To the Board of Trustees
Duro Bag Manufacturing Company
Tennessee Hourly Employees Retirement Savings Plan

We were engaged to audit the financial statements of Duro Bag Manufacturing Company Tennessee Hourly Employees Retirement Savings Plan as of December 31, 2010 and 2009, and for the years then ended, and the supplemental schedule as of December 31, 2010, as listed in the accompanying table of contents. These financial statements and schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by MG Trust Company, LLC, the Trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certification from the Trustee as of and for the years ended December 31, 2010 and 2009, that the information provided to the Plan administrator by the Trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America, and in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010 AND 2009

1. DESCRIPTION OF THE PLAN

The following description of the Duro Bag Manufacturing Company Tennessee Hourly Employees Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan with a cash or deferred arrangement covering substantially all hourly employees at the Tennessee manufacturing plant of Duro Bag Manufacturing Company (the Employer), governed by a collective bargaining agreement who have completed one (1) year of service and attained the age of twenty-one (21). The Plan was adopted on July 23, 2006, and is subject to the provisions of the Employee Retirement Income Security Act of 1974.

Effective January 1, 2010, the Plan was amended and is intended to incorporate all necessary changes in law to meet the requirements of the Internal Revenue Code of 1986, as amended, and ERISA. As a result, certain provisions may be retroactively effective.

Contributions

The Plan provides for contributions by participants of an amount not to exceed the maximum amount deductible under the applicable provisions of the Internal Revenue Code of 1986, as amended. The Employer is permitted to make a profit sharing contribution equal to a discretionary percentage of the employee's eligible compensation (determined annually by the Employer). All employees who have attained the age of twenty-one (21) and are actively employed at the end of the Plan year are eligible to receive the Employer profit sharing contribution. During 2010 and 2009, the Employer elected to contribute 1.5% of eligible compensation earned during each year.

Participant Accounts

Each participant's account is credited with (a) participant contributions, (b) the Employer contributions, (c) an allocation of Plan earnings and losses, and (d) Plan expenses. The participants direct the investment of their account balances among certain investment options offered by the Plan. The Employer contributions are invested in accordance with the participants' investment selection.

Hardship Withdrawals

The Plan allows for hardship withdrawals in the event of immediate and heavy financial need of up to 100% of the employee contribution account and rollover account.

Rollovers

The Plan permits participants to transfer distributions from other qualified plans into the Plan.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010 AND 2009

1. DESCRIPTION OF THE PLAN (Continued)

Vesting

All participant contributions are immediately vested at the time such contributions are made. Participants become vested in Employer profit sharing contributions made for Plan years beginning prior to January 1, 2007 as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 5 years	0%
Greater than or equal to 5 years	100%

Participants become vested in Employer profit sharing contributions made for Plan years beginning after December 31, 2006 as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 3 years	0%
Greater than or equal to 3 years	100%

Forfeitures

Forfeitures are created when participants terminate employment before becoming fully vested in the Employer profit sharing contributions. These amounts may be used to reduce future Employer contributions or may be allocated to remaining participants based on relative qualifying compensation. At December 31, 2010 and 2009, forfeited nonvested accounts totaled \$3,874 and \$1,411, respectively. Also, during 2010 and 2009, Employer contributions were reduced by \$651 and \$582, respectively, from forfeited nonvested accounts.

Payment of Benefits

The benefit to which a Plan participant is entitled is the benefit that can be provided by the contributions made and income earned on investments. Upon service or disability retirement, death, or termination, a participant or beneficiary will receive an amount equal to the value of his account, including earnings. The benefit will be paid in a lump-sum amount equal to the value of the vested participant account, including earnings.

Plan Investment Options

The Plan currently offers thirteen (13) investment options. Participants may change their investment options daily. Except for the MetLife Managed GIC Fund, there is no guarantee of principal or earnings when participating in these funds.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010 AND 2009

1. DESCRIPTION OF THE PLAN (Continued)

Payment of Expenses

All expenses of administration may be paid out of the Plan unless paid by the Employer. Such expenses shall include any expenses incident to the functioning of the Administrator, including, but not limited to, fees of accountants, counsel, and other specialists and their agents, and other costs of administering the Plan. Until paid, the expenses shall constitute a liability of the Plan. However, the Employer may reimburse the Plan for any administration expense incurred. Any administration expense paid to the Plan as a reimbursement shall not be considered an Employer contribution. The Employer elected to pay some of the administrative expenses of the Plan during 2010 and 2009.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a common/collective trust. Contract value for this common/collective trust is based on the net asset value of the fund as reported by the investment advisor. The Statements of Net Assets Available for Benefits presents the fair value of the investment in the common/collective trust as well as the adjustment of the investment in the common/collective trust from fair value to contract value relating to the investment contracts. The Statements of Changes in Net Assets Available for Benefits are prepared on the contract basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 6).

The Plan presents in the Statements of Changes in Net Assets Available for Benefits, the net investment gain from common/collective trust, which consists of interest, dividends, realized gains or losses and unrealized appreciation (depreciation) on that investment. The Plan presents in the Statements of Changes in Net Assets Available for Benefits, the net investment gain from registered investment companies, which consists of realized gains or losses and unrealized appreciation (depreciation) on those investments. Purchases and sales of securities are reflected on a trade-date basis. Dividends are recorded when earned.

Financial instruments, which subject the Plan to significant concentrations of credit risk, consist primarily of investments (see Note 5 for a summary of the Plan's investments).

3. PLAN TERMINATION

While the Employer has not expressed any intent to terminate the Plan, it is free to do so at any time. Upon termination of the Plan by the Employer, the accounts of the affected participants shall become fully vested, and assets remaining in the Plan shall be distributed to participants in proportion to their respective account balances.

4. TAX STATUS

The Employer adopted the Pension Corporation of America Non-Standardized 401(k) Profit Sharing Plan and Trust and need not apply for a separate determination letter, but instead may rely on the opinion letter issued by the Internal Revenue Service (dated August 7, 2001) stating that employers who adopt the Plan will be considered to have a plan qualified under Code section 401(a). Accordingly, the Plan's net investment income is exempt from tax.

6. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

A three-level fair value hierarchy has been established that prioritizes the inputs used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities and lowest priority to unobservable inputs. The three levels of inputs used to measure fair value under this accounting standard are described as follows:

- Level 1 - Quoted prices in active markets that are accessible at the measurement date for identical assets or liabilities.
- Level 2 - Observable inputs other than quoted prices included within Level 1. Inputs that are principally derived from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value measurement of the assets or liabilities. These include certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies the Plan used for assets measured at fair value.

Registered investment companies (mutual funds): Valued at quoted market prices, which represent the net asset value (NAV) of shares held by the Plan at year end.

Common/collective trust (stable value fund): Valued at market values of the underlying investments based on information reported by the investment advisor using the audited financial statements of the common/collective trust at year end.
