at fair value on a recurring basis for the years ended December 31, 2010 and 2009 are as follows:

	Unallocated Insurance Contract
Balance at January 1, 2010	\$ 4,753,193
Issuances and settlements - Net	(4,788,934)
Total unrealized gain	<u>35,741</u>
Balance at December 31, 2010	<u>\$ -</u>
	Unallocated Insurance Contract
Balance at January 1, 2009	\$ -
Issuances and settlements - Net	4,788,934
Total unrealized losses	<u>(35,741)</u>
Balance at December 31, 2009	<u>\$ 4,753,193</u>

Unrealized (losses) and gains of (\$35,741) and \$35,741 on the unallocated investment contract held at December 31, 2010 and 2009, respectively, are included in the accompanying statement of net assets available for benefits.

Both observable and unobservable inputs may be used to determine the fair value of positions classified as Level 3 assets. As a result, the unrealized gains and losses for these assets presented in the tables above may include changes in fair value that were attributable to both observable and unobservable inputs.

Note 7 - Plan Merger

Effective December 31, 2010, the Plan merged and combined with the Aggregate Industries, Inc., Retirement Savings Plan. Accordingly, all assets, participants, and their related account balances were transferred to the Aggregate Industries, Inc., Retirement Savings Plan in 2010.

Note 8 - Reconciliation to Form 5500

Net assets on the December 31, 2009 financial statements were lower than those on Form 5500 by \$205,955 due to Form 5500 being recorded on the cash basis of accounting while the financial statements are on an accrual basis. Additionally, investment income on Form 5500 for the year ended December 31, 2009 was higher by \$106,279, resulting from accounting on the cash basis of accounting, and in 2008, Form 5500 net assets were recorded at fair value while the financial statements net assets were recorded at contract value. Investment income on Form 5500 for the year ended December 31, 2010 is \$205,955 higher than the financial statements due to contribution receivable not being recorded on Form 5500.

Note 9 - Delinquent Contribution

During 2009 and 2010, the Company remitted certain contributions to the Plan after the Department of Labor's required timeframe. The contributions along with lost earnings were remitted in the plan years ended December 31, 2009 and 2010.

Independent Auditor's Report

To the Plan Administrator
Meyer Material Company Pension and
Retirement Savings Plan

We were engaged to audit the financial statements and supplemental schedule of Meyer Material Company Pension and Retirement Savings Plan (the "Plan") as of December 31, 2010 and 2009 and for the years then ended, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by New York Life Trust Company and Reliance Trust Company, the trustees of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the Trustees hold the Plan's investment assets and participant notes receivable and execute related transactions. The plan administrator has obtained certifications from the Trustees as of December 31, 2010 and 2009 and for the years then ended that the information provided to the plan administrator by the Trustees is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Meyer Material Company Pension and Retirement Savings Plan

Notes to Financial Statements December 31, 2010 and 2009

Note 1 - Plan Description

The following description of Meyer Material Company Pension and Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all employees of Meyer Material Company (the "Company"), including employees who are represented by certain collective bargaining units. Prior to October 15, 2009, the eligibility requirement was completion of 12 months of service. Starting October 15, 2009, employees who have completed an hour of service are eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective as of the close of business on December 31, 2010, the assets and liabilities of the Plan merged into the Aggregate Industries, Inc., Retirement Savings Plan. See Note 7.

Contributions - The Plan provides for employee salary 401(k) contributions up to a maximum of 12 percent of employees' annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. For plan years beginning on or after January 1, 2010, participants may elect to reduce their compensation for the plan year under their salary reduction agreement by any amount not less than 1 percent or more than 50 percent of their compensation. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Company made a discretionary matching contribution equal to 50 percent of the first 6 percent of a participant's pretax contributions. The Plan also provides for a discretionary profit-sharing contribution. The Company made profit-sharing contributions of \$0 and \$17,873 for the plan years ended December 31, 2010 and 2009, respectively.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on the participant's compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Meyer Material Company Pension and Retirement Savings Plan

Notes to Financial Statements December 31, 2010 and 2009

Note 1 - Plan Description (Continued)

Vesting - Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of service. Prior to October 15, 2009, participants vested in the Company's contributions 10 percent per year for the first and second years and 20 percent per year for the third through sixth years. After the sixth year, the participant became fully vested in contributions. Starting October 15, 2009, participants vest in the Company's contributions 20 percent per year for five years. After the fifth year, the participant is fully vested in contributions.

Benefit Payments - Upon termination of employment, the participant or, in the case of death, the surviving spouse, can elect to receive the participant's account balance in a single lump sum or in various installment annuities. Account balances less than \$1,000 are paid in a single lump sum upon termination.

Hardship Withdrawals - Participants may request that all or a portion of their accounts be distributed in the case of severe financial hardship, as defined in the plan document. The Company must approve any such hardship withdrawals.

Forfeitures - If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures of profit-sharing contributions are used to reduce the Company profit-sharing contribution and forfeitures of matching contributions are used to reduce the Company matching contributions.

Termination - While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon plan termination, participants become 100 percent vested in their account balances.

Party-in-interest Transactions - Certain plan assets are in investment funds managed by New York Life Trust Company and Reliance Trust Company. New York Life Trust Company and Reliance Trust Company are the trustees of the Plan; therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Participant Notes Receivable - Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of 50 percent of their account balance, not to exceed \$50,000. Notes receivable are collateralized by the participant's account balance and bear interest at a rate of 1 percent over the prime lending rate. Participant notes receivable are required to be repaid within 60 months, unless the proceeds are used to purchase a dwelling, in which case the term is not to exceed 15 years.

