As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information referred to in Note 6, which was certified by MG Trust, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee, as of December 31, 2010 and 2009 and for the year ended December 31, 2010, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

iGATE CORPORATION 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010 AND 2009

NOTE 1 - DESCRIPTION OF PLAN

The following description of the iGATE Corporation 401(k) Plan (Plan) is provided for general information purposes only. More complete information regarding Plan provisions may be found in the Plan document.

General - The Plan, effective January 1, 1995, is a defined contribution 401(k) plan intended to comply with the provisions of Section 401(a) and 401(k) of the Internal Revenue Code (IRC). Effective May 12, 2003, all employees of iGATE Corporation (Company) may become participants of the Plan on the first day of the month coinciding with or immediately following their date of employment, as defined by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Administration - Under the trust agreement, MG Trust was appointed trustee for the Plan. The Company's Board of Directors administers the Plan. The Plan administrator has the power to interpret provisions of the Plan, decide any disputes that may arise with regard to the rights of participants and, in general, to direct the administration of the Plan.

Contributions - Participants may contribute through salary reduction up to 75% of total compensation, as defined, subject to statutory limitations and certain restrictions as defined by the Plan.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of Plan earnings. Allocations are based on account balances, as defined.

Vesting - Participants are immediately vested in their voluntary and employer contributions plus actual earnings thereon.

Benefit Payments - Upon termination of service due to death, disability, retirement or other reasons, the employer may elect to distribute as a lump sum an amount equal to the value of the participant's vested interest in the account. If an account balance exceeds \$5,000, the participant may delay payment of their benefit until April 1 of the year following the year of attaining age 70½.

Investments - Participant-directed accounts may be invested in various investment options. The trustee maintains and monitors these accounts. Information regarding the detail of individual investments held by the Plan's trustee at December 31, 2010 and 2009 and the significant investment transactions during the year then ended is contained in the individual fund prospectus, which is available upon request from the Plan administrator.

Notes Receivable From Participants - Participants may borrow up to the lesser of 50% of their vested account balance or \$50,000 reduced by the highest outstanding loan balance during the prior 12 months. Notes are required to be repaid through payroll deductions within five years, except those loans used in the purchase of a primary residence, which must be repaid within a reasonable period of time, determined at the time the loan is executed. Each note will bear interest at a rate commensurate with local financial institutions for similar loans at the time the loan is made as determined by the Plan administrator. Principal and interest are paid ratably, generally through monthly payroll deductions.

Forfeitures - Forfeitures from participants who terminate employment are used to pay the Company's administrative expenses of the Plan. There were no forfeitures available for the Plan at December 31, 2010.

DECEMBER 31, 2010 AND 2009

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies consistently applied by the Plan administrator in the preparation of the accompanying financial statements follows:

Basis of Accounting - The accounts of the Plan are maintained on the accrual basis of accounting. Currently, expenses incurred by the Plan administrator, trustee and legal counsel for their services and cost in administering the Plan are paid directly by the Company.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurement. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year

Net Appreciation in Fair Value of Investments - Net realized and unrealized appreciation is allocated based on the ratio that the participant's account balance bears to the aggregate of all participant account balances each business day of the plan year, excluding loans and withdrawals where applicable.

Benefit Payments - Benefits are recorded when paid.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon terms of the document

Risks and Uncertainties - The Plan provides various investment options. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events - Subsequent events are defined as events or transactions that occur after the balance sheet date, but before the financial statements are issued or are available to be issued. Management has evaluated subsequent events through October 17, 2011, the date on which the financial statements were available to be issued.

