Report of Independent Auditors

To the Trustees and Plan Administrator of the EMS 401(k) Plan and Participants:

We were engaged to audit the accompanying statement of net assets available for benefits of the EMS 401(k) Plan as of December 31, 2010, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010, and the supplemental schedules as of December 31, 2010, as listed in the accompanying table of contents. These financial statements and supplemental schedules are the responsibility of the Plan's management. The financial statements of the plan as of December 31, 2009, were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed the other auditors not to perform and they did not perform any auditing procedures with respect to the information certified by the Custodian. Their report, dated December 8, 2010, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by the John Hancock Life Insurance Company (U.S.A.), the custodian of the Plan, except for comparing such information with the related information included in the 2010 financial statements and supplemental schedules. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2010, that the information provided to the Plan administrator by the custodian is complete and accurate.

Because of the significance of the information in the Plan's 2010 financial statements and supplemental schedules that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2010 financial statements and supplemental schedule taken as a whole. The form and content of the information included in the 2010 financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to the Financial Statements
EMS 401(k) Plan

Note A – Description of the plan

The following brief description of the EMS 401(k) Plan ("the Plan") is provided for general information purposes only. The Plan is sponsored by Environmental Monitoring Services, Inc. (the "Plan Sponsor" or "Company"). Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) that provides retirement savings benefits to eligible employees of the Company through tax deferred voluntary contributions by employees and discretionary contributions by the Company. Employees are not required to satisfy an age or service requirement to be eligible to participant in the plan. The Plan, which commenced effective January 1, 2003, is subject to the provisions of the Employment Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code ("IRC"). The Company is the designated administrator of the Plan and John Hancock Life Insurance Company (U.S.A.) is the custodian of the Plan responsible for the management and control of the Plan's assets which are held in individual participant investment accounts. The Plan uses the services of an independent third party for participant recordkeeping.

In August 2010, the Plan was amended to comply with the Heroes Earnings Assistance and Relief Tax Act of 2008 ("HEART") which provides additional benefits to individuals who are absent from work due to duty in uniformed military service and the Worker, Retiree, and Employer Recovery Act of 2008 ("WRERA"). The HEART Act and WRERA are effect for plan years beginning after December 31, 2009.

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of (a) employer matching and discretionary nonelective contributions and (b) Plan earnings (losses) and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Employee contributions

Participants may elect to contribute up to the maximum amount allowed for deferral under the IRC. The amount deferred is not subject to federal taxation to the participants until distributions are made from the Plan. Participants who have attained age fifty (50) or older before the end of the tax year are eligible to make catch-up contributions up to the maximum amount allowed for deferral under the IRC. Participants may discontinue their election to contribute at any time. Participants direct the investment of their contributions into various investment options offered by the Plan. Transfers from qualified plans are allowed under the provisions of the Plan. Additional after-tax voluntary contributions are not permitted.

Employer contributions

The Company may, at its discretion, make matching contributions to the Plan in a specified amount equal to a percentage of the participant's compensation or dollar amount determined by the Plan Sponsor. Additionally, the Company may make discretionary profit sharing contributions in amounts determined by the Company. No discretionary matching or profit sharing contributions were made during the year ended December 31, 2010 and 2009, respectively.

ERISA and the IRC provide that plans such as EMS 401(k) Plan cannot discriminate in favor of highly compensated individuals. To comply with these laws, certain highly compensated individuals may receive funds in the year that contributions were made in excess of the IRC Section 401(k) limit and all earnings attributable to such contributions. At December 31, 2010, there were no corrective distributions payable to participants.

Rollovers

Rollovers represent funds transferred to the Plan from other qualified plans. Participants may roll over certain qualifying funds into the Plan in accordance with the Plan document.

Investment Options

Upon enrollment in the Plan, a participant may direct employer and employee contributions into various investment options offered by the Plan. Investment options consist primarily of shares of pooled separate accounts sponsored by John Hancock Life Insurance Company (U.S.A) (the "Custodian") and guaranteed interest accounts. Participants may change their investment mix during the year and such changes are subject to the restrictions made by the Company.

Vesting

Participants are fully vested in their employee contributions plus actual earnings (losses) thereon. Vesting in the Company contributions and earnings thereon is based on years of service and is determined as follows:

Years of Service:	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeited accounts

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeited amounts are retained in the Plan and will be used to reduce future employer contributions to the Plan. Forfeited non-vested accounts amounted to $0 at December 31, 2010 and 2009, respectively.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to $50,000 or 50% of their account balance, whichever is less. No more than one loan can be outstanding at any one time. The loans are secured by the balance in the participant's account and bear interest at 5.25% which is commensurate with the prime lending rate plus 2%. Principal and interest is paid ratably through payroll deductions. All loans must be repaid within five years, unless the loan is used to purchase a primary residence, for which loan terms may range up to fifteen years.

