INDEPENDENT AUDITOR'S REPORT

To the Administrator of
Driscoll Strawberry Associates, Inc.
401(k) Employee Savings Plan
Watsonville, California

I was engaged to audit the statement of net assets available for benefits of the Driscoll Strawberry Associates, Inc. 401(k) Employee Savings Plan ("the Plan") as of December 31, 2010 and 2009, and the statement of changes in net assets available for benefits for the year ended December 31, 2010, and the supplementary schedule as of and for the year then ended, as listed in the accompanying index. These financial statements are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by State Street Bank and Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. I have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions at the direction of the Plan administrator. The Plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2010, that the information provided to the Plan administrator by the custodian is complete and accurate.

Because of the significance of the information that I did not audit, I am unable to, and do not, express an opinion on the accompanying financial statements and supplementary schedules taken as a whole. The form and content of the information included in the financial statements and supplementary schedules, other than that derived from the information certified by the custodian, have been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Year Ended December 31, 2010

Note 1. DESCRIPTION OF PLAN

The following description of the Driscoll Strawberry Associates, Inc. 401(k) Employee Savings Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees age twenty-one and over, not covered under a union collective bargaining agreement, who work over 1,000 hours and have completed three months of service. The Plan is subject to the provisions of the Employee Retirement Income Securities Act of 1974 (ERISA).

Contributions

Eligible employees may elect to defer 22.5% of their pre-tax annual compensation as defined in the Plan. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investments options offered by the Plan. The Company will make matching contributions of 50% of participant's contribution, not to exceed 3% of a participant's salary. The Company may also make additional profit sharing contributions to the Plan at the option of the Board of Directors.

Participant Accounts

Each participant's account is credited with participant's contributions and allocation of (a) the Company's contributions and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their account plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

Note 1. DESCRIPTION OF PLAN (Continued)

Participant Notes Receivable

Participants may borrow from their fund accounts balances limited to an amount not to exceed a maximum of $50,000 or 50 percent of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 9.67%, which are based on interest at prime plus 2% percent, based on market interest rates of savings and loan associations at the time of loan issuance. Principal and interest are paid ratably through monthly payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or in monthly, quarterly, semi-annual or annual payments. If a terminated participant's account balance is less than $1,000, payment will automatically be made in a lump sum. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

At December 31, 2010 and 2009, there was $125,038 and $442 in forfeited non-vested accounts, respectively. Forfeitures are used to reduce future employer contributions or administrative expenses of the plan.

Note 2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Date of Management's Review

Subsequent events were evaluated through October 13, 2011, which is the date the financial statements were available to be issued.

Note 2. SUMMARY OF ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Realized and Unrealized Appreciation

Realized and unrealized appreciation is based on the market value of the assets at the end of the Plan year compared to the market value of the assets at the beginning of the Plan year, or at the time of purchase for assets purchased/exchanged during the Plan year.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

All expenses of maintaining the Plan are paid by the companies.

Note 3. ACCOUNTING CHANGES

In September 2010, the FASB issued guidance clarifying then classification and measurement of participant loans by defined contribution pension plans. That guidance requires that participant loans be classified as notes receivable from participants and measured at their unpaid principal balance, plus any accrued but unpaid interest. The plan adopted this new guidance in its December 31, 2010, financial statements and has reclassified loans of $645,344 and $570,229 for the years ended December 31, 2010 and 2009, respectively, from investments to notes receivable from participants. Net assets of the plan were not affected by the adoption of the new guidance.

Note 4. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying Statement of Net Assets Available for Benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

	Fair Value	Fair Value Measurements Using: Quoted Prices in Active Markets for Identical Assets. (Level 1)
December 31, 2010		
Mutual funds	$ 20,402,831	$ 20,402,831
Interest bearing cash account	125,562	125,562
Total investments	$ 20,528,393	$ 20,528,393
December 31, 2009		
Mutual funds	$ 16,172,243	$ 16,172,243
Interest bearing cash account	497	497
Total investments	$ 16,172,740	$ 16,172,740

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used in measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or 2 inputs were not available.

Note 4. FAIR VALUE MEASUREMENTS (Continued)

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stocks, corporate bonds, and U.S. Government securities are based on the closing price report on the active market where the individual securities are traded.

Note 8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

Note 9. TAX STATUS

The Employer adopted a Prototype Non-standardized Profit Sharing Plan with a cash or deferral arrangement which received a favorable opinion letter from the Internal Revenue Service on August 9, 2008, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operating in compliance with the applicable requirements of the IRC.

Note 10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investments securities will occur in near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.
