NOTES TO FINANCIAL STATEMENTS

December 31, 2010 and 2009

NOTE A - PLAN DESCRIPTION

The following description of the Bonten Media Group Inc. Employee Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement or summary plan description for a more complete description of the Plan's provisions.

1. General

The Plan, established October 1, 1985, is a defined contribution plan covering all employees of Bonten Media Group Inc. and its affiliates (the Company). The Plan was amended and restated effective July 1, 2010. Prior to the amendment, the Plan had quarterly entry dates on January 1, April 1, July 1 and October 1, and an employee had to be at least 21 years old to participate. After the amendment, employees can enter the Plan upon start of employment or any time during the year and there are no age requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

2. Contributions

Prior to the amendment, participants could contribute up to 100% of compensation limited to the maximum amount allowed by the Internal Revenue Code (IRC). Effective July 1, 2010, participants may contribute up to 90% of compensation limited to the maximum amount allowed by the IRC. Participants who have attained age 50 before the end of the Plan year may elect to make catch-up contributions to the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contributions plans. Participants may also elect to make after-tax contributions to the Plan. The Company may make discretionary contributions to the Plan.

3. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's contributions and earnings thereon are based on years of service as follows:

<u>Years of vesting service</u>	<u>Percentage</u>
1 or less	0%
2	25
3	50
4	75
5 or more	100

4. Participant accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, if any, and investment earnings on the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A - PLAN DESCRIPTION - Continued

5. Investment options

Participants direct their account balances to be invested in 1% increments in any of the investment options offered by the Plan.

Participants may change their investment options at their discretion.

6. Notes receivable from participants

Loans were permitted effective July 1, 2010. Participants may borrow from their fund accounts a minimum of \$500, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's vested account and bear interest at a reasonable rate as determined by the Plan administrator. The interest rate was 4.25% per annum at December 31, 2010. Principal and interest are paid ratably through payroll deductions. Loans must be repaid within five years unless for the purchase of a principal residence in which case the Plan administrator may permit a longer repayment term. Participants may only have two loans outstanding at any one time.

7. Payment of benefits

Participants are eligible to receive benefits upon termination of employment, death, disability or retirement. Participants may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or in monthly, quarterly, semiannual or annual installments over a period not to exceed the greater of the life expectancy of the participant or the joint life expectancy of the participant and the participant's spouse.

8. Forfeitures

Forfeited nonvested accounts are used to reduce future employer contributions or pay plan expenses. During 2010, \$432 of forfeitures were used to reduce employer contributions and \$12,589 of forfeitures were used to pay plan expenses. Unallocated forfeitures at December 31, 2010 and 2009 were \$8,080 and \$1,456, respectively.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES

1. Basis of accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

2. Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES - Continued

3. Adoption of new accounting standard

In September 2010, the Financial Accounting Standards Board (FASB) issued an amendment, Plan Accounting - Defined Contribution Pension Plans (Topic 962): Reporting Loans to Participants by Defined Contribution Pension Plans, which provides guidance on how loans to participants should be classified and measured by defined contribution plans. That guidance requires participant loans to be classified as notes receivable from participants, which are segregated from Plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. The Plan adopted this new guidance in its December 31, 2010 financial statements. Since the Plan did not allow participant loans prior to July 1, 2010, adoption of this guidance had no impact on the December 31, 2009 financial statements.

4. Cash and cash equivalents

The Plan considers all highly liquid investments with original maturities of three months or less at date of purchase to be cash equivalents. At times, such cash equivalents may be in excess of the Federal Depository insurance limit.

5. Administrative expenses

Certain administrative expenses of the Plan are paid by the Company.

6. Investment valuation and income recognition

The investments of the Plan are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note F for discussion of fair value measurement).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

7. Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

8. Payment of benefits

Benefits are recorded when paid.

9. Subsequent events

The Plan evaluated and disclosed subsequent events, if any, through October 6, 2011, which represents the date which the financial statements were available to be issued.

NOTE C - PARTY-IN-INTEREST TRANSACTIONS

From January 1, 2010 until June 30, 2010, Plan investments were managed by John Hancock Life Insurance Company (John Hancock) through a group contract. During this time, John Hancock was the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions. From July 1, 2010 until December 31, 2010, Plan investments were managed by Reliance Trust Company (Reliance). During this time period, Reliance was the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$14,955 for the year ended December 31, 2010.

Accordingly, the custodian and trustee have certified that the following data included in the financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2010 and 2009.
- Investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2010.

The Plan's independent certified public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

NOTE F - FAIR VALUE MEASUREMENTS

The fair value guidance provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets.
 - Quoted prices for identical or similar assets or liabilities in inactive markets.
 - Inputs other than quoted prices that are observable for the asset or liability.
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2010 and 2009

NOTE F - FAIR VALUE MEASUREMENTS - Continued

Short-term bond fund

The Plan's interest in the Merrill Lynch Retirement Preservation Trust (Trust), is determined based on the underlying investments as traded in an exchange or active market and the fair value of fully benefit-responsive investment contracts which are calculated using a discounted cash flow model which considers recent fee bids as determined by recognized dealers, a discount rate and the duration of the underlying portfolio securities. Effective October 6, 2010, the Trust commenced liquidation of its assets and changed from a stable value fund to a short-term bond fund. The fair value of the short-term bond fund is estimated using the net asset value (NAV) of the Plan's ownership interest in the fund.

The Trust seeks to provide preservation of capital, high liquidity and earn an appropriate market return. It invests primarily in cash, cash equivalents and short-term, highly liquid securities. This collective trust seeks to maintain a \$1.00 NAV per share, although achievement of that objective cannot be assured. The Trust terminated operations on February 28, 2011 and was liquidated on March 1, 2011 through an in-kind distribution to unit holders. All Trust units were redeemed or exchanged at the NAV per unit of \$1.00, which terminated the Trust.

Pooled separate accounts

Pooled separate accounts are valued at the net asset value (NAV) of the shares held by the Plan at year-end. The FASB has issued guidance on estimating fair value when investments are calculated using NAV per share, but do not have a readily determinable fair value. The guidance permits the use of the NAV of the investment as a practical expedient to determine the fair value. Units are issued and redeemed daily at the investment's NAV dollar amount per unit. They allow for daily liquidity with no additional days notice required for redemption. There are no unfunded commitments or restrictions on redemption.

The strategies of the pooled separate accounts are as follows:

Income funds	maximum total return with emphasis on current income
Growth and income funds	long-term capital appreciation balanced with current income growth; investing primarily in domestic equity securities of large companies
Conservative funds	highest level of current income while still maintaining liquidity and preserving capital
Aggressive growth funds	long-term capital appreciation, investing primarily in emerging and developing markets
Growth funds	long-term capital appreciation
Lifecycle funds	long-term capital appreciation until the target retirement date.

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE G - PLAN TERMINATION

Although it has expressed no intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts.

NOTE H - INCOME TAX STATUS

On March 31, 2008, the Internal Revenue Service (IRS) stated that the prototype adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself. The Plan has been amended since receiving the

NOTE H - INCOME TAX STATUS - Continued

determination letter, however, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. The Plan sponsor has indicated that it will take the necessary steps, if any, to maintain the Plan's qualified status. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010 and 2009, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

In general, the investments provided by the Plan are exposed to various risks, such as interest rate, credit and overall market volatility risks.
