We were engaged to audit the accompanying statement of net assets available for benefits of the Evendale Medical Center 401(k) Profit Sharing Plan as of December 31, 2010, and the related statement of changes in net assets available for benefits from the date of inception, (January 1, 2010) to December 31, 2010, and the accompanying supplemental schedule. These financial statements and schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, auditing procedures with respect to the information summarized in Note 3 and notes receivable from participants, which was certified by State Street Bank & Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of and for the year ended December 31, 2010 that the information provided to the plan administrator by the trustee is complete and accurate to the best of their knowledge.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedule taken as a whole. The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Evendale Medical Center 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2010

Note 1: Description of the Plan

The following description of Evendale Medical Center 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan document and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the plan administrator.

General

The Plan is a defined contribution plan sponsored by Evendale Medical Center (Company) for the benefit of its employees who are age 21 or older and are not members of a collective bargaining agreement with the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was established on January 1, 2010. Prior to January 1, 2010, employees of the Company were eligible to participate in the retirement plan of the parent company or the Prexus Health Partners Retirement Plan. On June 4, 2010, the Company commenced making contributions to the Plan and all assets relative to the employees of the Company were transferred to the Evendale Medical Center 401(k) Profit Sharing Plan. Assets were previously held with John Hancock Life Insurance Company. State Street Bank & Trust Company is the trustee of the Plan. ADP Retirement Services serves as the record-keeper of the Plan.

Contributions

The Plan permits eligible employees through a salary deferral election to have the Company make annual contributions of up to 90% of eligible compensation. Employee rollover contributions are also permitted. Company profit-sharing contributions are discretionary and are determined as of the end of the Plan year (none in 2010). Contributions are subject to certain limitations.

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing his or her contributions into any of the separate investment accounts and may change the allocation daily.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefits to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Evendale Medical Center 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2010

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Company's contribution portion of their accounts plus earnings thereon is based on years of continuous service. Participants vest in Company contributions and earnings and losses thereon as follows:

Years of Service	Vesting Percentage
Less than 2	0%
At least 2, but less than 3	20%
At least 3, but less than 4	40%
At least 4, but less than 5	60%
At least 5, but less than 6	80%
6 or more	100%

The nonvested balance is forfeited upon termination of service. Forfeitures are used to reduce Company contributions or are applied towards administrative expenses at the discretion of the Company.

Payment of Benefits

Upon termination of service, an employee may elect to receive either a lump-sum amount equal to the value of his or her account or a joint and survivor annuity. At December 31, 2010, there were no plan assets allocated to accounts of terminated or retired participants who have elected to withdraw from the Plan but have not yet been paid.

Notes Receivable from Participants

The Plan document includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant demonstrating a qualifying need. The minimum amount of a loan shall be \$1,000. The maximum amount of a participant's loans is determined by the available loan balance restricted to the lesser of \$50,000 or 50% of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings unless the participant is paying the loan in full. Interest rates are set at the rate in effect in the month the loan is effective. The interest rate is the prime rate plus two percentage points. Notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a collective trust. The Statement of Net Assets Available for Benefits presents the fair value of the investment in the collective trust, which is materially equal to the contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end.

The Plan's interests in the collective trust funds are valued based on information reported by the investment advisor using the audited financial statements of the respective funds at year end. At December 31, 2010, there was no adjustment from fair value to contract value for the funds.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Plan Tax Status

The Plan operates under a standardized adoption agreement in connection with a prototype 401(k) profit-sharing plan and trust sponsored by Automatic Data Processing Federal Credit Union. This prototype plan document has been filed with the appropriate agency and has obtained a determination letter from the Internal Revenue Service stating that the prototype constitutes a qualified plan under Section 401 of the Internal Revenue Code and that the related trust was tax exempt as of the financial statement date.

Notes to Financial Statements

December 31, 2010

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Note 3: Investments

The Plan's investments are held by a trust company-administered trust fund. As discussed in Note 1, all assets were transferred into the Plan on June 4, 2010 therefore no assets were held by the Plan at December 31, 2009. The Plan's investments (including investments bought, sold and held during the year) appreciated in fair value as follows:

	Net Appreciation in Fair Value During Year	Fair Value at End of Year
Mutual funds	\$ 203,325	\$ 2,171,400
Common collective trust funds	329	29,148
	<u>\$ 203,654</u>	<u>\$ 2,200,548</u>

The fair value of individual investments that represented 5% or more of the Plan's net assets available for benefits, at December 31, 2010 were as follows:

Pioneer Ibbotson Conservative Allocation Fund	\$ 467,082
Pioneer Ibbotson Growth Allocation Fund	430,553
Pioneer Ibbotson Moderate Allocation Fund	523,592

Interest and dividends realized on the Plan's investments for the year ended 2010 was \$38,165.

Notes to Financial Statements

December 31, 2010

Information on the fully benefit-responsive contract relating to the Invesco Stable Asset Fund carried at contract value is as follows:

Average yield		2.35%
Crediting interest rate at December 31		3.36%
Fair value	\$	26,624
Contract value	\$	26,624

Note 4: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

The Plan invests in certain funds of the Plan trustee. The Plan paid \$705 of recordkeeping fees during 2010. The Company provides certain administrative services at no cost to the Plan.

Note 5: Fair Value of Plan Assets and Liabilities

ASC Topic 820, *Fair Value Measurements*, defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Topic 820 also specifies a fair value hierarchy which requires a plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities.
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full-term of the assets or liabilities.
- Level 3** Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy.

Evendale Medical Center 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2010

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 securities include mutual funds. If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics or discounted cash flows. Level 2 securities include the common collective trust funds. Investments in units of collective trust funds are valued at their respective net assets values (NAV) as reported by the funds daily. The NAV is based on the value of the underlying assets owned by the trust, minus its liabilities, and then divided by the number of shares outstanding. The NAV is classified within Level 2 of the valuation hierarchy because the NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. The Plan held no Level 3 securities.

The following table presents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2010:

Note 6: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2010, to Form 5500:

Net assets available for benefits per the financial statements	\$ 2,315,108
Less: Participant contributions receivable	<u>(15,710)</u>
Net assets available for benefits per Form 5500	<u><u>\$ 2,299,398</u></u>

The following is a reconciliation of participants' contributions per the financial statements for the year ended December 31, 2010 to Form 5500:

Participants' contributions per the financial statements	\$ 240,496
Less: Participants' contributions receivable at December 31, 2010	<u>(15,710)</u>
Participants' contributions per Form 5500	<u><u>\$ 224,786</u></u>

Note 7: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

The current economic situation continues to present retirement plans with difficult circumstances and challenges, which in some cases have resulted in large and unanticipated declines in the fair value of investments. The financial statements have been prepared using values and information currently available to the Plan.

Given the volatility of current economic conditions, the values of assets recorded in the financial statements could change rapidly, resulting in material future adjustments in investment values that could negatively impact the Plan

Note 8: Subsequent Events

Effective July 1, 2011, the matching contribution was amended to be 100% of the first 3% of participant elective deferrals.

Subsequent events have been evaluated through October 17, 2011, which is the date the financial statements were available to be issued.
