INTERCONTINENTAL WEST MIAMI 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2010

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Intercontinental West Miami 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution plan covering employees of Hotel Genpar dba InterContinental West Miami (the Employer or the Sponsor) who have reached age 18 and completed six months of service, as defined in the Plan.

The Plan commenced January 1, 2000. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2010, the Plan changed its trustee/custodian.

CONTRIBUTIONS

Each year, participants may contribute between 1% and 85% of their pre-tax annual compensation up to the current limit set by the Internal Revenue Code. Each year, the Company will make a matching contribution equal to a percentage of the participant contributions, as determined by the Company.

For the period January 1, 2010 through June 30, 2010, the Company matched 100% of the participant's elective deferral contributions, up to the first 4% of annual compensation. Effective July 1, 2010, the Company changed their matching contribution to match 100% of the participant's elective deferral contributions, up to the first 3% of annual compensation.

The Company may also make an additional discretionary contribution to the Plan. A participant's share of the discretionary contribution would be in proportion to their annual compensation divided by the total annual compensation of all participants eligible to receive such a contribution. In 2010, no discretionary contributions were made.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions and allocations of (a) Company contributions, (b) administrative expenses and (c) investment earnings or losses. Allocations are based on each participant's earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account balance.

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

VESTING

Participant's contributions and actual earnings or losses thereon are immediately vested. Vesting in the Company's contributions plus actual earnings or losses thereon is based on years of continuous service as follows:

A participant is 100% vested after five years of service according to the following schedule:

Years of Service	Vested Percentage
Less than 2	0%
2 but less than 3	25
3 but less than 4	50
4 but less than 5	75
5 or more	100

Upon termination of employment, a participant's non-vested amounts are forfeited in accordance with the plan document. Upon death, total disability or retirement, participants become 100% vested in their Company contributions.

NOTES RECEIVABLE FROM PARTICIPANTS

The Plan allows participants to borrow against their vested balances (minimum loan of $1,000). The loans bear interest at a fixed rate of the prime rate plus 1%, as opposed to loans transferred in from previous plans which bear interest at varying rates. The maximum amount available for loans is the lesser of 50% of the participants vested account balance or $50,000, reduced by the highest outstanding loan balance during the prior 12-month period. Loan repayment periods are for a maximum of five years unless the loan is for the purchase of a primary residence, in which case a reasonable repayment period is determined at the time of the loan, not to exceed 5 years. Loan repayments are made through payroll deductions.

PAYMENT OF BENEFITS

Upon termination of service, death, disability or retirement, a participant or the named beneficiary may receive a lump sum equal to the vested value of his or her account or elect among various options to receive monthly installments over a specified amount of years.

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

FORFEITURES

Forfeited balances of terminated participants' non-vested accounts are used to fund Company matching contributions and to reduce administrative expenses of the Plan. During the year ended December 31, 2010, non-vested accounts totaling approximately $253 were used to reduce administrative expenses of the Plan. At December 31, 2010, there were no forfeitures available to reduce future employer contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The accompanying financial statements have been prepared on the accrual basis of accounting.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

PAYMENT OF BENEFITS

Benefits are recorded when paid.

PLAN EXPENSES

Investment expenses are netted against the funds market valuation and are not separately identified. The Plan Sponsor absorbs substantially all costs incurred in the administration of the Plan.

SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through August 10, 2011, the date the financial statements were available to be issued.

NOTE 3 – INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statement of net assets available for benefits as of December 31, 2010, the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2010, and the information reflected on the supplementary schedule of assets (held at end of year) as of December 31, 2010. Principal Life Insurance Company, the former trustee of the Plan has certified to the completeness and accuracy of all investments reflected on the accompanying statement of net assets available for benefits as of December 31, 2009.

NOTE 4 - INVESTMENTS

The fair value of individual investments that represent 5% or more of the Plan's net assets at December 31, 2010 and 2009 are as follows:

Principal Life Insurance Company	2010	2009
JPMorgan Smart Retire 2030	$ 108,411	*

*Less than 5%

RISKS AND UNCERTAINTIES

The Plan has investments in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the participant account balances and the amounts reported in the statement of net assets available for benefits. The Plan, through its investment advisor, monitors the Plan's investments and the risks associated therewith on a regular basis, which the Plan believes minimizes these risks.

NOTE 5 – FAIR VALUE MEASUREMENTS

ASC 820, "Fair Value Measurements and Disclosures", provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques, used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (levels 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

NOTE 5 – FAIR VALUE MEASUREMENTS (CONTINUED)

Pooled Separate Accounts: Pooled separate accounts (2009 only) consist of various investment options including mutual funds, stocks and other pooled separate accounts, and are valued based on the investments held. The security prices were obtained from a national pricing service, Interactive Data Corporation (IDC). While the majority of the underlying assets values are quoted prices, the NAV of the pooled separate account is not publicly quoted. The U.S. Property pooled separate account invests in commercial real estate and includes mortgage loans which are backed by the associated properties. The underlying real estate investments have unobservable level 3 pricing inputs based primarily on real estate appraisals.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010:

NOTE 6 – TAX STATUS

The Plan, which is a prototype cash or deferred profit sharing plan offered by Reliance Trust Company, received a favorable opinion letter dated March 31, 2008. The Plan has not received a determination letter specific to the Plan. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable sections of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan and has concluded that as of December 31, 2010, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.