Recent Accounting Pronouncements - In January 2010, the Financial Accounting Standards Board (FASB) issued ASU No. 2010-06, Fair Value Measurements and Disclosures: Improving Disclosures about Fair Value Measurements, to require new disclosure for fair value measurements and provide clarification for existing disclosure requirements. More specifically, this update will require information about purchases, sales, issuances and settlements to be presented separately (i.e., present the activity on a gross basis rather than net) in the reconciliation for fair value measurements using significant unobservable inputs (Level 3 inputs). This update clarifies existing disclosure requirements for the level of disaggregation used for classes of assets and liabilities measured at fair value and requires disclosures about the valuation techniques and inputs used to measure fair value for both recurring and nonrecurring fair value measurements using Level 2 and Level 3 inputs. The new disclosures and clarifications are effective for annual reporting periods beginning after December 15, 2010. Plan administration is assessing the impact that the new requirements will have on its financial statements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Reclassifications - In September 2010, the FASB issued guidance clarifying how loans to participants should be classified and measured by defined contribution pension benefit plans. Participant loans were previously classified as investments at fair value. The guidance requires that participant loans be classified as notes receivable from participants, which are segregated from Plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. This guidance was effective for the Plan in 2010, and was required to be applied retrospectively to prior periods presented. Accordingly, participant loan balances as of December 31, 2009 for the amount of \$7,518 have been reclassified to conform with the presentation as of December 31, 2010.

NOTE 3 - INVESTMENTS

The trustee of the Plan held the Plan's investments and executed transactions therein.

The Plan's investments are stated at fair market value. The fair market value of individual assets that represent 5% or more of the Plan's net assets as of December 31 are as follows:

	<u>2010</u>	<u>2009</u>
Fidelity Contrafund	\$ 2,708,933	\$ 2,697,174
Fidelity Magellan Fund	1,661,916	1,726,681
Fidelity Diversified International Fund	1,294,662	1,391,484
Fidelity Retirement Money Market	820,090	- *
Fidelity Puritan Fund	814,995	836,435
Fidelity Low Priced Stock Fund	797,022	734,395
Fidelity Managed Income Portfolio	- *	730,792
Spartan U.S. Equity Index Fund	759,820	705,968
Fidelity Intermediate Bond Fund	564,111	560,420

All appreciation of the Plan's investments was related to investments in mutual funds.

* Did not represent 5% or more of the Plan assets.

NOTE 4 - TAX STATUS

The Plan is a prototype plan that uses the corporate plan for Retirement Plan and Trust Document sponsored by PENSERVCO. The Internal Revenue Service has determined and informed the Company, by letter dated March 31, 2008, that the Plan and related Trust are designed in accordance with the sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; SD&Co. notes that the plan is no longer subject to income tax examinations for years prior to 2008.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to amend, terminate or partially terminate the Plan at any time subject to certain provisions of the Plan agreement. In the event the Plan is terminated, assets will be allocated to each participant based on his/her respective account balances after payment of all final liquidation or termination expenses pursuant to the direction of the Plan administrator.

NOTE 6 - INFORMATION PROVIDED BY THE TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, as shown in the statements of net assets available for benefits as of December 31, 2010 and 2009.
- Investment income, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2010.
- The schedule of assets (held at end of year) as of December 31, 2010 as shown in the supplemental schedule.

The Plan's independent public accountants did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 7 - FAIR VALUE MEASUREMENTS

The Plan applies the provisions of the Codification topic, Fair Value Measurements and Disclosures, which establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lower priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under are described below:

Level 1 - Valuations are based on unadjusted quoted prices in an active market for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Valuations are based on quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Valuations are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 7 - FAIR VALUE MEASUREMENTS (Continued)

A description of the valuation methodologies used for assets measured at fair value is as follows. There have been no changes in the methodologies used at December 31, 2010 and 2009:

Mutual Funds - Valued at the closing price reported on the active market on which the individual securities are traded.

Guaranteed Investment Contract - Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

The methods described above might produce a fair value calculation that might not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan has evaluated the significance of transfers between levels based upon the nature of financial instruments and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2010, there were no significant transfers in or out of levels 1, 2, or 3.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31:

2010				
	Level 1	Level 2	Level 3	Total
Assets:				
Growth funds	\$ 5,815,509	-	-	\$ 5,815,509