Payment of Benefits

On termination of employment, disability, death, or normal retirement, a participant or designated beneficiary may elect to receive a lump sum cash distribution equal to the value of the participant's vested account balance, a direct rollover distribution, or a combination of a cash distribution and direct rollover distribution. Participants may defer receipt of distribution until a later date unless their account balance is $5,000 or less. If the vested account balance is $5,000 or less, the account will be distributed to the participant without consent as a lump sum distribution in cash.

If an active participant has attained age fifty-nine and one-half (59½), they may elect to withdraw all or a portion of their account while still employed by the Company.

Administrative Expenses

The Plan permits the payment of expenses incurred in connection with the administration of the Plan to be made from the Plan's assets. Expenses will generally be allocated among the accounts of all participants in the plan proportionately based on the value of the participant's account balances. Specific fees may also be charged directly to a participant's account in response to transactions requested under the Plan. Administrative expenses totaled $3,993 and $3,184 for the year ended December 31, 2010 and 2009, respectively.

Reclassifications

Certain amounts in the prior period presented have been reclassified to conform to the current period financial statement presentation. These reclassifications have no effect on previously reported net assets available for benefits.

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting and include all adjustments necessary to present fairly the financial statements of the Plan in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying disclosures. Accordingly, actual results may differ from those estimates.

Recent Accounting Pronouncements

In May 2011, the FASB issued Accounting Standards Update 2011-04, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRSs*, (ASU 2011-04). ASU 2011-04 amended ASC 820, to converge the fair value measurement guidance in US generally accepted accounting principles and International Financial Reporting Standards. Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820. In addition, ASU 2011-04 requires additional fair value disclosures. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. Plan management is currently evaluating the effect that the provisions of ASU 2011- 04 will have on the Plan's financial statements.

In September 2010, the FASB issued Accounting Standards Update 2010-25, *Reporting Loans to Participants by Defined Contribution Pension Plans*, (ASU 2010-25). ASU 2010-25 requires participant loans to be measured at their unpaid principal balance plus any accrued but unpaid interest and classified as notes receivable from participants. Previously, loans were measured at fair value and classified as investments. ASU 2010-25 is effective for fiscal years ending after December 15, 2010 and is required to be applied retrospectively. Adoption of ASU 2010-25 did not change the value of participant loans from the amount previously reported as of December 31, 2009. Participant loans have been reclassified to notes receivable from participants as of December 31, 2009.

In January 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update 2010-06, *Improving Disclosures about Fair Value Measurements* (ASU 2010-06). ASU 2010-06 amended Accounting Standards Codification Topic 820, *Fair Value Measurements and Disclosures* (ASC 820) to clarify certain existing fair value disclosures and require a number of additional disclosures. The guidance in ASU 2010-06 clarified that disclosures should be presented separately for each "class" of assets and liabilities measured at fair value and provided guidance on how to determine the appropriate classes of assets and liabilities to be presented. ASU 2010-06 also clarified the requirement for entities to disclose information about both the valuation techniques and inputs used in estimating Level 2 and Level 3 fair value measurements. In addition, ASU 2010-06 introduced new requirements to disclose the amounts (on a gross basis) and reasons for any significant transfers between Levels 1, 2 and 3 of the fair value hierarchy and present information regarding the purchases, sales, issuances and settlements of Level 3 assets and liabilities on a gross basis. With the exception of the requirement to present changes in Level 3 measurements on a gross basis, which is delayed until 2011, the guidance in ASU 2010-06 is effective for reporting periods beginning after December 15, 2009. Since ASU 2010-06 only affects fair value measurement disclosures, the adoption of ASU 2010-06 did not have an effect on the Plan's net assets available for benefits or its changes in net assets available for benefits.

Contributions

Contributions from participants are recorded when the Company makes payroll deductions. Discretionary employer contributions are determined, funded and recorded annually. Contributions receivable represent amounts not yet deposited into the participants' individual accounts.

Investment valuation and income recognition

Investments are reported at fair value and are measured in accordance with ASC 820. Fair value is the exchange price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in value of investments includes realized gains and losses on investments bought and sold during the year and unrealized appreciation (depreciation) of investments held at year-end. Net realized and unrealized appreciation (depreciation) is recorded in the accompanying Statement of Changes in Net Assets Available for Benefits as net appreciation (depreciation) in fair value of investments.

Payment of Benefits

Benefits paid to participants are recorded when paid. As of December 31, 2010, there were no amounts allocated to participants who elected to withdraw from the Plan, but have not been paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan Document.