Notes to Financial Statements December 31, 2010 and 2009

Note 2 - Summary of Significant Accounting Policies

Investment Valuation - The Plan's investments in mutual funds are stated at fair value based on quoted market prices. The unallocated insurance contract is a group annuity contract issued by New York Life Insurance Company (NYL) that invests in the general assets of NYL. The unallocated investment contract is considered benefit-responsive and is valued at contract value. The contract value of the unallocated contract fund represents investments at cost plus accrued interest income less amounts withdrawn to pay benefits. The fair value of the unallocated investment contract is based on discounting the related cash flows of the underlying guaranteed investment contracts based on current yields of similar instruments with comparable durations. See Note 6 for additional information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

Benefit Payments - Benefits are recorded when paid.

Administrative Expenses - Various administrative costs of the Plan are paid by the Company.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Participant Notes Receivable - Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Meyer Material Company Pension and Retirement Savings Plan

Notes to Financial Statements December 31, 2010 and 2009

Note 2 - Summary of Significant Accounting Policies (Continued)

New Accounting Pronouncement - During 2010, the Plan adopted the provisions of a new accounting standard which requires that defined contribution plans classify participant loans as participant notes receivable rather than as investments as was previously required. This standard was adopted retroactively and, as a result, the December 31, 2009 participant loans have been reclassified from investments to participant notes receivable and the 2009 interest income has been reclassified from investment income to interest from participant notes receivable. The adoption of this standard had no impact on the Plan's net assets or changes in net assets.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including October 11, 2011, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

In 2009, the Plan changed trustees from Reliance Trust Company to New York Life Trust Company (collectively, the "Trustees"). The Trustees hold the Plan's investments and participant notes receivable balances and executed all related transactions. The investment and participant notes receivable balances and related income and losses results included in the accompanying financial statements are based solely on information provided by the Trustees.

Significant investments held at the end of the year are as follows:

	2010	2009
Mutual funds at fair value:		
PIMCO Total Return Fund (A)	\$ -	\$ 2,109,565
BlackRock S&P 500 Index A	-	2,386,967
MainStay Large-cap Growth A	-	1,713,110
MFS Value Fund R2	-	1,944,540
Investment at contract value - Unallocated insurance		
contract - New York Life Guaranteed Interest		
Account	-	4,788,934

Note 4 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated January 16, 2003 indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Meyer Material Company Pension and Retirement Savings Plan

Notes to Financial Statements December 31, 2010 and 2009

Note 5 - Investment Contract

In 2009, the Plan entered into a benefit-responsive investment contract with New York Life Insurance Company (NYL). NYL maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The investment contract seeks to provide competitive yields and limited volatility, with a guarantee of principal and accumulated interest. A guaranteed interest crediting rate will be declared in advance and fixed for each six-month period. The initial guaranteed rate will last until December 31 of the first contract year. The crediting rate in subsequent contract years will be reset on January 1 and July 1 and guaranteed for a six-month period. The initial gross crediting rate for the new investment contract clients in 2009 is 4.10 percent. The gross crediting rate during 2010 was 3.55 percent. The minimum crediting rate for the contract will always fall within a range between 1.0 percent and 3.0 percent.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Liquidation of the entire contract may cause a one-time adjustment to aggregate contract value, resulting in a fair value different from the contract value. This total liquidation is a contingent event, which cannot be initiated by the plan participants and can only be initiated by the plan trustee upon termination of the Plan or complete termination of the contract.

	2010	2009
Average yield earned by the Plan	3.53%	3.56%
Average yield credited to participants	2.83%	3.54%

Note 6 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following table presents information about the Plan's assets measured at fair value on a recurring basis at December 31, 2009 and the valuation techniques used by the Plan to determine those fair values. There are no assets measured at fair value on a recurring basis at December 31, 2010.

Level I - In general, fair values determined by Level I inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Meyer Material Company Pension and Retirement Savings Plan

Notes to Financial Statements December 31, 2010 and 2009

Note 6 - Fair Value Measurements (Continued)

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset. Significant Level 3 inputs include credit rating of the issuer, deposits made to the contract, earnings at guaranteed credit rates, withdrawals, and fees.

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Assets Measured at Fair Value on a Recurring Basis at December 31, 2009

	Level 1	Level 3	Balance at December 31, 2009
Mutual funds:			
Fixed	\$ 2,159,330	\$ -	\$ 2,159,330
Retirement	667,057	-	667,057
Equity	7,441,656	-	7,441,656

Total	<u>\$ 10,384,150</u>	<u>\$ 4,753,193</u>	<u>\$ 15,137,343</u>

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer. There were no significant transfers between levels of the fair value hierarchy during 2010 and 2009.

Issuances and settlements - Net	4,788,934
Total unrealized losses	<u>(35,741)</u>
Balance at December 31, 2009	<u>\$ 4,753,193</u>

Unrealized (losses) and gains of (\$35,741) and \$35,741 on the unallocated investment contract held at December 31, 2010 and 2009, respectively, are included in the accompanying statement of net assets available for benefits.

Both observable and unobservable inputs may be used to determine the fair value of positions classified as Level 3 assets. As a result, the unrealized gains and losses for these assets presented in the tables above may include changes in fair value that were attributable to both observable and unobservable inputs.

Note 7 - Plan Merger

Effective December 31, 2010, the Plan merged and combined with the Aggregate Industries, Inc., Retirement Savings Plan. Accordingly, all assets, participants, and their related account balances were transferred to the Aggregate Industries, Inc., Retirement Savings Plan in 2010.