Risks and uncertainties

The Plan provides for various investment securities. Investments, in general, are exposed to various risks, such as interest rate, credit and overall volatility risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note C - Information Certified by the Custodian (Unaudited) or Investments

At December 31, 2010 and 2009, the Plan's investments were held by John Hancock Life Insurance Company (U.S.A) ("the Custodian"). The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Custodian as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The fair value of investments at December 31, 2010 and 2009 that represent 5% or more of the Plan's net assets, as reported by the Custodian is summarized as follows:

	12/31/2010	12/31/2009
Lifestyle Fund - Balanced Portfolio*	$ 19,882	$ 20,016
Lifestyle Fund - Growth Portfolio*	62,283	49,498

	$ 226,513	**$ 186,998**

* Indicates party-in-interest.

** Represents less than five percent (5%) of the Plan's net assets as of December 31.

During 2010, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $25,070 as follows:

	12/31/2010
Balanced funds	$ 17,024
Equity funds	4,583
Global/international funds	1,036
Specialty funds	978
Index funds	1,475

Note D – Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

When available, quoted market prices are used to determine fair value and such measurements are classified within Level 1. In some cases where market prices are not available, observable market based inputs are used to calculate fair value, in which case the measurements are classified within Level 2. If quoted or observable market prices are not available, fair value is based upon internally developed models that use, where possible, current market-based parameters such as interest rates, yield curves and currency rates. These measurements are classified within Level 3.

Fair value measurements are classified according to the lowest level input or value-driver that is significant to the valuation. A measurement may therefore be classified within Level 3 even though there may be significant inputs that are readily observable.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Pooled separate accounts: Valued at the net asset value ("NAV") per unit based on either the observable net asset value of the underlying investment or the net asset value of the underlying pool of securities. Net asset value is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. Pooled separate accounts are classified within level 1 of the valuation hierarchy as of December 31, 2010 and 2009.

Guaranteed investment accounts: Valued at cash surrender value, which approximates fair value, by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

Money market funds: Valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2010 and 2009:

	Assets at Fair Value as of December 31, 2010

Note E - Investment account with insurance company

The Plan provides an investment option to invest in a non benefit-responsive guaranteed interest account with John Hancock Life Insurance Company (U.S.A) ("John Hancock"). John Hancock maintains the contributions in a general account. The account is credited with a guaranteed and fixed rate of return. The guaranteed interest account is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan by John Hancock.

The guaranteed interest account is non benefit-responsive, and therefore fair value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest account.

The guaranteed interest account promises contract value for a benefit event, such as a termination, death, disability or retirement. However, there is a market value adjustment, which is also called a surrender charge, when funds are withdrawn prior to their maturity or for a non-benefit event, such as a withdrawal from the account for a change in investment option. The guaranteed interest account does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

For the years ended December 31, 2010 and 2009, the average interest rate yield earned in the guaranteed interest account was 1.19% and 3.64%, respectively.

Note F – Related party transactions

Certain Plan assets are in investment funds managed by John Hancock Life Insurance Company (U.S.A) ("John Hancock"). John Hancock is the custodian of the Plan assets; therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines. Any purchases and sales of these investments are open market transactions at fair market value. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. Fees paid by the Plan to the custodian for administrative fees amounted to $3,169 and $3,184 for the year ended December 31, 2010 and 2009, respectively.

The Plan has notes receivables from certain of its participants. These transactions qualify as party-in-interest transactions, as defined by ERISA. However, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

Note G - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to provisions of ERISA. In the event of Plan termination, participants will become 100% vested in the employer contributions allocated to their accounts.

Note H - Tax status

The underlying prototype plan has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2008, stating that the form of the Plan is qualified under Section 401(a) of the Code, and therefore, the related trust is tax-exempt. In accordance with Revenue Procedures 2007-6 and 2005-16, the Plan Sponsor has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Note I - Reconciliation of Plan financial statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2010 to Schedule H of Form 5500:

Net assets available for benefits per the financial statements	$	259,365
Adjustment from contract value to fair value		5
Employer contributions receivable		(2,126)
Net assets available for benefits per Schedule H of Form 5500	**$**	**257,244**

The following is a reconciliation of the net change in net assets available for benefits for the year ended December 31, 2009 to Schedule H of Form 5500:

Net increase in net assets available for benefits per the financial statements	$	50,809
Add: 2010 adjustment from contract value to fair value		5
Less: Employer contributions receivable at December 31, 2010		(2,126)
Less: Participant contributions receivable at December 31, 2009		2,066
Less: 2009 adjustment from fair value to contract value		(15)
Net increase in net assets available for benefits per Schedule H of Form 5500	**$**	**50,739**

Note J – Subsequent Events

The Company performed an evaluation of events that have occurred subsequent to the end of the Plan year through the date that the financial statements were available to be issued. As of October 11, 2011, there have been no subsequent events that occurred during such period that would require recognition in the financial statements or would require disclosure in the financial statements.
